Impact Fee Grants for Qualified Non-profit Organizations

On August 2, 2016, the Board of County Commissioners (Board) pulled a consent item for an application for an Impact Fee Grant for a Qualified Non-Profit Organization and directed staff to come back and review the grant program and the application. The application was submitted by United Global Outreach Inc. to request a \$4,512.40 grant from the County's Non-Profit Impact Fee Grant Program to help pay for the law enforcement, fire rescue and road impact fees assessed by the County on the proposed model center of an affordable housing residence.

On October 18, 2016, staff from the Community, Environmental and Development Services Department will discuss the background of the grant program and the technical review and approval process. Staff will seek direction from the Board if changes to the process for review of applications are necessary. The work session will also include information related to the application request noted above.
