SUBJ: Construction of Speed Humps on Suncrest Drive

At the request of the residents on Suncrest Drive, a speed hump survey was mailed to the property owners. This was to determine if the property owners supported the installation of speed humps. Two-thirds of the returned ballots from the property owners need to be in favor of the speed humps in order for Public Works to proceed with the speed hump request.

The result of the survey was that 96% of the returned ballots from property owners supported the installation of speed humps. The project is being funded by the District 2 Commissioner discretionary funds and Public Works.

**Action Requested: Approval to construct speed humps on Suncrest Drive
District 2.**
