

## COMMENT 7 ILLEGAL BORROW PIT

The co-applicant on this case has an illegal borrow pit that has been in operation for 5 years and remains open. The state case number on this matter is 20-005383EF State of FL Department of Environmental protection vs Agricultural Fuels Corp. Agricultural Fuels Corp. is leasing the land within the lake pickett study area. The co-applicant will stand to substantially benefit financially from this transmittal if passed all the while being referenced as causing irreparable harm to the environment, waste violations, groundwater contamination, unpermitted wetland infill and dredging, disposing of waste in the econ river, and outstanding fees associated with the cease and desist. The pit remains open today. Please make the applicant clean the mess up on the land she owns before considering transmittal of any project. Vote no on Sustanee.
