SUBJ: **Establishment of a Multi-Way Stop Condition at the Intersection of Orchard Drive and Palm Bluff Drive / North Lake Pleasant Road**

A citizen with safety concerns requested that the Traffic Engineering Division review the traffic control at the intersection of Orchard Drive and Palm Bluff Drive / North Lake Pleasant Road.

Traffic Engineering conducted an evaluation of existing field conditions including topography, geometric constraints, sight distance and crash history. In support of the results and to improve pedestrian safety, staff recommends that the existing two-way stop control at Orchard Drive and Palm Bluff Drive be converted to a multi-way stop control at the intersection of Orchard Drive and Palm Bluff Drive / North Lake Pleasant Road.

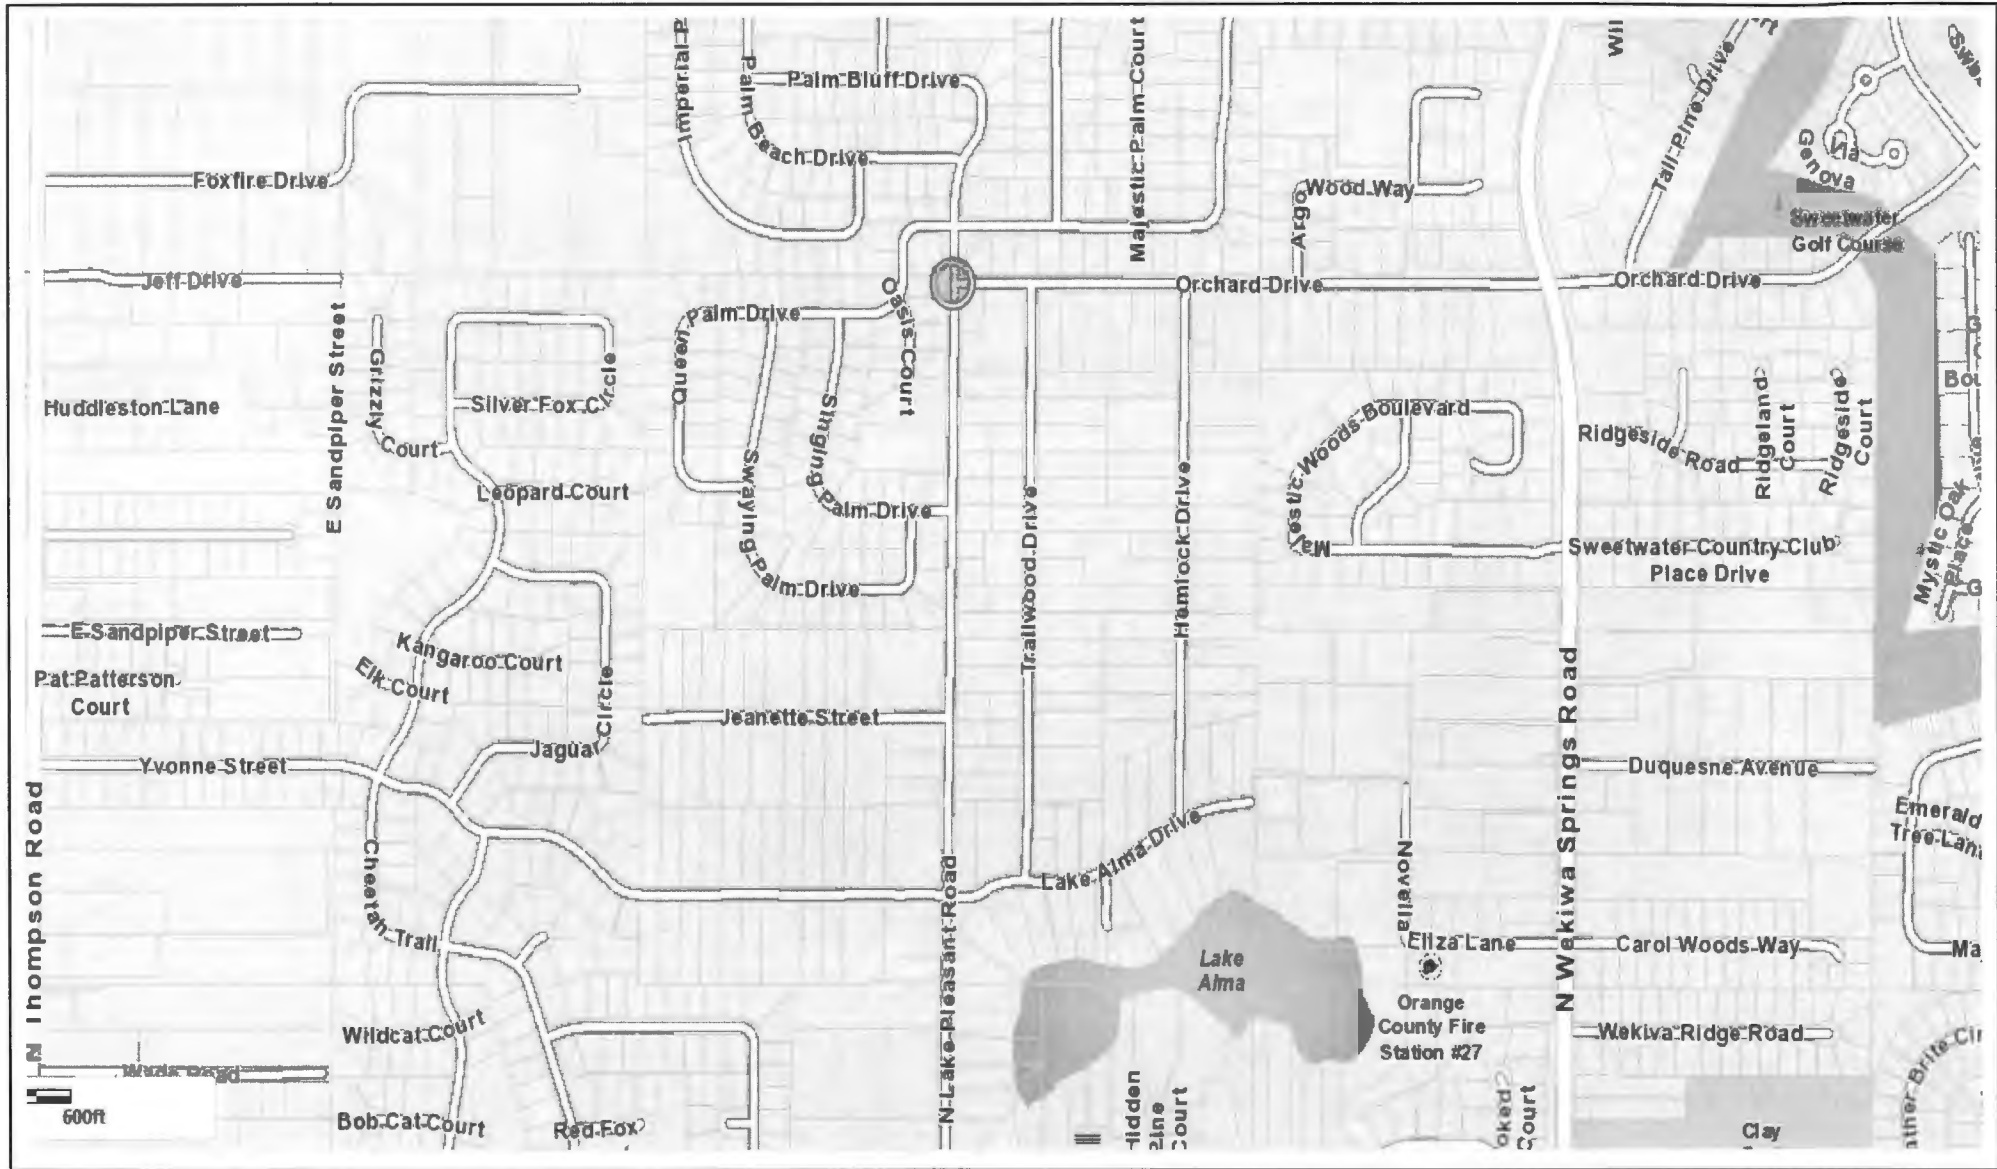

**Action Requested: Approval of a multi-way stop condition installation at the intersection of Orchard Drive and Palm Bluff Drive / North Lake Pleasant Road. District 2.**
