CHAPTER 21 OF THE ORANGE COUNTY CODE TO  
PERMIT THE USE OF GOLF CARTS ON DESIGNATED  
PUBLIC ROADS AND STREETS IN THE  
UNINCORPORATED AREA OF ORANGE COUNTY; AND  
PROVIDING AN EFFECTIVE DATE**

**BE IT ORDAINED BY THE BOARD OF COUNTY COMMISSIONERS OF  
ORANGE COUNTY, FLORIDA:**

*Section 1. Creation of Article IX, Chapter 21, Orange County Code, Use of Golf  
Carts on Designated Public Roads and Streets.* Article IX is hereby created in Chapter 21 of  
the Orange County Code to read as follows:

**ARTICLE IX.**

**USE OF GOLF CARTS ON DESIGNATED PUBLIC  
ROADS AND STREETS**

**Section 21-291. Title.**

This article shall be known and may be cited as the "Orange  
County Golf Cart Ordinance."

**Section 21-292. Intent and purpose.**

(a) As authorized by Section 316.212, Florida Statutes,  
it is the intent and purpose of this article to allow the operation of  
golf carts on designated public roads and streets in the  
unincorporated area of the County, subject to the requirements of  
this article.

(b) It is not the intent and purpose of this article to  
address the operation of golf carts within any self-contained  
retirement community, as golf carts are permitted there under  
Section 316.2125, Florida Statutes.

**Section 21-293. Definitions.**

For purposes of this article, the following terms shall be defined as follows:

*Board* means the Orange County Board of County Commissioners.

*Designated streets* mean public roads and streets in the unincorporated area that have been designated by the Board for the operation of golf carts, subject to the requirements of this article.

*Golf cart* means a motor vehicle that is designed and manufactured for operation on a golf course for sporting or recreational purposes and that is not capable of exceeding speeds of 20 miles per hour, as defined by Section 320.01, Florida Statutes.

**Section 21-294. Determination for operation on designated public roads and streets; registration; signage.**

(a) *Determination.* After considering all relevant factors, including the speed, volume, and character of motor vehicle traffic using certain public roads and streets, the Board may determine, in its sole discretion, that golf carts may safely travel on or across those public roads and streets in the unincorporated area, and designate those public roads and streets for the operation of golf carts, subject to the requirements of this article. The process for seeking such a determination shall be as follows:

(1) a Florida not-for-profit or non-profit entity representing a single-family residential development, such as a mandatory or voluntary homeowners association, or a combination of such entities, whose members are the owners of property in the development, or developments, may file an application with the Orange County Traffic Engineering Division for permission to operate golf carts on one or more public roads and streets within the development or developments, and between the developments, subject to paying an application fee in an amount established by the Board, and presenting the following information: a sworn, notarized statement from an authorized officer with the entity that the question of whether the use of golf carts on public roads and streets in the single-family development should or should not be permitted by the Board was presented to all the owners of private lots within the development, at least a majority of the owners of private lots within the development responded to the question, and at least a majority of the owners of private lots within the

development who responded to the question support the use of golf carts on public roads and streets in the development.

(2) The Traffic Engineering Division shall identify all the public roads and streets inside the development that are two-lane residential roads, and, if applicable, any arterial or collector roads that may need to be crossed at signalized intersections, and recommend to the Board whether golf carts may safely travel on or cross some or all of those public roads or streets, considering factors including the speed, volume, and character of motor vehicle traffic using the public roads and streets.

(3) If the Board, in its sole discretion, accepts the Traffic Engineering Division's recommendation to allow golf carts to travel on or cross roads or streets, the Board may make a determination in the form of a Resolution designating the public roads and streets that may be used by golf carts, subject to the requirements of this article. Such designation shall be deemed a privilege, not a right, and shall remain in effect unless or until the Resolution is repealed by the Board, in its sole discretion.

(b) *Registration.* A golf cart shall not be operated on designated streets unless the owner of the golf cart registers the golf cart with the Traffic Engineering Division, pays a registration fee in an amount established by the Board, and affixes a registration decal on the rear of the golf cart.

(c) *Signage.* The Traffic Engineering Division shall be responsible for posting appropriate signage on designated streets indicating where the operation of golf carts is allowed pursuant to this article.

#### **Section 21-295. Prohibitions.**

(a) Any vehicle that does not meet the definition of a golf cart shall not be afforded any of the privileges provided in this article.

(b) A golf cart shall not be operated on a public road or street that is not designated for such use under this article.

(c) A golf cart shall not be operated on a public road or street that is a part of the State Highway System unless specifically authorized by the State of Florida Department of Transportation, as provided in Section 316.212(2), Florida Statutes.

(d) A golf cart shall not be operated on a public sidewalk, a public path, or a public trail.

(e) A child under the age of six years shall be prohibited from being transported in a golf cart unless the child is secured in a crash-tested, federally approved child restraint device specified in Section 316.613(1)(a), Florida Statutes, and the golf cart is being operated by a person who is at least eighteen years of age.

**Section 21-296. Requirements for operation of golf carts on designated streets.**

(a) A golf cart operator shall comply with all applicable state and local traffic laws and may be ticketed for a traffic violation in the same manner as the motor operator of a motor vehicle under state laws.

(b) *Operating requirements.*

(1) *Age of driver.* A golf cart may be operated only by a person who is at least sixteen years of age.

(2) *Driver's license or learner's permit required.* A golf cart shall not be operated on designated streets by anyone not in possession of a valid driver's license or learner's permit.

(3) *Hours of operation.* A golf cart may be operated on designated streets only between sunrise and sunset.

(5) *Number of passengers.* A golf cart operating under this article shall be occupied by no more people than for whom there are seatbelts in the golf cart.

(6) *Seatbelts.* Whenever the golf cart is in motion, the occupants of the golf cart, including any child under the age of six years sitting in a child restraint device, shall be secured by seatbelts.

**Section 21-297. Assumption of the risk; indemnification and hold harmless.**

The County extends the privilege of operating a golf cart on designated streets on the express condition that any person operating a golf cart on any designated street does so at his/her own risk; must operate such golf cart with due regard for the safety and convenience of passengers, other motor vehicles, bicyclists and pedestrians; assumes sole responsibility and liability for operating the golf cart on designated streets; and by such operation agrees to defend, release, indemnify and hold harmless the County, its officials and employees for and regarding any and all claims, demands, or damages of any nature whatsoever arising from such operation.

**Section 21-298. Liability insurance.**

Any owner and/or operator of a golf cart on designated streets shall be responsible for purchasing and maintaining liability insurance that includes insuring the owner and/or operator against loss from liability for death, bodily injury, and property damage arising out of the ownership, maintenance, or use of a motor vehicle and is not less than the minimum requirements described in Section 324.021(7), Florida Statutes.

**Section 21-299. Penalties; remedies.**

To the extent not inconsistent with Florida law, a violation of this article shall be subject to an injunction, temporary or permanent, without the necessity of a showing of irreparable harm.
