(4) TERMS AND CONDITIONS

This Agreement contains all the terms and conditions agreed upon by the parties.

(5) EXECUTION

This Agreement may be executed in any number of counterparts, any one of which may be taken as an original.

(6) MODIFICATION

Either party may request modification of the provisions of this Agreement. Changes which are agreed upon shall be valid only when in writing, signed by each of the parties, and attached to the original of this Agreement.

(7) SCOPE OF WORK.

The Sub-Recipient shall perform the work in accordance with the Budget and Scope of Work, Attachments A and B of this Agreement.

(8) PERIOD OF AGREEMENT.

This Agreement shall begin on **September 1, 2019** and end on **September 30, 2021** unless terminated earlier in accordance with the provisions of Paragraph (17) of this Agreement. Consistent with the definition of "period of performance" contained in 2 C.F.R. §200.77, the term "period of agreement" refers to the time during which the Sub-Recipient "may incur new obligations to carry out the work authorized under" this Agreement. In accordance with 2 C.F.R. §200.309, the Sub-Recipient may receive reimbursement under this Agreement only for "allowable costs incurred during the period of performance." In accordance with section 215.971(1)(d), Florida Statutes, the Sub-Recipient may expend funds authorized by this Agreement "only for allowable costs resulting from obligations incurred during" the period of agreement.

(9) FUNDING

- a. This is a cost-reimbursement Agreement, subject to the availability of funds.
- b. The State of Florida's performance and obligation to pay under this Agreement is contingent upon an annual appropriation by the Legislature, and subject to any modification in accordance with either Chapter 216, Florida Statutes, or the Florida Constitution.
- c. The Division will reimburse the Sub-Recipient only for allowable costs incurred by the Sub-Recipient in the successful completion of each deliverable. The maximum reimbursement amount for each deliverable is outlined in Attachment A and B of this Agreement ("Budget and Scope of Work"). The maximum reimbursement amount for the entirety of this Agreement is \$95,500.00.
- d. As required by 2 C.F.R. §200.415(a), any request for payment under this Agreement must include a certification, signed by an official who is authorized to legally bind the Sub-Recipient, which reads as follows: "By signing this report, I certify to the best of my knowledge and belief that the report is true, complete, and accurate, and the expenditures, disbursements and cash receipts are for the purposes and objectives set forth in the terms and conditions of the Federal award. I am aware that any

false, fictitious, or fraudulent information, or the omission of any material fact, may subject me to criminal, civil or administrative penalties for fraud, false statements, false claims or otherwise. (U.S. Code Title 18, Section 1001 and Title 31, Sections 3729-3730 and 3801-3812)."

- e. The Division will review any request for reimbursement by comparing the documentation provided by the Sub-Recipient against a performance measure, outlined in Attachment B, that clearly delineates:
 - i. The required minimum acceptable level of service to be performed; and,
 - ii. The criteria for evaluating the successful completion of each deliverable.
- f. The performance measure required by section 215.971(1)(b), Florida Statutes, remains consistent with the requirement for a "performance goal", which is defined in 2 C.F.R. §200.76 as "a target level of performance expressed as a tangible, measurable objective, against which actual achievement can be compared." It also remains consistent with the requirement, contained in 2 C.F.R. §200.301, that the Division and the Sub-Recipient "relate financial data to performance accomplishments of the Federal award."
- g. If authorized by the Federal Awarding Agency, then the Division will reimburse the Sub-Recipient for overtime expenses in accordance with 2 C.F.R. §200.430 ("Compensation—personal services") and 2 C.F.R. §200.431 ("Compensation—fringe benefits"). If the Sub-Recipient seeks reimbursement for overtime expenses for periods when no work is performed due to vacation, holiday, illness, failure of the employer to provide sufficient work, or other similar cause (see 29 U.S.C. §207(e)(2)), then the Division will treat the expense as a fringe benefit. 2 C.F.R. §200.431(a) defines fringe benefits as "allowances and services provided by employers to their employees as compensation in addition to regular salaries and wages." Fringe benefits are allowable under this Agreement as long as the benefits are reasonable and are required by law, Sub-Recipient-employee agreement, or an established policy of the Sub-Recipient. 2 C.F.R. §200.431(b) provides that the cost of fringe benefits in the form of regular compensation paid to employees during periods of authorized absences from the job, such as for annual leave, family-related leave, sick leave, holidays, court leave, military leave, administrative leave, and other similar benefits, are allowable if all of the following criteria are met:
 - i. They are provided under established written leave policies;
 - ii. The costs are equitably allocated to all related activities, including Federal
- iii. The accounting basis (cash or accrual) selected for costing each type of leave is consistently followed by the non-Federal entity or specified grouping of employees.

awards; and,

h. If authorized by the Federal Awarding Agency, then the Division will reimburse the Sub-Recipient for travel expenses in accordance with 2 C.F.R. §200.474. As required by the Reference Guide for State Expenditures, reimbursement for travel must be in accordance with section 112.061, Florida Statutes, which includes submission of the claim on the approved state travel voucher. If the Sub-

Recipient seeks reimbursement for travel costs that exceed the amounts stated in section 112.061(6)(b), Florida Statutes (\$6 for breakfast, \$11 for lunch, and \$19 for dinner), then the Sub-Recipient must provide documentation that:

- i. The costs are reasonable and do not exceed charges normally allowed by the Sub-Recipient in its regular operations as a result of the Sub-Recipient's written travel policy; and,
 - ii. Participation of the individual in the travel is necessary to the Federal award.
- i. The Division's grant manager, as required by section 215.971(2)(c), Florida Statutes, shall reconcile and verify all funds received against all funds expended during the grant agreement period and produce a final reconciliation report. The final report must identify any funds paid in excess of the expenditures incurred by the Sub-Recipient.
 - j. As defined by 2 C.F.R. §200.53, the term "improper payment" means or includes:
- i. Any payment that should not have been made or that was made in an incorrect amount (including overpayments and underpayments) under statutory, contractual, administrative, or other legally applicable requirements; and,
- ii. Any payment to an ineligible party, any payment for an ineligible good or service, any duplicate payment, any payment for a good or service not received (except for such payments where authorized by law), any payment that does not account for credit for applicable discounts, and any payment where insufficient or lack of documentation prevents a reviewer from discerning whether a payment was proper.

(10)RECORDS

- a. As required by 2 C.F.R. §200.336, the Federal awarding agency, Inspectors General, the Comptroller General of the United States, and the Division, or any of their authorized representatives, shall enjoy the right of access to any documents, papers, or other records of the Sub-Recipient which are pertinent to the Federal award, in order to make audits, examinations, excerpts, and transcripts. The right of access also includes timely and reasonable access to the Sub-Recipient's personnel for the purpose of interview and discussion related to such documents. Finally, the right of access is not limited to the required retention period but lasts as long as the records are retained.
- b. As required by 2 C.F.R. §200.331(a)(5), the Division, the Chief Inspector General of the State of Florida, the Florida Auditor General, or any of their authorized representatives, shall enjoy the right of access to any documents, financial statements, papers, or other records of the Sub-Recipient which are pertinent to this Agreement, in order to make audits, examinations, excerpts, and transcripts. The right of access also includes timely and reasonable access to the Sub-Recipient's personnel for the purpose of interview and discussion related to such documents.
- c. As required by Florida Department of State's record retention requirements (Chapter 119, Florida Statutes) and by 2 C.F.R. §200.333, the Sub-Recipient shall retain sufficient records to show its compliance with the terms of this Agreement, as well as the compliance of all subcontractors or

consultants paid from funds under this Agreement, for a period of <u>five</u> (5) years from the date of submission of the final expenditure report. The following are the only exceptions to the five (5) year requirement:

- i. If any litigation, claim, or audit is started before the expiration of the 5-year period, then the records must be retained until all litigation, claims, or audit findings involving the records have been resolved and final action taken.
- ii. When the Division or the Sub-Recipient is notified in writing by the Federal awarding agency, cognizant agency for audit, oversight agency for audit, cognizant agency for indirect costs, or pass-through entity to extend the retention period.
- iii. Records for real property and equipment acquired with Federal funds must be retained for 5 years after final disposition.
- iv. When records are transferred to or maintained by the Federal awarding agency or pass-through entity, the 5-year retention requirement is not applicable to the Sub-Recipient.
- v. Records for program income transactions after the period of performance. In some cases, recipients must report program income after the period of performance. Where there is such a requirement, the retention period for the records pertaining to the earning of the program income starts from the end of the non-Federal entity's fiscal year in which the program income is earned.
- vi. Indirect cost rate proposals and cost allocations plans. This paragraph applies to the following types of documents and their supporting records: indirect cost rate computations or proposals, cost allocation plans, and any similar accounting computations of the rate at which a particular group of costs is chargeable (such as computer usage chargeback rates or composite fringe benefit rates).
- d. In accordance with 2 C.F.R. §200.334, the Federal awarding agency must request transfer of certain records to its custody from the Division or the Sub-Recipient when it determines that the records possess long-term retention value.
- e. In accordance with 2 C.F.R. §200.335, the Division must always provide or accept paper versions of Agreement information to and from the Sub-Recipient upon request. If paper copies are submitted, then the Division must not require more than an original and two copies. When original records are electronic and cannot be altered, there is no need to create and retain paper copies. When original records are paper, electronic versions may be substituted through the use of duplication or other forms of electronic media provided that they are subject to periodic quality control reviews, provide reasonable safeguards against alteration, and remain readable.
- f. As required by 2 C.F.R. §200.303, the Sub-Recipient shall take reasonable measures to safeguard protected personally identifiable information and other information the Federal awarding agency or the Division designates as sensitive or the Sub-Recipient considers sensitive consistent with applicable Federal, state, local, and tribal laws regarding privacy and obligations of confidentiality.

- g. Florida's Government in the Sunshine Law (Section 286.011, Florida Statutes) provides the citizens of Florida with a right of access to governmental proceedings and mandates three, basic requirements: (1) meetings of public boards or commissions must be open to the public; (2) reasonable notice of such meetings must be given; and, (3) minutes of the meetings must be taken and promptly recorded. The mere receipt of public funds by a private entity, standing alone, is insufficient to bring that entity within the ambit of the open government requirements. However, the Government in the Sunshine Law applies to private entities that provide services to governmental agencies and that act on behalf of those agencies in the agencies' performance of their public duties. If a public agency delegates the performance of its public purpose to a private entity, then, to the extent that private entity is performing that public purpose, the Government in the Sunshine Law applies. For example, if a volunteer fire department provides firefighting services to a governmental entity and uses facilities and equipment purchased with public funds, then the Government in the Sunshine Law applies to board of directors for that volunteer fire department. Thus, to the extent that the Government in the Sunshine Law applies to the Sub-Recipient based upon the funds provided under this Agreement, the meetings of the Sub-Recipient's governing board or the meetings of any subcommittee making recommendations to the governing board may be subject to open government requirements. These meetings shall be publicly noticed, open to the public, and the minutes of all the meetings shall be public records, available to the public in accordance with Chapter 119, Florida Statutes.
- h. Florida's Public Records Law provides a right of access to the records of the state and local governments as well as to private entities acting on their behalf. Unless specifically exempted from disclosure by the Legislature, all materials made or received by a governmental agency (or a private entity acting on behalf of such an agency) in conjunction with official business which are used to perpetuate, communicate, or formalize knowledge qualify as public records subject to public inspection. The mere receipt of public funds by a private entity, standing alone, is insufficient to bring that entity within the ambit of the public record requirements. However, when a public entity delegates a public function to a private entity, the records generated by the private entity's performance of that duty become public records. Thus, the nature and scope of the services provided by a private entity determine whether that entity is acting on behalf of a public agency and is therefore subject to the requirements of Florida's Public Records Law.
- i. The Sub-Recipient shall maintain all records for the Sub-Recipient and for all subcontractors or consultants to be paid from funds provided under this Agreement, including documentation of all program costs, in a form sufficient to determine compliance with the requirements and objectives of the Budget and Scope of Work Attachment A and B and all other applicable laws and regulations.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT: (850) 815-4156, Records@em.myflorida.com, or 2555 Shumard Oak Boulevard, Tallahassee, FL 32399.

(11)AUDITS

- a. The Sub-Recipient shall comply with the audit requirements contained in 2 C.F.R. Part 200, Subpart F.
- b. In accounting for the receipt and expenditure of funds under this Agreement, the Sub-Recipient shall follow Generally Accepted Accounting Principles ("GAAP"). As defined by 2 C.F.R. §200.49, GAAP "has the meaning specified in accounting standards issued by the Government Accounting Standards Board (GASB) and the Financial Accounting Standards Board (FASB)."
- c. When conducting an audit of the Sub-Recipient's performance under this Agreement, the Division shall use Generally Accepted Government Auditing Standards ("GAGAS"). As defined by 2 C.F.R. §200.50, GAGAS, "also known as the Yellow Book, means generally accepted government auditing standards issued by the Comptroller General of the United States, which are applicable to financial audits."
- d. If an audit shows that all or any portion of the funds disbursed were not spent in accordance with the conditions of this Agreement, the Sub-Recipient shall be held liable for reimbursement to the Division of all funds not spent in accordance with these applicable regulations and Agreement provisions within thirty days after the Division has notified the Sub-Recipient of such non-compliance.
- e. The Sub-Recipient shall have all audits completed by an independent auditor, which is defined in section 215.97(2)(i), Florida Statutes, as "an independent certified public accountant licensed under chapter 473." The independent auditor shall state that the audit complied with the applicable provisions noted above. The audit must be received by the Division no later than nine months from the end of the Sub-Recipient's fiscal year.
- f. The Sub-Recipient shall send copies of reporting packages for audits conducted in accordance with 2 C.F.R. Part 200, by or on behalf of the Sub-Recipient, to the Division at the following address:

DEMSingle_Audit@em.myflorida.com
OR

g. The Sub-Recipient shall send the Single Audit reporting package and Form SF-SAC to the Federal Audit Clearinghouse by submission online at:

2555 Shumard Oak Boulevard

Tallahassee, Florida 32399-2100

(12)REPORTS

- a. Consistent with 2 C.F.R. §200.328, the Sub-Recipient shall provide the Division with quarterly reports and a close-out report. These reports shall include the current status and progress by the Sub-Recipient and all subcontractors in completing the work described in the Scope of Work and the expenditure of funds under this Agreement, in addition to any other information requested by the Division.
- b. Quarterly reports are due to the Division no later than 30 days after the end of each quarter of the program year and shall be sent each quarter until submission of the administrative close-out report. The ending dates for each quarter of the program year are March 31, June 30, September 30 and December 31.
- c. The close-out report is due 60 days after termination of this Agreement or 30 days after completion of the activities contained in this Agreement, whichever first occurs.
- d. If all required reports and copies are not sent to the Division or are not completed in a manner acceptable to the Division, then the Division may withhold further payments until they are completed or may take other action as stated in Paragraph (16) REMEDIES. "Acceptable to the Division" means that the work product was completed in accordance with the Budget and Scope of Work.
- e. The Sub-Recipient shall provide additional program updates or information that may be required by the Division.
- f. The Sub-Recipient shall provide additional reports and information identified in Attachment B.

(13)MONITORING.

a. The Sub-Recipient shall monitor its performance under this Agreement, as well as that of its subcontractors and/or consultants who are paid from funds provided under this Agreement, to ensure that time schedules are being met, the Schedule of Deliverables and Scope of Work are being

accomplished within the specified time periods, and other performance goals are being achieved. A review shall be done for each function or activity in Attachment B to this Agreement and reported in the quarterly report.

b. In addition to reviews of audits, monitoring procedures may include, but not be limited to, On-site visits by Division staff, limited scope audits, and/or other procedures. The Sub-Recipient agrees to comply and cooperate with any monitoring procedures/processes deemed appropriate by the Division. In the event that the Division determines that a limited scope audit of the Sub-Recipient is appropriate, the Sub-Recipient agrees to comply with any additional instructions provided by the Division to the Sub-Recipient regarding such audit. The Sub-Recipient further agrees to comply and cooperate with any inspections, reviews, investigations or audits deemed necessary by the Florida Chief Financial Officer or Auditor General. In addition, the Division will monitor the performance and financial management by the Sub-Recipient throughout the contract term to ensure timely completion of all tasks.

(14)LIABILITY

- a. Unless Sub-Recipient is a State agency or subdivision, as defined in section 768.28(2), Florida Statutes, the Sub-Recipient is solely responsible to parties it deals with in carrying out the terms of this Agreement; as authorized by section 768.28(19), Florida Statutes, Sub-Recipient shall hold the Division harmless against all claims of whatever nature by third parties arising from the work performance under this Agreement. For purposes of this Agreement, Sub-Recipient agrees that it is not an employee or agent of the Division but is an independent contractor.
- b. As required by section 768.28(19), Florida Statutes, any Sub-Recipient which is a state agency or subdivision, as defined in section 768.28(2), Florida Statutes, agrees to be fully responsible for its negligent or tortious acts or omissions which result in claims or suits against the Division, and agrees to be liable for any damages proximately caused by the acts or omissions to the extent set forth in Section 768.28, Florida Statutes. Nothing herein is intended to serve as a waiver of sovereign immunity by any Sub-Recipient to which sovereign immunity applies. Nothing herein shall be construed as consent by a state agency or subdivision of the State of Florida to be sued by third parties in any matter arising out of any contract.

(15)DEFAULT.

If any of the following events occur ("Events of Default"), all obligations on the part of the Division to make further payment of funds shall terminate and the Division has the option to exercise any of its remedies set forth in Paragraph (16); however, the Division may make payments or partial payments after any Events of Default without waiving the right to exercise such remedies, and without becoming liable to make any further payment if:

a. Any warranty or representation made by the Sub-Recipient in this Agreement or any previous agreement with the Division is or becomes false or misleading in any respect, or if the Sub-Recipient fails to keep or perform any of the obligations, terms or covenants in this Agreement or any

previous agreement with the Division and has not cured them in timely fashion, or is unable or unwilling to meet its obligations under this Agreement;

- b. Material adverse changes occur in the financial condition of the Sub-Recipient at any time during the term of this Agreement, and the Sub-Recipient fails to cure this adverse change within thirty days from the date written notice is sent by the Division;
- c. Any reports required by this Agreement have not been submitted to the Division or have been submitted with incorrect, incomplete or insufficient information; or,
- d. The Sub-Recipient has failed to perform and complete on time any of its obligations under this Agreement.

(16) REMEDIES.

If an Event of Default occurs, then the Division shall, after thirty calendar days written notice to the Sub-Recipient and upon the Sub-Recipient's failure to cure within those thirty days, exercise any one or more of the following remedies, either concurrently or consecutively:

- a. Terminate this Agreement, provided that the Sub-Recipient is given at least thirty days prior written notice of the termination. The notice shall be effective when placed in the United States, first class mail, postage prepaid, by registered or certified mail-return receipt requested, to the address in paragraph (3) herein;
- b. Begin an appropriate legal or equitable action to enforce performance of this Agreement;
 - c. Withhold or suspend payment of all or any part of a request for payment;
- d. Require that the Sub-Recipient refund to the Division any monies used for ineligible purposes under the laws, rules and regulations governing the use of these funds.
 - e. Exercise any corrective or remedial actions, to include but not be limited to:
- i. Request additional information from the Sub-Recipient to determine the reasons for or the extent of non-compliance or lack of performance,
- ii. Issue a written warning to advise that more serious measures may be taken if the situation is not corrected.
- iii. Advise the Sub-Recipient to suspend, discontinue or refrain from incurring costs for any activities in question or
- iv. Require the Sub-Recipient to reimburse the Division for the amount of costs incurred for any items determined to be ineligible;
 - f. Exercise any other rights or remedies which may be available under law.

Pursuing any of the above remedies will not stop the Division from pursuing any other remedies in this Agreement or provided at law or in equity. If the Division waives any right or remedy in this Agreement or fails to insist on strict performance by the Sub-Recipient, it will not affect, extend or

waive any other right or remedy of the Division, or affect the later exercise of the same right or remedy by the Division for any other default by the Sub-Recipient.

(17) TERMINATION.

- a. The Division may terminate this Agreement for cause after thirty days written notice. Cause can include misuse of funds, fraud, lack of compliance with applicable rules, laws and regulations, failure to perform on time, and refusal by the Sub-Recipient to permit public access to any document, paper, letter, or other material subject to disclosure under Chapter 119, Florida Statutes, as amended.
- b. The Division may terminate this Agreement for convenience or when it determines, in its sole discretion, that continuing the Agreement would not produce beneficial results in line with the further expenditure of funds, by providing the Sub-Recipient with thirty calendar days prior written notice.

During the performance of this contract, the contractor agrees as follows:

i. The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual

orientation, gender identity, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. - ii. The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive considerations for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.
- iii. The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.
- iv. The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the contractor's commitments under this section and shall post copies of the notice in conspicuous places available to employees and applicants for employment.
- v. The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.
- vi. The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

- vii. In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.
- viii. The contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency the contractor may request the United States to enter into such litigation to protect the interests of the United States.

- b. The Sub-Recipient further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: *Provided*, that if the applicant so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract.
- c. The Sub-Recipient agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.
- d. The Sub-Recipient further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a contractor debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon contractors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive order. In addition, the Sub-Recipient agrees that if it fails or refuses to comply with these undertakings, the

administering agency may take any or all of the following actions: cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the Sub-Recipient under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such Sub-Recipient; and refer the case to the Department of Justice for appropriate legal proceedings.

The requirements of 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. The bidder or proposer agrees to comply with the requirements of 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

(31) BYRD ANTI-LOBBYING AMENDMENT

If the Sub-Recipient, with the funds authorized by this Agreement, enters into a contract, then any such contract must include the following clause:

Byrd Anti-Lobbying Amendment, 31 U.S.C. § 1352 (as amended). Contractors who apply or bid for an award of \$100,000 or more shall file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant, or any other award covered by 31 U.S.C. § 1352. Each tier shall also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the recipient.

(32) CONTRACTING WITH SMALL AND MINORITY BUSINESSES, WOMEN'S BUSINESS ENTERPRISES, AND LABOR SURPLUS AREA FIRMS

- a. If the Sub-Recipient, with the funds authorized by this Agreement, seeks to procure goods or services, then, in accordance with 2 C.F.R. §200.321, the Sub-Recipient shall take the following affirmative steps to assure that minority businesses, women's business enterprises, and labor surplus area firms are used whenever possible:
- i. Placing qualified small and minority businesses and women's business enterprises on solicitation lists;
- ii. Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;
- iii. Dividing total requirements, <u>when economically feasible</u>, into smaller tasks or quantities to permit maximum participation by small and minority businesses, and women's business enterprises;
- iv. Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority businesses, and women's business enterprises;
- v. Using the services and assistance, <u>as appropriate</u>, of such organizations as the Small Business Administration and the Minority Business Development Agency of the Department of Commerce; and
- vi. Requiring the prime contractor, if subcontracts are to be let, to take the affirmative steps listed in paragraphs i. through v. of this subparagraph.
- b. The requirement outlined in subparagraph a. above, sometimes referred to as "socioeconomic contracting," does not impose an obligation to set aside either the solicitation or award of a contract to these types of firms. Rather, the requirement only imposes an obligation to carry out <u>and</u> document the six affirmative steps identified above.
- c. The "socioeconomic contracting" requirement outlines the affirmative steps that the Sub-Recipient must take; the requirements do not preclude the Sub-Recipient from undertaking additional steps to involve small and minority businesses and women's business enterprises.
- d. The requirement to divide total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority businesses, and women's business enterprises, does not authorize the Sub-Recipient to break a single project down into smaller components in order to circumvent the micro-purchase or small purchase thresholds so as to utilize streamlined acquisition procedures (e.g. "project splitting").

33. ASSURANCES.

The Sub-Recipient shall comply with any Statement of Assurances incorporated as Attachment H.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement.

ATTACHMENT B

SCOPE OF WORK

Sub-Recipients must comply with all the requirements in 2 C.F.R. Part 200 (Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards).

Funding is provided to perform eligible activities as identified in the Domestic Homeland Security – Federal Emergency Management Agency National Preparedness Directorate Fiscal Year 2019 Homeland Security Grant Program (HSGP), consistent with the Department of Homeland Security State Strategy. Eligible activities are outlined in the Scope of Work for each category below:

I. Issue and Project Description – (Enter each Issue # and Project Description)

II. Categories and Eligible Activities

FY 2019 allowable costs are divided into the following categories for this agreement: **Planning**, **Organizational**, **Exercise**, **Training**, **Equipment and Management and Administration**. Each category's allowable costs have been listed in the "Budget Detail Worksheet" above.

A. Allowable Planning Related Costs

HSGP funds may be used for a range of emergency preparedness and management planning activities such as those associated with the development, review, and revision of the THIRA, SPR, continuity of operations plans, and other planning activities that support the Goal and placing an emphasis on updating and maintaining a current EOP that conforms to the guidelines outlined in *CPG 101 v 2.0*.

- Developing hazard/threat-specific annexes that incorporate the range of prevention, protection, response, and recovery activities;
- Developing and implementing homeland security support programs and adopting DHS/FEMA national initiatives:
- Developing related terrorism and other catastrophic event prevention activities;
- Developing and enhancing plans and protocols;
- Developing or conducting assessments;
- Hiring of full-or part-time staff or contract/consultants to assist with planning activities (not for the purpose of hiring public safety personnel fulfilling traditional public safety duties);
- Materials required to conduct planning activities;
- Travel/per diem related to planning activities;
- Overtime and backfill costs (in accordance with operational Cost Guidance);
- Issuance of WHTI-compliant Tribal identification card;
- Activities to achieve planning inclusive of people with disabilities:
- Coordination with Citizen Corps Councils for public information/education and development of volunteer programs;
- Update governance structures and processes and plans for emergency communications; and
- Activities to achieve planning inclusive of people with limited English proficiency.

B. Allowable Organization Related Costs (HSGP and UASI Only)

Sub-Recipients proposed expenditures of SHSP or UASI funds to support organization activities include:

- Program Management;
- Development of whole community partnerships, through groups such as Citizen Corp Councils:
 - Structures and mechanisms for information sharing between the public and private sector;

- Implementing models, programs, and workforce enhancement initiatives to address ideologically inspired radicalization to violence in the homeland;
- Tools, resources, and activities that facilitate shared situational awareness between the public and private sectors;
- Operational Support;
- Utilization of standardized resource management concepts such as typing, inventorying, organizing, and tracking to facilitate the dispatch, deployment, and recovery of resources before, during, and after an incident;
- Responding to an increase in the threat level under the National Terrorism Advisory System (NTAS) or needs resulting from a National Special Security Event; and
- Paying salaries and benefits for personnel to serve as qualified Intelligence Analysts. Per the Personnel Reimbursement for Intelligence Cooperation and Enhancement (PRICE) of Homeland Security Act, Pub. L. No. 110-412, § 2, codified in relevant part, as amended, at 6 U.S.C. § 609(a), HSGP and UASI funds may be used to hire new staff and/or contractor positions to serve as intelligence analysts to enable information/intelligence sharing capabilities, as well as support existing intelligence analysts previously covered by HSGP or UASI funding. See 6 U.S.C. § 609(a). To be hired as an intelligence analyst, staff and/or contractor personnel must meet at least one of the following criteria:
 - Complete training to ensure baseline proficiency in intelligence analysis and production within six months of being hired; and/or.
 - Previously served as an intelligence analyst for a minimum of two years either in a federal intelligence agency, the military, or state and/or local law enforcement intelligence unit.

Intelligence Analyst Activities Allowable Costs (HSGP and UASI)

All fusion center analytical personnel must demonstrate qualifications that meet or exceed competencies identified in the Common Competencies for state, local, and tribal Intelligence Analysts, which outlines the minimum categories of training needed for intelligence analysts. A certificate of completion of such training must be on file with the SAA and must be made available to the recipient's respective FEMA HQ Program Analyst upon request. States and Urban Areas must justify proposed expenditures of HSGP or UASI funds to support organization activities within their IJ submission. All SAAs are allowed to utilize up to 50 percent (50%) of their HSGP funding and all Urban Areas are allowed up to 50 percent (50%) of their UASI funding for personnel costs. At the request of a Sub-Recipient of a grant, the FEMA Administrator may grant a waiver of the 50 percent (50%) limitation noted above. Request for waivers to the personnel cap must be submitted by the SAA to GPD in writing on official letterhead, with the following information:

- Documentation explaining why the cap should be waived;
- Conditions under which the request is being submitted; and
- A budget and method of calculation of personnel costs both in percentages of the grant award and in total dollar amount. To avoid supplanting issues, the request must also include a threeyear staffing history for the requesting entity.

Law Enforcement Terrorism Prevention (LETP) Activities Allowable Costs (HSGP and UASI) LETP Activities eligible for use of LETPA focused funds include but are not limited to:

- Maturation and enhancement of designated state and major Urban Area fusion centers, including Information sharing and analysis, threat recognition, terrorist interdiction, and training/ hiring of intelligence analysts;
- Coordination between fusion centers and other analytical and investigative efforts including, but not limited to Joint Terrorism Task Forces (JTTFs), Field Intelligence Groups (FIGs), High

- Intensity Drug Trafficking Areas (HIDTAs), Regional Information Sharing Systems (RISS) Centers, criminal intelligence units, and real-time crime analysis centers;
- Implementation and maintenance of the Nationwide SAR Initiative, including training for front line personnel on identifying and reporting suspicious activities; and
- Implementation of the "If You See Something, Say Something" campaign to raise public
 awareness of indicators of terrorism and terrorism-related crime and associated efforts to
 increase the sharing of information with public and private sector partners, including nonprofit
 organizations.
 - Note: DHS requires that all public and private sector partners wanting to implement and/or expand the DHS "If You See Something, Say Something®" campaign using grant funds work directly with the DHS Office of Partnership and Engagement (OPE) to ensure all public awareness materials (e.g., videos, posters, tri-folds, etc.) are consistent with the DHS's messaging and strategy for the campaign and compliant with the initiative's trademark, which is licensed to DHS by the New York Metropolitan Transportation Authority. Coordination with OPE, through the Campaign's Office (seesay@hq.dhs.gov), must be facilitated by FEMA.
- Increase physical security, through law enforcement personnel and other protective measures, by implementing preventive and protective measures at critical infrastructure site or at-risk nonprofit organizations; and
- Building and sustaining preventive radiological and nuclear detection capabilities, including those developed through the Securing the Cities initiative.

Organizational activities under HSGP and UASI include:

Operational Overtime Costs. In support of efforts to enhance capabilities for detecting, deterring, disrupting, and preventing acts of terrorism and other catastrophic events, operational overtime costs are allowable for increased protective security measures at critical infrastructure sites or other high-risk locations and to enhance public safety during mass gatherings and high-profile events. In that regard, HSGP Sub-Recipients are urged to consider using grant funding to support soft target preparedness activities. HSGP or UASI funds may be used to support select operational expenses associated with increased security measures in the authorized categories cited below:

- Backfill and overtime expenses for staffing State or Major Urban Area fusion centers;
- Hiring of contracted security for critical infrastructure sites;
- Participation in Regional Resiliency Assessment Program (RRAP) activities;
- Public safety overtime;
- Title 32 or State Active Duty National Guard deployments to protect critical infrastructure sites, including all resources that are part of the standard National Guard deployment package (Note: Consumable costs, such as fuel expenses, are not allowed except as part of the standard National Guard deployment package);
- Increased border security activities in coordination with CBP;
- National Terrorism Advisory System;
- National Security Events;
- Special Event Assessment Rating (SEAR) Level 1 through 4 Events
- States of Emergency:
- National Critical Infrastructure Prioritization Program (NCIPP);
- Directed Transit Patrols; and
- Operational Support to a Federal Agency.

Operational Overtime Requests:

- Except for an elevated NTAS alert, HSGP or UASI funds may only be spent for operational
 overtime costs upon prior written approval by FEMA. The SAA must submit operational
 overtime requests in writing to its assigned FEMA Program Analyst (PA). FEMA will consider
 requests for special event activities up to one year in advance. However, such requests must
 be within the award's current period of performance and must not result in the need for a
 request to extend the period of performance.
- All operational overtime requests must clearly explain how the request meets the criteria of
 one or more of the categories listed in the table above. Requests must address the threat
 environment as it relates to the event or activity requiring operational overtime support and
 explain how the overtime activity is responsive to the threat.
- Post-event operational overtime requests will only be considered on a case-by-case basis, where it is demonstrated that exigent circumstances prevented submission of a request in advance of the event or activity.
- Under no circumstances may DHS/FEMA grant funding be used to pay for costs already supported by funding from another federal source.
- States with UASI jurisdictions can use funds retained at the state level to reimburse eligible
 operational overtime expenses incurred by the state (per the above guidance limitations). Any
 UASI funds retained by the state must be used in direct support of the high-risk urban area.
 States must provide documentation to the UAWG and DHS/FEMA upon request
 demonstrating how any UASI funds retained by a state would directly support the high-risk
 urban area.
- FEMA will consult and coordinate with appropriate DHS components as necessary to verify information used to support operational overtime requests.

Personnel Costs (HSGP and UASI)

Personnel hiring, overtime, and backfill expenses are permitted under this grant to perform allowable HSGP planning, training, exercise, and equipment activities. Personnel may include but are not limited to training and exercise coordinators, program managers for activities directly associated with HSGP and UASI funded activities, intelligence analysts, and Statewide interoperability coordinators (SWIC).

Sub-Recipients should refer to **Information Bulletin No. 421**, Clarification on the Personnel Reimbursement for Intelligence Cooperation and Enhancement of Homeland Security Act of 2008 (Public Law 110–412 – the PRICE Act), Aug. 22, 2017. HSGP funds may not be used to support the hiring of any personnel to fulfil traditional public health and safety duties nor to supplant traditional public health and safety positions and responsibilities.

The following definitions apply to personnel costs:

- Hiring. State and local entities may use grant funding to cover the salary of newly hired
 personnel who are exclusively undertaking allowable DHS/FEMA grant activities as specified
 in this guidance. This may not include new personnel who are hired to fulfill any nonDHS/FEMA program activities under any circumstances. Hiring will always result in a net
 increase of Full Time Equivalent (FTE) employees.
- Overtime. These expenses are limited to the additional costs that result from personnel
 working over and above 40 hours of weekly work time as the direct result of their performance
 of DHS/FEMA-approved activities specified in this guidance. Overtime associated with any
 other activity is not eligible.
- Backfill-Related Overtime. Also called "Overtime as Backfill," these expenses are limited to
 overtime costs that result from personnel who are working overtime (as identified above) to
 perform the duties of other personnel who are temporarily assigned to DHS/FEMA-approved

- activities outside their core responsibilities. Neither overtime nor backfill expenses are the result of an increase of FTE employees,
- Supplanting. Grant funds will be used to supplement existing funds and will not replace
 (supplant) funds that have been appropriated for the same purpose. Applicants or recipients
 may be required to supply documentation certifying that a reduction in non-federal resources
 occurred for reasons other than the receipt or expected receipt of federal funds.

OPSG funds may be used for domestic travel and per diem, including costs associated with the deployment/redeployment of personnel to border areas and for travel associated with law enforcement entities assisting other local jurisdictions in law enforcement activities (travel costs must be in accordance with applicable travel regulations).

Organization (OPSG)

Operational Overtime Costs. OPSG funds should be used for operational overtime costs associated with law enforcement activities in support of border law enforcement agencies for increased border security enhancement. Overtime pay is for enhanced patrol for certified public safety officers, along with limited support for other law enforcement direct support personnel (e.g., Communication Officers/Dispatchers, non-sworn patrol pilots, etc.). Overtime shall be reimbursed consistent with the non-federal entity's overtime policy and the requirements as stated below:

- Overtime is time worked that exceeds the required number of hours during an employee's designated shift.
- Overtime must be worked to increase patrol capacity and be in support of identified and approved USBP border security operations.
- The OPSG overtime hourly rate of pay will be no more than the approved overtime rate per local law and policy and must be in accordance with applicable State and Federal regulations.
- Exempt salaried employees may not be reimbursed for overtime unless the non-federal entity's policy specifically allows for overtime reimbursement for these employees.
- The non-federal entity may not utilize OPSG funding to pay for an employee's overtime hours or pay that exceeds 16 hours worked in any 24-hour period.

Personnel Costs (OPSG):

Up to 50 percent of an OPSG award may be used to pay for all personnel costs (only to the extent that such expenses are for the allowable activities within the scope of the grant). At the request of a recipient or Sub-Recipient, the FEMA Administrator (or designee) may waive the 50 percent personnel cap. Waiver decisions are at the discretion of the FEMA Administrator and will be considered on a case-by-case basis. Further, changes in scope or objective also require FEMA's prior written approval pursuant to 2 C.F.R. § 200.308(c)(1)(i). A formal OPSG personnel waiver request should:

- Be on official letterhead, include a written justification, and be signed by the local jurisdiction.
- Include a budget and method of calculation of personnel costs both in the percentage of the grant award and in total dollar amount, reflecting the change in scope or objective to the project.
- Include an approved Operations Order from the USBP Sector office that supports the local jurisdiction's written justification.
- Be coordinated with the USBP Sector, SAA, and the DHS/CBP Office of the Border Patrol (OBP).

As with all OPSG personnel costs, OPSG grant funds will be used to supplement existing funds and will not replace (supplant) funds that have been appropriated for the same purpose. Applicants or recipients

may be required to supply documentation certifying that a reduction in non-federal resources occurred for reasons other than the receipt or expected receipt of federal funds.

Temporary or Term Appointments

- Sub-Recipients may utilize temporary or term appointments to augment the law enforcement presence on the borders. However, applying funds toward hiring full-time or permanent sworn public safety officers is unallowable.
- OPSG-funded temporary or term appointments may not exceed the approved period of performance.
- For OPSG purposes, temporary appointments are non-status appointments for less than one year.
- OPSG funding for temporary or term appointments may pay for salary only. Benefits are not allowable expenses for term or temporary employees.
- OPSG remains a non-hiring program. Appropriate uses of temporary or term appointments include:
- To carry out specific enforcement operations work for ongoing OPSG-funded patrols throughout the Sector Area of Operation;
- To staff operations of limited duration; such as OPSG-enhanced enforcement patrols targeting specific locations or criminal activity; and,
- To fill OPSG positions in activities undergoing transition or personnel shortages and local backfill policies (medical/military deployments).
- OPSG term and temporary appointments must have all necessary certifications and training to enforce state and local laws. OPSG funds will not be used to train or certify term or temporary appointments except as otherwise stated in the OPSG section of this manual and the HSGP NOFO.
- Sub-Recipients must follow their own applicable policies and procedures regarding temporary or term appointments.

Unallowable Costs (OPSG)

OPSG unallowable costs include costs associated with staffing and general IT computing equipment and hardware, such as personal computers, faxes, copy machines, modems, etc. OPSG is not intended as a hiring program. Therefore, applying funds toward hiring full-time or permanent sworn public safety officers is unallowable. OPSG funding shall not be used to supplant inherent routine patrols and law enforcement operations or activities not directly related to providing enhanced coordination between local and federal law enforcement agencies. Finally, construction and/or renovation costs are prohibited under OPSG.

C. Allowable Exercise Related Costs

Exercises conducted with grant funding should be managed and conducted consistent with HSEEP. HSEEP guidance for exercise design, development, conduct, evaluation, and improvement planning is located at https://www.fema.gov/exercise.

- Design, Develop, Conduct, and Evaluate an Exercise
- Exercise Planning Workshop
- · Full- or part-time staff or contractors/consultants
- Overtime and backfill costs, including expenses for part-time and volunteer emergency
- Response personnel participating in DHS/FEMA exercise
- Implementation of HSEEP
- Activities to achieve exercises inclusive of people with disabilities
- Travel
- Supplies associated with allowable approved exercises
- Interoperable communications exercises

Additional Exercise Information

Sub-Recipients that decide to use HSGP funds to conduct an exercise(s) are encouraged to complete a progressive exercise series. Exercises conducted by states and high risked urban areas may be used to fulfill similar exercise requirements required by other grant programs. Sub-Recipients are encouraged to invite representatives/planners involved with other Federally-mandated or private exercise activities. States and high risked urban areas are encouraged to share, at a minimum, the multi-year training and exercise schedule with those departments, agencies, and organizations included in the plan.

- Validating Capabilities. Exercises examine and validate capabilities-based planning across the Prevention, Protection, Mitigation, Response, and Recovery mission areas. The extensive engagement of the whole community, including but not limited to examining the needs and requirements for individuals with disabilities, individuals with limited English proficiency, and others with access and functional needs, is essential to the development of an effective and comprehensive exercise program. Exercises are designed to be progressive increasing in scope and complexity and drawing upon results and outcomes from prior exercises and real-world incidents to challenge participating communities. Consistent with Homeland Security Exercise and Evaluation Program guidance and tools, the National Exercise Program (NEP) serves as the principal exercise mechanism for examining national preparedness and measuring readiness. Exercises should align with priorities and capabilities identified in a multi-year TEP.
- Special Event Planning. If a state or Urban Area will be hosting a special event (e.g., Super Bowl, G-8 Summit), the special event planning should be considered as a training or exercise activity for the purpose of the multi-year TEP. States must include all confirmed or planned special events in the Multi-year TEP. The state or Urban Area may plan to use HSGP or UASI funding to finance training and exercise activities in preparation for those events. States and Urban Areas should also consider exercises at major venues (e.g., arenas, convention centers) that focus on evacuations, communications, and command and control.
- Regional Exercises. States should also anticipate participating in at least one Regional
 Exercise annually. States must include all confirmed or planned special events in the Multivear TEP.
- Role of Non-Governmental Entities in Exercises. Non-governmental participation in all
 levels of exercises is strongly encouraged. Leaders from non-governmental entities should be
 included in the planning, design, and evaluation of an exercise. State, local, Tribal, and
 territorial jurisdictions are encouraged to develop exercises that test the integration and use
 of non-governmental resources provided by non-governmental entities, defined as the private
 sector and private non-profit, faith-based, community, participation in exercises should be
 coordinated with the local Citizen Corps Council(s) or their equivalent and other partner
 agencies.

FDEM State Training Office conditions for Exercises: For the purposes of this Agreement, any exercise which is compliant with HSEEP standards and contained in the State of Florida (and County or Regional) MYTEP qualifies as an authorized exercise. The Sub-Recipient can successfully complete an authorized exercise either by attending or conducting that exercise.

In order to receive payment for successfully attending an authorized exercise, the Sub-Recipient must provide the Division with a certificate of completion or similar correspondence signed by the individual in charge of the exercise; additionally, the Sub-Recipient must provide the Division with all receipts that document the costs incurred by the Sub-Recipient in order to attend the exercise.

- In order the receive payment for successfully conducting an authorized exercise, the Sub-Recipient must provide the Division with an ExPLAN, AAR/IP, IPC/MPC/FPC Meeting Minutes and Sign-in Sheet for exercise attendees; additionally, the Sub-Recipient must provide the Division with all receipts that document the costs incurred by the Sub-Recipient in order to conduct the exercise. The Sub-Recipient must include with the reimbursement package a separate copy of the page(s) from the Exercise Plan which identifies the participant agencies and a printed page(s) from the State (and County or Regional) MYTEP reflecting the exercise.
- If you require food/water for this event, request must come to the Division within 25 days prior to the event, in the following format:

D. Allowable Training Related Costs (SHGP and UASI)

Allowable training-related costs under HSGP include the establishment, support, conduct, and attendance of training specifically identified under the HSGP and UASI programs and/or in conjunction with emergency preparedness training by other Federal agencies (e.g., HHS and DOT). Training conducted using HSGP funds should address a performance gap identified through an AAR/IP or other assessments (e.g., National Emergency Communications Plan NECP Goal Assessments) and contribute to building a capability that will be evaluated through a formal exercise. Any training or training gaps, including those for children, older adults, pregnant women, and individuals with disabilities and others who also have access or functional needs, should be identified in the AAR/IP and addressed in the state or Urban Area training cycle. Sub-Recipients are encouraged to use existing training rather than developing new courses. When developing new courses, Sub-Recipients are encouraged to apply the Analysis, Design, Development, Implementation and Evaluation (ADDIE) model of instructional design.

- Overtime and backfill for emergency preparedness and response personnel attending DHS/FEMA-sponsored and approved training classes
- Overtime and backfill expenses for part-time and volunteer emergency response personnel participating in DHS/FEMA training
- Training workshops and conferences
- Activities to achieve training inclusive of people with disabilities
- Full- or part-time staff or contractors/consultants
- Travel
- Supplies associated with allowable approved training that are expended or consumed during the course of the planning and conduct of the exercise project(s)
- Instructor certification/re-certification
- Coordination with Citizen Corps Councils in conducting training exercises
- Interoperable communications training

Additional Training Information

Per DHS/FEMA Grant Programs Directorate Policy *FP 207-008-064-1*, *Review and Approval Requirements for Training Courses Funded Through Preparedness Grants*, issued on September 9, 2013, states, territories, Tribal entities and urban areas are no longer required to request approval from FEMA for personnel to attend non-DHS FEMA training as long as the training is coordinated with and approved by the state, territory, Tribal or Urban Area Training Point of Contact (TPOC) and falls within the FEMA mission scope and the jurisdiction's Emergency Operations Plan (EOP). The only exception to this policy is for Countering Violent Extremism courses. DHS/FEMA will conduct periodic reviews of all state, territory, and Urban Area training funded by DHS/FEMA. These reviews may include requests for all course materials and physical observation of, or participation in, the funded training. If these reviews determine that courses are outside the scope of this guidance, Sub-Recipients will be asked to repay grant funds expended in support of those efforts.

For further information on developing courses using the instructional design methodology and tools that can facilitate the process, SAAs and TPOCs are encouraged to review the *NTED Responder Training Development Center (RTDC)* website.

DHS/FEMA Provided Training. These trainings include programs or courses developed for and delivered by institutions and organizations funded by DHS/FEMA. This includes the Center for Domestic Preparedness (CDP), the Emergency Management Institute (EMI), and the National Training and Education Division's (NTED) training partner programs including, the Continuing Training Grants, the National Domestic Preparedness Consortium (NDPC) and the Rural Domestic Preparedness Consortium (RDPC).

Approved State and Federal Sponsored Course Catalogue. This catalogue lists state and Federal sponsored courses that fall within the DHS/FEMA mission scope, and have been approved through the FEMA course review and approval process. An updated version of this catalog can be accessed at: www.firstrespondertraining.gov.

Training Not Provided by DHS/FEMA. These trainings include courses that are either state sponsored or Federal sponsored (non-DHS/FEMA), coordinated and approved by the SAA or their designated TPOC, and fall within the DHS/FEMA mission scope to prepare state, local, Tribal, and territorial personnel to prevent, protect against, mitigate, respond to, and recover from acts of terrorism or catastrophic events.

- State Sponsored Courses. These courses are developed for and/or delivered by institutions
 or organizations other than Federal entities or FEMA and are sponsored by the SAA or their
 designated TPOC.
- Joint Training and Exercises with the Public and Private Sectors. These courses are
 sponsored and coordinated by private sector entities to enhance public-private partnerships
 for training personnel to prevent, protect against, mitigate, respond to, and recover from acts
 of terrorism or catastrophic events. Overtime pay for first responders and emergency
 managers who participate in public-private training and exercises is allowable. In addition,
 States, territories, Tribes, and Urban Areas are encouraged to incorporate the private sector
 in government-sponsored training and exercises.

Additional information on both DHS/FEMA provided training and other federal and state training can be found at: www.firstrespondertraining.gov.

Training Information Reporting System ("Web-Forms"). Web-Forms is an electronic form/data management system built to assist the SAA and its designated State, territory and Tribal Training Point of Contact (TPOC). Reporting training activities through Web-Forms is not required under FY 2019 HSGP, however, the system remains available and can be accessed through the FEMA Toolkit located at http://www.firstrespondertraining.gov/admin_in order to support grantees in their own tracking of training.

FDEM State Training Office Conditions: For the purposes of this Agreement, any training course listed on the DHS approved course catalog qualifies as an authorized course. The Sub-Recipient can successfully complete an authorized course either by attending or conducting that course.

- In order to receive payment for successfully attending an authorized training course, the Sub-Recipient must provide the Division with a certificate of course completion; additionally, the Sub-Recipient must provide the Division with all receipts that document the costs incurred by the Sub-Recipient in order to attend the course.
- In order the receive payment for successfully conducting an authorized course, the Sub-Recipient must provide the Division with the course materials and a roster sign-in sheet; additionally, the Sub-Recipient must provide the Division with all receipts that document the costs incurred by the Sub-Recipient in order to conduct the course."
- For courses that are non-DHS approved training, Sub-Recipient must request approval to conduct training through the use of the Non-TED Form and provide a copy, along with email, showing approval granted for conduct.
- For the conduct of training workshops, Sub-Recipient must provide a copy of the course materials and sign-in sheets.
- The number of participants must be a minimum of 15 in order to justify the cost of holding a
 course. For questions regarding adequate number of participants please contact the FDEM
 State Training Officer for course specific guidance. Unless the Sub-Recipient receives
 advance written approval from the State Training Officer for the number of participants, then
 the Division will reduce the amount authorized for reimbursement on a pro-rata basis for any
 training with less than 15 participants.
- The Sub-Recipient must include with the reimbursement package a separate copy of the page(s) from the State (and County or Regional) MYTEP reflecting the training.

E. Allowable Equipment Related Costs (SHGP and UASI)

The 21 allowable prevention, protection, mitigation, response, and recovery equipment categories for HSGP are listed on the Authorized Equipment List (AEL). The AEL is available at http://www.fema.gov/authorized-equipment-list. Some equipment items require prior approval from DHS/FEMA before obligation or purchase of the items. Please reference the grant notes for each equipment item to ensure prior approval is not required or to ensure prior approval is obtained if necessary. Unless otherwise stated, all equipment must meet all mandatory regulatory and/or DHS/FEMA-adopted standards to be eligible for purchase using these funds. In addition, recipients will be responsible for obtaining and maintaining all necessary certifications and licenses for the requested equipment.

Grant funds may be used for the procurement of medical countermeasures. Procurement of medical countermeasures must be conducted in collaboration with State/city/local health departments who administer Federal funds from HHS for this purpose. Procurement must have a sound threat-based justification with an aim to reduce the consequences of mass casualty incidents during the first crucial

hours of a response. Prior to procuring pharmaceuticals, grantees must have in place an inventory management plan to avoid large periodic variations in supplies due to coinciding purchase and expiration dates. Grantees are encouraged to enter into rotational procurement agreements with vendors and distributors. Purchases of pharmaceuticals must include a budget for the disposal of expired drugs within each fiscal year's period of performance for HSGP. The cost of disposal cannot be carried over to another FEMA grant or grant period.

The equipment, goods, and supplies ("the eligible equipment") purchased with funds provided under this agreement are for the purposes specified in "Florida's Domestic Security Strategy". Equipment purchased with these funds will be utilized in the event of emergencies, including, but not limited to, terrorism-related hazards. The Sub-Recipient shall place the equipment throughout the State of Florida in such a manner that, in the event of an emergency, the equipment can be deployed on the scene of the emergency or be available for use at a fixed location within two (2) hours of a request for said deployment. The Florida Division of Emergency Management (FDEM) must approve any purchases of equipment not itemized in a project's approved budget in advance of the purchase.

The Sub-Recipient will, in accordance with the statewide mutual aid agreement or other emergency response purpose as specified in the "Florida Domestic Security Strategy," ensure that all equipment purchased with these funds is used to respond to any and all incidents within its regional response area as applicable for so long as this Agreement remains in effect. Prior to requesting a response, the FDEM will take prudent and appropriate action to determine that the level or intensity of the incident is such that the specialized equipment and resources are necessary to mitigate the outcome of the incident.

Allowable Equipment (OPSG)

 Equipment Marking. Because equipment purchased with OPSG funding is intended to be used to support OPSG activities, it must be appropriately marked to ensure its ready identification and primary use for that purpose. When practicable, any equipment purchased with OPSG funding shall be prominently marked as follows:

"Purchased with DHS funds for Operation Stonegarden Use"

- Fuel Cost and/or Mileage Reimbursement. There is no cap for reimbursement of fuel
 and mileage costs in support of operational activities. Vehicle and Equipment
 Acquisition, Including Leasing and Rentals. Allowable purchases under OPSG include
 patrol cars and other mission-specific vehicles whose primary use is to increase
 operational activities/patrols on or near a border nexus in support of approved border
 security operations. A detailed justification must be submitted to the respective FEMA
 HQ Program Analyst prior to purchase.
- Medical Emergency Countermeasures: Allowable purchases under OPSG include narcotic antagonist pharmaceuticals, detection and identification equipment, safe storage and transportation, personnel protective equipment, and initial equipment training, as will be reflected in the AEL and explained in IB 438.

F. Unallowable Costs (HSGP, UASI and OPSG)

- Per FEMA policy, the purchase of weapons and weapons accessories, including ammunition, is not allowed with HSGP funds.
- Grant funds may not be used for the purchase of equipment not approved by DHS/FEMA.
 Grant funds must comply with IB 426 and may not be used for the purchase of the following

equipment: firearms; ammunition; grenade launchers; bayonets; or weaponized aircraft, vessels, or vehicles of any kind with weapons installed.

- Unauthorized exercise-related costs include:
 - o Reimbursement for the maintenance or wear and tear costs of general use vehicles (e.g., construction vehicles), medical supplies, and emergency response apparatus (e.g., fire trucks, ambulances).
 - o Equipment that is purchased for permanent installation and/or use, beyond the scope of the conclusion of the exercise (e.g., electronic messaging sign).

G. Disposition

When original or replacement equipment acquired under a Federal award is no longer needed for the original project or program or for other activities currently or previously supported by a Federal awarding agency, except as otherwise provided in Federal statutes, regulations, or Federal awarding agency disposition instructions, the Sub-Recipient must request disposition instructions from FDEM Office of Domestic Preparedness and the State Administrative Agency will request deposition instructions from Federal awarding agency as required by the terms and conditions of the Federal award. The Sub-Recipient shall notify the FDEM Office of Domestic Preparedness at: 2555 Shumard Oak Blvd., Tallahassee, Florida 32399 one year in advance of the expiration of the equipment's posted shelf-life or normal life expectancy or when it has been expended. The Sub-Recipient shall notify the FDEM immediately if the equipment is destroyed, lost, or stolen.

H. Requirements for Small Unmanned Aircraft System (SHSP, UASI, and OPSG)

All requests to purchase Small Unmanned Aircraft Systems (SUAS) with FEMA grant funding must comply with **IB 426 and IB 438** and include a description of the policies and procedures in place to safeguard individuals' privacy, civil rights, and civil liberties of the jurisdiction that will purchase, take title to or otherwise use the SUAS equipment.

I. SAFECOM

Emergency communications systems and equipment must meet applicable **SAFECOM Guidance**. Sub-Recipients must be coordinated with the SWIC and the State Interoperability Governing Body (SIGB) to ensure interoperability and long-term compatibility.

J. CYBERSECURITY

Sub-Recipients must use HSGP funds for cybersecurity projects that support the security and functioning of critical infrastructure and core capabilities as they relate to terrorism preparedness and may simultaneously support enhanced preparedness for other hazards unrelated to acts of terrorism.

K. Law Enforcement Readiness (SHSP, UASI, and OPSG)

OPSG grant funds may be used to increase operational, material, and technological readiness of SLTT law enforcement agencies. The Delegation of Immigration Authority, Section 287(g) of the Immigration and Nationality Act (INA) program allows a state or local law enforcement entity to enter into a partnership with ICE, under a joint Memorandum of Agreement (MOA), to receive delegated authority for immigration enforcement within their jurisdictions SHSP, UASI, or OPSG grant funds may be requested and may be approved on a case-by-case basis for immigration enforcement training in support of the border security mission. Requests for training will be evaluated on a case-by-case basis and can only be used for certification in the section 287(g) program provided by DHS/ICE. SHSP, UASI, or OPSG Sub-Recipients with agreements under section 287(g) of the Immigration and Nationality Act (8 U.S.C. § 1357(g)) to receive delegated authority for immigration enforcement within their jurisdictions may also be reimbursed for section 287(g) related operational activities with approval from FEMA on a case-by-case basis. For OPSG, Sub-Recipients must be authorized by USBP Headquarters and Sectors, and operational activities must be coordinated through a USBP Sector.

L. Maintenance and Sustainment (SHSP, UASI, and OPSG)

The use of DHS/FEMA preparedness grant funds for maintenance contracts, warranties, repair or replacement costs, upgrades, and user fees are allowable, as described in FEMA Policy FP 205-402-125-1 under all active and future grant awards, unless otherwise noted. Except for maintenance plans or extended warranties purchased incidental to the original purchase of the equipment, the period covered by maintenance or warranty plan must not exceed the POP of the specific grant funds used to purchase the plan or warranty.

Grant funds are intended to support the Goal by funding projects that build and sustain the core capabilities necessary to prevent, protect against, mitigate the effects of, respond to, and recover from those threats that pose the greatest risk to the security of the Nation. In order to provide recipients the ability to meet this objective, the policy set forth in FEMA's IB 379, Guidance to State Administrative Agencies to Expedite the Expenditure of Certain DHS/FEMA Grant Funding, initially for FY 2007-2011, allows for the expansion of eligible maintenance and sustainment costs which must be in (1) direct support of existing capabilities; (2) must be an otherwise allowable expenditure under the applicable grant program; (3) be tied to one of the core capabilities in the five mission areas contained within the Goal, and (4) shareable through the Emergency Management Assistance Compact. Additionally, eligible costs may also be in support of equipment, training, and critical resources that have previously been purchased with either federal grant or any other source of funding other than DHS/FEMA preparedness grant program dollars.

M. Management and Administration (M&A) (HSGP & UASI)

Management and administration (M&A) activities are those directly relating to the management and administration of HSGP funds, such as financial management and monitoring. Sub-Recipients awarded M&A costs under this agreement can retain a maximum of up to 5% of their total agreement award amount for M&A costs.

M&A activities includes:

- Hiring of full-time or part-time staff or contractors/consultants:
- To assist with the management of the respective grant program.
- To assist with application requirements.
- To assist with the compliancy with reporting and data collection requirements.

Management and Administration (M&A) (OPSG)

Management and administration (M&A) activities are those directly relating to the management and administration of OPSG funds, such as financial management and monitoring. Recipients may retain up to 2.5% of the overall OPSG allocation prior to passing-through funding to Sub-Recipients. This funding must be deducted in an equal percentage from each Sub-Recipient. Sub-Recipients and friendly forces may retain funding for M&A purposes; however, the total amount retained cannot exceed 5 percent of the Sub-Recipient's subaward. Friendly forces are local law enforcement entities that are subordinate Sub-Recipients under OPSG. In other words, friendly forces are entities that receive a subaward from a Sub-Recipient under the OPSG program. Friendly forces must comply with all requirements of Sub-Recipients under 2 C.F.R. Part 200.

N. Procurement

All procurement transactions will be conducted in a manner providing full and open competition and shall comply with the standards articulated in:

- 2 C.F.R. Part 200;
- Chapter 287, Florida Statues; and,
- any local procurement policy.

To the extent that one standard is more stringent than another, the Sub-Recipient must follow the more stringent standard. For example, if a State statute imposes a stricter requirement than a Federal regulation, then the Sub-Recipient must adhere to the requirements of the State statute.

The Division shall pre-approve all scopes of work for projects funded under this agreement. Additionally, the Sub-Recipient shall not execute a piggy-back contract unless the Division has approved the Scope of Work contained in the original contract that forms the basis for the piggy-back contract. Also, in order to receive reimbursement from the Division, the Sub-Recipient must provide the Division with a suspension and debarment form for each vendor that performed work under the agreement. Furthermore, if requested by the Division, the Sub-Recipient shall provide copies of solicitation documents including responses and justification of vendor selection.

Contracts may include:

State Term Contract: A **State Term Contract** is a contract that is competitively procured by the Division of State Purchasing for selected products and services for use by agencies and eligible users. Florida agencies and eligible users may use a request for quote to obtain written pricing or services information from a state term contact vendor for commodities or contractual services available on a state term contract from that vendor. Use of state term contracts is mandatory for Florida agencies in accordance with section 287.056, Florida Statutes.

Alternate Contract Source: An Alternate Contract Source is a contract let by a federal, state, or local government that has been approved by the Department of Management Services, based on a determination that the contract is cost-effective and in the best interest of the state, for use by one or all Florida agencies for purchases, without the requirement of competitive procurement. Alternate contract sources are authorized by subsection 287.042(16), Florida Statutes, as implemented by Rule 60A-1.045, Florida Administrative Code.

General Services Administration Schedules: The General Services Administration (GSA) is an independent agency of the United States Government. States, tribes, and local governments, and any instrumentality thereof (such as local education agencies or institutions of higher education) may participate in the GSA Cooperative Purchasing Program.). Refer to the appropriate GSA Schedule for additional requirements.

O. Piggy-Backing

The practice of procurement by one agency using the agreement of another agency is called piggybacking. The ability to piggyback onto an existing contract is not unlimited. The existing contract must contain language or other legal authority authorizing third parties to make purchases from the contract with the vendor's consent. The terms and conditions of the new contract, including the Scope of Work, must be substantially the same as those of the existing contract. The piggyback contract may not exceed the existing contract in scope or volume of goods or services. An agency may not use the preexisting contract merely as a "basis to begin negotiations" for a broader or materially different contract.

Section 215.971, Florida Statutes

Statutory changes enacted by the Legislature impose additional requirements on grant and Sub-Recipient agreements funded with Federal or State financial assistance. In pertinent part, Section 215.971(1) states:

- An agency agreement that provides state financial assistance to a Recipient or Sub-Recipient, as those terms are defined in s. 215.97, or that provides federal financial assistance to a Sub-Recipient, as defined by applicable United States Office of Management and Budget circulars, must include all of the following:
- A provision specifying a Scope of Work that clearly establishes the tasks that the Recipient or Sub-Recipient is required to perform.
- A provision dividing the agreement into quantifiable units of deliverables that must be
 received and accepted in writing by the agency before payment. Each deliverable must
 be directly related to the Scope of Work and specify the required minimum level of
 service to be performed and the criteria for evaluating the successful completion of each
 deliverable.
- A provision specifying the financial consequences that apply if the Recipient or Sub-Recipient fails to perform the minimum level of service required by the agreement. The provision can be excluded from the agreement only if financial consequences are prohibited by the federal agency awarding the grant. Funds refunded to a state agency from a Recipient or Sub-Recipient for failure to perform as required under the agreement may be expended only in direct support of the program from which the agreement originated.
- A provision specifying that a Recipient or Sub-Recipient of federal or state financial
 assistance may expend funds only for allowable costs resulting from obligations incurred
 during the specified agreement period.
- A provision specifying that any balance of unobligated funds which has been advanced or paid must be refunded to the state agency.
- A provision specifying that any funds paid in excess of the amount to which the Recipient or Sub-Recipient is entitled under the terms and conditions of the agreement must be refunded to the state agency.
- Any additional information required pursuant to s. 215.97.

P. Unique Entity Identifier and System for Award Management (SAM)

Sub-Recipients for this award must:

- Be registered in SAM;
- Provide a valid DUNS number; and
- Continue to maintain an active SAM registration with current information at all times during which it has an active federal award.

Statement of Assurances

All of the instructions, guidance, limitations, and other conditions set forth in the Notice of Funding Opportunity (NOFO) for this program are incorporated here by reference in the terms and conditions of your award. All Sub-Recipients must comply with any such requirements set forth in the program NOFO.

All Sub-Recipients who receive awards made under programs that prohibit supplanting by law must ensure that Federal funds do not replace (supplant) funds that have been budgeted for the same purpose through non-Federal sources.

All Sub-Recipients must acknowledge their use of federal funding when issuing statements, press releases, requests for proposals, bid invitations, and other documents describing projects or programs funded in whole or in part with Federal funds.

Any cost allocable to a particular Federal award provided for in 2 C.F.R. Part 200, Subpart E may not be charged to other Federal awards to overcome fund deficiencies, to avoid restrictions imposed by Federal statutes, regulations, or terms and conditions of the Federal awards, or for other reasons. However, this prohibition would not preclude a Sub-Recipient from shifting costs that are allowable under two or more Federal awards in accordance with existing Federal statutes, regulations, or the terms and conditions of the Federal award.

Sub-Recipients are required to comply with the requirements set forth in the government-wide Award Term regarding the System for Award Management and Universal Identifier Requirements located at 2 C.F.R. Part 25, Appendix A, the full text of which incorporated here by reference in the terms and conditions of your award.

All Sub-Recipients must acknowledge and agree to comply with applicable provisions governing DHS access to records, accounts, documents, information, facilities, and staff.

- 1. Sub-Recipient must cooperate with any compliance review or compliant investigation conducted by the State Administrative Agency or DHS.
- 2. Sub-Recipient will give the State Administrative Agency, DHS or through any authorized representative, access to and the right to examine and copy, records, accounts, and other documents and sources of information related to the federal financial assistance award and permit access to facilities, personnel, and other individuals and information as may be necessary, as required by DHS regulations and other applicable laws or program guidance.
- Sub-Recipient must submit timely, complete, and accurate reports to the FDEM and maintain
 appropriate backup documentation to support the reports. Sub-Recipients must also comply with all other
 special reporting, data collection and evaluation requirements, as prescribed by law or detailed in
 program guidance.
- 4. Sub-Recipient will acknowledge their use of federal funding when issuing statements, press releases, requests for proposals, bid invitations, and other documents describing projects or programs funded in whole or in part with Federal funds.
- 5. Sub-Recipient who receives awards made under programs that provide emergency communications equipment and its related activities must comply with SAFECOM Guidance for Emergency Communications Grants, including provisions on technical standards that ensure and enhance interoperable communications.

- 6. When original or replacement equipment acquired under this award by the Sub-Recipient is no longer needed for the original project or program or for other activities currently or previously supported by DHS/FEMA, you must request instructions from FDEM to make proper disposition of the equipment pursuant to 2 C.F.R. Section 200.313.
- 7. DHS/FEMA funded activities that may require an EHP review are subject to FEMA's Environmental Planning and Historic Preservation (EHP) review process. This review does not address all federal, state, and local requirements. Acceptance of federal funding requires recipient to comply with all federal, state, and local laws. Failure to obtain all appropriate federal, state, and local environmental permits and clearances may jeopardize federal funding. If ground disturbing activities occur during construction, applicant will monitor ground disturbance, and if any potential archeological resources are discovered, applicant will immediately cease work in that area and notify the pass-through entity, if applicable, and DHS/FEMA.

APPENDIX III TO PART 200—INDIRECT (P&A) COSTS IDENTIFICATION AND ASSIGNMENT, AND RATE DETERMINA-TION FOR INSTITUTIONS OF HIGHER EDUCATION (IHES)

A. GENERAL

This appendix provides criteria for identifying and computing indirect (or indirect (F&A)) rates at IHEs (insutations). Indirect (F&A) costs are those that are incurred for common or joint objectives and therefore cannot be identified readily and specifically with a particular sponsored project, an in-structional activity, or any other institu-tional activity. See subsection B.1. Defini-tion of Facilities and Administration, for a discussion of the components of indirect (F&A) costs.

1. Major Functions of an Institution

Refers to instruction, organized research, other sponsored activities and other institu-

- other sponsored activities and other institu-tional activities as defined in this section:

 a. Instruction means the teaching and training activities of an institution. Except for research training as provided in sub-section b, this term includes all teaching and training activities, whether they are offered for credits toward a degree or certificate or on a non-credit basis, and whether they are offered through regular accdomic departs. offered through regular academic depart-ments or separate divisions, such as a sum-mer school division or an extension division. Also considered part of this major function are departmental research and, where agreed to, university research.
 (1) Sponsored instruction and training means
- specific instructional or training activity esspecific instructional or training activity established by grant, contract, or cooperative agreement. For purposes of the cost principles, this activity may be considered a major function even though an institution's accounting treatment may include it in the instruction function.
 (2) Departmental research means research.
- development and scholarly activities that are not organized research and, con-sequently, are not separately budgeted and accounted for. Departmental research, for purposes of this document, is not considered as a major function, but as a part of the in-struction function of the institution.
- Organized research means all research and development activities of an institution that are separately budgeted and accounted for, It includes:

- (1) Sponsored research means all research and development activities that are spon-sored by Federal and non-Federal agencies and organizations. This term includes activities involving the training of individuals in research techniques (commonly called re-search training) where such activities utilize the same facilities as other research and development activities and where such activi-ties are not included in the instruction function.
- (2) University research means all research and development activities that are separately budgeted and accounted for by the institution under an internal application of in-stitutional funds. University research, for purposes of this document, must be com-bined with sponsored research under the function of organized research.
- c. Other sponsored activities means programs and projects financed by Federal and non-Federal agencies and organizations which involve the performance of work other than in-struction and organized research. Examples of such programs and projects are health service projects and community service pro-grams. However, when any of these activities are undertaken by the institution without outside support, they may be classified as other institutional activities.
- d. Other institutional activities means all activities of an institution except for instruction, departmental research, organized re-search, and other sponsored activities, as defined in this section; indirect (F&A) cost activities identified in this Appendix paragraph B, Identification and assignment of in-direct (P&A) costs; and specialized services facilities described in \$200.468 Specialized service facilities of this Part.

Examples of other institutional activities include operation of residence halls, dining halls, hospitals and clinics, student unions, intercollegiate athletics, bookstores, faculty housing, student apartments, guest houses, chapels, theaters, public museums, and other similar auxiliary enterprises. This definition like includes any other categories of activities. also includes any other categories of activi-ties, costs of which are "unallowable" to Federal awards, unless otherwise indicated in an award.

2. Criteria for Distribution

- a. Base period. A base period for distribution of indirect (P&A) costs is the period during which the costs are incurred. The base period normally should coincide with the fiscal year established by the institution, but in any event the base period should be so selected as to avoid inequities in the dis-
- tribution of costs.
 b. Need for cost groupings. The overall objective of the indirect (F&A) cost allocation process is to distribute the indirect (F&A) costs described in Section B. Identification and assignment of indirect (F&A) costs. to

Financial and Program Monitoring Guidelines

Florida has enhanced state and local capability and capacity to prevent, prepare and respond to terrorist threats since 1999 through various funding sources including federal grant funds. The Florida Division of Emergency Management (FDEM) has a responsibility to track and monitor the status of grant activity and items purchased to ensure compliance with applicable Homeland Security Grant Program (HSGP) grant guidance and statutory regulations. The monitoring process is designed to assess a Sub-Recipient agency's compliance with applicable state and federal guidelines.

Monitoring is accomplished utilizing various methods including desk monitoring and on-site visits. There are two primary areas reviewed during monitoring activities - financial and programmatic monitoring. Financial monitoring is the review of records associated with the purchase and disposition of property, projects and contracts. Programmatic monitoring is the observation of equipment purchased, protocols and other associated records. Various levels of financial and programmatic review may be accomplished during this process.

Monitoring Selection and Scheduling:

Each year the FDEM will conduct monitoring based on a "Risk Assessment". The risk assessment tool is used to help in determining the priority of Sub-Recipients that should be reviewed and the level of monitoring that should be performed. It is important to note that although a given grant may be closed, it is still subject to either desk or on-site monitoring for a five (5) year period following closure.

Areas that will be examined include:

- Management and administrative procedures;
- Grant folder maintenance;
- Equipment accountability and sub-hand receipt procedures;
- Program for obsolescence;
- Status of equipment purchases;
- Status of training for purchased equipment;
- Status and number of response trainings conducted to include number trained;
- Status and number of exercises;
- Status of planning activity;
- Anticipated projected completion;
- · Difficulties encountered in completing projects;
- Agency NIMS/ICS compliance documentation;
- Equal Employment Opportunity (EEO Status);
- Procurement Policy

FDEM may request additional monitoring/information of the activity, or lack thereof, generates questions from the region, the sponsoring agency or FDEM leadership. The method of gathering this information will be determined on a case-by-case basis.

Monitoring Activities:

Desk reviews and site visits are two forms of monitoring. Desk monitoring is the review of projects, financial activity and technical assistance between FDEM and the applicant via e-mail and telephone. On-site monitoring are actual visits to the Sub-Recipient agencies by Division representatives who examines records, procedures and equipment.

Desk monitoring is an on-going process. Sub-Recipients will be required to participate in desk top monitoring as determined by FDEM. This contact will provide an opportunity to identify the need for technical assistance (TA) and/or a site visit if FDEM determines that a Sub-Recipient is having difficulty completing their project.

As difficulties/deficiencies are identified, the respective region or sponsoring agency will be notified by the program office via email. Information will include the grant Sub-Recipient agency name, year and project description and the nature of the issue in question. Many of the issues that arise may be resolved at the regional or sponsoring agency level. Issues that require further TA will be referred to FDEM for assistance. Examples of TA include but are not limited to:

- · Equipment selection or available vendors
- · Eligibility of items or services
- Coordination and partnership with other agencies within or outside the region or discipline
- Record Keeping
- · Reporting Requirements
- Documentation in support of a Request for Reimbursement

On-site monitoring will be conducted by FDEM or designated personnel. On-site monitoring visits will be scheduled in advance with the Sub-Recipient agency POC designated in the grant agreement.

FDEM will also conduct coordinated financial and grant file monitoring. Subject matter experts from other agencies within the region or state may be called upon to assist in the form of a peer review as needed.

On-Site Monitoring Protocol

On-site monitoring visits will begin with those grantees that are currently spending or have completed spending for that federal fiscal year (FFY). Site visits may be combined when geographically convenient. There is a financial/ programmatic On-site monitoring checklist to assist in the completion of all required tasks.

Site Visit Preparation

A letter will be sent to the Sub-Recipient agency Point of Contact (POC) outlining the date, time and purpose of the site visit before the planned arrival date. The appointment should be confirmed with the grantee in writing (email is acceptable) and documented in the grantee folder.

The physical location of any equipment located at an alternate site should be confirmed with a representative from that location and the address should be documented in the grantee folder before the site visit.

On-Site Monitoring Visit

Once FDEM personnel have arrived at the site, an orientation conference will be conducted. During this time, the purpose of the site visit and the items FDEM intends to examine will be identified. All objectives of the site visit will be explained during this time.

FDEM personnel will review all files and supporting documentation. Once the supporting documentation has been reviewed, a tour/visual/spot inspection of equipment will be conducted.

Each item selected for review should be visually inspected whenever possible. Bigger items (computers, response vehicles, etc.) should have an asset decal (information/serial number) placed in a prominent location on each piece of equipment as per Sub-Recipient agency requirements. The serial number should correspond with the appropriate receipt to confirm purchase. Photographs should be taken of the equipment (large capital expenditures in excess of \$1,000. per item).

If an item is not available (being used during time of the site visit), the appropriate documentation must be provided to account for that particular piece of equipment. Other programmatic issues can be discussed at this time, such as missing quarterly reports, payment voucher/reimbursement, equipment, questions, etc.

Post Monitoring Visit

FDEM personnel will review the On-site monitoring worksheets and backup documentation as a team and discuss the events of the On-site monitoring.

Within Forty-Five (45) calendar days of the site visit, a post monitoring letter will be generated and sent to the grantee explaining any issues and corrective actions required or commendations. Should no issues or findings be identified, a post monitoring letter to that effect will be generated and sent to the Sub-Recipient. The Sub-Recipient will submit a Corrective Action Plan within a timeframe as determined by FDEM. Noncompliance on behalf of sub-grantees is resolved by management under the terms of the Sub-Grant Agreement.

The On-site monitoring report and all back up documentation will then be included in the Sub-Recipient's file.

Mr. Julius Halas, Director State Fire Marshal Office 200 East Gaines Street Tallahassee, FL 32399

Dear Mr. Halas,

As of this date the City of Winter Park Fire Rescue wishes to discontinue operational oversight and responsibility for the Region 5N MARC unit program. While it has been a privlege to be involved with this program, our abiolity to support this program has diminished.

We are willing to assist with transportation and delivery of the unit, tower and contents needed.

Mr. Julius Halas, Director Division of State Fire Marshal 200 East Gaines Street Tallahassee, FL 32399

Director Halas,

Orange County Fire Rescue Department (OCFRD) is interested in accepting the Region 5 MARC Unit and accompanying F250 from Winter Park Fire Department. OCFRD will assume responsibility for managing the sustainment grants for both the MARC 5 Unit and the associated radio cache. This transaction will require approval of the Orange County Board of County Commissioners.

In addition, we will ensure the MARC 5 Unit is available for deployment under the Statewide Emergency Response Plan.

Regards,

James M. Fitzgerald
Fire Chief

October 23, 2020

Chief James M. Fitzgerald Orange County Fire Rescue P.O. Box 5879 Winter Park, FL 32793

Dear Chief Fitzgerald:

On behalf of CFO Patronis and the Division of State Fire Marshal, I wanted to extend our gratitude to the Orange County Fire Rescue Department for accepting to take possession and operations of the Mutual Aid Radio Cache 5 North (MARC 5N), which was previously assigned to the City of Winter Park Fire Department. The cache includes a 2006 Ford F250 pickup truck (prime mover), equipment trailer with tower, enclosure and the associated handheld and mobile radios.

The CFO and statewide partners are greatly appreciative of your willingness to maintain, sustain and deploy MARC resource to local large gatherings, major and catastrophic disasters across Florida and EMAC states.

John Kohnke, Domestic Security Coordinator will continue to work with your agency to ensure a smooth transfer of property and any associated state or federal funding grant funding available to sustain this capability. John can be reached at john.kohnke@myfloridacfo.com or 850-251-7050.

Regards,

Julius E. Halas, Director Division of State Fire Marshal
