-AND-
Board of County Commissioners

FROM: Jon V. Weiss, P. E., Director
Community, Environmental and Development Services
Department

CONTACT PERSON: **Renzo Nastasi, AICP, Manager
Transportation Planning Division
(407) 836-8072**

SUBJECT: March 20, 2018 – Public Hearing
Sunbridge Parkway Preliminary Design Study

The Orange County Transportation Planning Division has completed the Preliminary Design Study for Sunbridge Parkway, from Dowden Road to the Osceola County line. This study has been completed pursuant to the Transportation Agreement for Sunbridge Parkway approved by the Board on April 25, 2017.

The purpose of the study was to develop the most appropriate road alignment with stormwater facilities and bicycle and pedestrian accommodations while minimizing environmental impacts. The need for this roadway is based on a variety of factors including future traffic operations, safety and social and economic demands. The recommended roadway improvements are consistent with the Innovation Way Overlay criteria and related Comprehensive Plan Goals, Policies and Objectives.

The backup documentation for this item has been delivered under separate cover.

The study is also available under the Roadway Project section of the county's Traffic and Transportation webpage.
