Personal History: Having served the public in the real estate field for nearly a decade, I've regularly encountered code violations and gained a clear understanding of the importance of protecting both the integrity of our structures and the safety of consumers seeking to purchase or rent residential and commercial properties in Orange County. I recognize the need for competent, reliable, and discerning board members who can uphold adopted codes and practices while ensuring the public is represented responsibly. In regard to Affordable Housing and Housing Finance, I am deeply aware of the challenges faced by many residents who are priced out of homeownership due to high upfront costs, while also navigating an increasingly competitive rental market that makes saving for a down payment even more difficult. I believe these challenges can be addressed through effective strategies, collaboration with affordable housing developers, and increased access to down payment assistance resources. My professional background and commitment to community service position me to contribute meaningfully to the board's work.
