SUBJECT: July 11, 2023 – Consent Item
May 2023 Sustainable Communities Grants

The Orange County Sustainability Plan provides a framework for working towards sustainability, as well as goals and strategies that will serve to integrate sustainability into our culture, decision-making, and governance.

The Neighborhood Services Division administers the Sustainable Communities Grant which provides funds for neighborhood organizations to help reduce pollution and their carbon footprint. The grant is available countywide in amounts up to \$5,000. Applications are accepted year-round and reviewed in fiscal quarters one, two and three by the Neighborhood Grants Advisory Board (NGAB). The Environmental Protection Division (EPD) helped to develop the grant's criteria and assists applicants in developing projects that reduce pollution and their carbon footprint. Organizations are required to provide a letter of support from EPD, which has been provided for these projects. Finally, the organization is required to sign a letter of agreement recognizing their responsibilities throughout the grant process and demonstrate an ability to maintain the project.

The NGAB is recommending approval of the May 2023 Sustainable Communities Grants to Pine Ridge Estates (\$5,000), Winter Park Pines Community Association (\$5,000), and Joslin Grove Park (\$5,000) (see Attachment A). The grant request is displayed in greater detail in Attachment B, C, and D.

ACTION REQUESTED: Approval of the Neighborhood Grants Advisory Board recommendations of the May 2023 Sustainable Communities Grants to Pine Ridge Estates (\$5,000), Winter Park Pines Community Association (\$5,000), and Joslin Grove Park (\$5,000) and authorization for the Director of Planning, Environmental, and Development Services to execute the associated grant agreements. Districts 2, 5, and 6.
