

Interoffice Memorandum

January 10, 2023

TO: Mayor Jerry L. Demings
-AND-
County Commissioners

 FROM: Carrie Mathes, CFCM, NIGP-CPP, CPPO, C.P.M., Manager II,
Procurement Division

CONTACT: Eduardo Avellaneda, P.E., Manager, Roads and Drainage Division
407-836-7871

SUBJECT: Approval of Purchase Order M109965, Asset Management Software Services Public
Works Package

ACTION REQUESTED:

Approval of Purchase Order M109965, Asset Management Software Services Public Works
Package, with iWorQ Systems Inc, in the amount of \$202,000.

PROCUREMENT:

This purchase order will provide an asset management software package with in-house pavement
assessment that will integrate with Aurigo software that the Public Works Engineering Division will
be using for engineering projects.

FUNDING:

Funding is available in account number 1002-072-2701-6440.

APPROVALS:

The Roads and Drainage Division concurs with this recommendation.

REMARKS:

A Sole Source public posting was issued on December 1, 2022 to gauge and collect information from
firms with capability and experience in providing an asset management software package with in-
house pavement assessment that will integrate with Aurigo software. One vendor responded to the
sole source posting. Following an analysis it was determined that their software application failed to
provide necessary functionality for the Roads and Drainage Division's operation needs.

The Roads and Drainage staff found the pricing to be fair and reasonable for the scope of work
required and the features provided by the software application. A price analysis was conducted
between competitors with similar software, which discovered that while iWorQ's competitors charge
a fee per each license, iWorQ is one price for unlimited users, allowing multiple users to use the
software which is a savings to the County.
