

CASE # CDR-18-10-351
Commission District: # 1

GENERAL INFORMATION

APPLICANT	Eric Warren, Poulos & Bennett, LLC
OWNER	Avalon Properties, LTD
PROJECT NAME	Springhill Planned Development (PD)
PARCEL ID NUMBER	08-24-27-0000-00-005 (affected parcel only)
TRACT SIZE	551.77 gross acres (<i>overall PD</i>) 29.28 gross acres (<i>affected parcel only</i>)
LOCATION	Generally located north of Water Springs Boulevard and west of Avalon Road
REQUEST	<p>A PD substantial change to reallocate thirty-four (34) units from PD Parcel 15 to PD Parcel 35. In addition, the applicant has requested the following three (3) waivers from Orange County Code for PD Parcel 35 only:</p> <ol style="list-style-type: none">1. A waiver from Section 38-1258(a), for Parcel 35, to allow multi-family residential buildings located within ten (10) feet of single-family zoned property along the west parcel line and one hundred (100) feet along the south parcel line to be constructed up to five-stories and 65 feet in height, in lieu of the requirement that multi-family buildings within one hundred (100) feet of a single-family zoned property be restricted to a single-story in height.2. A waiver from Section 38-1258(b), for Parcel 35, to allow multi-family buildings located between one hundred plus (100+) feet to one hundred and fifty (150) feet of single-family zoned property to be constructed up to five-stories and 65 feet in height, in lieu of the requirement that multi-family buildings located between one hundred plus (100+) feet to one hundred and fifty (150) feet of single-family zoned property shall vary in building height with a maximum of fifty (50) percent of the buildings being three (3) stories (not to exceed forty (40) feet) in height with the remaining buildings being one (1) story or two (2) stories in height.

3. A waiver from Section 38-1258(c), for Parcel 35, to allow multi-family buildings located within ten (10) feet of single-family zoned property along the west parcel line and one hundred (100) feet along the south parcel line to be constructed up to five-stories and 65 feet in height, in lieu of the requirement that multi-family buildings located within one hundred and fifty (150) feet of single-family zoned property shall not exceed three (3) stories (forty (40) feet) in height.

Applicant Justification for Waivers 1-3: The Village H specific area plan principles promote compact pedestrian-oriented environments by creating a mixed-use character through the integration of uses. The separation of residential multi-family buildings is contrary to the principles of walkable neighborhoods. Section 38-1258, Orange County Code is intended to provide compatibility between multi-family and single-family developments on a countywide basis. These requirements are not consistent with the integrated, mixed use development in the approved village h specific area plan. By allowing taller multi-family buildings, adjacent to single-family zoned property, development will be more consistent and compatible with Village H principles.

PUBLIC NOTIFICATION A notification area extending beyond eight hundred (800) feet was used for this application [Chapter 30-40(c)(3a) of the Orange County Code requires 300 feet]. Two hundred thirty-seven (237) notices were mailed to those property owners in the notification buffer area. A community meeting was not required for this application.

IMPACT ANALYSIS

Special Information

The Springhill PD was originally approved on April 9, 2013 and is located within the Village H Special Planning Area boundary of Horizon West in southwest Orange County. Consistent with the underlying Village H SPA land use map, the overall PD includes areas designated Village Center District, Neighborhood Center District, Apartment District, Townhome District, Village Home District, Estate District, and Garden Home District. The PD provides for 1,334 residential dwelling units, and 112,391 square feet of non-residential uses. In addition, the PD provides numerous Adequate Public Facilities (APF) including an elementary school, neighborhood park, fire station, utility tract, and other rights-of-way and multi-purpose paths.

Through this PD Change Determination Request (CDR), the applicant is seeking to reallocate thirty-four (34) units from Parcel 15 to Parcel 35 and is requesting three (3) waivers related to multi-family height and separation requirements.

Land Use Compatibility

The proposed PD substantial change would not adversely impact any adjacent properties or result in an incompatible land use pattern.

Comprehensive Plan (CP) Consistency

The subject property has an underlying Future Land Use Map (FLUM) designation of Village (V). The subject parcel located in Village H and is designated as Apartment District (Parcel 35) and Village Center (Parcel 15). The proposed Change Determination Request (CDR) is consistent with the designation and all applicable CP provisions; therefore, a CP amendment is not necessary.

Overlay Ordinance

The subject property is not located within an Overlay District.

Rural Settlement

The subject property is not located within a Rural Settlement.

Joint Planning Area (JPA)

The subject property is not located within a JPA.

Environmental

The applicant shall use caution to prevent erosion during construction along the boundary of the property, into wetlands and buffers, and into all drainage facilities and ditches. Construction will require Best Management Practices (BMPs) for erosion control. Minimize the extent of area exposed at one time, apply perimeter controls where necessary, and perform maintenance checks every seven (7) days and after every 1/2 inch rain. The construction entry area shall be designed to prevent trucks from tracking soil onto local roads and the affected storm drainage system shall be protected as indicated in 34-250(g). This may require periodic street sweeping.

This project site has a prior land use that may have resulted in petroleum spills, agricultural related contamination (including cattle operations), and fertilizer, pesticide or herbicide spillage. Prior to any preliminary subdivision plan or development plan (PSP/DP) submittal, the Orange County EPD will require a completed Phase I Environmental Site Assessment (ESA). If a site is determined to have soil or groundwater contamination, then the applicant must provide documentation to assure compliance with the Florida Department of Environmental Protection (FDEP) regulation 62-777 Contaminant Cleanup Target Levels. Depending upon the Phase I results, sampling of soils and/or groundwater may also be required prior to approvals. If a Phase I ESA is not submitted at the requested time, then additional conditions of approval including required covenants, conditions, and restrictions (CCRs), will be necessary on the PSP/DP regarding the contamination potential. If a Phase I or II ESA has been completed for parcel 35 submit a copy for EPD to review.

This agreement was negotiated based on the approved Horizon West Global Road Term Sheet.

As proof of satisfaction of the project's transportation concurrency obligations, and in compliance with that certain Village H Road Network Agreement recorded at O.R. Book 10525, Page 6172, Public Records of Orange County, Florida, the developer must provide a valid Assignment of Vested Trips document together with the applicable Confirmation Letter issued by Orange County, concurrently with or prior to Preliminary Subdivision Plan/Development Plan submittal. ACTION REQUESTED

Development Review Committee (DRC) Recommendation – (April 24, 2019)

Make a finding of consistency with the Comprehensive Plan and recommend APPROVAL of the Springhill Planned Development / Land Use Plan (PD/LUP), dated "March 8, 2019", subject to the following conditions:

1. Development shall conform to the Springhill PD Land Use Plan (LUP) dated "Received March 8, 2019," and shall comply with all applicable federal, state, and

county laws, ordinances, and regulations, except to the extent that any applicable county laws, ordinances, or regulations are expressly waived or modified by any of these conditions. Accordingly, the PD may be developed in accordance with the uses, densities, and intensities described in such Land Use Plan, subject to those uses, densities, and intensities conforming with the restrictions and requirements found in the conditions of approval and complying with all applicable federal, state, and county laws, ordinances, and regulations, except to the extent that any applicable county laws, ordinances, or regulations are expressly waived or modified by any of these conditions. If the development is unable to achieve or obtain desired uses, densities, or intensities, the County is not under any obligation to grant any waivers or modifications to enable the developer to achieve or obtain those desired uses, densities, or intensities. In the event of a conflict or inconsistency between a condition of approval and the land use plan dated "Received March 8, 2019," the condition of approval shall control to the extent of such conflict or inconsistency.

2. This project shall comply with, adhere to, and not deviate from or otherwise conflict with any verbal or written promise or representation made by the applicant (or authorized agent) to the Board of County Commissioners ("Board") at the public hearing where this development received final approval, where such promise or representation, whether oral or written, was relied upon by the Board in approving the development, could have reasonably been expected to have been relied upon by the Board in approving the development, or could have reasonably induced or otherwise influenced the Board to approve the development. In the event any such promise or representation is not complied with or adhered to, or the project deviates from or otherwise conflicts with such promise or representation, the County may withhold (or postpone issuance of) development permits and / or postpone the recording of (or refuse to record) the plat for the project. For purposes of this condition, a "promise" or "representation" shall be deemed to have been made to the Board by the applicant (or authorized agent) if it was expressly made to the Board at a public hearing where the development was considered and approved.
3. Pursuant to Section 125.022, Florida Statutes, issuance of this development permit by the County does not in any way create any rights on the part of the applicant to obtain a permit from a state or federal agency and does not create any liability on the part of the County for issuance of the permit if the applicant fails to obtain requisite approvals or fulfill the obligations imposed by a state or federal agency or undertakes actions that result in a violation of state or federal law. Pursuant to Section 125.022, the applicant shall obtain all other applicable state or federal permits before commencement of development.
4. Developer / Applicant has a continuing obligation and responsibility from the date of approval of this land use plan to promptly disclose to the County any changes in ownership, encumbrances, or other matters of record affecting the property that is subject to the plan, and to resolve any issues that may be identified by the County as a result of any such changes. Developer / Applicant acknowledges and understands that any such changes are solely the Developer's / Applicant's obligation and responsibility to disclose and resolve, and that the Developer's / Applicant's failure to disclose and resolve any such changes to the satisfaction of the County may result in the County not issuing (or delaying issuance of)

development permits, not recording (or delaying recording of) a plat for the property, or both.

5. Property that is required to be dedicated or otherwise conveyed to Orange County (by plat or other means) shall be free and clear of all encumbrances, except as may be acceptable to County and consistent with the anticipated use. Owner / Developer shall provide, at no cost to County, any and all easements required for approval of a project or necessary for relocation of existing easements, including any existing facilities, and shall be responsible for the full costs of any such relocation prior to Orange County's acceptance of the conveyance. Any encumbrances that are discovered after approval of a PD Land Use Plan shall be the responsibility of Owner / Developer to release and relocate, at no cost to County, prior to County's acceptance of conveyance. As part of the review process for construction plan approval(s), any required off-site easements identified by County must be conveyed to County prior to any such approval, or at a later date as determined by County. Any failure to comply with this condition may result in the withholding of development permits and plat approval(s).
6. The Applicant shall coordinate with the County's Roadway Agreement Committee and comply with the terms and conditions of that certain Village H Horizon West Road Network Agreement approved on 2/12/2013 and recorded at Official Records Book 10525, page 6172, Public Records of Orange County, Florida, as may be amended.
7. Prior to or concurrently with the County's approval of the plat, documentation shall be provided from Orange County Public Schools that this project is in compliance with the Capacity Enhancement Agreement. Unless the property is otherwise vested or exempt, the applicant shall be subject to school concurrency and required to go through the review process prior to platting.
8. Development of the subject property shall comply with all state and federal regulations regarding wildlife and plants listed as imperiled species (endangered, threatened, or species of special concern). The applicant is responsible to determine the presence of these concerns and to verify and obtain, if necessary, any required habitat permitting of the U.S. Fish and Wildlife Service (USFWS) and the Florida Fish & Wildlife Conservation Commission (FWC).
