RE: Orlo Vista Flood Mitigation
Project Y22-7009

Orange County
Public Works Dept. Stormwater Management Division
Attention: Liliana Ramirez
4200 S John Young Parkway Orlando FL 32839

Subject: RCO #002 – Proposal for Permanent Bypass System for Stormwater, Pumping and Builder's Risk Insurance Extension

Dear Mrs. Ramirez,

Please find attached Thalle's pricing proposal for the above-mentioned items. This proposal is provided in 3 parts. Part 1 is a lump sum price of \$122,708.75, to permanently install the stormwater bypass system as shown in the attached sketch. This quote does not include removal of this system. Part 2 is monthly unit price of \$121,434.36/month to rent pumps, hoses, maintain erosion controls, etc. Please note that if the estimated monthly PAM quantity of 3,300 lbs is exceeded, overage charges may be incurred. Part 3 is an estimated lump sum price of \$40,304.05, to extend the builder's risk insurance until 9/30/25. This date is an estimate at this time.

Thalle does not assume any risk or liability for engineering design. Testing is excluded from this quote. Backup documentation and quotes are attached. Thalle reserves its rights to additional compensation due to extended overhead, which would be a separate cost from the pricing provided in this proposal.

Should you have any questions or require any additional information, please do not hesitate to contact me at your convenience.

Regards,

Bill Miller

Sr. Project Manager

Thalle Construction Co., Inc.

RCO#: 002

Liz,

Good afternoon. Are you available for a phone call to discuss the application? There are several different options for PAM.

Thank you,

Ryan Brunner

Hi Bill,

The carrier can extend the builders risk policy for the referenced project to 9/30/25 for an additional premium of \$35,047, which is in line with the rate we originally bound. Please confirm this is acceptable to bind, and any questions let us know.

Thanks,

Danielle McCabe
