SUBJ: **Authorization to record the plat for Faye Street**

Faye Street, from Rock Springs Road (County Road 435) running east approximately 860 feet, is a County maintained road that lacks benefit of any dedicated public right-of-way along the length of the road. The Roads and Drainage Division has a long documented history of maintaining this section of right-of-way and, in accordance with Florida Statutes, Section 95.361, when a County or Municipality regularly maintains or repairs a road for the immediate past seven years, such road shall be deemed to be dedicated to the public to the length and width that was actually maintained. In accordance with this Statute and based on our records, the Public Works Department has prepared a plat map depicting the area of Faye Street that has been maintained by the County. Approval and recording of this plat map will vest all right, title, and easement over this section of road to Orange County.

Action Requested: Authorization to record the plat for Faye Street. District 2.
