LETTER OF TRANSMITTAL

February 19, 2021

Members of the Authority
Greater Orlando Aviation Authority
Orlando, Florida

The Comprehensive Annual Financial Report (CAFR) of the Greater Orlando Aviation Authority (the "Authority") of Orlando, Florida, for the fiscal years ended September 30, 2020 and 2019, is hereby submitted. Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with management. To the best of our knowledge and belief, the presented data is accurate in all material respects and is reported in a manner that fairly presents the financial position, the results of operations of the Authority, and includes all disclosures necessary to enable the reader to gain the maximum understanding of the Authority's financial activities.

State statute, augmented by the Rules of the Florida Auditor General, requires that financial statements be presented in conformance with accounting principles generally accepted in the United States of America (GAAP) as applicable to governmental entities and audited in accordance with generally accepted auditing standards by licensed independent certified public accountants. This report serves to fulfill these requirements.

In addition, pursuant to Section 12 of the Greater Orlando Aviation Authority Act, Chapter 57-1658, Special Laws of Florida, 1957, as amended, an audit of the financial statements has been completed by the Authority's independent auditors, MSL, P. A. The audit was performed to provide reasonable assurance that the financial statements of the Authority are free of material misstatements. The audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditors concluded that there was a reasonable basis for issuing an unmodified ("clean") opinion stating that the Authority's financial statements for the fiscal years ended September 30, 2020 and 2019, are fairly presented in conformity with GAAP. The Independent Auditor's Report is presented at the front of the financial section of the CAFR.

As a recipient of federal and state financial assistance, the Authority is required to undergo a "Single Audit" in conformity with the provisions of the Single Audit Act of 1984, the U. S. Office of Management and Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards 2 CFR 200, the Florida Single Audit Act and the related rules of the Florida Auditor General. All schedules and reports required under these federal and state regulations are included in the Compliance section of this report.

Management is responsible for establishing and maintaining internal accounting controls to provide reasonable assurance that assets are safeguarded against loss, theft or misuse and that financial records for preparing financial statements and maintaining accountability for assets are reliable. The internal control system is designed to provide reasonable, rather than absolute, assurance that these objectives are met and that the financial statements are free from material misstatement. The concept of reasonable assurance recognizes that the cost of a control should not exceed the benefits likely to be derived from that control and the evaluation of costs and benefits require estimates and judgments by management. We believe the Authority's internal controls adequately safeguard assets and provide reasonable assurance that financial transactions are properly recorded.

As a recipient of federal and state financial assistance, the Authority is also responsible for establishing an adequate internal control system to ensure compliance with applicable laws and regulations related to those programs. As part of the Authority's Single Audit, tests are performed to determine the adequacy of the internal control system, including that portion related to federal and state financial assistance programs, as well as to determine the Authority's compliance with applicable laws and regulations. The results of the Authority's Single Audit for the fiscal year ended September 30, 2020, provided no instances of material weaknesses in the internal control system or significant violations of applicable laws and regulations.

Management's discussion and analysis (MD&A) immediately follows the Independent Auditor's Report and provides a narrative introduction, overview, and analysis of the basic financial statements. MD&A complements this letter of transmittal and should be read in conjunction with it.

Profile of the Authority

The Authority is an agency of the City of Orlando, Florida (the City), established pursuant to the Greater Orlando Aviation Authority Act, Chapter 57-1658, Special Laws of Florida, 1957, as replaced by Chapter 98-492, Laws of Florida, as amended. The City owns the Orlando International Airport and Orlando Executive Airport. Pursuant to an agreement dated September 27, 1976, the City transferred to the Authority the custody, control and management of the two airports for a period of fifty years subject to certain conditions. The Authority negotiated a new amendment to the Operation and Use Agreement, effective October 1, 2015, which extended the term until September 30, 2065. At the end of the term, unless otherwise extended, the Authority is obligated to return full ownership and control of all its assets to the City of Orlando. Each airport functions as a self-supporting enterprise and uses the accrual basis of accounting. For reporting purposes, both airports are combined into a single enterprise fund. The Authority and the City reviewed the Governmental Accounting Standards Board (GASB) statements on defining the governmental reporting entity and have concluded the Authority is an independent reporting entity as defined by the GASB.

The Orlando International Airport is located in Central Florida, nine miles southeast of downtown Orlando in Orange County, Florida, occupying 12,295 acres of land. The service region for the Airport extends throughout Central Florida, an attribute made possible by its location at the crossroads of Florida's road network and the availability of competitive fares in the market.

During Fiscal Year 2020, Orlando International Airport was the busiest airport in Florida, and during calendar year 2019 was the 10th busiest in the United States and the 31st in the world ranked by the number of passengers according to Airports Council International-North America (ACI). During the 12-months ended June 2020, Orlando International Airport was the third largest airport in the United States ranked by origin and destination traffic according to the United States Department of Transportation. As of December 2020, Orlando International Airport has 41% more domestic flights with 43% more seats than any other airport in Florida, and provides scheduled non-stop service to 79 destinations in the United States and 16 international destinations.

Relevant Financial Policies

An annual budget is prepared on the methodology established in the Resolution relating to Airline Rates and Charges and Airline Operating Terms and Conditions for the Use of Facilities and Services at the Orlando International Airport, which was amended effective October 1, 2019 (the Rate Resolutions) and the 1978 Airport Facilities Revenue Bond Resolution, as amended and restated September 16, 2015, for all accounts established by those agreements and resolutions, except construction and debt service accounts. The budgets are on a non-GAAP basis since capital expenditures are included as expenses and depreciation is not budgeted. Budgetary control (the level at which expenditures cannot legally exceed the appropriated amount) is established at the department level. The purchasing and accounts payable subsystems, which automatically encumber budget monies prior to the issuance of purchase orders and disbursement of funds, maintain and strengthen budgetary control.

Transfer of appropriations can be made within a department, however, transfer of appropriations greater than \$250,000 and changes in total appropriations require Board approval. Transfers that shift budget to a new department code or account code without changing the original intended use of the funds do not require Authority Board Approval. The Chief Executive Officer or the Chief Financial Officer may authorize transfers from the contingency fund in an emergency.

Economic Outlook

Historically, a healthy, growing and financially prosperous air transportation industry has been closely connected to the performance of the national economy. However, sustained increases in passenger traffic will be driven by the strength of the global economy. As a result of the COVID-19 pandemic, a resurgence in air travel will also be dependent on the diligence of airlines and airports to inspire passenger confidence. Availability and deployment of vaccines will be a factor in the rate of recovery. While those efforts will span the international marketplace, the resiliency needs to begin at the local level. In Central Florida, the diversity and potency of economic activity exerts significant influence on the extent of aviation activity at the airport and the revenues of the Authority.

In March 2020, domestic and international flights in and out of Orlando International Airport (MCO) were drastically curtailed because of the global COVID-19 pandemic. The President of the United States, the Governor of the State of Florida, the Mayor of Orange County, and the Mayor of the City of Orlando issued emergency declarations regarding the pandemic. International travel restrictions have resulted in suspension of flights to virtually every international market served by MCO. Public officials in other states instituted 14-day quarantines for travelers coming from Florida and other areas. Business travel was severely cut back reflecting employers' duties to ensure the health, safety and welfare of their employees. Public health officials, including the National Institute of Health, United States Centers for Disease Control, Florida Department of Health and local health officials warned U.S. residents and visitors to maintain physical distancing and to avoid travel among other actions. International organizations issued similar warnings to people around the globe. In mid-March, the local theme parks closed, cruise line departures suspended, and conventions cancelled to limit the spread of COVID-19. Since that time, the theme parks reopened in June and July; however, many conventions continue to be cancelled or deferred, and cruise line departures remain suspended.

As a result, MCO has experienced a significant decrease in air service, passengers and associated revenues similar to other airports through the U.S. and the world.

In recognition of the severe implications of the pandemic to the aviation industry, Congress has enacted legislation to provide economic relief to both airlines and airports called the Coronavirus Aid, Relief and Economic Security (CARES) Act. The Authority was awarded approximately \$170.7 million, which can be used at either MCO or Orlando Executive Airport (ORL). Currently, the Authority intends to allocate \$167 million to MCO and the remainder to ORL, which can only be used to reimburse operating expenses, debt service, and capital expenditures.

Immediately following the announcement of the theme park closures, the Authority took action to reduce the fiscal year 2020 Operation and Maintenance (O&M) budget by \$18 million and deferred more than \$28 million of Authority funded capital projects. The FY 2021 operating budget is \$30 million less than the 2020 budget and approximately \$45 million less than previously projected in the Report of the Airport Consultant prepared in connection with the Authority's issuance of the 2019 General Airport Revenue Senior Bonds. The Authority was committed to meeting its financial obligations while operating and maintaining MCO with the careful limited application of CARES Act funding. Additionally, it was necessary to adjust the Capital Improvement Plan (CIP) to construct facilities that more appropriately match passenger demand with financial resources.

Pre-pandemic, Central Florida continued to reign as the most-visited destination in the United States. Visit Orlando announced that more than 75.8 million people traveled to the region during 2019, marking a more than one percent increase over the previous year. As the region's premier global gateway, Orlando International Airport was the busiest airport in Florida, serving more than 50 million passengers in the 2019 calendar year.

The Orlando Metropolitan Statistical Area encompasses one of the largest leisure centers in the world. Seven of the top ten theme parks, based on attendance, are located in the area. Continuing innovation and development of new attractions at the theme parks maintained a record-setting flow of visitors to Central Florida. Several new attractions opened in 2019 including Star Wars: Rise of the Resistance at Walt Disney World and The Bourne Spectacular live-action stunt show at Universal Orlando.

Central Florida remains a desirable location for conventions and trade shows. Corporations and organizations of all sizes recognize the advantages of the more than 450 lodging options and millions of square feet of exhibit and event space available in the region. Robust attendance has been the norm for top events and while 2020 saw many cancellations and postponements, the Orange County Convention Center has updated its calendar to reflect the re-bookings for many of the postponed events.

Additionally, Central Florida continues to diversify its economy by emphasizing opportunities for business. Strong increases in the area's population and employment, the strength of Orlando's world-class tourism industry, and the continued development of the defense, high-tech, and digital media industry sectors have all been strong drivers of business travel, historically. According to the Orlando Economic Partnership, a competitive cost environment has also favored the Orlando economy in attracting new businesses, which in turn, generate additional travel demand. Recent relocations and expansions highlight the attractiveness of the market to new and growing businesses. Cybersecurity firm GLESEC moved its headquarters to Orlando and GovTech innovation firm Civix chose Orlando for its Center of Excellence, adding 250 jobs to the economy. Additionally, Charter Communications added 400 jobs; Betta Batteries USA added 300 jobs; and SPIRE added 110.

Playing a significant role in the economic vitality of the region is Orlando International Airport. As the first and last impression many visitors have of Central Florida, it is important that we strive to improve our facilities to reassure customers that air travel is safe and secure. Through the implementation of CDC protocols regarding face coverings and social distancing; enhanced cleaning and sanitizing procedures; and a continued emphasis on customer service; MCO is striving to remain a leader in restoring consumer confidence to support and encourage the historic growth of the past several years.

Since the start of the pandemic, Orlando International Airport has remained committed to the highest of standards when it comes to cleaning and disinfecting all areas of the facility. High-touch point areas like elevator buttons, handrails, seating areas and others are cleaned frequently. Other enhanced cleaning efforts, such as the use of sanitizing foggers, are routinely completed throughout the airport.

At a time when health and safety are so critical, in November 2020, the Orlando International Airport and the Hyatt Regency both received the Global Biorisk Advisory Council (GBAC) STAR accreditation. The GBAC STAR accreditation is the gold standard of prepared facilities. The accreditation means that a facility has: established and maintained a cleaning, disinfection, and infectious disease prevention program to minimize risks associated with infectious agents like the novel coronavirus (SARS-CoV-2); the proper cleaning protocols, disinfection techniques, and work practices in place to combat biohazards and infectious disease; and highly informed cleaning professionals who are trained for outbreak and infectious disease preparation and response.

The return of domestic and international visitation is necessary to reinvigorate the multi-billion dollar economic engines that sustain the region. As the global gateway of choice for the majority of Central Florida's visitors, Orlando International Airport has responded to the unique demands of pandemic recovery to foster optimism for increasing demand. The Authority's commitment to expanding its facilities through the continuing construction of the new South Terminal C facility; the support of a major traffic realignment project by the Central Florida Expressway Authority; and the Brightline intercity, higher-speed rail project emphasizes the community's investment in moving forward. The Authority's participation will enhance customer service and maintain the standard of excellence that we define as The Orlando Experience®.

Major Initiatives

ORLANDO INTERNATIONAL AIRPORT

Due to the effects of the pandemic on the aviation industry, the staff presented a plan to reduce the 2019 CIP based on updated financial projections. The 2020 CIP was approved for \$3.756 billion, an overall decrease from 2019 CIP of \$360.6 million.

Substantially Complete and Completed Projects

Major construction programs in the North Terminal Complex reaching substantial completion during 2019 included the Hyatt Room Renovation.

Airfield Projects Planned or Underway

Overall reductions in the 2020 CIP included \$13.7 million of reduction in airfield projects. The airfield, which serves both the current North, and future South Terminals, is undergoing rehabilitation projects. Taxiway J construction rehabilitation reached final completion, as well as runways 17R-35L in 2019, and 18L-36R rehabilitation began during 2020.

North Terminal Projects Planned or Underway

Enhancements for the East and West checkpoint expanding the number of screening lanes was completed in fiscal year 2020 as well as relocation of the TSA offices. During fiscal year 2020 Orlando International Airport became the first airport to implement the ability to accommodate 100% biometric screening for both entry and exit of international passengers, allowing faster processing time for international travelers. Additionally projects have been added to the CIP to address terminal improvement required to address COVID-19 concerns.

South Terminal Projects Planned or Underway

SOUTH TERMINAL C

The South Terminal C (STC) project includes an enhanced arrival and departure experience with arrivals on the third level, direct contact gates, and will alleviate double bag handling. Security checkpoints will be enhanced with larger queue areas, expandable security checkpoints and employee screening separated from passenger screening. Other design features include a tote baggage system that allows early bag storage, improves energy efficiency and noise reduction, and delivers the bags closer to the aircraft. These planned enhancements will enable Orlando International Airport to continue providing a high level of customer service.

Initial design of the 16-gate South Terminal C was completed in 2017, and the first construction contract was awarded during the summer of 2017. The flexible gate configuration will service both domestic and international passengers and allow for narrow body, jumbo and super jumbo aircraft.

The South Terminal C Phase 1 is expected to have capacity to divert approximately 8 Million Annual Passengers (MAP) out of the North Terminal. However, during Fiscal Year 2018, continued increases in passenger traffic projections showed that South Terminal C would be at capacity as soon as it opens in the spring of 2021. As such, the Authority Board approved an expansion of the original 16-gate concept to add 3 gates, an extended drop-off curb, and add an airside taxiway to the current construction. The additional gates increase passenger through-put to 11 MAP at the South Terminal C.

Due to the decrease in demand resulting from the COVID-19 pandemic, in May 2020, the staff presented a plan to reduce the 2019 CIP based on updated financial projections. This plan included a projected \$226.9 million reduction to the existing South Terminal C programs which include the South Terminal Phase 1 (STC-P1) and Phase 1 Expansion (STC-P1X) programs, reducing the facility from 19 gates to 15 gates, and a projected net \$133.7 million reduction to the remaining CIP. The plan to reduce the STC and programs included the reduction of existing construction contracts and other budget adjustments.

Acknowledgements and Awards

The Authority received the Distinguished Budget Presentation Award from the Government Finance Officers Association (GFOA) for its annual budget for the fiscal year beginning October 1, 2019. This represents the second consecutive year that this award has been presented to the Authority. The GFOA established the Distinguished Budget Presentation Awards Program in 1984 to encourage and assist state and local governments to prepare budget documents of the very highest quality that reflect both the guidelines established by the National Advisory Council on State and Local Budgeting and the GFOA's best practices on budgeting and then to recognize individual governments that succeed in achieving that goal.

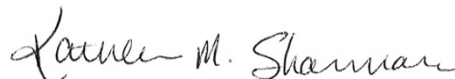

The Authority also received the GFOA Certificate of Achievement for Excellence in Financial Reporting for its Comprehensive Annual Financial Report for the fiscal year ended September 30, 2019. This represents the thirty-ninth consecutive year that this certificate has been awarded to the Authority. In order to be awarded a Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized comprehensive annual financial report whose content conforms to program standards. Such reports must satisfy both GAAP and applicable legal requirements. A Certificate of Achievement for Excellence in Financial Reporting is valid for a period of one year only. We believe our current report continues to conform to the requirements of the Certificate of Achievement for Excellence in Financial Reporting program, and it will be submitted to GFOA to determine its eligibility for 2020.

The timely preparation of this report could not have been accomplished without the efficient and dedicated service of the entire Finance Department. We would like to express our appreciation to all members of the Finance Department who assisted in and contributed to its preparation.

Respectfully submitted,

Report on the Financial Statements

We have audited the accompanying financial statements of the Greater Orlando Aviation Authority (the "Authority") as of and for the fiscal years ended September 30, 2020 and 2019, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Authority as of September 30, 2020 and 2019, and the changes in its financial position and its cash flows for the fiscal years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management’s discussion and analysis and the required supplementary information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management’s responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audits of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Authority’s basic financial statements. The introductory section, supplemental schedules, and the statistical section, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the financial statements. The supplemental schedules are the responsibility of management and were derived from, and relate directly to, the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

The introductory section and statistical section have not been subjected to the auditing procedures applied in the audits of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated February 19, 2021, on our consideration of the Authority’s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority’s internal control over financial reporting and compliance.

**GREATER ORLANDO
AVIATION AUTHORITY**
Orlando, Florida

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)

The following discussion and analysis of the Greater Orlando Aviation Authority (the Authority) provides an introduction to the basic financial statements for the fiscal years ended September 30, 2020 and 2019 with selected comparative information for the fiscal year ended September 30, 2018. This discussion has been prepared by management and should be read in conjunction with the basic financial statements, footnotes, and supplementary information found in this report. This information taken collectively is designed to provide readers with an understanding of the Authority's finances.

Overview of the Financial Statements

The Authority is structured as an enterprise fund with separate accounts for Orlando International Airport and Orlando Executive Airport. The financial statements are prepared on the accrual basis of accounting. Therefore, revenues are recognized when earned and expenses are recognized when incurred. Capital assets are capitalized and depreciated over their useful lives, except for land and assets held for future use. See "Notes to the Financial Statements" for a summary of the Authority's significant accounting policies and practices.

The Statements of Net Position present information on all of the Authority's assets, deferred outflows, liabilities and deferred inflows, with the difference between total assets and deferred outflows and total liabilities and deferred inflows reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of the Authority's financial position.

The Statements of Revenues, Expenses and Changes in Net Position present information reflecting current year changes in the Authority's net position. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for certain items that will result in cash flows in future fiscal periods.

The Statements of Cash Flows reports the flow of cash and cash equivalents. Consequently, only transactions that affect the Authority's cash accounts are recorded in these statements. A reconciliation follows these statements to assist in the understanding of the difference between cash flow from operating activities and operating income.

The outbreak of COVID-19 has been declared a pandemic by the World Health Organization, with both domestic and global impact. Both governmental and private actions resulting from such pandemic have caused significant disruptions to domestic and international passenger and cargo air travel. Due to the continued impact of the COVID-19 pandemic, the information contained in this report may differ materially from the current financial position and operations being experienced by the Authority and the Orlando International Airport (the Airport).

The COVID-19 pandemic is ongoing and the Airport cannot predict: (i) the duration of the pandemic; (ii) actions that may be taken by governmental authorities to contain the outbreak or to recover from its impact; (iii) the length of any current, or further imposition of, travel restrictions or the impact on demand for air travel at the Airport; (iv) the impact on the general airport revenues, customer facility charges, passenger facility charges, fund balances or cash reserves; (v) the impact on the airlines, automobile rental companies, retailers or concessionaires at the Airport; (vi) whether and to what extent the Authority provides or continues deferrals, forbearances, adjustments or other changes to arrangements with airlines, tenants or concessionaires; or (vii) the impact on tourism industries in the state or on the local, state, domestic or global economy in general and its further effect on the travel industry.

Authority Activity Highlights

Beginning in approximately mid-March of 2020 due to the COVID-19 pandemic, Orlando International Airport traffic declined to its lowest point in mid-April 2020 with a reduction in daily enplaned passenger traffic of (97.5%) compared to 2019 due to many travel restrictions and various stay-at-home orders throughout the nation. Through the remainder of the fiscal year, the daily-enplaned passenger traffic numbers slowly increased as many travel restrictions and stay-at-home orders were lifted. For the month ended September 30, 2020, average daily-enplaned passengers had increased to an overall reduction compared to 2019 of (57.85%). However due to the increases in enplaned passengers for the first five months of the fiscal year, total enplanements for fiscal year 2020 was only a decrease of (41.49%) over fiscal year 2019, while operations decreased by (28.83%). The decrease in enplanements included a (39%) decrease in domestic and a (56.3%) decrease in international travelers.

During fiscal year 2019 total enplanements increased at Orlando International Airport 4.74% from fiscal year 2018, while operations increased by 4.74%. Fiscal year 2018 saw an increase in total enplanements of 7.66% over 2017.

The following chart shows total enplaned passengers and flight operations (landings and take-offs) at Orlando International Airport for the three-year comparative period:

ENPLANEMENTS AND OPERATIONS ACTIVITY FOR 2018 TO 2020

	2020	2019	2018
Enplaned Passengers	14,538,126	24,846,842	23,382,273
Operations	242,368	340,530	325,108

Total passengers served by Orlando International Airport during fiscal year 2020 decreased by approximately 20.7 million from 49.8 million to 29.1 million. This follows an increase of approximately 2.9 million total passengers during fiscal year 2019 from 46.9 million to 49.8 million. The Authority continues to monitor changes in passenger levels, making adjustments when necessary to accommodate the demands on the airport facilities.

The following graph represents total passenger activity at Orlando International Airport for the fiscal years ended September 30:

TOTAL PASSENGERS

Fiscal Years Ended September 30, 2018-2020

Financial Highlights

PARTICIPATING AIRLINE REVENUES

Effective November 1, 2013, the Authority began operating under a Resolution Relating to Airline Rates and Charges and Airline Operating Terms and Conditions for the Use of Facilities and Services at Orlando International Airport, adopted by the Authority Board on October 16, 2013, amended, and restated as of August 10, 2016, and a second amendment and restatement as of August 28, 2019 (the Resolution). The Resolution, which has no expiration date, provides for a compensatory rate-setting methodology for use of the terminal facilities, including certain activity-based charges for use of the baggage system, and a residual ratemaking methodology to establish landing fees for use of the airfield. Any airline may commit to use certain terminal space on an exclusive or preferential basis and, as a result, pay a fixed monthly charge for such space. Otherwise, airlines pay for terminal space assigned by the Authority on a per-use basis.

Effective October 1, 2016, airlines had the option to sign a Rate and Revenue Sharing Agreement (Rate Agreement), whereby the airline affirmatively agreed to the Resolution and the rate-setting methodology therein, and further agreed not to challenge the rates and charges calculated under the Resolution's rate-setting methodology through any judicial or regulatory process throughout the term of the agreement, which expired on September 30, 2019. The Authority entered into a new five-year rate agreement with Participating Airlines effective October 1, 2019. Airlines that sign and comply with the terms of a Rate Agreement with the Authority are entitled to share in certain revenues remaining after the payment of all Authority debt service and operating expenses, including fund deposit requirements (Net Remaining Revenue). The Authority receives the first \$55 million of Net Remaining Revenues for FY 2020 – FY 2025, with Participating Airlines sharing in a pool of the next \$10 million, and then 50% of remaining revenues.

Under the previous Rate Agreement effective for fiscal years 2018 and 2019, the Authority receives the first \$65 million of Net Remaining Revenues, with Participating Airlines sharing in a pool of 65% of all Net Remaining Revenues in excess of the first \$65 million up to \$40 million for FY 2018, and \$58 million for FY 2019, 100% of the next \$10 million of remaining revenues and then 65% of all remaining revenues.

The Authority received revenues from Participating Airlines of \$152.3 million, \$177.8 million and \$162.1 million for fiscal years 2020, 2019 and 2018 respectively, which represented approximately 35%, 31% and 31% of total operating revenue. The Authority's total revenues decreased in fiscal year 2020 primarily due to the COVID-19 pandemic and imposed travel restrictions associated with the pandemic. Those results are as follows:

TOTAL REVENUES (IN THOUSANDS)

	2020	2019	2018
Total Operating Revenues	\$ 438,011	\$ 581,964	\$ 537,476
Total Nonoperating Revenues	146,096	176,846	205,671
Total Revenues	\$ 584,107	\$ 758,810	\$ 743,147

Operating Revenues

Because of the reduction in passenger traffic due to COVID-19, many of the in-terminal concessions temporarily closed or reduced their hours beginning in March 2020, and slowly started to re-open over the remainder of the fiscal year. Overall, the operating revenues of the Authority decreased \$144.0 million in fiscal year 2020, or (24.7%) from the previous year, Participating Airline Revenue decreased \$25.6 million or (14.4%), and Nonparticipating Airline Revenue decreased \$21.8 million or (50.5%). Overall, Concession Revenues decreased \$22.4 million or (26.4%). Food and Beverage and General Merchandise combined revenues decreased \$17.7 million or (33.3%) while Service Concession and Other Terminal Area Revenues decreased \$4.8 million or (14.9%). Ground Transportation revenues decreased \$57.3 million or (28.6%) while Hotel revenues decreased \$14.9 million or (35.8%). Rail Station Revenue remained relatively flat for FY 2020.

In August 2020 the Authority Board approved supplemental relief in the amount of \$47.6 million for certain In-Terminal Concessions and Rental Automobile Companies (RACs). The resolution approved the waiver of 50% of the minimum annual guarantee for October 2020 through March 2021. The resolution also provided for a deferral of the August and September 2020 minimum annual guarantee, which is convertible to a waiver upon timely payment of the minimum annual guarantees through March 2021.

For fiscal year 2019, the operating revenues of the Authority increased \$44.4 million or 8.3% from the 2018 due to greater airline revenues, parking revenues and concessions revenues. Participating Airline Revenue increased \$15.8 million or 9.7% as a result of an increase in terminal area rents and landing fees, as well as an increase in passengers that contributed to an increase in baggage fees. Non-Participating Airline Revenue increased \$9.1 million or 26.6% due in large part to an increase in federal inspection station and facilities fees, and baggage system revenue consistent with the increase in passengers. Overall Concession Revenues increased \$5.1 million or 6.3%. Food and Beverage and General Merchandise combined revenues increased \$2.8 million or 5.5% while Service Concession and Other Terminal Area Revenues increased \$2.3 million or 7.64%. Ground Transportation revenues increased \$12.5 million or 6.7% primarily due to an increase in parking revenue. Hotel revenues decreased \$1.1 million primarily due to the room renovation making fewer rooms available for occupancy. Rail Station Revenue increased slightly by \$0.5 million due to a full year of rent in fiscal year 2019.

OPERATING REVENUES BY MAJOR SOURCE (IN THOUSANDS)

	2020	2019	2018
Participating Airlines			
Landing Fees	\$ 43,803	\$ 46,979	\$ 35,773
Terminal Area Rents	64,976	70,761	67,837
Other Participating Revenue	43,491	60,099	58,479

Hotel	26,816	41,753	42,850
Rail Station	4,349	4,311	3,855
Total Operating Revenues	\$ 438,011	\$ 581,964	\$ 537,476

The following charts show major sources and the percentage of operating revenues for the years ended September 30, 2020, 2019 and 2018:

2020 OPERATING REVENUES

2019 OPERATING REVENUES

2018 OPERATING REVENUES

Nonoperating Revenues

Nonoperating revenues consist of Passenger Facility Charges (PFCs), Customer Facility Charges (CFCs), investment income, and other nonoperating revenue. PFC revenues were \$52.3 million in fiscal year 2020, \$98.4 million in fiscal year 2019, and \$91.6 million in fiscal year 2018. The decrease in PFC revenues in fiscal year 2020 compared to 2019 is a direct effect of the decrease in passenger enplanements. The Authority approved the collection of CFCs effective October 1, 2008. Certain Rental Automobile Companies agreed to assess and collect CFCs to pay for a portion of the costs and expenses of financing, designing, constructing, operating, relocating and maintaining the CFC Ground Transportation Project. Revenue related to the collection of CFCs amounted to \$25.1 million during fiscal year 2020, \$43.8 million during fiscal year 2019, and \$44.8 million during fiscal year 2018. Effective October 1, 2017 the CFC collection rate increased from \$2.50 to \$3.50 and the use of funds was expanded.

Investment income was \$15.3 million in fiscal year 2020, \$22.5 million in fiscal year 2019, and \$15.0 million in fiscal year 2018. Investment fair value adjustment was \$7.6 million for fiscal year 2020, \$8.6 million for fiscal year 2019 and \$(4.9) million for fiscal year 2018. The fair value adjustment reflects the unrealized gain or loss if the investment is sold prior to maturity. Since the Authority typically holds investments to maturity, these unrealized gains and losses would not be realized. The increase in other nonoperating revenues in fiscal years 2020 and 2018 is due to land sales of various properties no longer needed for aviation purposes, in fiscal year 2020 with a net gain of approximately \$43.0 million, and in fiscal year 2018 with a net gain of approximately \$58.0 million.

Operating Expenses

Due to the uncertainty of the COVID-19 pandemic, the Authority took immediate action to reduce costs and implemented strict budget monitoring procedures that continues to be in place for fiscal year 2021. The Authority instituted a hiring freeze effective March 2020, deferred approximately \$28.6 million of renewal and replacement projects, stopped work on all nonessential consultant and contractor projections and worked with vendors to reduce labor hours where appropriate and to waive contract renewal escalators. Due to these cost-cutting measures, Operating Expenses Before Depreciation decreased \$46.6 million or (14.1%) from fiscal year 2019 to 2020.

Fiscal year 2019 Operating Expenses Before Depreciation increased \$24.8 million or 8.1% over fiscal year 2018. Operations and facilities expenses increased primarily due to an increase in maintenance contracts for the baggage handling systems, passenger boarding bridges and maintenance for the automated people mover. Administration expenses increased primarily from other promotional activities due to the increased participation in the Air Service Incentive Plan.

OPERATING EXPENSES (IN THOUSANDS)

	2020	2019	2018
Operations and Facilities	\$ 143,787	\$ 168,023	\$ 150,372
Safety and Security	49,210	49,479	45,465
Administration	69,344	81,341	76,769
Hotel	21,969	29,880	29,967
Other	3,208	1,964	3,270
Total Operating Expenses Before Depreciation	287,518	330,687	305,843
Depreciation	190,890	183,147	165,527
Total Operating Expenses	\$ 478,408	\$ 513,834	\$ 471,370

The following charts show major cost centers and the percentage of operating expenses (excluding depreciation) for the years ended September 30, 2020, 2019, and 2018:

Nonoperating Expenses

Nonoperating expenses consist of interest expense and Participating Airline net revenue sharing required by the Rate and Revenue Sharing Agreement. Interest expense amounted to \$35.3 million in fiscal year 2020, \$33.9 million in fiscal year 2019 and \$35.5 million in fiscal year 2018. Participating Airline net revenue sharing was \$25.6 million for fiscal year 2020, \$77.1 million for fiscal year 2019, and \$57.7 million for fiscal year 2018. The Participating Airline revenue share decreased by (66.8%) for fiscal year 2020 compared to 2019 and increased 33.7% for fiscal year 2019 over 2018.

TOTAL EXPENSES (IN THOUSANDS)

	2020	2019	2018
Total Operating Expenses	\$ 478,408	\$ 513,834	\$ 471,370
Total Nonoperating Expenses	60,857	111,025	93,170
Total Expenses	\$ 539,265	\$ 624,859	\$ 564,540

Capital Contributions

Capital contributions received from the federal and state governments and others amounted to \$87.2 million for fiscal year 2020, \$36.7 million for fiscal year 2019 and \$59.4 million during fiscal year 2018. Funding received on major projects including Airfield Rehabilitation, South Terminal Phase C, and the Baggage System, for fiscal year 2020, 2019 and 2018 are as follows:

CAPITAL CONTRIBUTIONS (IN MILLIONS)

	2020	2019	2018
Florida Department of Transportation	\$ 52.2	\$ 11.5	\$ 35.7
Federal Aviation Administration	26.6	19.5	17.3
Transportation and Security Administration	5.1	5.7	6.4
Other	3.3	-	-
Total Capital Contributions	\$ 87.2	\$ 36.7	\$ 59.4

The changes in net position for the fiscal years ended September 30, 2020, 2019 and 2018 are as follows:

CHANGES IN NET POSITION (IN THOUSANDS)

	2020	2019	2018
Operating Revenues	\$ 438,011	\$ 581,964	\$ 537,476
Operating Expenses	478,408	513,834	471,370
Operating Income/(Loss)	(40,397)	68,130	66,106
Net Nonoperating Revenues (Expenses)	85,239	65,821	112,501
Income Before Capital Contributions	44,842	133,951	178,607
Capital Contributions	87,185	36,747	59,437
Increase in Net Position	132,027	170,698	238,044
Beginning Net Position	2,698,995	2,528,297	2,290,253
Ending Net Position	\$ 2,831,022	\$ 2,698,995	\$ 2,528,297

Financial Position

The Statement of Net Position presents the financial position of the Authority at the end of the fiscal year. The statement includes all assets, deferred outflows, liabilities and deferred inflows of the Authority. Net position is the difference between total assets and deferrals and total liabilities, and is an indicator of the current fiscal health of the Authority. During fiscal year 2020, Total Net Position increased by approximately \$132.0 million, or 4.89% over fiscal year 2019. During fiscal year 2019, Total Net Position increased by approximately \$170.7 million, or 6.8% over fiscal year 2018.

The following is a summarized comparison of the Authority's assets, deferred outflows, liabilities, deferred inflows and net position at September 30:

CONDENSED STATEMENT OF NET POSITION (IN THOUSANDS)

	2020	2019	2018
Assets:			
Current Assets	\$ 601,729	\$ 670,467	\$ 548,128
Other Assets	1,688,666	1,415,506	1,515,871
Capital Assets	4,434,729	3,570,045	3,021,370
Total Assets	6,725,124	5,656,018	5,085,369
Deferred Outflows of Resources	21,070	24,044	28,925
Liabilities:			
Current	439,111	468,757	397,666
Noncurrent Liabilities	3,470,858	2,497,480	2,177,121
Total Liabilities	3,909,969	2,966,237	2,574,787
Deferred Inflows of Resources	5,203	14,830	11,210
Net Position:			
Net Investment in Capital Assets	1,540,116	1,392,214	1,325,599
Restricted	942,538	981,927	903,869
Unrestricted	348,368	324,854	298,829
Total Net Position	\$ 2,831,022	\$ 2,698,995	\$ 2,528,297

The majority of the Authority's net position at September 30, 2020 represents its investment in capital assets less the related indebtedness outstanding used to acquire those capital assets. The Authority uses these capital assets to provide services to the airlines and to its passengers and visitors to the airports; consequently, these assets are not available for future spending. The Authority's investment in its capital assets is reported net of related debt. The resources required to repay this debt must be provided annually from operations since it is unlikely that the capital assets themselves will be liquidated to pay the liabilities.

Net position restricted for debt service and capital acquisitions at September 30, 2020 represents funds subject to external restrictions under the Authority's Bond Resolution, PFCs restricted by federal regulations, and CFCs restricted by the Third Amended and Restated Resolution of the Greater Orlando Aviation Authority Authorizing the Collection of a Customer Facility Charge as adopted on June 21, 2017. Restricted assets necessary to meet current obligations are classified as current assets on the Statement of Net Position. Restricted Assets are restricted for disbursements in the acquisition or construction of non-current assets, or are segregated for the liquidation of long-term debts, are classified as non-current assets. The unrestricted portion of net position, \$348,308 million on September 30, 2020, may be used to meet the Authority's ongoing obligations.

Airline Rates and Charges

Effective November 1, 2013, the Authority began operating under a Resolution Relating to Airline Rates and Charges and Airline Operating Terms and Conditions for the Use of Facilities and Services at Orlando International Airport, adopted by the Authority Board on October 16, 2013 and amended and restated as of August 10, 2016, and second amendment and restatement as of August 28, 2019 (the Resolution). In the chart below, the actual landing fees and average terminal rental rate are shown for fiscal years 2018 through 2020. See the Airline Rates by Resolution (Note 17) for additional information.

AIRLINE RATES AND CHARGES

	Rates Effective for FY 2020	Rates Effective for FY 2019	Rates Effective for FY 2018
Terminal Average Square Foot Rate	\$ 120.20	\$ 136.14	\$ 135.58
Landing Fee – per 1,000 lbs. Unit (gross)	2.5701	1.9497	1.5686
Cargo Landing Fee – per 1,000 lbs. Unit	2.5701	1.9497	1.5686

Passenger Facility Charges

As part of the Safety and Capacity Expansion Act of 1990, the Authority received approval from the Federal Aviation Administration (FAA) to impose a PFC per eligible enplaned passenger at Orlando International Airport and has imposed the PFC since February 1993. For fiscal year 2020, the Authority collected PFCs at \$4.50. PFCs may be used to pay either eligible capital improvements or debt service on bonds issued to finance projects eligible for PFC funding. Through September 2020, the Authority has approved applications to impose PFCs of approximately \$5.0 billion to fund project costs of various airport improvements. PFC collections to date (including investment earnings) are \$1.6 billion. Expenditures on PFC-approved projects and debt service to date are \$1.3 billion.

Capital Acquisitions and Construction Activities

During fiscal year 2020, 2019 and 2018, the Authority expended \$1.0 billion, \$721.0 million and \$509.0 million respectively on capital projects. For fiscal year 2020 this included \$26.6 million funded by FAA contributions; \$52.1 million funded by Florida Department of Transportation (FDOT); \$5.1 million funded by the Transportation and Security Administration (TSA) and \$56.8 million funded by CFCs. The balance was paid from tenant and other Authority funds, including bonds and PFCs. See the Schedule of Expenditures of Federal Awards and State Financial Assistance in the Compliance section for additional information regarding grant expenditures.

Major projects under construction and the amounts expended during fiscal years 2020, 2019 and 2018 are as follows (in millions):

PROJECTS UNDER CONSTRUCTION (IN MILLIONS)

	2020	2019	2018
South Terminal C	\$ 955.90	\$ 605.00	\$ 279.00

Total	\$ 67.6	\$ 115.5	\$ 933.2

More detailed information about the Authority's capital assets is presented in Note 6 to the financial statements.

Debt Activities

The Authority has outstanding revenue bonds that are secured by a pledge of and lien on Revenues and Net Revenues as defined in the Bond Resolution. This senior indebtedness is expressly senior and superior to the pledge and lien securing subordinated indebtedness and secondary subordinated indebtedness.

On September 16, 2015, the Aviation Authority Board approved Amendments to the senior bond resolution (Consent Amendments). The primary goals of the amendments were to modernize the Bond Resolution and provide greater flexibility for the Authority in financing and refinancing its debt-financed capital projects. The amendments include, but are not limited to, substantive changes to certain definitions, the additional bonds test, the flow of funds, the rate covenant, the process for adopting supplemental resolutions, the amendment and bondholder consent process, various covenants, treatment and release of certain revenues. These amendments became effective May 1, 2017, when the Authority received all required consents, including positive consent from 51% of the outstanding bondholders. These amendments made changes to the then-existing bond resolution creating a Secondary Subordinated Indebtedness lien category and allowing available PFC Revenues to be used to offset PFC debt service when calculating debt service coverage. Pursuant to the Amended and Restated Bond Resolution, the revisions regarding PFC offset and rate covenant shall be operative for the entire fiscal year in which the effective date of the Consent Amendments occur. Accordingly, those changes are reflected in the notes to the financial statements and statistical information provided herein.

Senior Indebtedness

Pursuant to the Bond Resolution, the Authority has issued various series of Airport Facilities Revenue Bonds to finance additions and improvements at the airport. The aggregate principal amount of such senior bonds outstanding as of September 30, 2020 and 2019 was \$1.9 billion and \$0.9 billion respectively.

Senior Indebtedness - On October 3, 2019, the Authority issued \$1.1 billion in Airport Facilities Revenue Bonds, Series 2019A (AMT) (the Series 2019A Bonds) with a true interest cost of 3.26%. The Series 2019A Bonds were issued for the purpose of providing funds to finance costs of a portion of the South Terminal Complex, fund certain capital projects in the North Terminal Complex, fund other capital improvements, fund a deposit to the Composite Reserve Subaccount of the Debt Service Reserve account, pay capitalized interest, pay the line of credit draws and accrued interest totaling \$323.8 million, and certain costs of issuance. The average life of the Series 2019A Bonds is 18.59 years.

Priority Subordinated Indebtedness

Priority subordinated indebtedness as defined in the Master Indenture of Trust consists of Priority Subordinate Obligations and the Florida Department of Transportation Indebtedness. As of September 30, 2020 and 2019, the aggregate principal amount of priority subordinated indebtedness was \$1.0 billion.

Secondary Subordinated Indebtedness

Lines of Credit - The Authority uses the lines of credit as a source of interim financing for capital projects in anticipation of issuance of long-term bonds and or receipt of grants and PFCs, CFCs, and or other permanent funding sources. As of September 30, 2020 and 2019, the Authority had established lines of credit with Wells Fargo, Bank of America and PNC Bank, with total outstanding balances of \$125.8 million and \$333.3 million respectively on the lines of credit. See the Noncurrent Liabilities Note 11 for additional information.

According to the Revolving Credit Agreements between the Greater Orlando Aviation Authority and Line of Credit provider banks, the banks agreed that upon the effective date of the September 16, 2015 Amended and Restated Bond Resolution, the Lines of Credit shall automatically become Secondary Subordinated Indebtedness. Accordingly, the Line of Credit became Secondary Subordinated Indebtedness effective May 1, 2017.

Special Purpose Facilities Bonds

On March 29, 2018, the Authority issued \$160 million in Taxable Revenue Note (CFC Ground Transportation Project), Series 2018 (the Series 2018 Note) with an interest rate of 3.48%. This debt is structured as a drawdown note, with the full amount to be drawn by October 1, 2019. The Series 2018 Note was issued for the purpose of paying or reimbursing the Authority for a portion of the costs and expenses of financing, designing, constructing, operating, relocating and maintaining the CFC Ground Transportation Project, funding all or a portion of the CFC Stabilization Fund Requirement, and certain costs of issuance. The average life of the Series 2018 Note is 9.01 years. As of September 30, 2020 and 2019, the Authority had an outstanding balance of \$150.6 million and \$160.0 million on this note.

Debt Service Coverage

Airport revenue bond covenants require that revenue available to pay debt service, as defined in the Bond Resolution, be equal to or greater than 1.25 times the debt service on the senior lien airport revenue bonds and 1.00 times the debt service on subordinated bonds. Further, the Master Subordinate Indenture of Trust, provides that the coverage requirement will be equal to or greater than 1.10 times the debt service on Priority Subordinated Obligations. Coverage ratios for the past three years are shown in the following table:

COVERAGE RATIOS

	2020	2019	2018
Senior Lien Debt	3.73	2.95	3.33
Priority Subordinate Obligations	15.69	25.62	29.38
All Indebtedness	3.18	2.74	3.08

More detailed information about the Authority's Noncurrent Liabilities is presented in Note 11 to the financial statements.

Request For Information

The financial report is designed to provide a general overview of the Authority's finances for all those with an interest in the Authority's finances. Questions concerning any information provided in this report or request for additional information should be addressed to the Chief Financial Officer, Greater Orlando Aviation Authority, One Jeff Fuqua Boulevard, Orlando, FL 32827-4392.

GREATER ORLANDO AVIATION AUTHORITY
NOTES TO FINANCIAL STATEMENTS
Years Ended September 30, 2020 and 2019

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND PRACTICES

Organization and Purpose: The Greater Orlando Aviation Authority (Authority) was established by the Florida State Legislature pursuant to the Greater Orlando Aviation Authority Act, Chapter 57-1658, Special Laws of Florida, 1957, as amended. The Authority operates Orlando International Airport and Orlando Executive Airport. For reporting purposes, these airports are combined into a single enterprise fund.

Reporting Entity: In defining the Greater Orlando Aviation Authority for financial reporting purposes, management applied the requirements of Governmental Accounting Standards Board (GASB) Statements Number 14, *The Financial Reporting Entity* and GASB Statement Number 39, *Determining Whether Certain Organizations Are Component Units*. These statements establish the basis for defining the reporting entity and whether it is considered a component unit of another entity and whether other entities are component units. Based on these criteria, the reporting entity includes only the accounts of the Authority in the reporting entity. The Authority identified no potential component units to include in these basic financial statements nor identified any other entity that should include the Authority in its basic financial statements.

Basis of Presentation and Accounting: The Authority's financial statements are prepared using the flow of economic resources measurement focus using the accrual basis of accounting. Revenues are recognized when they are earned, and expenses are recognized when incurred.

The principal operating revenues of the Authority are from sources such as airlines, concessions, rental cars and parking. Investment income, passenger and customer facility charges, federal and state operating grants and other revenues not related to the operations of the airport are considered nonoperating revenues. Operating expenses include the cost of airport and related facilities maintenance, administrative expenses, and depreciation on capital assets. Interest expense and Participating Airline net revenue sharing are considered nonoperating expenses.

Cash and Cash Equivalents: Demand deposits, certificates of deposits, cash on hand and repurchase agreements with an original maturity of three months or less from the date of purchase are considered cash and cash equivalents.

Accounts Receivables: Receivables are reported at their gross value when earned and are reduced by the estimated portion that is expected to be uncollectible. The allowance for uncollectible accounts is based on an analysis of past due amounts that are not covered by security deposits, letters of credit or contract bonds. When continued collection activity results in receipts of amounts previously reserved, revenue is recognized in the period collected.

Investments: The Authority's investment policy is determined by the Finance Committee and approved by the Authority Board. Permitted investments are set within the policy and the Finance Committee appoints an Authorized Investment Officer. The Authorized Investment Officer submits a semi-annual report as of March 31 and September 30 to the Finance Committee summarizing the investment portfolio.

The Authority accounts for all investments, regardless of time to maturity or their acquisition date, at fair value on the statement of net position with unrealized gains and losses charged or credited to investment income. The Authority uses quoted market prices to determine these fair values.

Investments consist of commercial paper, corporate securities, local government investment pool, money market funds, and United States government and agency obligations.

Prepaid Expenses and Inventory: Prepaid expenses consist primarily of insurance, employee benefits and any other expenditures expected to benefit future periods. Inventory primarily consists of fuel, repairs and maintenance items and office supplies held for consumption and is valued using the average cost method.

GREATER ORLANDO AVIATION AUTHORITY
NOTES TO FINANCIAL STATEMENTS
Years Ended September 30, 2020 and 2019

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND PRACTICES (continued)

Noncurrent Assets:

- **Restricted Assets and Liabilities:** Assets restricted to specific purposes by legally enforceable requirements are segregated on the statement of net position. Requirements include: externally imposed requirements by creditors (such as through debt covenants), grantors or contributors; laws and regulations of other governments; and enabling legislation. The Authority's restricted assets are expendable. The Authority's policy is to determine on a case-by-case basis whether to spend restricted assets or unrestricted assets when both are available for the same purpose. Restricted assets necessary to meet current obligations that are payable from the restricted assets are classified as current assets on the statement of net position. Restricted assets that are restricted for disbursements in the acquisition or construction of noncurrent assets or that are segregated for the liquidation of long-term debts are classified as noncurrent assets.

Assets restricted for construction include funds available for the design and construction of capital improvements. Assets restricted for construction include cash, investments and receivables obtained from debt proceeds, grants, and Authority funds restricted by the bond indenture for construction purposes, customer facility charges and passenger facility charges. Assets restricted for debt service include cash and investments required to pay the interest payments, principal for annual bond payments, as well as payments due on the lines of credit. The restricted assets for debt service reserve include cash, investments and interest receivable totaling the maximum amount required by the bond indentures. The debt service reserve accounts are revalued each March 31 and September 30. Any amounts in excess of the debt service reserve requirements may be transferred to the Revenue Account to be used in accordance with the Revenue Account's purposes. If the debt service reserve account is undervalued, the Authority transfers funds into the account.

Restricted assets related to unspent debt proceeds were \$705.7 million and \$515.2 million for the fiscal year ended September 30, 2020 and 2019 respectively. These amounts are included on the Statement of Net Position as Net Position Restricted for Capital Acquisition and Construction. Net investment in capital assets consists of all capital assets, net of accumulated depreciation, and reduced by outstanding debt, net of debt service reserve and unspent proceeds.

- **Unrestricted Assets:** A portion of unrestricted assets is reported as noncurrent. This represents amounts of unrestricted investments with maturities greater than one year.
- **Capital Assets, Net of Accumulated Depreciation:** Capital assets, net of accumulated depreciation is shown as noncurrent assets on the statement of net position.

Lease and Concession Agreements: The Authority's operations consist of agreements for use of land, buildings, terminal space and Minimum Annual Guarantees from concessionaires. The agreements consist of (a) one year, cancelable space and use permits, and (b) non-cancelable agreements for land, buildings, terminal space and concessions, which expire between the years 2021 and 2067. The Authority accounts for revenue from these agreements under the operating method and reports revenue over the terms of the agreements. See Note 7 for additional information.

Property and Equipment and Property Held for Lease: Property and equipment and property held for lease are recorded at cost when purchased or at fair value when donated, with a capitalization threshold of \$1,000. Donated capital assets received in a service concession arrangement are reported at acquisition value, as of September 30, 2020. There were no service concession arrangements. The Authority accounts for intangible assets as required under GASB Statement No. 51.

GREATER ORLANDO AVIATION AUTHORITY
 NOTES TO FINANCIAL STATEMENTS
 Years Ended September 30, 2020 and 2019

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND PRACTICES (continued)

Depreciation: Property and equipment is depreciated on the straight-line basis over the estimated useful lives of the assets. The estimated useful lives of the property and equipment are as follows:

Building	10 to 50 years	Equipment	3 to 30 years
Improvements	5 to 50 years	Motor vehicles	5 to 15 years

Deferred Outflows and Inflows of Resources: Deferred outflows of resources represent consumption of net position that is applicable to a future reporting period. Deferred outflows has a positive effect on net position, similar to assets. Deferred inflows of resources represents an acquisition of net position that is applicable to a future reporting period. Deferred inflows has a negative effect on net position, similar to liabilities.

Pension Plans: The Authority's policy is to fund accrued defined benefit pension costs, which include normal costs for regular employees as actuarially determined. The Authority recognizes plan member contributions to the defined contribution plan in the period in which contributions are due, and the Authority has made a formal commitment to provide contributions. Additional information is disclosed in Note 8.

Other Postemployment Benefit Plans: The Authority obtains actuarial valuation reports for its Other Post Employment Benefits (OPEB) plan and records the expenses, assets and liabilities for OPEB as required under Governmental Accounting Standards Board (GASB) Statement No. 75. For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB Expense, information about the fiduciary net position of the Authority's Retiree Health Care Plan (Plan) and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by the Plan. For this purpose, the Plan recognizes benefit payment when due and payable in accordance with the benefits terms. Investments are reported at fair value, except for money market investments and participating interest-earning contracts that have a maturity at the time of purchase of one year or less, which are reported at cost. The Authority funds its OPEB obligation to a qualifying, irrevocable trust. Additional information is disclosed in Note 9.

Compensated Absences: The Authority recognizes expenses relating to compensated absences as incurred and includes the current portion of the liabilities in accrued expenses and the noncurrent portion in other long-term liabilities.

Passenger Facility Charges: The Federal Aviation Administration (FAA) approved the collection of passenger facility charges (PFCs). The Authority uses PFCs for pre-approved airport projects that meet at least one of the following criteria: preserve or enhance safety, security or capacity of the national air transportation system; reduce noise or mitigate noise impacts resulting from an airport; or furnish opportunities for enhanced competition between or among carriers. The airlines collect and remit this revenue to the Authority and the Authority records PFCs as nonoperating revenues.

Customer Facility Charges: The Authority approved the collection of customer facility charges (CFCs) effective October 1, 2008. Certain rental car companies (RACs) agreed to assess and collect CFCs to pay the costs and expenses of financing, designing, constructing, operating, relocating, and maintaining the rental automobile related facilities and other facilities that benefit RACs. The RACs collect and remit this revenue to the Authority and the Authority records CFCs as nonoperating revenues.

Arbitrage Rebate: The U.S. Treasury issued regulations on calculating the rebate due the federal government on arbitrage profits, calculating arbitrage penalties, and determining compliance with the arbitrage rebate provisions of the Tax Reform Act of 1986. Arbitrage profits arise when the Authority temporarily invests the proceeds of tax-exempt debt in securities with higher yields. The Authority records the rebate payable and reduction in investment income in accordance with the rebate calculation.

GREATER ORLANDO AVIATION AUTHORITY
NOTES TO FINANCIAL STATEMENTS
Years Ended September 30, 2020 and 2019

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND PRACTICES (continued)

Revenue Classifications: The components of the major operating revenue classifications are as follows:

- Airfield Area – Fees for landings of passenger and cargo aircraft, apron use, and fuel flow system rental and fees.
- Terminal Area – Space rentals, privilege fees for the operation of terminal concessions, baggage fees and other miscellaneous airline fees.
- Ground Transportation – Revenue associated with rental car concessions, taxi, shuttle and bus ground transportation, and public parking.
- Other Buildings and Grounds – Fees associated with fixed base operators, cargo apron use, in-flight catering and other building and land rentals.
- Hotel – Revenue associated with rooms, food and beverage, telecommunications, and other rentals and income.

Capital Contributions: Capital contributions consist primarily of grants and contributions from federal and state governmental agencies, airlines, and tenants. The Authority recognizes contributions as earned as related project costs are incurred. The Authority recognizes donated property at fair value when received.

Interest During Construction: The Authority capitalizes interest during construction to Construction in Progress. Capitalized interest consists of interest cost on certain borrowings in excess of interest earned on related investments acquired with the proceeds of borrowings.

Airline Rates By Resolution: Effective November 1, 2013, the Authority operates under a Resolution Relating to Airline Rates and Charges and Airline Operating Terms and Conditions For the Use Of Facilities And Services At Orlando International Airport, adopted by the Authority Board October 16, 2013 (the “Resolution”) and Amended and Restated as of August 10, 2016, and second amendment and restatement as of August 28, 2019. The Resolution, which has no expiration date, provides for a compensatory rate-making methodology for use of the terminal facilities, including certain activity based charges for use of the baggage system, and a residual rate-making methodology to establish landing fees for the use of the airfield. An airline may also sign a Rate and Revenue Sharing Agreement (“Rate Agreement”), whereby the airline affirmatively agrees to the Resolution and the rate-setting methodology. Airlines that participate are entitled to share in certain revenues remaining after the payment of all Authority debt service and operating expenses. Additional information is disclosed in Note 17.

Advance Rent From Tenants: The current portion of advance rent from tenants primarily represents October revenues received in September. Amounts reported as noncurrent liabilities represent revenues to be recognized in years subsequent to the following fiscal year.

Bond Issue Costs and Bond Discounts and Premiums: The Authority expenses bond issue costs (excluding prepaid bond insurance) at the time of issuance in accordance with generally accepted accounting principles. Bond discounts and premiums are deferred in the year of issuance and amortized using the effective interest method over the life of the issuance. Losses on bond refundings are deferred and amortized over the shorter of the remaining life of the original issue or the life of the new issue.

Estimates: The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimated.

Reclassifications: Certain prior year amounts have been reclassified to conform with current year financial reporting and to facilitate comparison of financial data.

Significant Upcoming Pronouncements: In January 2017, GASB issued Statement No. 84, *Fiduciary Activities*. The objective of this Statement is to establish criteria for identifying fiduciary activities of state and local governments. The focus of the criteria generally is on (1) whether the government is controlling the assets of the

GREATER ORLANDO AVIATION AUTHORITY
NOTES TO FINANCIAL STATEMENTS
Years Ended September 30, 2020 and 2019

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND PRACTICES (continued)

fiduciary activity, and (2) the beneficiaries with whom a fiduciary relationship exists. An activity meeting the criteria should be reported in a fiduciary fund in the basic financial statements. This statement will become effective for the Authority's fiscal year end September 30, 2021.

In June 2017, GASB issued Statement No. 87, *Leases*. The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. This statement will become effective for the Authority's fiscal year end September 30, 2022.

In June 2018, GASB issued Statement No. 89, *Accounting for Interest Cost Incurred before the End of a Construction Period*. This Statement requires that interest cost incurred before the end of a construction period be recognized as an expense in the period in which the cost is incurred for financial statements prepared using the economic resources measurement focus. As a result, interest cost incurred before the end of a construction period will not be included in the historical cost of a capital asset reported in a business-type activity or enterprise fund. This statement will become effective for the Authority's fiscal year end September 30, 2022.

In August 2018, GASB issued Statement No. 90, *Majority Equity Interests*. This standard improves the constancy and comparability of reporting a government's majority equity interest in a legally separate organization and improves the relevance of financial statement information for certain component units. This standard also requires that a component unit in which a government has a 100 percent equity interest account for its assets, deferred outflows of resources, liabilities, and deferred inflows of resources at acquisition value at the date the government acquired a 100 percent equity interest in the component unit. This statement will become effective for the Authority's fiscal year end September 30, 2021.

In May 2019, GASB issued Statement No. 91, *Conduit Debt Obligations*. This standard clarifies the existing definition of a conduit debt obligation, establishes a conduit obligation is not a liability of the issuer, establishes standards for accounting and financial reporting of additional commitments and voluntary commitments and voluntary commitments extended by issuers and arrangements associated with conduit debt obligations, and improving required note disclosures. This standard also addresses arrangements - often characterized as leases - that are associated with debt obligations. This statement will become effective for the Authority's fiscal year end September 30, 2023.

In January 2020, GASB issued Statement No. 92, *Omnibus 2020*. This standard will enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of certain GASB Statements. This Statement addresses a variety of topics and includes specific provisions about the following: (1) The effective date of Statement No. 87, *Leases*, and Implementation Guide No. 2019-3, *Leases*, for interim financial reports; (2) Reporting of intra-entity transfers of assets between a primary government employer and a component unit defined benefit pension plan or defined benefit other postemployment benefit ("OPEB") plan; (3) The applicability of Statements No. 73, *Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68*, as amended, and No. 74, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*, as amended, to reporting assets accumulated for postemployment benefits; (4) The applicability of certain requirements of Statement No. 84, *Fiduciary Activities*, to postemployment benefit arrangements; (5) Measurement of liabilities (and assets, if any) related to asset retirement obligations ("AROs") in a government acquisition; (6) Reporting by public entity risk pools for amounts that are recoverable from reinsurers or excess insurers; (7) Reference to nonrecurring fair value measurements of assets or liabilities in authoritative literature; (8) Terminology used to refer to derivative instruments. This statement will become effective for the Authority's fiscal year end September 30, 2022.

GREATER ORLANDO AVIATION AUTHORITY
NOTES TO FINANCIAL STATEMENTS
Years Ended September 30, 2020 and 2019

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND PRACTICES (continued)

In March 2020, GASB issued Statement No. 93, *Replacement of Interbank Offered Rates*. The objective of this Statement is to address accounting and financial reporting implications that result from the replacement of an Interbank Offered Rate (“IBOR”). This Statement achieves that objective by: (1) Providing exceptions for certain hedging derivative instruments to the hedge accounting termination provisions when an IBOR is replaced as the reference rate of the hedging derivative instrument’s variable payment; (2) Clarifying the hedge accounting termination provisions when a hedged item is amended to replace the reference rate; (3) Clarifying that the uncertainty related to the continued availability of IBORs does not, by itself, affect the assessment of whether the occurrence of a hedged expected transaction is probable; (4) Removing LIBOR as an appropriate benchmark interest rate for the qualitative evaluation of the effectiveness of an interest rate swap; (5) Identifying a Secured Overnight Financing Rate and the Effective Federal Funds Rate as appropriate benchmark interest rates for the qualitative evaluation of the effectiveness of an interest rate swap; (6) Clarifying the definition of reference rate, as it is used in Statement 53, as amended. This standard will become effective for fiscal year end September 30, 2022, with the exception of the removal of LIBOR as an appropriate benchmark interest rate which will become effective September 30, 2023.

In March 2020, GASB issued Statement No. 94, *Public-Private and Public-Private Partnerships and Available Payment Arrangements*. The objective of this Statement is to improve financial reporting by addressing issues related to public-private and public-public partnership arrangements (“PPPs”). This Statement also provides guidance for accounting and financial reporting for availability payment arrangements (“APAs”). The requirements of this Statement will improve financial reporting by establishing the definitions of PPPs and APAs and providing uniform guidance on accounting and financial reporting for transactions that meet those definitions. This standard will become effective for fiscal year end September 30, 2023.

In May 2020, GASB issued Statement No. 95, *Postponement of the Effective Dates of Certain Authoritative Guidance*. The primary objective of this Statement is to provide temporary relief to governments and other stakeholders in light of the COVID-19 pandemic. The effective dates of certain provisions contained in the following pronouncements are postponed by one year: Statement No. 83, *Certain Asset Retirement Obligations*; Statement No. 84, *Fiduciary Activities*; Statement No. 88, *Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements*; Statement No. 89, *Accounting for Interest Cost Incurred before the End of a Construction Period*; Statement No. 90, *Majority Equity Interests*; Statement No. 91, *Conduit Debt Obligations*; Statement No. 92, *Omnibus 2020*; Statement No. 93, *Replacement of Interbank Offered Rates*; Implementation Guide No. 2017-3, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions (and Certain Issues Related to OPEB Plan Reporting)*; Implementation Guide No. 2018-1, *Implementation Guidance Update—2018*; Implementation Guide No. 2019-1, *Implementation Guidance Update—2019*; Implementation Guide No. 2019-2, *Fiduciary Activities*. The effective dates of the following pronouncements are postponed by 18 months: Statement No. 87, *Leases*; Implementation Guide No. 2019-3, *Leases*. This standard will become effective immediately.

In May 2020, GASB issued Statement No. 96, *Subscription-Based Information Technology Arrangements*. This Statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (“SBITA”) for government end users (governments). This Statement (1) defines a SBITA; (2) establishes that a SBITA results in a right-to-use subscription asset - an intangible asset - and a corresponding subscription liability; (3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and (4) requires note disclosures regarding a SBITA. To the extent relevant, the standards for SBITAs are based on the standards established in Statement No. 87, *Leases*, as amended. This standard will become effective for fiscal year end September 30, 2023.

In June 2020, GASB issued Statement No. 97, *Certain Component Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans*. The primary objectives of this Statement are to (1) increase consistency and comparability related to the reporting of fiduciary component units in circumstances in which a potential component unit does not have a governing board and the primary government performs the duties that a governing board typically would perform; (2) mitigate costs associated with the reporting of certain defined contribution pension plans, defined contribution OPEB plans, and employee benefit plans other

GREATER ORLANDO AVIATION AUTHORITY
NOTES TO FINANCIAL STATEMENTS
Years Ended September 30, 2020 and 2019

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND PRACTICES (continued)

than pension plans or OPEB plans as fiduciary component units in fiduciary fund financial statements; and (3) enhance the relevance, consistency, and comparability of the accounting and financial reporting for Internal Revenue Code (“IRC”) Section 457 deferred compensation plans (Section 457 plans) that meet the definition of a pension plan and for benefits provided through those plans. The requirements of this Statement that are related to the accounting and financial reporting for Section 457 plans are effective for fiscal year end September 30, 2023, while all other requirements are effective immediately.

The Authority has not determined what impact, if any, these statements will have on its financial statements.

2. OPERATION AND USE AGREEMENT – CITY OF ORLANDO

The City of Orlando and the Authority signed an Operation and Use Agreement, dated September 27, 1976, which grants the Authority the right to occupy, operate, control and use Orlando International Airport and Orlando Executive Airport for a term of fifty years commencing on October 1, 1976.

In 1976, the City of Orlando transferred assets, liabilities and equity to the Authority at the carrying amounts in the accounts of the Aviation Division of the City of Orlando, which reflected historical or estimated historical costs, with accumulated depreciation at September 30, 1976. The property and equipment, net of accumulated depreciation transferred from the Aviation Division of the City of Orlando to the Authority, amounted to approximately \$31.5 million.

Effective October 1, 2015 the Authority entered into an amended Operation and Use Agreement, which extends the term of the original contract through September 30, 2065. At the end of the lease term, unless otherwise extended, the Authority is obligated to return full ownership and control of all its assets to the City of Orlando.

The City of Orlando provides certain police and fire protection services to the Authority. Total charges for these services amounted to approximately \$15.8 million and \$14.5 million for 2020 and 2019, respectively. Approximately, \$1.1 million and \$2.4 million are recorded as liabilities due to the City of Orlando in connection with these services at September 30, 2020 and 2019, respectively.

3. CASH DEPOSITS AND INVESTMENTS

The Authority’s cash and cash equivalents balances include amounts deposited with commercial banks in interest-bearing and non-interest bearing demand deposit accounts, as well as the Florida State Board of Administration’s (the SBA) Local Government Surplus Investment Pool, referred to as the Florida Prime (the Florida Prime). The commercial bank balances are entirely insured by federal depository insurance or by collateral pursuant to the Florida Security for Public Deposits Act of the State of Florida (the Act).

The Act establishes guidelines for qualification and participation by banks and savings associations, procedures for the administration of the collateral requirements and characteristics of eligible collateral. Under the Act, the Authority’s deposits in qualified public depositories are considered totally insured. The qualified public depository must pledge at least 50% of the average daily balance for each month of all public deposits in excess of any applicable deposit insurance. Additional collateral, up to a maximum of 125%, may be required, if deemed necessary under the conditions set forth in the Act. Obligations pledged to secure deposits must be delivered to the State of Florida’s Chief Financial Officer (State’s CFO) or, with the approval of the State’s CFO, to a bank, savings association, or trust company provided a power of attorney be delivered to the State’s CFO.

In accordance with generally accepted accounting principles, the Authority adjusts the carrying value of investments to fair value to be presented as a component of investment income. The fair value of investments is based on available market values. The Florida Prime operated by the SBA, and the Florida Income Trust are a “2a-7-like” pool and are also presented in accordance with generally accepted accounting principles; therefore, it is not presented at fair value but at its actual pooled share price which approximates fair value.

Money market funds	1,104,415	-	-	-	1,104,415	N/A
	<u>\$1,308,647</u>	<u>\$137,809</u>	<u>\$ 2,455</u>	<u>\$ 205</u>	<u>\$1,449,116</u>	

The Authority had \$0.7 million invested in the Florida Prime as of September 30, 2020 and 2019.

The Authority had \$5.2 million invested in the Fixed Income Trust as of September 30, 2020 and 2019.

Interest Rate Risk: As a means of limiting its exposure to fair value losses arising from rising interest rates, the Authority generally holds investments to maturity except for those portions of the portfolio that are actively managed by the Authority's Investment Advisor. The Authority's investment policy requires the investment portfolio to be structured to provide sufficient liquidity to pay obligations as they become due. To the extent possible, investment maturities match known cash needs and anticipated cash flow requirements. Investments under the Bond Resolution shall mature no later than needed, except for 1) investments in the Debt Service Reserve Account which shall mature not later than fifteen years (unless such investment is redeemable at the option of the holder, in which event the maturity shall not exceed the final maturity date of the Bonds secured by such investment), 2) investments in the Operation and Maintenance Fund and Operation and Maintenance Reserve Account shall mature within twelve months, and 3) investments in the Capital Expenditure Fund, the Renewal and Replacement Fund, Improvement and Development Fund, and the Discretionary Fund shall mature within five years. Investments under the Amended and Restated Master Subordinated Indenture of Trust shall mature no later than needed, except for investments in the Reserve Fund, which shall mature not later than fifteen years from the date of such investment. The Authority portfolio holds a limited number of callable securities. The schedules above represent the maturity data of the securities. According to the SBA, the dollar weighted average days to maturity ("WAM") of the Florida Prime at September 30, 2020 is 48 days. Next interest rate reset dates for floating rate securities are used in calculation of the WAM. The weighted average life of the Florida Prime at September 30, 2020, is 63 days. According to the Florida Fixed Income Trust, the dollar weighted average days to maturity ("WAM") or the Fixed Income Trust at September 30, 2020 is 100 days. Next interest rate reset dates for floating rate securities are used in calculation of the WAM. The weighted average life of the Fixed Income Trust at September 30, 2020, is 127 days.

Credit Risk: The Authority's general investment policy is to apply the prudent-person rule: Investments are made as a prudent person would be expected to act, with discretion and intelligence, to seek reasonable income, preserve capital, and in general, avoid speculative investments. Authority policy limits the purchase of certain investments to specific rating requirements. Investment in commercial paper is limited to A-1, P-1, or F1 for short-term investments by two of the three rating agencies: S&P, Moody's and Fitch (without regard to gradation). Investment in dollar denominated Corporate securities is limited to companies in the United States which are rated "A" or better by two of the three rating agencies (without regard to gradation). Investments held in obligations of U.S. government agencies were rated AAA by Fitch, Aaa by Moody's and AA+ by S&P. Investments held in the portfolio as of September 30, 2020, were rated consistent with the Authority's investment policy and bond resolutions. Funds invested in money market funds and the Florida Prime are rated AAAM by S&P. Funds invested with the Fixed Income Trust are rated AAAF by S&P.

GREATER ORLANDO AVIATION AUTHORITY
NOTES TO FINANCIAL STATEMENTS
Years Ended September 30, 2020 and 2019

3. CASH DEPOSITS AND INVESTMENTS (continued)

Custodial Credit Risk: For an investment, custodial risk is the risk that, in the event of the failure of the counterparty, the Authority will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. All the Authority's investments are either held in the name of the Authority or held in trust under the Authority's name.

Concentration of Credit Risk: Concentration of credit risk is the inability to recover the value of deposit, investment, or collateral securities in the possession of an outside party caused by a lack of diversification. The authority mitigates its concentration of credit risk by diversifying its investment portfolio. At September 30, 2020 and 2019, the Authority did not hold investments exceeding 5 percent of the total investment portfolio (including cash and cash equivalents) except those expressly permitted pursuant to GASB statement No. 40. The investment policy limits the maximum investment in any one issuer of commercial paper to \$5 million dollars.

Foreign Currency Risk Disclosure: The Authority invests only in securities that are denominated in U.S. dollars. Per the SBA, the Florida Prime was not exposed to any foreign currency risk during the period October 1, 2019 through September 30, 2020.

Valuation of Investments: The Authority utilizes the market approach to mark-to-market the fair value of its investment holdings.

GASB 72 established a hierarchy of inputs to valuation techniques used to measure fair value. That hierarchy has three levels. Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities. Level 2 inputs are inputs—other than quoted prices—included within Level 1 that are observable for the asset or liability either directly or indirectly. Finally, Level 3 inputs are unobservable inputs, such as management's assumption of the default rate among underlying mortgage of a mortgage-backed security.

GASB 72 generally requires investments to be measured at fair value. Investments not measured at fair value continue to include, for example, money market investments, 2a-7-like external investment pools such as the Florida Prime. GASB 72 requires disclosures be made about fair value measurements, the level of fair value hierarchy, and the valuation techniques. The Authority utilizes a third-party pricing service to mark-to-market holdings of U.S. Treasury securities, corporate securities, and government sponsored enterprise securities, such as Federal National Mortgage Association, Federal Home Loan Bank, and Federal Home Loan Mortgage Association. The Authority derives pricing for commercial paper holdings directly from the custody statements for each account that has commercial paper holdings. Regarding fair value hierarchy disclosure, GASB 72 characterizes Level 1 inputs as quoted prices in active markets for identical assets or liabilities therefore; the Authority has denoted Level 1 for each of the various holdings except for money market and Florida Prime investments. Per the SBA, the Florida Prime meets all of the necessary criteria to elect to measure all of the investments in Florida Prime at amortized cost. Therefore, the Authority's participant account balance is considered the fair value of its investment and is considered exempt from the GASB 72 fair value hierarchy disclosures.

GASB 79 states that if a participant has an investment in a qualifying external investment pool that measures for financial reporting purposes all of its investments at amortized cost it should disclose the presence of any limitations or restrictions on withdrawals (such as redemption notice periods, maximum transaction amounts, and the qualifying external investment pool's authority to impose liquidity fees or redemption gates).

According to the SBA, with regard to redemption gates, Chapter 218.409(8)(a), Florida Statutes, states that "The principal, and any part thereof, of each account constituting the trust fund is subject to payment at any time from the moneys in the trust fund. However, the Executive Director may, in good faith, on the occurrence of an event that has a material impact on liquidity or operations of the trust fund, for 48 hours limit contributions to or withdrawals from the trust fund to ensure that the Board can invest moneys entrusted to it in exercising its fiduciary responsibility. Such action must be immediately disclosed to all participants, the Trustees, the Joint Legislative Auditing Committee, the Investment Advisory Council, and the Participant Local Government Advisory Council. The Trustees shall convene an emergency meeting as soon as practicable from the time the Executive Director has instituted such measures and review the necessity of those measures. If the Trustees are unable to convene an emergency meeting before the expiration of the 48-hour moratorium on contributions and withdrawals, the moratorium may be extended by the Executive Director until the Trustees are able to meet to review the necessity

3. CASH DEPOSITS AND INVESTMENTS (continued)

for the moratorium. If the Trustees agree with such measures, the Trustees shall vote to continue the measures for up to an additional 15 days. The Trustees must convene and vote to continue any such measures before the expiration of the time limit set, but in no case, may the time limit set by the Trustees exceed 15 days.” With regard to liquidity fees, Florida Statute 218.409(4) provides authority for the SBA to impose penalties for early withdrawal, subject to disclosure in the enrollment materials of the amount and purpose of such fees. At present, no such disclosure has been made. As of September 30, 2020, there were no redemption fees or maximum transaction amounts, or any other requirements that serve to limit a participant’s daily access to 100 percent of their account value.

4. DUE FROM OTHER GOVERNMENTAL AGENCIES

The following amounts were due from other governmental agencies as of September 30, 2020 and 2019 (in thousands):

5. RESTRICTED ASSETS

The Bond Resolution and the Amended and Restated Master Subordinated Indenture of Trust authorizing the issuance of the revenue bonds for Orlando International Airport and the Release of Federal Surplus Property Obligations for Orlando Executive Airport require segregation of certain assets into restricted accounts. At September 30, 2020 and 2019, composition of restricted accounts is as follows (in thousands):

	2020	2019
Debt Service Accounts	\$ 358,885	\$ 320,256
Capital Acquisition Accounts	373,383	335,186
Bond Construction Accounts	693,339	380,844
Passenger Facility Charges Account	262,534	349,079
Customer Facility Charges Account	147,920	191,874
Operating Reserve Account	58,380	54,835
Total Restricted Assets	\$ 1,894,441	\$ 1,632,074

Reported in the accompanying financial statements as follows:

	2020	2019
Restricted Cash and Cash Equivalents - Current	\$ 352,517	\$ 299,577
Total Restricted Assets – Non Current	1,541,924	1,332,497
Total Restricted Assets	\$ 1,894,441	\$ 1,632,074

GREATER ORLANDO AVIATION AUTHORITY
 NOTES TO FINANCIAL STATEMENTS
 Years Ended September 30, 2020 and 2019

6. CAPITAL ASSETS (continued)

During 2020, the Authority capitalized interest in the amount of \$71.7 million to Construction Work in Progress (WIP), representing the excess of interest cost (\$89.5 million) on certain borrowings during the construction period over the interest earned (\$17.8 million) on related interest-bearing investments acquired with the proceeds of the borrowings.

During 2019, the Authority capitalized interest in the amount of \$34.0 million to WIP, representing the excess of interest cost (\$48.3 million) on certain borrowings during the construction period over the interest earned (\$14.3 million) on related interest-bearing investments acquired with the proceeds of the borrowings.

7. LEASE AND CONCESSION AGREEMENTS

The Authority's operations consist of agreements for use of land, buildings, terminal space and Minimum Annual Guarantees from concessionaires. The agreements consist of (a) one year, cancelable space and use permits, and (b) non-cancelable agreements for land, buildings, terminal space and concessions, which expire between the years 2021 and 2067.

The following is a schedule by years of minimum future revenues from non-cancelable agreements as of September 30 (in thousands):

	2021*	\$ 227,578
	2022	197,736
	2023	141,996
	2024	133,178
	2025	35,643
	Later years	275,453
Total minimum future revenues		\$ 1,011,584

Minimum future revenues do not include contingent revenues, which may be received under agreement for use of land and buildings on the basis of revenue or fuel flow fees earned. Contingent revenues amounted to approximately \$22.1 million and \$37.2 million for the years ended September 30, 2020 and 2019 respectively.

The Authority has a 50-year lease with Brightline Trains Florida, LLC, formerly known as Virgin Trains USA Florida, LLC that expires in 2067. The terms of this lease extend beyond the current Operation and Use Agreement with the City of Orlando, expiring in 2065 whereby responsibility for operating the Airport would revert to the City. Upon termination of the Operation and Use Agreement with the City and the Authority, the City shall be deemed to be the lessor and bound by all provisions of the lease.

*In August 2020 the Authority Board approved supplemental relief in the amount of \$47.6 million for certain In-Terminal Concessions and Rental Automobile Companies (RAC). The resolution approved the waiver of 50% of the minimum annual guarantee for October 2020 through March 2021. The resolution also provided for a deferral of the August and September 2020 minimum annual guarantee until April 2021, which is convertible to a waiver upon timely payment of the minimum annual guarantees through March 2021. As of the date of this report it is undermined whether or not the Authority Board will provide additional supplemental relief.

8. PENSION PLANS

The Authority maintains two defined benefit plans for its employees, a single-employer plan covering non-firefighter employees and a multi-employer plan for firefighters. Additionally, the Authority provides two defined contribution plans, a single-employer defined contribution retirement plan for non-firefighter employees and a multi-employer defined contribution plan for firefighters. The Authority authorized all full time employees hired before October 1, 1999, other than firefighters to participate in the Defined Benefit Plan (DB Plan). The Authority authorized employees hired after September 30, 1999 to participate in the single-employer Defined Contribution

GREATER ORLANDO AVIATION AUTHORITY
 NOTES TO FINANCIAL STATEMENTS
 Years Ended September 30, 2020 and 2019

8. PENSION PLANS (continued)

Retirement Plan (DC Plan), other than firefighters. The Authority allowed employees who were participants of the DB Plan to convert to the DC Plan during the period February 23, 2001 to June 30, 2001.

Single-Employer Defined Benefit Pension Plan

General: The Authority contributes to the Retirement Plan for Employees of the Greater Orlando Aviation Authority (DB Plan), a single-employer retirement plan, a closed plan. The DB Plan provides retirement and death benefits to DB Plan members and beneficiaries. Comerica, Inc. (Comerica) currently holds the assets of the Plan in various managed accounts. Comerica currently distributes the DB Plan benefits. The Authority's actuary prepares an actuarial valuation report which includes required supplementary information for the DB Plan, which may be obtained by writing to Greater Orlando Aviation Authority, One Jeff Fuqua Boulevard, Orlando, Florida 32827, Attention: Human Resources.

Plan Description: Each full-time employee became eligible on the date of completion of 12 months of employment. The Authority credits all service from date of hire. Retirement benefits equal 3% of the average of the three years of highest annual earnings multiplied by years of credited service, for the employees final 10 years, with a maximum of 75% of the average earnings. In the event of early retirement, there is a 3% benefit reduction per year that the benefit commencement date precedes age 65. Normal retirement date is the first day of the month following, or coinciding with, the earliest of a participant's sixty-fifth birthday and seven years of credited service, or twenty-five years of credited service. An employee is 20 % vested after the first year of credited service and achieves 100% vesting after five years of service. A member may elect to retire earlier than the normal retirement eligibility upon attainment of age 55 and seven years of credited service. Benefit provisions are established and may be amended by the Authority Board. The Plan is administered by a Retirement Benefits Committee appointed by the Authority Board.

If a member dies prior to actual retirement, the Beneficiary will receive a monthly benefit beginning on the earliest date on which the member could have retired had death not occurred. The benefit for a spouse Beneficiary is equal to one-half the amount that would have been payable had the member terminated employment a day prior to the date of death and selected the 50% Contingent Annuity Form. If the Beneficiary is not the spouse, then the benefit will be paid in the actuarial equivalent amount over a five-year period commencing within one year of death. If the member dies after actual retirement, payment to the Beneficiary will begin the first day of the month following the date of death.

Funding Policy: The actuarial valuation used for funding determines the annual contribution requirements of the Authority. The Authority does not require plan members to contribute to the DB Plan.

Current plan membership as of October 1, 2018, is as follows:

Inactive Plan members or Beneficiaries currently receiving benefits	334
Inactive Plan members Entitled to but not yet receiving benefits	90
Active Plan members	75
	499

Net Pension Liability

The total pension liability was measured as of September 30, 2019. The total pension liability used to calculate the net pension liability was determined as of that date.

GREATER ORLANDO AVIATION AUTHORITY
NOTES TO FINANCIAL STATEMENTS
Years Ended September 30, 2020 and 2019

8. PENSION PLANS (continued)

Actuarial Assumptions

The total pension liability was determined by an actuarial valuation as of October 1, 2018 updated to September 30, 2019, using the following actuarial assumptions applied to all measurement periods.

Inflation	2.50 %
Salary Increases	4.25%
Investment Rate of Return	7.00%
Mortality	RP-2000 Fully Generational with Scale BB, with collar and annuitant adjustments.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of September 30, 2020, are summarized in the following table.

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long Term Expected Real Rate of Return</u>
Domestic Equity	45.0 %	7.50 %
International Equity	15.0	8.50
Broad Market Fixed Income	35.0	2.50
Global Tactical Asset Allocation	5.0	3.50
Total	<u>100 %</u>	

Discount Rate

The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that the Authority's contribution will be made at the actuarially determined contribution rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, long term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended September 30, 2020, the Authority recognized a pension expense of \$2.1 million. On September 30, 2020, the Authority reported deferred outflows of resources and deferred inflows of resources related to pension from the following sources (in thousands):

	Deferred Outflows of Resources	Deferred Inflows of Resources
Changes of Assumptions	\$ -	\$ -
Difference Between Expected and Actual Experience	-	-
Difference Between Projected and Actual Earnings on Pension Plan Investments	-	252
Employer Contributions Subsequent to the Measurement Date	2,216	-
Total	\$ 2,216	\$ 252

For the year ended September 30, 2019, the Authority recognized a pension expense of \$1.9 million. On September 30, 2019, the Authority reported deferred outflows of resources and deferred inflows of resources related to pension from the following sources (in thousands):

	Deferred Outflows of Resources	Deferred Inflows of Resources
Changes of Assumptions	\$ -	\$ -
Difference Between Expected and Actual Experience	-	-
Difference Between Projected and Actual Earnings on Pension Plan Investments	-	5,392
Employer Contributions Subsequent to the Measurement Date	2,537	-

GREATER ORLANDO AVIATION AUTHORITY
 NOTES TO FINANCIAL STATEMENTS
 Years Ended September 30, 2020 and 2019

8. PENSION PLANS (continued)

The deferred outflows of resources related to the Pension Plan, totaling \$2.2 million resulting from the Authority’s contributions to the Plan subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the subsequent fiscal period rather than in the current fiscal period. Other amounts reported as deferred inflows of resources and deferred outflows of resources related to the Pension Plan will be recognized in pension expense as follows (in thousands):

Year Ended September 30:	
2020	\$ 1,081
2021	929
2022	(520)
2023	(1,238)
Total	<u>\$ 252</u>

Funded Status and Funding Progress: As of October 1, 2019, the most recent actuarial valuation date, the DB Plan was 96.2% funded. The actuarial accrued liability for benefits was \$144.9 million, and the actuarial value of assets was \$139.3 million resulting in an unfunded actuarial accrued liability (UAAL) of \$5.5 million. The covered payroll was \$6.2 million, and the ratio of the UAAL to the covered payroll was 88.7%.

Other required schedules of Changes in Net Pension Liability and Related Ratios, and Schedule of Contributions are presented as required supplementary information immediately following the notes to the financial statements.

Single-Employer Defined Contribution Retirement Plan

Plan Description: The single-employer Defined Contribution Retirement Plan (DC Plan) provides benefits upon retirement to employees of the Authority. At September 30, 2020 and 2019, there were 686 and 648 active plan members respectively. The plan provides retirement and death benefits to plan participants and beneficiaries.

General: The DC Plan is administered by a Retirement Benefits Committee appointed by the Authority Board. The Authority can modify, alter or amend the DC Plan.

The DC Plan authorizes employees, other than firefighters, hired on or after October 1, 1999, to participate. Eligible employees include regular full-time employees and regular part-time employees who are normally scheduled to work 20 or more hours per week. The DC Plan allows employees to participate after three full months of service. The DC Plan has separate accounts for each employee, and employees can choose between investment options that are provided by the Plan Record-keeper. The Authority contributes 6% of base wages and up to another 4% as a matching contribution. The employee may contribute up to 10%. The DC Plan allows the employee’s first 4% contribution to be pre-tax or after-tax. Employee contributions and earnings are 100% vested. The Authority’s contributions vest at 20% per year of service, starting at one year of service. Employees hired prior to October 1, 1999, continued in the Authority’s DB Plan, or converted at their option from the DB Plan to the DC Plan during the period of February 23, 2001 to June 30, 2001.

The Authority’s payroll for employees covered by the DC Plan was \$38.3 million and \$34.4 million for the years ended September 30, 2020 and 2019 respectively. The Authority contributed \$3.8 million and \$3.5 million for the years ended September 30, 2020 and 2019 respectively. Participants contributed \$1.6 million and \$1.4 million for the years ended September 30, 2020 and 2019 respectively.

Multi-Employer Pension Plans

Plan Description: All firefighters employed by the Authority participate in the Florida Retirement System (FRS), a cost-sharing, multiple-employer defined benefit public retirement plan. The FRS provides retirement and disability benefits, cost-of-living adjustments, and death benefits to plan participants and beneficiaries. Florida Statutes establish benefit provisions. The FRS issues a publicly available financial report that includes financial statements

GREATER ORLANDO AVIATION AUTHORITY
 NOTES TO FINANCIAL STATEMENTS
 Years Ended September 30, 2020 and 2019

8. PENSION PLANS (continued)

and required supplementary information. That report may be obtained by writing to the Florida Retirement System, Division of Retirement, Post Office Box 9000, Tallahassee, Florida 32315-9000, or by calling (877) 377-1737.

Participation in the FRS is compulsory for all firefighters employed by the Authority. The FRS categorizes participants as members of a special risk class. A member receives one-month credit for each month in which any salary is paid for services performed. The FRS authorizes members who meet certain requirements to purchase additional service credits to increase their retirement benefit. The FRS provides vesting of benefits after six years of creditable service (or eight years if enrolled on or after July 1, 2011). Special risk members enrolled in the FRS before July 1, 2011 meet eligibility for normal retirement after: (a) six years of special risk creditable service and attaining age fifty-five, (b) a combined total of twenty-five years of special risk creditable service and military service and attaining age fifty-two, (c) twenty-five years of special risk creditable service, or (d) thirty years of any creditable service, regardless of age. Special risk members enrolled in the FRS on or after July 1, 2011 meet eligibility for normal retirement after: (a) eight years of special risk creditable service and attaining age sixty, (b) a combined total of thirty years of special risk creditable service and military service and attaining age fifty-seven, (c) thirty years of special risk creditable service, or (d) thirty-three years of any creditable service, regardless of age. The FRS allows early retirement any time after vesting; however, there is a 5% benefit reduction for each year prior to normal retirement age or date. Options at retirement include benefits for life or reduced benefits with beneficiary rights.

As a participant in FRS, the Authority is also a participant in the Retiree Health Insurance Subsidy (HIS) Program, which is a cost-sharing, multiple employer defined benefit plan established and administered in accordance with Section 112.363, Florida Statutes. The benefit is a monthly payment to assist retirees of the state administered retirement systems in paying their health insurance costs. For the fiscal year ended June 30, 2020 and 2019, eligible retirees and beneficiaries received a monthly HIS payment equal to the number of years of service credited at retirement multiplied by \$5. The minimum payment was \$30 for fiscal year 2020 and 2019 and the maximum is \$150 per month, pursuant to Section 112.363, Florida Statutes. To be eligible to receive a HIS benefit, a retiree under one of the state administered retirement systems must provide proof of eligible health insurance coverage, which can include Medicare.

Funding Policy: Various acts of the Florida Legislature determine the funding methods and benefits. These acts provide employers, such as the Authority, requirements to contribute at the current actuarially determined rate of covered payroll for special risk members. Effective July 1, 2011, all FRS employees, with the exception of Deferred Retirement Option Program (DROP) participants and reemployed retirees who are initially reemployed under covered employment on or after July 1, 2010, are required to make pretax retirement contributions of 3% of their gross salary to the plan.

The Authority's required contribution rates were as follows:

	Special Risk	DROP
July 1, 2020 – June 30, 2021	25.45%	16.98%
July 1, 2019 – June 30, 2020	25.48%	14.60%
July 1, 2018 – June 30, 2019	24.50%	14.03%
July 1, 2017 – June 30, 2018	23.27%	13.26%
July 1, 2016 – June 30, 2017	22.57%	12.99%

The Authority's contributions to the FRS for each of the years ended September 30, 2020, 2019 and 2018 were approximately \$1.8 million, \$1.7 million and \$1.5 million, respectively, which represents the required contributions for each year.

GREATER ORLANDO AVIATION AUTHORITY
NOTES TO FINANCIAL STATEMENTS
Years Ended September 30, 2020 and 2019

8. PENSION PLANS (continued)

At September 30, 2020, the Authority reported a liability of \$21.2 million and \$2.6 million for its proportionate share of the net pension liability for the FRS Pension Plan and HIS Program respectively. The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Authority's proportion of the net pension liability was based on the historical contributions made by the Authority. At June 30, 2020, the Authority's proportion was 0.048929779 percent and 0.020916299 percent for the FRS Pension Plan and HIS Program respectively, which was an increase from 0.048389352 percent and 0.020557117 percent respectively from its proportionate share as of June 30, 2019.

For the year ended September 30, 2020 and 2019 the Authority recognized pension expense of \$5.2 million and \$4.6 million related to the FRS and HIS plans.

Actuarial Assumptions

Actuarial assumptions for both defined benefit plans are reviewed annually by the Florida Retirement System Actuarial Assumption Conference. The FRS Pension Plan has a valuation performed annually. The HIS Program has a valuation performed biennially that is updated for GASB reporting in the year a valuation is not performed. The most recent experience study for the FRS Pension Plan was completed in 2019 for the period July 1, 2013 through June 30, 2018. Because the HIS Program is funded on a pay-as-you-go basis, no experience study has been completed for that program. The actuarial assumptions that determined the total pension liability for the HIS program were based on certain results of the most recent experience study for the FRS Pension Plan.

The total pension liability for each cost-sharing defined benefit plan was determined using the individual entry age normal actuarial cost method. Inflation increases for both plans is assumed at 2.40%. Payroll growth for both plans is assumed at 3.25%. Both the discount rate and the long term expected rate of return used for FRS Pension Plan investments is 6.80%. The plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return.

Because the HIS program uses a pay-as-you-go funding structure, a municipal bond rate of 2.21% was used to determine the total pension liability for the program (Bond Buyer General Obligation 20-Bond Municipal Bond Index). Mortality assumptions for both the FRS Pension Plan and the HIS Program were based on the PUB-2010 base table.

The following changes in actuarial assumptions occurred in 2020:

- FRS: The long-term expected rate of return was decreased from 6.90% to 6.80%.
- HIS – The municipal rate used to determine total pension liability decreased from 3.50% to 2.21%, and the mortality assumption was changed from the Generational RP-2000 with Projection Scale BB tables to the PUB-2010 base table, projected generationally with Scale MP-2018.

Sensitivity Analysis

The following represents the sensitivity of the Authority's proportionate share of the net pension liability to changes in the discount rate. The sensitivity analysis shows the impact of the authority's proportionate share of the net pension liability if the discount rate was 1.00% higher or 1.00% lower than the current discount rate at June 30, 2020 and 2019 (in thousands).

	FRS Net Pension Liability		
	1% Decrease	Current Discount Rate	1% Increase
June 30, 2020	\$33,864	\$21,207	\$10,636
June 30, 2019	\$28,808	\$16,664	\$ 6,523

	HIS Net Pension Liability		
	1% Decrease	Current Discount Rate	1% Increase
June 30, 2020	\$2,952	\$2,554	\$2,228
June 30, 2019	\$2,626	\$2,300	\$2,029

Pension Expense and Deferred Outflows/(Inflows) of Resources

In accordance with GASB, changes in the net pension liability are recognized in pension expense in the current measurement period, except as indicated below. For each of the following, a portion is recognized in pension expense in the current measurement period, and the balance is amortized as deferred outflows or deferred inflows of resources using a systematic and rational method over a closed period, as defined below:

- Differences between expected and actual experience with regard to economic and demographic factors amortized over the average expected remaining service life of all employees that are provided with pensions through the pension plan (active and inactive employees)
- Changes of assumption or other inputs – amortized over the average expected remaining service life of all employees that are provided with pensions through the pension plan (active and inactive employee)
- Changes in proportion and differences between contributions and proportionate share of contributions- amortized over the average expected remaining service life of all employees that are provided with pensions through the pension plan (active and inactive employees)
- Differences between expected and actual earnings on pension plan investments – amortized over five years

Contributions to the pension plans from the Authority are not included in collective pension expense.

The average expected remaining service life of all employees provided with pensions through the pension plans at June 30, 2020 was 5.9 years for FRS and 7.2 years for HIS. The components of collective pension expense reported in the pension allocation schedules for the fiscal year ended June 30, 2020, are presented below for each plan (in thousands):

The required schedules of Proportionate Share of Net Pension Liability and Schedule of Contributions as required supplementary information are presented immediately following the notes to the financial statements.

Multi-Employer Defined Contribution Retirement Plan

Effective July 2002, the FRS offered its members the Florida Retirement System Investment Plan (Investment Plan) as a second retirement plan option. The Investment Plan is a defined contribution plan funded by employer contributions established by law. Employees that do not elect this plan automatically enroll in the defined benefit plan. Employees vest after one year of service. Participants of the FRS have one lifetime option of transferring the value of their plan to the Investment Plan. The employers’ contributions are based on salary and FRS membership class. Effective July 1, 2011, all FRS employees, with the exception of DROP participants and reemployed retirees who are initially reemployed under covered employment on or after July 1, 2010, are required to make pretax retirement contributions of 3% of their gross salary to the plan. As of September 30, 2020 and 2019, the Authority had nine and eight participants in this plan, respectively.

Pension Expense

The combined pension expense across all plans for September 30, 2020 and 2019 was \$11.1 million and \$10.0 million respectively.

9. POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS

Plan Description: The Greater Orlando Aviation Authority Healthcare Plan (GOAAHP) is a single-employer healthcare plan administered by the Authority. The GOAAHP provides postemployment healthcare benefits to those participants who, in accordance with Article 4 of the Retirement Plan for Employees of the Greater Orlando Aviation Authority and Article 5 of the Greater Orlando Aviation Authority Defined Contribution Retirement Plan, retire at a participant’s normal retirement date or early retirement date and who receive pension benefits immediately upon termination. The Authorities’ actuary issues an actuarial report that includes required supplementary information for GOAAHP, which may be obtained by writing to Greater Orlando Aviation Authority, One Jeff Fuqua Boulevard, Orlando, Florida 32827, Attention: Human Resources.

Funding Policy and Annual Cost: The Authority establishes and amends benefit provisions and contribution obligations. The Authority provides medical, dental, and vision coverage at no cost to employees who retired prior to August 2, 1997.

GREATER ORLANDO AVIATION AUTHORITY
 NOTES TO FINANCIAL STATEMENTS
 Years Ended September 30, 2020 and 2019

9. POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS (continued)

For employees that retire after August 2, 1997 and employees hired prior to October 1, 2006, eligibility for retirement healthcare benefits will be determined by the years of credited service, and whether the employee immediately begins to receive pension benefits. Employees who do not elect to receive pension benefits immediately upon termination of employment forfeit eligibility for any healthcare coverage under this policy. The Authority's premium contribution for employees retiring after August 2, 1997 and for employees hired prior to October 1, 2006 is as follows:

<u>Credited Service</u>	<u>Contribution</u>
20 or more years	100%
15 but less than 20 years	75%
10 but less than 15 years	50%
Less than 10 years	0%

The premiums for employees hired on or after October 1, 2006, will be paid by the employee at 100%. Dependent coverage is available at the retiree's expense provided the retiree is eligible to receive health benefits under this policy. The Authority is not required to fund the GOAAHP. However, on September 30, 2011, the Authority funded its OPEB obligation to a qualifying, irrevocable trust in the amount of \$26.3 million. The annual contribution of the employer, an amount actuarially determined in accordance with GASB, represents a level of funding that, if paid on an ongoing basis, is projected to cover normal costs each year and to amortize any unfunded actuarial liabilities (or funding excess) over a closed twenty year period.

As of September 30, 2019, the measurement date, the following employees were covered by the benefit terms:

Inactive Plan Members, Covered Spouses, or Beneficiaries currently Receiving Benefits	384
Inactive Plan Members Entitled to But Not Yet Receiving Benefits	-
Active Plan Members	738
	1,122

Net OPEB Liability: The Authority's net OPEB Liability was measured as of September 30, 2019, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of that date.

Actuarial Assumptions: The total OPEB liability was determined by an actuarial valuation as of October 1, 2018 updated to September 30, 2019 using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.50%
Salary Increases	4.25%
Discount Rate	6.50%
Investment Rate of Return	6.50%
Health cost trend rates	4.00% - 8.00%

For all Authority employees, mortality rates were based on the RP-2000 mortality tables. For female lives, 100% of the white-collar table was used. For male lives, a 50% white-collar table, 50% blue-collar table blend was used. All tables include fully generational adjustments for mortality improvements using improvement scale BB. For disabled lives, mortality rates were based on the RP-2000 sex-distinct disabled mortality tables with female lives set forward two (2) years, male lives set back for (4) years. Disabled mortality has not been adjusted for mortality improvements.

The other significant actuarial assumptions used in the October 1, 2018 valuation were based on the results of an experience study dated September 29, 2016.

GREATER ORLANDO AVIATION AUTHORITY
NOTES TO FINANCIAL STATEMENTS
Years Ended September 30, 2020 and 2019

9. POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS (continued)

The long-term investment objective of the OPEB trust is the preservation of principal and to meet the actuarial return assumptions as revised with each annual actuarial report. The RBC shall review and monitor this rate upon receipt of the annual actuarial report. On an annual basis, the RBC shall determine the total expected annual rate of return for the current year. The RBC shall use this determination only to notify the Aviation Authority Board, the plan’s sponsor, and the consulting actuary of material differences between the total expected annual rate of return and the actuarial assumed rate of return.

The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long Term Expected Real Rate of Return
US Equity	50%	7.50%
International Equity	15%	8.50%
US Fixed Income	25%	2.50%
Int’l Fixed Income	10%	3.50%
	100%	

Discount Rate: The projection of cash flows used to determine the Discount Rate assumed that current Authority contributions will be made at the current contribution rate (100%). Based on this assumption, the OPEB Plans’ Fiduciary Net Position was projected to provide all future benefit payments. Therefore, the single equivalent discount rate was set equal to the investment rate of return assumption, 6.50%.

10. RISK MANAGEMENT – WORKER’S COMPENSATION

Effective October 1, 2000, the Authority became self-insured for workers compensation and employer’s liability insurance up to \$150,000 per occurrence. The Authority purchases excess coverage for workers compensation and employer’s liability claims to provide stop loss coverage for claims in excess of \$150,000 per occurrence with limits that are consistent with statutory requirements. The Authority uses a third party administrator to provide claims administration and associated reporting services. The Authority records workers compensation liabilities when it is probable that a loss occurred and the amount of the loss can be reasonably estimated. Liabilities include an amount for the claims that have been incurred but not reported (IBNR). The Authority includes liabilities for unpaid claims at year-end in accrued expenses as current liabilities.

The Authority has a third party actuary perform a review of claim history for all claim years in which open claims are outstanding. The actuary projects the ultimate claim payment obligation (including IBNR) for each year’s claim experience. The Authority recorded this estimate as a liability. No settlements exceeded excess insurance coverage in the past three years.

*The FDOT Indebtedness payments originally due in fiscal years 2021 and 2022 have been deferred as a result of an amendment to the joint participation agreement.

**The Lines of Credit due in fiscal year 2021 were excluded from current liabilities, as these can be repaid with other long-term credit lines. Additionally it is the Authority’s intention to repay this debt with proceeds from a future Bond issue.

Airport Facilities Revenue Bonds (Senior Lien Bonds)

The Authority issues Airport Facilities Revenue Bonds under and pursuant to the Amended and Restated Airport Facilities Revenue Bond Resolution, authorizing Airport Facilities Revenue Bonds of the City of Orlando, Florida adopted by the governing board of the Authority, on September 16, 2015, having an effective date of May 1, 2017 (the “Bond Resolution”). As of September 30, 2020, the Authority has outstanding \$2.9 billion in Airport Facilities Revenue Bonds issued from 2009 to 2019, and payable through October 1, 2054. Proceeds from the Airport Facilities Revenue Bonds provided financing for various airport capital projects and refunding for previously issued debt.

The Airport Facilities Revenue Bonds are secured by a senior lien on and pledge of airport revenues, net of specified operating expenses, along with certain other revenues to the extent they are expressly pledged by the Authority (e.g. Available PFC Revenues). The Authority has agreed to maintain rates and charges each year to provide (i) Net Revenues plus any Transfers (each as defined in the Bond Resolution), equal to at least 1.25 times the sum of the aggregate debt service on all outstanding senior lien Airport Facilities Revenue Bonds each fiscal year, and (ii) Net Revenues plus any Transfers and Subordinated Pledged Revenues (as defined in the Bond Resolution), equal to at least 1.00 time on all debt outstanding under the Bond Resolution.

Events of default for bonds issued under the Bond Resolution include nonpayment events, bankruptcy events, and noncompliance with covenants. No assets have been pledged as collateral and no rights of acceleration exist under the Bond Resolution. In the event of default, the Authority shall, if demanded by the trustee, account for all Revenues, moneys, securities, and funds pledged by the Resolution, pay over to the Trustee all moneys, securities and Funds held in any Fund or account under the Resolution and, as received, all Revenues which the Trustee shall first apply to Operation and Maintenance expenses, including payment of reasonable charges of expenses of the Trustee and reasonable fees and disbursements to counsel, and then to payment of interest and principal and redemption price due on the Bonds in order of priority.

\$101,570,000 Airport Facilities Revenue Bonds, Series 2016B (NON-AMT), dated October 13, 2016, of which \$54,890,000 of Serial Bonds due October 1 of each year beginning in 2017 through 2037; \$2,500,000 and \$6,205,000 of Term Bonds due October 1, 2039, \$14,705,000 due October 1, 2042; and \$23,270,000 due October 1, 2046. Coupon interest rate range from 3.00% to 5.00% due semi-annually on April 1 and October 1. As of September 30, 2020 and 2019, respectively, the unamortized premium of \$16,392,000 and \$17,421,000.

\$71,120,000 Airport Facilities Taxable Refunding Revenue Bonds, Series 2016C, dated October 13, 2016, of which \$50,290,000 of Serial Bonds are due October 1 of each year beginning in 2017 through 2036; and \$20,830,000 in Term Bond due October 1, 2039. Coupon interest rate range from 1.07% to 3.59% due semi-annually on April 1 and October 1. These bonds, along with Authority funds, refunded \$63,065,000 of the outstanding Airport Facilities Revenue Bonds, Series 2009C.

\$1,135,370,000 Airport Facilities Revenue Bonds, Series 2019A (AMT), dated October 3, 2019, of which a portion is due October 1 of each year beginning in 2020 through 2054. Coupon interest rates range from 3.25% to 5.00% due semi-annually on April 1 and October 1. As of September 30, 2020, the unamortized premium is \$178,879,000.

Direct Placement

\$46,915,000 Airport Facilities Revenue Bonds, Series 2013A (AMT), dated September 19, 2013, of which a portion is due October 1 of each year beginning in 2015 through 2028. Coupon interest rate at 3.50% due semi-annually on April 1 and October 1.

\$35,895,000 Airport Facilities Refunding Revenue Bonds, Series 2013B (NON-AMT), dated September 4, 2013, of which a portion was due October 1 of each year beginning in 2014 through 2018. Coupon interest rate range from 0.63% to 2.27% due semi-annually on April 1 and October 1. These bonds, along with Authority funds, refunded \$37,965,000 of the outstanding Airport Facilities Refunding Revenue Bonds, Series 2003A. The Airport Facilities Refunding Revenue Bonds, Series 2013B, were paid off as of October 1, 2018.

\$75,000,000 Airport Facilities Taxable Refunding Revenue Bonds, Series 2016D, dated December 19, 2016, of which a portion is due October 1 of each year beginning in 2017 through 2023. Coupon interest rate at 2.26% due semi-annually on April 1 and October 1. These bonds, along with Authority funds, refunded \$72,345,000 of the outstanding Airport Facilities Refunding Revenue Bonds, 2007A.

Priority Subordinated Indebtedness

The Bond Resolution authorizes the Authority to issue Priority Subordinated Indebtedness and Secondary Subordinated Indebtedness. To date, the Authority has issued and has outstanding under the Amended and Restated Master Subordinated Indenture of Trust, dated as of July 1, 2016 (the "Master Subordinated Indenture") both Priority Subordinated Indebtedness and Secondary Subordinated Indebtedness. As of September 30, 2020, the Authority's outstanding Priority Subordinated Indebtedness is comprised of (i) the outstanding Priority Subordinated Airport Facilities Revenue Refunding Bonds, Series 2016A and (ii) the FDOT Indebtedness. As of September 30, 2020, the Authority's outstanding Secondary Subordinated Indebtedness is comprised of the Lines of Credit.

Priority Subordinated Indebtedness is secured by a lien on and pledge of Pledged Subordinated Revenues (as defined in the Master Subordinated Indenture) that is subordinate to the pledge of senior lien Airport Facilities Revenue Bonds, and senior to the lien of Secondary Subordinated Indebtedness. The Authority has agreed to maintain rates and charges each year to provide (i) Net Revenues plus any Transfers (each as defined in the Bond Resolution), equal to at least 1.10 times the sum of the aggregate debt service on all aggregate annual subordinated debt each fiscal year, under the Bond Resolution.

Events of default for bonds issued under the Master Subordinated Indenture include nonpayment events, bankruptcy events, and noncompliance with covenants. No assets have been pledged as collateral and no rights of acceleration exist under the Master Subordinated Indenture.

Public Offerings

\$76,930,000 Priority Subordinated Airport Facilities Revenue Refunding Bonds, Series 2016 (AMT), dated July 12, 2016, of which a portion is due October 1 of each year beginning in 2016 through 2027. Coupon interest rate range from 1.00% to 5.00% due semi-annually on April 1 and October 1. As of September 30, 2020 and 2019, respectively, the unamortized premium is \$5,191,000 and \$6,574,000.

\$923,830,000 Priority Subordinated Airport Facilities Revenue Refunding Bonds, Series 2017A (AMT), dated October 3, 2017, of which a portion is due October 1 of each year beginning in 2023 through 2052. Coupon interest rates range from 3.50% to 5.00% due semi-annually on April 1 and October 1. As of September 30, 2020 and 2019, respectively, the unamortized premium is \$97,218,000 and \$101,805,000.

Direct Borrowing

FDOT Indebtedness:

On November 5, 2014, the Authority entered into a Joint Participation Agreement (JPA), as amended between the Authority and the Florida Department of Transportation (FDOT), under which FDOT, combined with other FDOT grants will provide total funding of approximately \$211.0 million of which the Authority is required to reimburse FDOT for \$52.7 million of the funds provided by FDOT under the JPA, and the balance will be a grant. The proceeds of the loan will be used to pay for portions of the Intermodal Terminal Facility (ITF) that are related to the construction of the passenger rail terminal being developed as part of the ITF adjacent to the Automated People Mover system. Under the JPA, the Authority is obligated to repay the FDOT Loan with no interest commencing January 30, 2020 through 2039. On December 30, 2020, the Florida Department of Transportation (FDOT) executed an amendment agreeing to defer the principal payments due on the FDOT loan for fiscal years 2021 and 2022 as a result of the effects of the COVID-19 pandemic. The final payment has now been extended to January 30, 2039 due to the two year deferral. As of September 30, 2020 and 2019, respectively, the Authority had an outstanding balance of \$50.2 million and \$52.7 million.

Pursuant to the agreement, FDOT advanced \$30 million for approximately three months of cash flow needs. As of September 30, 2020 and 2019, respectively, the Authority had an outstanding balance of \$0 and \$6.1 million.

Based on the JPA, upon any event of default, FDOT may cause the Authority to remit to FDOT funds sufficient to enable the Authority to satisfy its obligations.

Secondary Subordinated Indebtedness:

Direct Borrowing

Lines of Credit:

On July 31, 2019, the Authority entered into a new revolving credit agreement with Wells Fargo to provide the Authority with a \$50 million line of credit. The line of credit is to be used as interim financing for capital projects in anticipation of the issuance of long-term bonds and/or receipt of grants, PFCs, CFCs, Authority funds and other permanent funding sources. The initial term of the line of credit was three years, with an expiration date of July 29, 2022. As of September 30, 2020 and 2019, respectively, the Authority has drawn \$3,402,000 and \$634,000 on this line of credit. As of September 30, 2020 and 2019, respectively, the unused portion of this line of credit was \$46,598,000 and \$49,355,000.

On July 31, 2019, the Authority entered into a new revolving credit agreement with Bank of America N.A. to provide the Authority with a \$150 million line of credit. The line of credit is to be used as interim financing for capital projects in anticipation of the issuance of long-term bonds and/or receipt of grants, PFCs, CFC, Authority funds and other permanent funding sources. The initial term of the line of credit was for three years, with an

expiration date of July 29, 2022. As of September 30, 2020 and 2019, respectively, the Authority has drawn \$42,378,000 and \$96,042,000 on this line of credit. As of September 30, 2020 and 2019, respectively, the unused portion of this line of credit was \$107,622,000 and \$53,958,000.

On June 29, 2018, the Authority entered into a revolving credit agreement with Wells Fargo to provide the Authority with a \$175 million line of credit. The line of credit is to be used as interim financing for capital projects in anticipation of the issuance of long-term bonds and/or receipt of grants, PFCs, CFCs, Authority funds and other permanent funding sources. The initial term of the line of credit was three years, with an expiration date of June 29, 2021. As of September 30, 2020 and 2019, respectively, the Authority has drawn \$25,101,000 and \$126,418,000 on this line of credit. As of September 30, 2020 and 2019, respectively, the unused portion of this line of credit was \$149,899,000 and \$48,582,000.

On June 29, 2018, the Authority entered into a new revolving credit agreement with Bank of America, N.A., to provide the Authority with a \$75 million line of credit. The line of credit is to be used as interim financing for capital projects in anticipation of the issuance of long-term bonds and/or receipt of grants, PFCs, CFCs, Authority funds and other permanent funding sources. The initial term of the line of credit was for three years, with an expiration date of June 29, 2021. As of September 30, 2020 and 2019, respectively, the Authority has drawn \$17,625,000 and \$62,170,000 on this line of credit. As of September 30, 2020 and 2019, respectively, the unused portion of this line of credit was \$57,375,000 and \$12,830,000.

On November 6, 2015, the Authority entered into a revolving credit agreement with PNC Bank, N.A., to provide the Authority with a \$100 million line of credit. The line of credit is to be used as interim financing for capital projects in anticipation of the issuance of long-term bonds and/or receipt of grants, PFCs, CFCs, Authority funds and other permanent funding sources. The initial term of the line of credit was for one year. Effective October 25, 2019, the expiration date was extended to November 6, 2020. As of September 30, 2020 and 2019, respectively, the Authority has drawn \$37,288,000 and \$48,006,000 on this line of credit. As of September 30, 2020 and 2019, respectively, the unused portion of this line of credit was \$62,712,000 and \$51,994,000.

In the event of a default, these lines of credit shall bear interest at a rate per annum equal to three percent (3%) plus the greatest of (1) the U.S. prime rate of interest published in the "Money Rates" section of the Wall Street Journal for the last day of the calendar month immediately preceding the calendar month in which the default occurred; (2) the LIBOR Daily Floating Rate plus one hundred (100) basis points (1.0%); or (3) the Federal Funds Rate published by the U.S. Federal Reserve Bank for the last day of the calendar month immediately preceding the calendar month in which the default occurred plus fifty (50) basis points (0.50%). Once such default is cured to the reasonable satisfaction of the bank, this line of credit shall bear interest at the rate otherwise payable. The default rate shall also apply from acceleration until the amounts payable hereunder or any judgment thereon is paid in full.

The default rate shall also apply from acceleration until the amounts payable under the credit agreement or any judgement thereon is paid in full.

Customer Facility Charge Taxable Revenue Note:

The Authority authorized the \$160,000,000 Taxable Revenue Note (CFC Ground Transportation Project) Series 2018, dated March 29, 2018 (the "Series 2018 Note"), of which a portion is due April 1 and October 1 of each year beginning in 2020 through 2027. The coupon interest rate is 3.48% due semi-annually on April 1 and October 1.

GREATER ORLANDO AVIATION AUTHORITY
NOTES TO FINANCIAL STATEMENTS
Years Ended September 30, 2020 and 2019

11. NONCURRENT LIABILITIES (continued)

The \$160.0 million proceeds were drawn over 18 months, by September 30, 2019. Total principal and interest remaining on the note as of September 30, 2020 is \$171.0 million. For the 12 months, ended September 30, 2020, principal and interest requirements were \$13.0 million. As of September 30, 2020 and 2019, respectively, the outstanding balance is \$150,572,836 and \$160,000,000.

The repayment of the Series 2018 Note is payable solely from customer facility charges revenue. Proceeds from the Series 2018 Note provided financing for the purpose of paying or reimbursing the Authority for a portion of the costs and expenses of financing, designing, constructing, operating, relocating and maintaining the CFC Ground Transportation Project, funding all or a portion of the CFC Stabilization Fund Requirement, and certain costs of issuance. Any bonds issued pursuant to the CFC Indenture including the Series 2018 Note are not issued under, and are not subject to the Bond Resolution, and are not secured by the Revenues as defined by the Bond Resolution.

In the event of default, the applicable default rate shall apply to the outstanding principal balance of the note and any additional bonds or refunding bonds for which a default rate is provided, until the event of default no longer exists. No assets have been pledged as collateral and no rights of acceleration exist for this issue.

12. CONDUIT DEBT OBLIGATIONS

As of September 30, 2020 and 2019, the Authority has outstanding the following series of conduit debt obligations (in thousands):

	2020	2019
Special Purpose Facilities Revenue Bonds issued to provide for the acquisition, construction and equipping of a corporate training facility and an aircraft maintenance hangar facility; payable solely from a pledge of lease payments to be received from the lease agreement and secured by the Leasehold Mortgage. The Bonds are scheduled to mature November 15, 2026 (\$12,665) and November 15, 2036 (\$29,655).	\$ 42,320	\$ 42,320

These bonds are special limited obligations of the Authority, payable as described above. The bonds do not constitute a debt, liability or obligation of the Authority, the City of Orlando, or the State of Florida or any political subdivisions thereof and accordingly have not been reported in the accompanying financial statements.

13. DEFERRED AMOUNT ON REFUNDING OF BONDS

At September 30, 2020 and 2019, the Authority reported long-term debt deferred loss from the following bonds (in thousands):

	2020	2019
Long Term Debt Deferred Loss (Gain):		
Series 2009B	\$ 333	\$ 814
Series 2011B	134	157
Series 2011C	781	902
Series 2011D	59	263
Series 2012A	136	183
Series 2016C	5,697	6,162
Series 2016D	307	506
Total Long Term Debt Net Deferred Loss	\$ 7,447	\$ 8,987

Years Ended September 30, 2020 and 2019

14. BOND ISSUANCE (OTHER THAN REFUNDING ISSUES)

On October 3, 2019, the Authority issued \$1.1 billion in Airport Facilities Revenue Bonds, Series 2019A (AMT) (the “Series 2019A Bonds”) with a true interest cost of 3.26%. The Series 2019A Bonds were issued for the purpose of providing funds to finance costs for Phase 1 of South Terminal C and Phase 1 Expansion of the South Terminal Complex, fund certain capital projects in the North Terminal Complex, fund other capital improvements, fund a deposit to the Composite Reserve Subaccount of the Debt Service Reserve Account, pay capitalized interest, pay the line of credit draws and accrued interest totaling \$323.8 million, and pay certain costs of issuance. The average life of the Series 2019A Bonds is 18.59 years.

15. DEFERRED OUTFLOWS AND INFLOWS OF RESOURCES

In addition to assets and liabilities, the Authority separately reports deferred outflows of resources and deferred inflows of resources, respectively. Deferred outflows of resources represent consumption of net position that is applicable to a future reporting period. Deferred outflows has a positive effect on net position, similar to assets. Deferred inflows of resources represents an acquisition of net position that is applicable to a future reporting period. Deferred inflows has a negative effect on net position, similar to liabilities.

At September 30, 2020, the Authority reported deferred outflows of resources and deferred inflows of resources from the following (in thousands):

Description	Deferred Outflows of Resources	Deferred Inflows of Resources
GOAA Defined Benefit Pension Plan	\$ 2,216	\$ 252
Florida Retirement System Defined Benefit Plan	7,530	-
Florida Retirement System Health Insurance Subsidy Plan	685	150
Other Post-Employment Benefits	3,192	4,801
Long Term Debt Deferred Loss	7,447	-
Total Deferred Outflows and Inflows of Resources	\$ 21,070	\$ 5,203

At September 30, 2019, the Authority reported deferred outflows of resources and deferred inflows of resources from the following (in thousands):

Description	Deferred Outflows of Resources	Deferred Inflows of Resources
GOAA Defined Benefit Pension Plan	\$ 4,667	\$ 7,522
Florida Retirement System Defined Benefit Plan	7,190	974
Florida Retirement System Health Insurance Subsidy Plan	627	191
Other Post-Employment Benefits	2,573	6,143
Long Term Debt Deferred Loss	8,987	-
Total Deferred Outflows and Inflows of Resources	\$ 24,044	\$ 14,830

16. CAPITAL CONTRIBUTIONS

Grants and other contributions used to acquire capital assets are classified as capital contributions in the Statements of Revenues, Expenses, and Changes in Net Position. Capital contributions consisted of the following at September 30, 2020 and 2019 (in thousands):

	2020	2019
Federal Grants	\$ 31,729	\$ 25,023
State of Florida Grants/Other Grants	55,456	11,724
Total Capital Contributions	\$ 87,185	\$ 36,747

17. AIRLINE RATES BY RESOLUTION

Effective November 1, 2013, the Authority began operating under a Resolution Relating to Airline Rates and Charges and Airline Operating Terms and Conditions For the Use Of Facilities And Services At Orlando International Airport, adopted by the Authority Board October 16, 2013 and amended and restated as of August 10, 2016 and subsequently amended and restated as of August 28, 2019 (the “Resolution”).

The Resolution, which has no expiration date, provides for a compensatory rate-making methodology for use of the terminal facilities, including certain activity based charges for use of the baggage system, and a residual rate-making methodology to establish landing fees for the use of the airfield. Any airline may commit to use certain terminal space on an exclusive or preferential basis and, as a result, pay a fixed monthly charge for such space. Otherwise, airlines pay for terminal space assigned by the Authority on a per use basis.

Effective November 1, 2013, airlines had the option to sign a Rate and Revenue Sharing Agreement (“Rate Agreement”), whereby the airline affirmatively agreed to the Resolution and the rate-setting methodology therein, and further agreed not to challenge the rates and charges calculated under the Resolution’s rate-setting methodology through any judicial or regulatory process throughout the term of the agreement which expired on September 30, 2016. Airlines that sign, and comply with the terms of a Rate Agreement with the Authority are entitled to share in certain revenues remaining after the payment of all Authority debt service and operating expenses, including fund deposit requirements (“Net Remaining Revenue”).

Effective October 1, 2016 the Authority entered into a three-year agreement with Participating airlines, which expired on September 30, 2019. For this agreement, the Authority received the first \$65 million of Net Remaining Revenues, with participating airlines sharing in a pool of 65% of all Net Remaining Revenues in excess of the first \$65 million up to \$58 million, 100% of the next \$10 million of remaining revenues and the 65% of all remaining revenues.

Effective October 1, 2019 the Authority entered into a five year Rate and Revenue Sharing Agreement that expires on September 30, 2024. For this agreement the Authority receives the first \$55 million of Net Remaining Revenues for all five years, with participating airlines sharing in a pool of the next \$10 million of all Net Remaining Revenues. Net Remaining Revenue after the first \$65 million, will be split 50/50 between The Authority and the participating airlines.

18. OUTSTANDING CONTRACTS

As of September 30, 2020, the Authority had entered into construction contracts totaling approximately \$4.5 billion for construction, engineering services and equipment, approximately \$0.9 billion of which remains unincurred. Grants, passenger facility charges and customer facility charges will be utilized to fund a portion of these projects.

GREATER ORLANDO AVIATION AUTHORITY
NOTES TO FINANCIAL STATEMENTS
Years Ended September 30, 2020 and 2019

19. COMMITMENTS AND CONTINGENCIES

Grants: The Authority receives grants from federal and state assistance programs. Amounts received or receivable under these programs are subject to audit and adjustment. The amount, if any, of disallowed claims, including amounts already collected, cannot be determined at this time, although the Authority expects such amounts, if any, to be immaterial.

City of Orlando: The Operation and Use Agreement with the City of Orlando (Note 2) provided for certain future payments by the Authority to the City of Orlando in the amount of \$2.0 million in total plus 6% interest. The Agreement provides that all principal payments will be deferred and interest payments will be abated during the full term of airport revenue bonds issued for the construction of major new terminal facilities, runways or appurtenances at Orlando International Airport. It is improbable that this liability and related interest will be paid since the term of the revenue bonds issued for such items and the outstanding revenue bonds balance will extend beyond the terms of the Agreement. As of September 30, 2020, this contingent liability of the Authority amounted to approximately \$1.7 million.

Wetland Mitigation: Pursuant to environmental permits issued by the U. S. Army Corps of Engineers, the FDEP and the South Florida Water Management District (collectively, the Environmental Agencies), the Authority has been required to provide mitigation for impacts which Authority projects had on existing wetlands. Wetland mitigation includes the preservation of both upland and wetland land in their natural state, the enhancement of existing wetlands, and the creation of new wetland areas. Wetland mitigation may also include funding the acquisition of environmentally sensitive lands by third parties.

The Authority has completed the wetland mitigation activities for mitigation enhancements projects at the site of the Disney Wilderness Preserve and Heintzelman Boulevard Extension. The mitigation was for wetland impacts to areas associated with the future South Terminal and Fourth Runway and related development areas. The mandated agency success criteria has been achieved and long-term maintenance endowments have been fully funded. In 2011, the Authority completed the purchase of approximately \$11.5 million in mitigation credits from approved mitigation banks to offset proposed impacts to the East Airfield development area. On May 21, 2018, the Authority purchased \$195.0 thousand in mitigation credits from approved mitigation banks to offset proposed impacts to the Heintzelman Boulevard Extension. Unlike the mitigation projects discussed previously, such purchases satisfy permit requirements and do not require ongoing endowments. The mitigation banks assume the full responsibility to complete the off-site mitigation improvements. No such purchases were made in 2020.

Construction Disputes: The Authority is aware of a dispute with a contractor arising from the construction of improvements at Orlando International Airport. The contractor has filed a lawsuit resulting from a delay and impact claim against the Authority in the aggregate amount of approximately \$20,000,000 in addition to a separate delay claim in the amount of approximately \$1,100,000. The Authority vigorously contests both claims. Additionally, it is too early to evaluate any potential loss arising from the claims. As a result, no amounts have been recognized in the financial statements arising from these claims.

Concentration of Revenues: The Authority leases facilities to the airlines pursuant to the Resolution (see Note 17) and to other businesses to operate concessions at the Authority. For fiscal years ended September 30, 2020 and 2019, revenues realized from the following sources exceeded 5% of the Authority's total operating revenues:

	2020	2019
Southwest Airlines Co.	8.92 %	7.62 %
Enterprise Leasing Co. of Orlando	7.39	7.21
Delta Air Lines	5.13	5.20

GREATER ORLANDO AVIATION AUTHORITY
NOTES TO FINANCIAL STATEMENTS
Years Ended September 30, 2020 and 2019

20. ENVIRONMENTAL LIABILITIES

The Authority has certain polluted sites primarily from chemical and fuel spills, asbestos, and former landfills whereas the Authority is named or will be named a responsible or potentially responsible party or where pollution remediation has already commenced with monitoring being completed as necessary. The Authority recorded a pollution remediation liability as of October 1, 2008, measured at \$4.1 million, using the expected cash flow technique. Under this technique, the Authority estimated a reasonable range of potential outlays and multiplied those outlays by their probability of occurring. This liability could change over time due to changes in costs of goods and services, changes in remediation technology, or changes in laws and regulations governing the remediation efforts. The possibility of recovery of some of these costs from outside governmental funding or other parties exists; however, the Authority only recognizes these recoveries in the financial statements as they become probable. A summary of the changes in liability for the year ended September 30, 2020 and 2019, is as follows (in thousands):

	Balance October 1, 2019	Additions or Adjustments	Payments Current Year	Balance September 30, 2020

GREATER ORLANDO AVIATION AUTHORITY
NOTES TO FINANCIAL STATEMENTS
Years Ended September 30, 2020 and 2019

20. ENVIRONMENTAL LIABILITIES (continued)

The Authority has certain land sites that are being evaluated for potential remediation, in accordance with GASB 49, or are in the post-remediation stage with monitoring being completed as necessary.

In addition, the Authority has a polluted site from chemical and fuel spills, whereas the Authority is involved in litigation at Orlando International Airport. The liabilities associated with these sites are not reasonably estimable and, as such are not recorded in the financial statements.

21. SUBSEQUENT EVENTS

On October 15, 2020, the Greater Orlando Aviation Authority (GOAA) and the City of Orlando conveyed land near the 7-11 convenience store on the East Airfield and drainage easements along the Beachline (528) to the Central Florida Expressway Authority for approximately \$0.6 million. The land will be used for the development of the Brightline project.

On October 28, 2020, the Greater Orlando Aviation Authority (GOAA) received \$5.1 million from the Tavistock Development Company due to an agreement that was made at the time of original sales in May 2018 on the conservation easement located on the Poitras East property. According to the agreement, any portion of the easement would be valued and, therefore, sold at a higher per acre price if it could be release and used for development purposes. On September 10, 2020, 94.22 acres of the easement was released and was able to be sold at the higher per acre price (\$55,000 per acre).

On November 4, 2020, the Authority paid off the PNC Bank, N.A. line of credit that was due to expire on November 6, 2020. As of September 30, 2020, the Authority has a \$37.3 million outstanding balance that was paid off by a draw against the Bank of America, N.A. (2018) line of credit.

On December 30, 2020, the Florida Department of Transportation (FDOT) executed an amendment agreeing to defer the principal payments due on the FDOT loan for fiscal years 2021 and 2022 as a result of the effects of the COVID-19 pandemic. The final payment has now been extended to January 30, 2039 due to the two year deferral.

The COVID-19 pandemic is ongoing and the Airport cannot predict: (i) the duration of the pandemic; (ii) actions that may be taken by governmental authorities to contain the outbreak or to recover from its impact; (iii) the length of any current, or further imposition of, travel restrictions or the impact on demand for air travel at the Airport; (iv) the impact on the general airport revenues, customer facility charges, passenger facility charges, fund balances or cash reserves; (v) the impact on the airlines, automobile rental companies, retailers or concessionaires at the Airport; (vi) whether and to what extent the Authority provides or continues deferrals, forbearances, adjustments or other changes to arrangements with airlines, tenants or concessionaires or (vii) the impact on tourism industries in the state or on the local, state, domestic or global economy in general and its further effect on the travel industry.

Notes to Schedule

Valuation Date: 10/1/2017

Actuarially determined contribution rates are calculated as of October 1, two years prior to the end of the fiscal year in which contributions are reported.

Methods and assumptions used to determine contribution rates:

Actuarial Cost Method: Entry Age Normal

Actuarial Asset Method: All assets are valued at fair value with an adjustment made to uniformly spread actuarial investment gains and losses (as measured by actual fair value investment return against expected fair value investment return) over a five years period.

Mortality: RP-2000 Combined Healthy Table (sex distinct) with fully generational mortality

Interest Rate: 7.00% per year compounded annually, net of investment related expenses.

Normal Retirement Age: Below are the rates assumed once the Member has attained normal retirement eligibility:

Net Pension Liability as a Percentage of Covered Payroll:	<u>Number of Years Following NR</u>	<u>Age 65 with 7 Years Service</u>	<u>25 Years of Service</u>
		0	20%
	1	20%	30%
	2	20%	10%
	3	20%	10%
	4	20%	10%
	5	100%	100%

Covered Payroll	\$ 11,587	\$ 10,709	\$ 10,828	\$ 11,443	\$ 11,913
Contributions as a percentage of covered payroll	60.14 %	70.64 %	68.03 %	46.44 %	44.88 %

Early Retirement Age:

Below are the rates assumed once the Member has attained
 Early retirement eligibility:

Number of Years Following NR	Rate
0	2.00%
1	2.00%
2	5.00%
3	5.00%
4	5.00%
5	5.00%
6	5.00%
7	10.00%
8	15.00%
9	15.00%

The assumed rates of early retirement were approved in
 conjunction with an actuarial experience study dated
 September 26, 2016.

Termination Rate:

Service	Rate
<15	2.5%
15-19	2.0%
20-24	0.5%

The assumed rates of termination were approved in
 conjunction with an actuarial experience study dated
 September 26, 2016.

Salary Increases:

4.25% per year until the assumed retirement age. This was approved in conjunction
 with an actuarial study dated September 29, 2016.

Payroll Growth:

N/A

Marital Status:

100% of active members are assumed married. Additionally, male
 spouses are assumed to be three years older than female spouses

Funding Method:

Entry Age Normal Actuarial Cost Method.

Actuarial Asset Method:

All assets are valued at fair value with an adjustment made to uniformly spread
 actuarial investment gains and losses (as measured by actual fair value investment
 return against expected fair value investment return) over a five-year period.

SUPPLEMENTAL SCHEDULES

Supplemental schedules, although not necessary for fair presentation of financial position and results of operations in conformity with Generally Accepted Accounting Principles:

1. Present the composition of individual accounts that are used for legal or management purposes and are consolidated for financial statement reporting purposes.
2. Provide a budget versus actual comparison for those accounts for which an annual budget is adopted.
3. Provide additional information.

GREATER ORLANDO AVIATION AUTHORITY
2019-20 INSURANCE PROGRAM

The Authority has developed a risk management program in response to its exposure to risks related to torts; theft of, damage to, or destruction of assets; errors and omissions; employee workplace accidents or disease; and natural disasters. One mitigation strategy is the procurement of commercial insurance, which is summarized herein.

Property and liability insurance is renegotiated and renewed or replaced on May 1 of each calendar year.

Property Insurance

Owned property, not insured by others in compliance with their contractual obligations to the Authority, was insured by a package policy (the package) with Lloyd's of London for the first layer of insurance above self-insured retentions. Excess property coverage was provided by Factory Mutual (FM Global) Insurance Company.

Property coverage was all perils protection on a replacement cost basis with a maximum limit of \$500 million and included coverage for loss of business income from a covered property loss. Specific sub-limits applied to certain coverages, including \$250 million for damage caused by a named wind storm. There was a self-insured retention of \$100,000, a deductible of \$25,000 per occurrence and various deductibles per building and location for a named wind storm. The excess property policy also included boiler and machinery coverage and \$5 million terrorism coverage in excess of \$500,000.

All owned and leased vehicles were insured by the package and FM Global for the stated value of the vehicle or actual cash value above a self-insured retention per occurrence.

Terrorism insurance was provided by Lloyd's of London for property-related exposures with limits of \$295 million in excess of the \$5 million limit provided by FM Global and \$299.5 million with a \$500,000 self-insured retention. Excess terrorism insurance was provided by Lloyd's of London with limits of \$200 million in excess of \$300 million. Terrorism Plus insurance for contingent loss of revenue was provided by Lloyd's of London with limits of \$25 million and a deductible of \$1 million for acts within a 25 mile radius of the airport.

The package and excess property insurance policies included coverage for renovations, additions, alterations, remodeling, rehabilitation, repairs, etc. to existing structures. Builders' Risk (BR) property insurance for South Terminal C and associated projects, based on estimated values totaling \$2.896 billion, was provided by Lloyds of London. Specific sub-limits apply to certain exposures, including damage caused by a named wind storm of \$75 million. Named wind storm coverage of \$125 million in excess of the primary \$75 million limit and delay-debt service of \$50 million were also provided.

Loss by employee crime was insured by the package with Lloyd's of London up to a limit of \$500,000 including a \$25,000 self-insured retention and by Travelers Casualty and Surety Company of America up to \$5 million excess \$500,000.

Liability Insurance

For torts typically covered under General Liability and Auto Liability insurance, the Authority is afforded protection against losses consistent with the State of Florida sovereign immunity statute. These losses are capped at \$200,000 per person and \$300,000 per event. The Authority has elected to procure commercial insurance to respond to liabilities protected under sovereign immunity, along with any excess of the cap or any event not protected under sovereign immunity.

The Authority maintained airport liability insurance totaling \$1 billion. Coverage limit of \$100 million was provided by ACE Property and Casualty Insurance Company and specific sub-limits apply to certain exposures including limits for war risk and related exposures. Excess airport liability coverage of \$400 million in excess of \$100 million was provided by Lloyd's of London, and two excess layers of \$500 million in excess of \$500 million were provided by Westchester Specialty Insurance Services, including excess war risk and related exposures.

The package, underwritten by Lloyds of London, not only covered property and crime, but also the following liability coverages:

GREATER ORLANDO AVIATION AUTHORITY
2019-20 INSURANCE PROGRAM

- Liability for the operation of all owned and non-owned automobiles while driven off airport property with a \$1 million combined single limit per occurrence including a \$25,000 self-insured retention. Excess coverage was provided by ACE Property and Casualty Insurance Company with limits of \$50 million;
- Workers' compensation and employer's liability coverage with a \$150,000 limit for claims in excess of the \$150,000 self-insured retention per occurrence. Safety National Casualty Corporation provided excess coverage for claims that exceed \$300,000 per occurrence up to statutory limits and employer's liability coverage with limits of \$1 million. Excess employer's liability coverage was provided by ACE Property and Casualty as part of the airport liability policy with a sub-limit of \$50 million; and
- Public officials' liability, including employment practices liability, with limits of \$2 million including a self-insured retention of \$100,000.

Fiduciary liability coverage for the Authority's Retirement Benefits Committee was underwritten by Travelers Casualty and Surety Company with a \$5 million limit and a \$25,000 deductible.

Owner's protective professional insurance (OPPI) coverage for South Terminal C that is excess to design professional's insurance for first-party and third-party design errors and omissions, including latent defects, and excess to the professional liability policies of the Construction Manager @ Risk Contractors was provided by Lloyds of London with limits of \$15 million. OPPI coverage of \$110 million in excess of the primary \$15 million limit was provided by Indian Harbor Insurance Company, North American Capacity Insurance Company, Ironshore Specialty Insurance Company, and Lloyd's of London.

The Authority procured other ancillary insurance products, including performance bonds for board members, to protect itself and its employees, as required by law and/or based on risk appetite.

Group Insurance

Comprehensive health insurance (medical, dental, vision), group life and long-term disability insurance is provided by United Health Care Insurance Company (October to December 2019) and Cigna Health and Life Insurance Company (January to September 2020) for Authority employees. They also provide advice-to-pay for employee short-term disability claims, which are self-insured by the Aviation Authority.

STATISTICAL SECTION

This section contains statistical information and differs from the financial statements because it usually covers more than one fiscal year and may present non-accounting data.

This information is presented in five categories:

Financial Trends – intended to assist users in understanding and assessing how the Authority’s financial position has changed over time.

Revenue Capacity – intended to assist users in understanding and assessing the factors affecting the Authority’s ability to generate its own source revenues.

Debt Capacity – intended to assist users in understanding and assessing the Authority’s debt burden and its ability to cover and issue additional debt.

Demographic and Economic – intended to assist users in understanding the socioeconomic environment within which the Authority operates and to provide information that facilitates comparisons of financial statement information over time and among similar entities.

Operating – intended to provide contextual information about the Authority’s operations and resources to assist readers in using financial statement information to understand and assess the Authority’s economic condition.

- (1) Pursuant to the Rate Resolution, effective November 1, 2013, all prior lease and use agreements with the Airlines were terminated. As a result, the Authority no longer maintains information categorizing Airlines as “signatory” or “non-signatory.” Data reported as “Participating Airline Net Revenue Sharing” for Fiscal Years 2010 through 2013 reflects amounts paid to signatory airlines under the prior lease and use agreements. See “SUMMARY OF CERTAIN PROVISIONS OF THE RATE RESOLUTION AND THE AUTHORITY’S RATE MAKING METHODOLOGY – Transition to Rate Resolution” herein.
- (2) Unrestricted net position has been restated for fiscal years 2016 and 2015 and other operating expense has been restated for fiscal year 2016 as a result of the implementation of GASB 75 in fiscal year 2017. Unrestricted net position and other operating expense have not been restated for Fiscal Years prior to 2015 due to the fact that the information is not readily available and it is not practical to accumulate the information. See "Implementation of GASB 75" herein.
- (3) Includes amounts received as grants from federal and State programs.

Cost per enplaned passenger	\$9.95	\$5.70	\$5.86	\$5.69

(1) Effective November 1, 2013, the airlines classifications have been changed to Participating from Signatory and changed to Nonparticipating from Nonsignatory pursuant the *Resolution* adopted by the Authority Board October 16, 2013, see Note 15.

(2) Baggage System is a new activity type revenue classification introduced with the Resolution effective November 1, 2013. Previous years' revenues were derived using a real estate rate methodology and included under the Terminal Area Rents.

(3) For purpose of this schedule, the gross landing fee and the average annual terminal rent for 2014 through 2020 under the Resolution are the final true-up rates for all the airlines. During 2009 through 2013 the amounts reported represent the final Signatory rates and charges under the ALUA agreement. Prior to 2009 the landing and rental rates reported represent the budgeted rates.

Available Net Revenues	[G=C-D] 157,718	193,591
Subordinate Debt Service Coverage	[G/H] 15.69	25.62

- (1) Revenues are earned by the Airport Facilities Revenue Account, before revenue sharing with airlines required by the Airlines Lease and Use Agreement and on the Rate and Revenue Sharing Agreement, see Note 17 for more information, plus miscellaneous receipts in the Operations and Maintenance Account.
- (2) Expenses and encumbrances incurred within the Airport Facilities Operations and Maintenance Account.
- (3) Effective in FY 2017, Available PFC Revenues are applied as an offset to Debt Service instead of included in Revenues pursuant to the Amended and Restated Bond resolution dated September 2015. See Note 11 for additional information.

(1) Pursuant to the Bond Resolution The CFC Bond series 2009 and 2018 is paid solely from Customer Facility Charges. Additional Debt Coverage ratios for the CFC Bonds can be found on the following schedule, Debt Service Coverage Rate Covenant, Special Purpose Facility Taxable Revenue Bonds.

(2) Includes Passenger Facility Charge Supported Debt, excludes Special Facility Revenue Bond Series 2009/2018.

(3) Includes Special Facility Revenue Bond Series 2009/2018.

(4) Passenger Facility Charges and Customer Facility Charges are considered non operating revenue and are therefore excluded from Operating Revenues, but are included in Total Revenues above.

(5) The Authority has no statutory debt limit.

- (1) The Authority is currently authorized to impose a PFC of \$4.50 per enplaned passenger at the Airport.
- (2) Expenditures for each application may commence upon notification of the approval of the Application. For reporting purposes, PFC collections are reported as applied to each application in order of the applications until the collection authority amount has been met for each application. As a result of this reporting method, there are allowable expenditures reported for applications that may not show collections directly assigned to them.
- (3) PFC Application #19, which is an amendment to PFC Applications #11, #13, #14, #15, #16, #17, and #18, achieves a uniform \$4.50 collection rate.

GREATER ORLANDO AVIATION AUTHORITY
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
AND STATE FINANCIAL ASSISTANCE
For the Year Ended September 30, 2020

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Schedule of Expenditures of Federal Awards and State Financial Assistance has been prepared using the accrual basis of accounting. The accrual basis of accounting recognizes revenues when they are earned and expenditures when they are incurred. A reconciliation of the amounts included in the Schedule of Expenditures of Federal Awards and State Financial Assistance to the amounts included in the Statements of Revenues, Expenses and Changes in Net Position for the fiscal year ended September 30, 2020, is as follows:

Schedule of Expenditures of Federal Awards and State Financial Assistance:	
Federal Award Expenditures	\$ 27,203,203
State Financial Assistance	48,471,204
Federal Awards and State Financial Assistance	<u>\$ 75,674,407</u>
Statements of Revenues, Expenses and Changes in Net Position:	
Federal and State Grants – Nonoperating Revenues	\$ 811,542
Capital Contributions	87,184,912
Contributions from Other Miscellaneous Sources	(3,526,218)
TSA not included on SEFA 70T04018T9CAP1154 (Elec Baggage Screening)	(5,139,979)
FDOT not included on SEFA	(3,655,850)
Federal Awards and State Financial Assistance	<u>\$ 75,674,407</u>

2. FDOT INDEBTEDNESS

The FDOT Indebtedness is described in a Joint Participation Agreement (JPA), as amended between the Authority and the Florida Department of Transportation (FDOT) for the Transportation Regional Incentive Program (TRIP), under which the FDOT, combined with other FDOT grants will provide total funding of approximately \$211.0 million to fund the Intermodal Terminal Facility (ITF). The Authority is required to reimburse FDOT \$52.7 million of the funds under the JPA, and the balance was a grant. The proceeds of the Loan was used to pay for portions of the ITF that are related to the construction of the passenger rail terminal being developed as part of the ITF adjacent to the Automated People Mover system. Under the JPA the Authority is obligated to repay the FDOT Loan over a period of 18 years with no interest due commencing January 30, 2020. As of September 30, 2020 and 2019, respectively, the Authority had an outstanding balance of \$50.2 million and \$52.7 million.

3. CONTINGENCY

The grant revenue amounts received are subject to audit and adjustment. If any expenditures are disallowed by the grantor agency as a result of such an audit, any claim for reimbursement to the grantor agencies would become a liability of the Authority. In the opinion of management, all grant expenditures are in compliance with the terms of the grant agreements and applicable federal laws and regulations.

4. INDIRECT COST RATE ELECTION

The Authority did not elect to charge the de minimis rate of 10% for determining indirect cost amounts, as permitted in Section 200.414 of the Uniform Guidance.

5. COVID-19 RECEIPT OF DONATED PERSONAL PROTECTIVE EQUIPMENT (PPE)

The Federal Emergency Management Agency donated to the Greater Orlando Aviation Authority, PPE face masks, with an estimated fair market value of \$324,480 for the fiscal year ending September 30, 2020.

GREATER ORLANDO AVIATION AUTHORITY
 NOTES TO SCHEDULE OF PASSENGER FACILITY CHARGES REVENUES AND EXPENDITURES
 Year Ended September 30, 2020
 (in thousands)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Schedule of Passenger Facility Charges has been prepared using a modified cash basis of accounting. The modified cash basis of accounting recognizes revenues when they are received and expenditures when they are paid, with the exception of retainage, which is recorded when incurred. A reconciliation of the amounts included in the Schedule of Passenger Facility Charges to amounts included in the Statements of Revenues, Expenses and Changes in Net Position for the fiscal year ended September 30, 2020, is as follows (in thousands):

Schedule of Passenger Facility Charges Revenue:	
Passenger Facility Charges Collected	\$ 58,360
Passenger Facility Charges Revenue	<u>\$ 58,360</u>
Statements of Revenues, Expenses and Changes in Net Position:	
Passenger Facility Charges - nonoperating revenues	\$ 52,308
Net Passenger Facility Charges Accrual	<u>6,052</u>
Passenger Facility Charges Revenue	<u>\$ 58,360</u>

INDEPENDENT AUDITOR’S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM, MAJOR STATE PROJECT, AND THE PASSENGER FACILITY CHARGE PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE AND REPORT ON SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE AND SCHEDULE OF PASSENGER FACILITY CHARGES REQUIRED BY THE UNIFORM GUIDANCE, CHAPTER 10.550, *RULES OF THE AUDITOR GENERAL*, AND *PASSENGER FACILITY CHARGE AUDIT GUIDE FOR PUBLIC AGENCIES*

The Authority Board
Greater Orlando Aviation Authority
Orlando, Florida

Report on Compliance for Each Major Federal Program, Major State Project, and the Passenger Facility Charge Program

We have audited the compliance of the Greater Orlando Aviation Authority (the “Authority”) with the types of compliance requirements described in the U.S. Office of Management and Budget (“OMB”) *Compliance Supplement*, the requirements described in the Department of Financial Services’ *State Projects Compliance Supplement*, and the requirements described in the *Passenger Facility Charge Audit Guide for Public Agencies* issued by the Federal Aviation Administration (the “Guide”) that could have a direct and material effect on each of the Authority’s major federal programs, major state projects, and the passenger facility charge program for the fiscal year ended September 30, 2020. The Authority’s major federal programs and major state projects are identified in the summary of auditor’s results section of the accompanying Schedule of Findings and Questioned Costs.

Management’s Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs, state projects, and the passenger facility charge program.

Auditor’s Responsibility

Our responsibility is to express an opinion on compliance for each of the Authority’s major federal programs, major state projects, and the passenger facility charge program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations*, Part 200, *Uniform Administrative Requirements, Cost Principles, and the Audit Requirements for Federal Awards* (“Uniform Guidance”); and Chapter 10.550, *Rules of the Auditor General*; and the Guide.

Auditor's Responsibility (Continued)

Those standards, the Uniform Guidance, Chapter 10.550, *Rules of the Auditor General*, and the Guide require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program, major state project, or the passenger facility charge program occurred. An audit includes examining, on a test basis, evidence about the Authority's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program, major state project, and the passenger facility charge program. However, our audit does not provide a legal determination of the Authority's compliance.

Opinion on Each Major Federal Program, Major State Project, and the Passenger Facility Charge Program

In our opinion, the Authority complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs, major state projects, and the passenger facility charge program for the fiscal year ended September 30, 2020.

Report on Internal Control over Compliance

Management of the Authority is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Authority's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program, major state project, and the passenger facility charge program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program, major state project, and the passenger facility charge program and to test and report on internal control over compliance in accordance with the Uniform Guidance, Chapter 10.550, *Rules of the Auditor General*, and the Guide, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct noncompliance with a type of compliance requirement of a federal program, state project, or the passenger facility charge program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program, state project, or the passenger facility charge program will not be prevented, or detected and corrected on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program, state project, or the passenger facility charge program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Report on Internal Control over Compliance (*Continued*)

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance, Chapter 10.550, *Rules of the Auditor General*, and the Guide. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards and State Financial Assistance and Schedule of Passenger Facility Charges

We have audited the basic financial statements of the Authority as of and for the fiscal year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements. We issued our report thereon dated February 19, 2021, which contained an unmodified opinion on those financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards and state financial assistance, and schedule of passenger facility charges are presented for purposes of additional analysis, as required by the Uniform Guidance, Chapter 10.550, *Rules of the Auditor General*, and the Guide, and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

None reported.

**SECTION III - FEDERAL AWARD AND STATE FINANCIAL ASSISTANCE FINDINGS
AND QUESTIONED COSTS SECTION**

None reported.

GREATER ORLANDO AVIATION AUTHORITY
SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS

For the Year Ended September 30, 2020

PRIOR YEAR AUDIT FINDINGS

No matters were reported over federal awards, state financial assistance, or passenger facility charges in the prior year.

**INDEPENDENT AUDITOR’S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

The Authority Board
Greater Orlando Aviation Authority
Orlando, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the basic financial statements, as listed in the table of contents, of the Greater Orlando Aviation Authority (the “Authority”) as of and for the fiscal year ended September 30, 2020, and have issued our report thereon dated February 19, 2021.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Authority’s internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority’s internal control. Accordingly, we do not express an opinion on the effectiveness of the Authority’s internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Authority's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain other matters that we reported to management in a separate letter dated February 19, 2021.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Authority's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT ACCOUNTANT'S REPORT

The Authority Board
Greater Orlando Aviation Authority
Orlando, Florida

We have examined the compliance of the Greater Orlando Aviation Authority (the "Authority") with the requirements of Section 218.415, Florida Statutes, during the fiscal year ended September 30, 2020. Management is responsible for the Authority's compliance with those requirements. Our responsibility is to express an opinion on the Authority's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Authority is in accordance with those requirements, in all material respects. An examination involves performing procedures to obtain evidence about the Authority's compliance with those requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion. Our examination does not provide a legal determination on the Authority's compliance with specified requirements.

In our opinion, the Authority complied, in all material respects, with the aforementioned requirements for the fiscal year ended September 30, 2020.

INDEPENDENT AUDITOR'S MANAGEMENT LETTER

The Authority Board
Greater Orlando Aviation Authority
Orlando, Florida

Report on the Financial Statements

We have audited the financial statements of the Greater Orlando Aviation Authority (the "Authority") as of and for the fiscal year ended September 30, 2020, and have issued our report thereon dated February 19, 2021.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations*, Part 200, *Uniform Administrative Requirements, Cost Principles, and the Audit Requirements for Federal Awards* ("Uniform Guidance"); Chapter 10.550, *Rules of the Auditor General*; and the *Passenger Facility Charge Audit Guide for Public Agencies*.

Other Reporting Requirements

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*; Independent Auditor's Report on Compliance for Each Major Federal Program, Major State Project, and the Passenger Facility Charge Program and on Internal Control over Compliance and Report on Schedule of Expenditures of Federal Awards and State Financial Assistance and Schedule of Passenger Facility Charges Required by the Uniform Guidance, Chapter 10.550, *Rules of the Auditor General*, and *Passenger Facility Charge Audit Guide for Public Agencies*; Schedule of Findings and Questioned Costs; and Independent Accountant's Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, *Rules of the Auditor General*. Disclosures in those reports and schedule, which are dated February 19, 2021, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., *Rules of the Auditor General*, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no findings or recommendations made in the preceding annual financial report.

Official Title and Legal Authority

Section 10.554(1)(i)4., *Rules of the Auditor General*, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The legal authority is disclosed in the notes to the financial statements.

Financial Condition and Management

Sections 10.554(1)(i)5.a. and 10.556(7), *Rules of the Auditor General*, require us to apply appropriate procedures and communicate the results of our determination as to whether or not the Authority has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and identification of the specific condition(s) met. In connection with our audit, we determined that the Authority did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), *Rules of the Auditor General*, we applied financial condition assessment procedures for the Authority. It is management's responsibility to monitor the Authority's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Section 10.554(1)(i)2., *Rules of the Auditor General*, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Special District Component Units

Section 10.554(1)(i)5.c., *Rules of the Auditor General*, requires, if appropriate, that we communicate the failure of a special district, to provide the financial information necessary for proper reporting of the component unit within the audited financial statements of the county, municipality, or special district in accordance with Section 218.39(3)(b), Florida Statutes. In connection with our audit, we did not note any special district components that failed to provide the necessary information for proper reporting in accordance with Section 218.39(3)(b), Florida Statutes.

Additional Matters

Section 10.554(1)(i)3., *Rules of the Auditor General*, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Authority's Board, and applicable management, and is not intended to be, and should not be, used by anyone other than these specified parties.
