SUBJECT: Request for Commissioner's Report re: Explore Our Parks Program

Please allow this to serve as an official request for a Commissioner's Report to discuss the launch of our Explore Our Parks Program at parks in District 2.

The date the program begins is March 16, 2019. In conjunction with the Parks and Recreation Division, we have designed a program for children in fourth and fifth grades to learn science facts as they tour one of three parks with their parent or guardian.
