# PZC Recommendation

## Condition #28 (Added by the PZC):

The applicant shall provide a 150-foot natural landscape buffer adjacent to the Lake Mary Jane Rural Settlement that is to be owned and maintained by the newly established Homeowner's Association. The buffer shall contain a parallel row of new trees planted every thirty feet (30') in upland areas where no existing trees are currently present. New plantings shall occur in conjunction with the development of home sites along the opposite side of the buffer from the Lake Mary Jane Rural Settlement boundary, and shall consist only of non-invasive shade and understory trees.

# Revised Condition

## Revised Condition #27:

~~There shall be no vehicle access to T M Ranch Road, via Bunkhouse Road.~~ No vehicular access shall be allowed from the Camino Reale property to Lake Mary Jane Road either directly or indirectly (via TM Ranch Road). This includes construction vehicles, equipment, service or any other vehicles associated with this property.

# Added Condition

## Proposed Condition #29:

The stormwater management system shall be designed to retain the 100-year/24-hour storm event onsite, unless documentation with supporting calculations is submitted which demonstrates that a positive outfall is available. If the applicant can show the existence of a positive outfall for the subject basin, then in lieu of designing for the 100-year/24-hour storm event, the developer shall comply with all applicable state and local stormwater requirements and regulations. An emergency high water relief outfall shall be provided to assure overflow does not cause flooding of surrounding areas.

# Action Requested

**Make a finding of consistency with the Comprehensive Plan (CP) and approve the Camino Reale Planned Development / Regulating Plan (PD/RP) dated “Received February 12, 2018”, subject to the conditions listed under the PZC Recommendation in the Staff Report, revised Condition #27 and new Condition #29 as presented;**
