

Interoffice Memorandum

March 23, 2020

TO: Mayor Jerry L. Demings
-AND-
Board of County Commissioners

FROM: Carla Bell Johnson, AICP *Carla*
Acting Assistant Director
County Administration

CONTACT: 407-836-5610

SUBJECT: April 7, 2020– BCC Work Session –
Transportation Funding Initiative

In May of 2019, Mayor Demings announced his intent to pursue a Charter County and Regional Transportation System Surtax as a means of funding comprehensive transportation solutions to address current and long-term needs within the County. On February 25, 2020, staff conducted an informational work session with the Board to provide an update regarding the status of the transportation initiative – including an overview of the community engagement efforts and a framework for the transportation plan that is being developed in response to the community's priorities. On April 7, 2020, staff will conduct a second informational work session with the Board that will provide further detail regarding this transportation plan and the decision-making process that would be necessary to advance this transportation initiative to a voter referendum.

This work session is for informational purposes only and no action is requested of the Board at this time.

CBJ/es
