

Interoffice Memorandum

February 26, 2019

TO: Mayor Jerry L. Demings  
and the Board of County Commissioners

FROM: *EM* Carrie Mathes, Manager, Procurement Division

CONTACT: James Flynt, Jr., P.E., Chief Engineer, Solid Waste Division  
(407) 836-6605

SUBJECT: Approval of Purchase Order M95116, Repairs to the Southern Expansion Site  
Western Leachate Tank at the Landfill

ACTION REQUESTED:

Approval of Purchase Order M95116, Repairs to the Southern Expansion Site Western Leachate Tank at the Landfill, with Florida Aquastore, in the amount of \$125,910.

PROCUREMENT:

This procurement will provide repairs to the western leachate tank to keep it in operation at the County landfill.

FUNDING:

Funding is available in account 4410-038-1021-3197.

APPROVALS:

The Solid Waste Division concurs with this recommendation.

REMARKS:

Leachate tanks are needed to ensure the operations of the landfill and water reclamation facility remain in compliance with permit requirements. The existing tank was manufactured by CST-Storage. The two leachate tanks are required to store leachate to regulate the amount of leachate sent to the water reclamation facility.

Florida Aquastore is the sole authorized vendor for CST-Storage tanks in the Central Florida area and is the sole authorized and certified provider of tank inspection, repairs, parts, and service for CST-Storage tanks.

Price reasonableness has been determined based on a technical evaluation by Solid Waste's Engineering cost estimator consultant. They determined that the costs were reasonable for the level of work required in comparison to work completed in Brevard County.
