SUBJECT: **May 21, 2024 – Work Session**
Septic Tank Workgroup Policy Recommendations
Contact Person: Andres Salcedo, P.E., Deputy Director
Utilities Department
407-254-9719

This work session will provide a follow-up to previous presentations from the Septic Tank Workgroup (the “Workgroup”) that is evaluating relevant policies throughout the County. The Workgroup is comprised of staff from multiple County departments and from the Florida Department of Health. The Workgroup was introduced to the Board in February of 2022, followed by two additional work sessions that introduced each subgroup, and another work session that provided an overview and results of the Groundwater Vulnerability Assessment, in 2023.

At this work session, staff will summarize the stakeholder engagement, present the Workgroup policy recommendations, and discuss the next steps.
