Personal History: Since becoming an attorney in early 2017, I have demonstrated my commitment to public service through my experience working for the judiciary and my positions in Bar leadership. I have a passion for making a difference in the lives of others and a role on an Orange County board is a perfect opportunity for me to use my leadership skills and experience to help make a positive impact in our community. After all, service in any aspect is never for one's self-promotion but solely for the promotion of others and for the greater good. I am also an effective communicator and have a strong working relationship with judges, colleagues, clients, and people in general, as exhibited by my work positions, prior and current various held Bar leadership positions, and my personality. I have served on the Board for the Legal Aid Society in Orange County and currently serve as the President of the Orange County Bar Association Foundation. The Foundation's purpose is charitable with a mission to raise awareness, understanding, appreciation, and respect for the law by educating the public about the legal system, including the role of lawyers, the role of courts, and the rule of law. Our focus has been and continues to be community education. From the consequences of one's actions, to how the judicial system works, to supporting the local schools, to mentoring, the Foundation helps citizens gain a better understanding of the judicial system. The Foundation has instituted scholarships and book awards for undergraduate students in legal studies programs and for law students. Additionally, our grant program has been a successful avenue to help organizations foster legal education in our community. Through my time on the Foundation Board since 2018, I have helped serve the Orange County community in various ways and I would love the opportunity

to bring that perspective to a board. I am also an adjunct professor at the University of Central Florida.
Thank you for considering my application.
