

Interoffice Memorandum

February 14, 2020

TO: Mayor Jerry L. Demings
-AND-
Board of County Commissioners

FROM: Carla Bell Johnson, AICP 
Acting Assistant Director
County Administration

CONTACT: 407-836-5610

SUBJECT: February 25, 2020– BCC Work Session –
Transportation Funding Initiative

In May of 2019, Mayor Demings announced his intent to pursue a Charter County and Regional Transportation System Surtax as a means of funding comprehensive transportation solutions to address current and long-term needs within the County. Since that time, staff has engaged in an extensive community engagement effort to gain input from citizens and stakeholders regarding their transportation challenges and priorities. This community engagement effort will serve as the foundation for development of a comprehensive plan for investment of these potential sales tax revenues in transportation solutions. On February 25, staff will conduct a work session with the Board in order to provide an update on the current status of this transportation funding initiative.

This work session is for informational purposes only and no action is requested of the Board at this time.

CBJ/es

c: Byron W. Brooks, AICP, County Administrator
