SUBJ: **Installation of "No Parking" zone on J. Lawson Boulevard east of Angel Falls Drive**

Citizens within the Beacon Park community have expressed concern regarding insufficient sight distance at the intersection of J. Lawson Boulevard and Angel Falls Drive.

The Traffic Engineering Division conducted a sight distant study and found that at least 105 feet are needed to provide clear sight distance. Based on Florida Design Manual criteria and the findings from the study, staff recommend restricting parking at the first three parking bays on J. Lawson Boulevard east of Angel Falls Drive intersection at all times.

Staff recommends that the Board approve the "No Parking" zone installation on J. Lawson Boulevard east of the Angel Falls Drive.

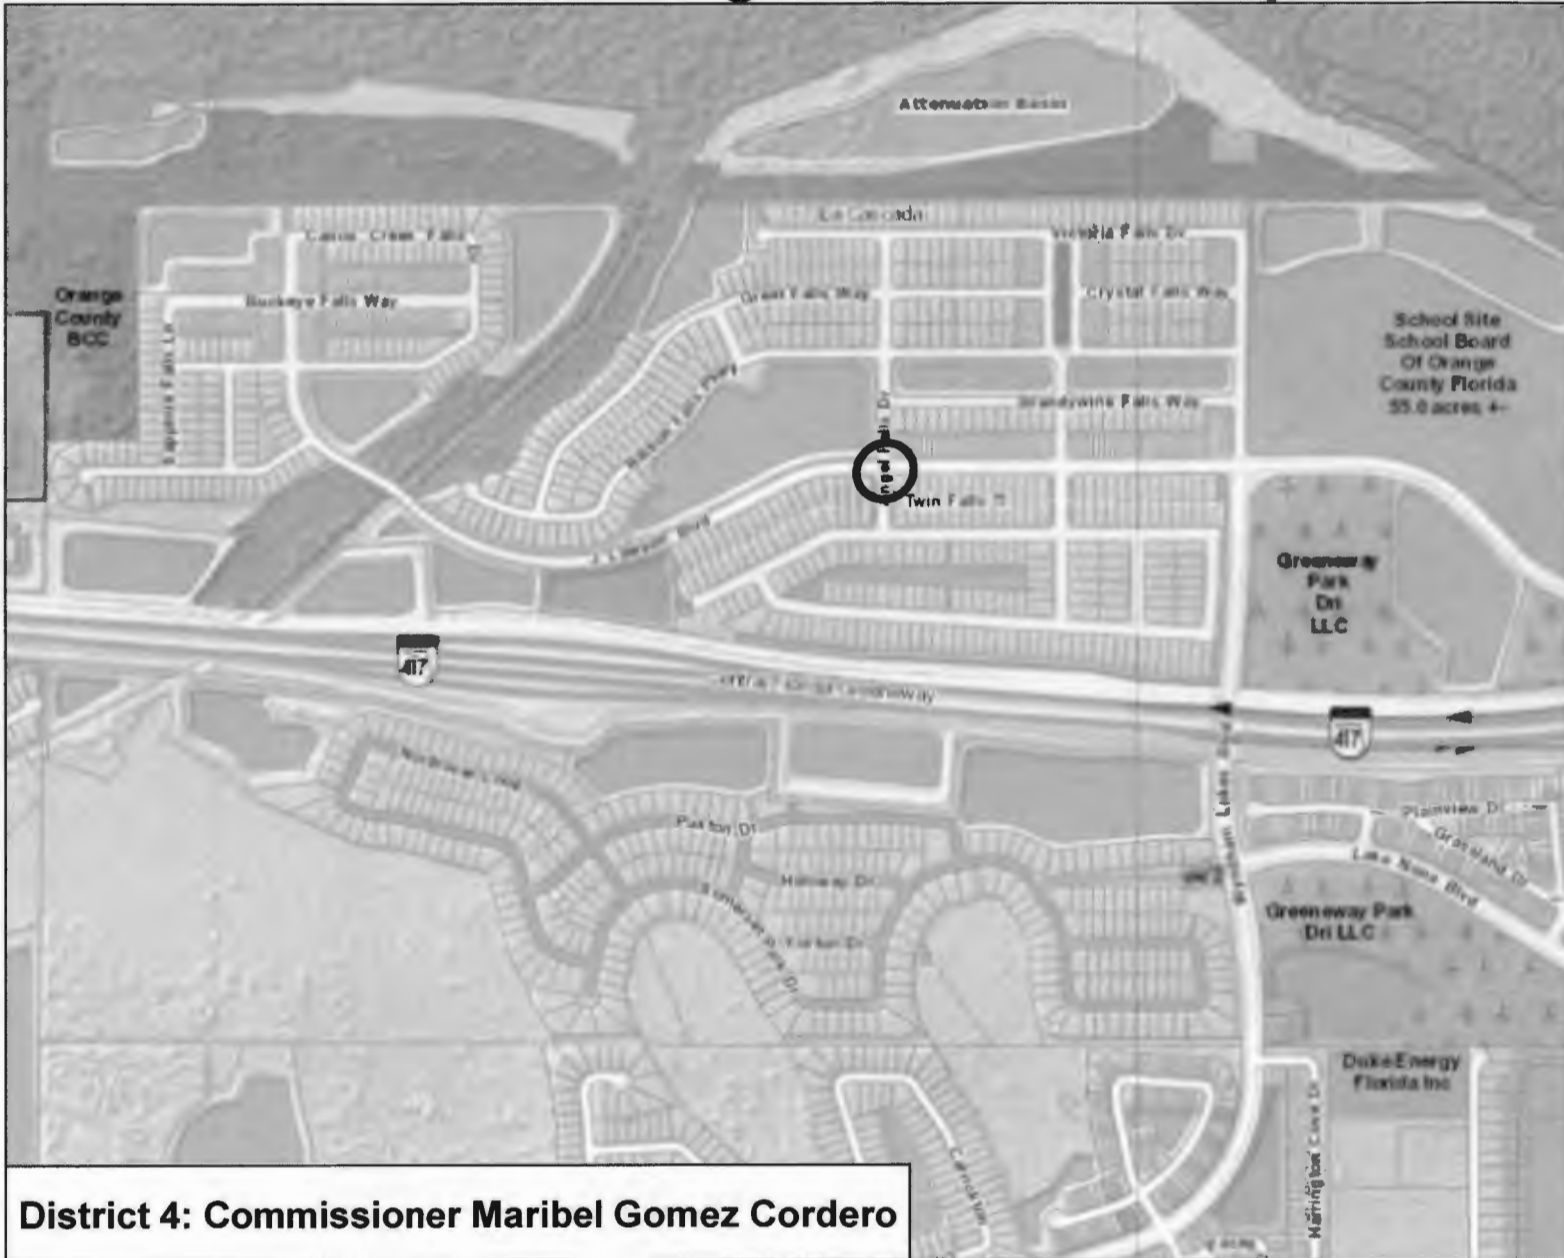

**Action Requested: Approval of "No Parking" zone installation on J. Lawson Boulevard east of Angel Falls Drive. District 4.**
