

**ORDINANCE NO. 2020-08**

**AN ORDINANCE PERTAINING TO COMPREHENSIVE PLANNING IN ORANGE COUNTY, FLORIDA; AMENDING THE ORANGE COUNTY COMPREHENSIVE PLAN, COMMONLY KNOWN AS THE “2010-2030 COMPREHENSIVE PLAN,” AS AMENDED, BY ADOPTING AN AMENDMENT PURSUANT TO SECTION 163.3184(3), FLORIDA STATUTES; AND PROVIDING AN EFFECTIVE DATE.**

**BE IT ORDAINED BY THE BOARD OF COUNTY COMMISSIONERS OF ORANGE COUNTY:**

*Section 1. Legislative Findings, Purpose, and Intent.*

a. Part II of Chapter 163, Florida Statutes, sets forth procedures and requirements for a local government in the State of Florida to adopt a comprehensive plan and amendments to a comprehensive plan;

b. Orange County has complied with the applicable procedures and requirements of Part II of Chapter 163, Florida Statutes, for amending Orange County’s 2010-2030 Comprehensive Plan;

c. On September 19, 2019, the Orange County Local Planning Agency (“LPA”) held a public hearing on the transmittal of the proposed amendment to the Comprehensive Plan, as described in this ordinance; and

d. On October 22, 2019, the Orange County Board of County Commissioners (“Board”) held a public hearing on the transmittal of the proposed amendment to the Comprehensive Plan, as described in this ordinance; and

e. On December 13, 2019, the Florida Department of Economic Opportunity (“DEO”) issued a letter to the County relating to the DEO’s review of the proposed amendment to the Comprehensive Plan, as described in this ordinance; and

f. On January 16, 2020, the LPA held a public hearing at which it reviewed and made recommendations regarding the adoption of the proposed amendment to the Comprehensive Plan, as described in this ordinance; and

g. On March 24, 2020, the Board held a public hearing on the adoption of the proposed amendment to the Comprehensive Plan, as described in this ordinance, and decided to adopt it.

**Section 2. Authority.** This ordinance is adopted in compliance with and pursuant to Part II of Chapter 163, Florida Statutes.

**Section 3. Amendments to the Text of the Future Land Use Element.** The Comprehensive Plan is hereby further amended by amending the text of the Future Land Use Element to read as follows, with underlines showing new numbers and words, and strike-throughs indicating repealed numbers and words. (Words, numbers, and letters within brackets identify the amendment number and editorial notes, and shall not be codified.)

\* \* \*

**[Amendment 2019-2-C-FLUE-1]**

FLU4.1.12 **Town Center Conceptual Regulating Plan and Final Regulating Plan.** Owner(s) of property within the Horizon West Town Center shall have the right, as an alternative to processing a Planned Development/Unified Neighborhood Plan (PD/UNP) under the Town Center Code, to process a Conceptual Regulating Plan (CRP) and a Planned Development / Regulating Plan (PD/RP). A Regulating Plan is an illustrative representation of a proposed development and the location of form-based transect zones/districts.

FLU4.1.12.1 **Town Center Conceptual Regulating Plan:** A Conceptual Regulating Plan (CRP) is a general illustrative representation of a proposed development and the location of form-based transect zones/districts. A CRP shall be submitted for review to the Planning Division prior to formal submittal of a Planned Development/Regulating Plan (PD/RP).

A. A CRP shall be submitted prior to the submission of a Planned Development/Regulating Plan (PD/RP). The purpose of the CRP is to allow Orange County Planning Division staff the opportunity to review the

proposal. The applicant and Planning staff shall work together to collectively refine the CRP in order to meet the intent of this section.

- B. The CRP shall not be adopted as part of the Future Land Use Map or Map Series or included as an attachment, but rather the CRP will be used as a general guide for a final PD/RP.
- C. Should a Comprehensive Plan Text Amendment be requested by the applicant, the CRP shall be transmitted along with the requested text amendment to the State for review.
- D. The following components shall be depicted on, or attached to, a CRP at the time of the Comprehensive Plan Amendment Application submittal:
- General location of form-base transect zones/districts,
  - Gross and net developable land area,
  - Initially proposed development program,
  - General description of proposed transect zones/districts (*character, mix of land uses, product types, block/street patterns, etc.*),
  - General location and types of open space or preservation areas,
  - General location of neighborhoods based on a quarter-mile radius,
  - General location of existing planned road system, trails, and other transportation modes, and
  - General location of existing and planned public facilities, including, but not limited to, schools (as coordinated with Orange County Public Schools), parks, fire stations, etc.
- E. In addition to the specific components listed above, review of a CRP should ensure that the following elements are addressed or followed:
1. **Consistency with the Comprehensive Plan:** A project justification statement should be provided that identifies any relevant and supporting Comprehensive Plan policies and explains how the project is consistent with the identified policies.
  2. **Coordinated Development:** Planning for development will occur in a coordinated, comprehensive, and integrated manner. The CRP will establish a general guide for connectivity and coordinated development.
  3. **Community Meetings/Public Participation:** A community meeting/public workshop shall be held for any proposed CRP prior to the submittal of the final PD/RP. The purpose of the community meeting is to provide surrounding property owners a proposed project overview consistent with the CRP.

FLU4.1.12.2 **Transportation Road Network Agreement:** Prior to submittal of a PD/RP, an applicant shall meet with Transportation Planning Division staff regarding a required Transportation Road Network Agreement to address all road right-of-way, design, and construction obligations, including any related terms or conditions with respect to right-of-way contributions and/or transportation impact fee credits. The agreement shall be processed through the Road Agreement Committee (RAC) for concurrent approval consideration by the Board of County Commissioners with the final PD/RP.

FLU4.1.12.3 **Adequate Public Facilities Agreement:** A Town Center PD/RP shall be subject to the Adequate Public Facilities (APF) provisions outlined in Policy FLU4.2.2, including concurrent approval consideration by the Board of County Commissioners with the final PD/RP.

FLU4.1.12.4 **Town Center Final PD Regulating Plan (PD/RP):** Upon Orange County Planning Division staff review and acceptance of a CRP, in accordance with FLU4.1.12.1, and in lieu of a Planned Development/Unified Neighborhood Plan (PD/UNP), applicants shall submit a PD/RP rezoning application for the subject property.

A. Development within a PD/RP may be subject to the provisions of the Town Center Planned Development Code, but only to the extent that those certain regulations, standards, and procedures are not addressed within the PD/RP. The Village Planned Development Code shall not apply to the PD/RP unless specifically stated in the PD/RP. In the event of conflict or ambiguity between the provisions set forth in Orange County Code and those within the PD/RP, the PD/RP shall control. In the event Orange County Code and an approved PD/RP is silent as to a performance or development standard, the Development Review Committee (DRC) shall establish the standard or make the determination, which in turn can be appealed by an applicant to the Board of County Commissioners. Notwithstanding the foregoing, the Village Planned Development Code shall not apply to the Town Center unless specifically stated in the Town Center Planned Development Code, applicable PD/UNP, or applicable PD/RP.

B. At a minimum, the following components must be identified or addressed by a PD/RP:

- Final transect zone/district boundaries,
- Final gross and net developable acreage,
- Final land uses and development program,
- Final location and types of open space or preservation areas,
- Transferable Development Rights (TDR) calculations,
- Street types, and

- Intersection density analysis/diagram.
- C. In addition to the required components listed above, review of a PD/RP should ensure that the following elements are addressed or provided:
1. **Transect Zones/Districts and Development Program:** A PD/RP shall reflect a development program that is consistent with the CRP. The final configuration of the PD/RP transect zones/districts may vary from the CRP provided they are generally consistent with the intent of the CRP and with the written descriptions of the transect zones/districts on the CRP. Upon adoption by the Board of County Commissioners, the final PD/RP transect zones / districts shall be depicted and referenced on the staff-maintained Horizon West Special Planning Area Land Use Map.
  2. **Connectivity:** All development within a PD/RP shall provide for an interconnected transportation network (including pedestrian trails, multi-modal systems, trail systems, etc.) and achieve an overall intersection density between 100 and 140 intersections per square mile. Eligible intersection types shall include those along roads, streets, trails, and designated pedestrian passageways.
  3. **Green Infrastructure:** A PD/RP shall include a plan for a connected network of natural resources, open spaces, recreational areas, and constructed nature-based systems, including, but not limited to, Low Impact Development (LID) features and stormwater management areas.

**FLU4.1.12.5 PD/RP Amendments and Expedited Development Review Process:**

- A. Amendments to an approved PD/RP shall be subject to the Land Use Plan and Development Plan alterations process and criteria addressed in the Orange County Code.
- B. Following approval of a PD/RP, any subsequent Preliminary Subdivision Plan (PSP), Master Development Plan (MDP), or Development Plan (DP) may be submitted for concurrent review with related construction permits; however, final permits shall not be issued until an approved PSP, MDP, or DP has become effective.
- C. Any waiver approved by the BCC at the time of PSP approval shall deemed an approved waiver under the PD/UNP or PD/RP, as applicable, without additional application or review required of the PD/UNP or PD/RP.

\*\*\*

FLU4.5.1 Village Greenbelts. In addition to requirements for formal parks and neighborhood greens, greenbelts surrounding each Village and the Town Center averaging 500 feet in width shall be required at the perimeter of each Village, except for those perimeters located adjacent to designated Water Conserv II lands that otherwise provide the permanent undeveloped edge

contemplated by this policy. This greenbelt must be provided to discourage sprawl by creating a definable Village and provide a permanent undeveloped edge, except as set forth in FLU4.3.2, so that planning a Village within limited spaces takes on meaning. Topography and other physical features may allow this width to be reduced where visual separation can be accomplished with less distance. Where it may be beneficial to concentrate the acreage to enhance wildlife corridors, wetland connections, or preserve valuable uplands and protect sites critical for Floridan Aquifer protection, the greenbelt may be concentrated in one section of the Village Perimeter. In no case shall the greenbelt separation between villages be less than 300 feet. Subject to subdivision regulations and conservation area protection requirements, access drives and bicycle/pedestrian paths may be allowed within the greenbelt/buffer to connect properties that would otherwise be denied reasonable access. Development standards for access drives and pedestrian/bicycle paths through a greenbelt/buffer shall be addressed in the Village and Town Center Development Codes.

\*\*\*

FLU4.5.3 **Transfer of Development Rights (TDRs).** In order to encourage the implementation of the greenbelt requirements in FLU4.5.1, preserve other important uplands, agricultural areas, water reuse areas, Floridan aquifer recharge, wetland connections and wildlife corridors, Orange County may allow the Transfer of Development Rights from these sending areas to receiving areas in Orange County. To provide rights-of-way for limited expressways or principal arterial roadways necessary to support the villages, Orange County will allow Transfer of Development Rights (TDR) from the rights-of-way to developable receiving areas. Transfer will be limited to the property on which the right-of-way is located or within ¼-mile of the right-of-way sending area, whichever is greater. Net density in Village Centers and the Town Center may be increased from 5.0 DU/net developable acre up to 16 DU/net developable acre where TDRs are used. Net density in the Town Center may be increased from 4 DU/net developable acre up to ~~24~~30 DU/net developable acre where TDRs are used or through internal density transfers and use conversions permitted within a PD/UNP or PD/RP. However, the implementation of the greenbelt requirements in FLU4.5.1 and the preservation of other important uplands, agricultural areas, water reuse areas, critical Floridan Aquifer recharge sites, wetland connections and wildlife corridors will not be limited to Transfer of Development Rights. Orange County may allow for purchase of these areas through special taxing districts and special impact fees for a specific Village to be used in the establishment of that Village. Orange County has adopted an ordinance implementing Transfer of Development Rights. The TDR ordinance enhances the preservation of ecologically sensitive areas and reinforces the defined village edge by identifying TDR sending areas within the Village Greenbelt as identified in FLU4.5.1. The use of TDRs also provides for protection of private property rights within the sending areas. Additionally, limits are

placed on the amount of development rights that can be transferred within any neighborhood to ensure a compact and integrated development form that has a population density to meet the requirements of a neighborhood school while providing for a diversity of housing types. The TDR limits established for each Village do not create entitlements for their use within any particular development. The use of TDR credits is subject to approval by the Board of County Commissioners on a case by case basis.

\*\*\*

OBJ FLU4.6 **VILLAGE DEVELOPMENT CODE.** The design principles of the Horizon West planning process shall be implemented through adoption of the Village Planned Development Code, Town Center Planned Development Code, and ultimately a Planned Development/Land Use Plan (PD/LUP), Planned Development/Unified Neighborhood Plan (PD/UNP), or Planned Development/Regulating Plan (PD/RP).

\*\*\*

FLU4.7.1 **Town Center.** The purpose of the Town Center is to provide a place for residential, office, retail, and light industrial land uses with a more regional market base that serves as an employment center, the scale of which is not permitted in the villages.

The Town Center shall be oriented towards serving the residents of the Villages and surrounding area and not designed as a tourist destination. The Town Center shall be planned and established with limited access expressways within the greenbelt (as defined in FLU4.5.1) of the Town Center. In order for development to take place, the Town Center must be located so that it has immediate access to an interchange or interchanges of the Western Beltway, or similar facility with connections to the regional market base. The Town Center must be designed to encourage and accommodate future linkage with the regional transit system and must provide for connections to, and be integrated with the collector streets, and the pedestrian and bike path system provided in individual villages. One high school site and one activity-based community park site shall be provided to serve the Town Center and Horizon West.

The following is the proposed land use mix for the Town Center:

<i>Land Use Mix</i>	<i>Required</i>	<i>Permitted</i>
Residential*	15%	30%
Commercial and Retail*	40%	70%
Regional Office	0%	30%
Light Industrial	0%	20%
Overall Office, Commercial and Industrial (2-5)	0%	70%
Public and Civic	10%	No Maximum
Public Parks and Open Space	5%	No Maximum
*Residential dwellings are permitted above ground floor		

~~commercial.~~

The Town Center will be integrated with the regional transit system. The design shall include designated locations for establishment of transit stations as a component of a mixed-use development.

\*\*\*

FLU4.7.2 **Town Center — Development Linkage and Timing.** Prior to approval by Orange County of any application for a Planned Development (PD) Land Use Plan (PD-/LUP), ~~Unified Neighborhood Plan (UNP), or Regulating Plan (RP)~~ within Corporate Neighborhoods 1, 2, 3 and 4, or within the Town Center Core Neighborhood (as depicted on the Horizon West Special Planning Area Land Use Map Recommended Land Use Plan for the Town Center), the following conditions intended to address the traffic needs as determined by the County shall be met:

- A. A developer's agreement(s) shall be approved by the Board of County Commissioners addressing, at a minimum, those roadway facilities assigned by location within one or more of the Corporate Neighborhoods or the Town Center Core as identified below. The agreement shall, at a minimum, identify the responsibility for planning, funding, and scheduling of design, permitting, right-of-way acquisition, and construction of roadway segments based on the location of the property as prescribed below.
  - Location — Corporate Neighborhood 3 and 4, and Town Center Core Neighborhood:  
Responsibility — Avalon Road from Old YMCA Road to New Independence Parkway
  - Location — Town Center Core Neighborhood:  
Responsibility — Horizon Boulevard from Porter Road to Valencia Parkway; Valencia Parkway from Horizon Boulevard to Schofield Road/Karl Kahlert Parkway; and Schofield Road/Karl Kahlert Parkway from Valencia Parkway to Avalon Road
  - Location — Corporate Neighborhood 1 and 2:  
Responsibility — Hamlin Groves Trail from Horizon Boulevard to New Independence Parkway; Horizon Boulevard/Porter Road from CR 545 to Hamlin Groves Trail; and extension of New Independence Parkway to S.R. 429

In the event an alternate roadway segment provides a comparable service area and capacity, it may substitute for portions of one or more of the roadway segments identified above. The developer's agreement(s) shall be consistent with all required roadway improvements and conditions of approval specified in the Horizon

West Global Road Term Sheet, originally approved on September 20, 2011, by the BCC and as amended.

- B. Right-of-way values shall not exceed \$22,500 per acre.
- C. Condition of approval on the PD stating, "Should the level of service on CR 545 fall below LOS 'E,' no construction plan approvals will take place until a developer's agreement(s) is approved among the owners of property in Neighborhoods 3, 4, and 5 (exclusive of any property owner whose responsibility has been met through a pre-existing developer's agreement), and the Board of County Commissioners. The agreement shall, at a minimum, address the responsibility for planning, funding, and scheduling of design, permitting, right-of-way acquisition, and construction of necessary improvements to CR 545."

FLU4.7.3

**Town Center Planned Development Code.** Orange County ~~shall~~ adopted a Town Center Planned Development Code with innovative standards and guidelines based upon traditional city planning and design principles to ensure an urban development pattern that encourages a mix of compatible uses within the Town Center neighborhoods and a well-defined, mixed-use Traditional Town Center Core Area. ~~Town Center design criteria shall be incorporated into a Town Center Planned Development Code adopted as part of the Orange County Code. Until such time as the Town Center Code is adopted, no Unified Neighborhood Plan or Planned Development Land Use Plan (PD-LUP) shall be approved by the County. Upon adoption of the Town Center Planned Development Code, All development within the boundary of the Town Center shall comply with the provisions of the Town Center Planned Development Code, including the provisions for submittal and approval of Unified Neighborhood Plans (UNP) or any alternative provisions outlined within an approved Town Center Planned Development/Regulating Plan (PD/RP). For each land use district, the development code should contain provisions for:~~

- ~~Street, block and general development standards;~~
- ~~Permitted and prohibited uses;~~
- ~~Building and site design guidelines;~~
- ~~On-street and off-street parking standards;~~
- ~~Regulatory procedures for reviewing and approving Unified Neighborhood Plans, site plans and subdivision plans;~~
- ~~Transfers of development program allocations between Neighborhood Plans;~~
- ~~Density/intensity bonuses for unified plans and provision of additional connected open space; and a development review and approval process that encourages unified planning of properties that are individual or in~~

~~aggregate, and large enough to be developed as an identifiable neighborhood.~~

FLU4.7.4 The Town Center Planned Development Code shall encourage development through ~~planning as either~~ Unified Neighborhood Plans (UNPs) or optional Regulating Plans (RPs). ~~The dDevelopment program associated with a UNP or RP within Unified Neighborhood Planning areas shall generally reflect be subject to the approximate sum a proportionate share of the allocated development programs for the subject property, as identified in Policy FLU4.7.9 - Table 1.1 and as depicted on the originally-adopted Town Center Recommended Land Use Plan Map. District parcels within the approved Unified Neighborhood Planning area. Development of individual parcels not part of a Unified Neighborhood Plan shall be subject to the minimum density/intensity allowed for the district. A development program may also be adjusted to account for internal Town Center unit (DU whether originally programmed in Table 1.1 as DU or converted from commercial square footage into DU) transfers and use conversions.~~

\*\*\*

FLU4.7.7.1 **Land Use District Boundary Adjustments.** The Horizon West Special Planning Area Land Use Map depicts the approximate location and boundaries of all land use ~~Districts (Districts)~~ or form-based transect zones (transects) within the Town Center. These ~~Districts and transects~~ are required to be depicted as part of each Town Center Planned Development - Unified Neighborhood Plan (PD/UNP) or optional Town Center Planned Development / Regulating Plan (PD/RP), as approved by the Board of County Commissioners. Changes or adjustments to the land districts and/or transects may be considered and processed as a Planned Development (PD) rezoning (if the property does not yet have a PD zoning designation), or PD Land Use Plan Amendment, or Change Determination Review (CDR) to request an existing PD. Such changes and adjustments shall be evaluated for consistency with the criteria outlined in Policy FLU4.1.9, and shown on the Horizon West Special Planning Area Land Use Map when approved. In order to realize Unified Neighborhood Plans with a workable size and form, it may be prudent to make minor adjustments to the boundaries of land use Districts as they are transferred from the RLUP to the PD/UNP. Therefore, minor adjustments to land use District boundaries, as described by this Policy, may be proposed for consideration on a case-by-case basis. The County may approve such requests as part of an initial PD/UNP or during a subsequent Change Determination Request (CDR) or amendment to a PD/UNP.

~~All requests for a District boundary adjustment must demonstrate at least one (1) of the following conditions:~~

~~A. A boundary adjustment is necessary in order to avoid unworkable remnant or 'sliver' land areas, on the perimeter of a District, which has resulted from:~~

- ~~— final alignment (as determined by right of way dedication) of an adjacent Urban Collector road, or Framework Street; or~~
- ~~— updated field data related to the perimeter edge location of surface water body levels, wetlands, conservation areas, or similar natural features as identified within an approved Conservation Area Determination (CAD).~~

- ~~B. A boundary adjustment is necessary to accommodate the establishment, expansion, or contraction, of a Greenbelt or Open Space land use District.~~
- ~~C. A boundary adjustment will facilitate an optimal and compatible use of lands immediately adjoining existing lakes or similar natural features.~~
- ~~D. A boundary adjustment is necessary in order to achieve reasonable utilization of the development program assigned to the subject District, provided: the adjustment does not undermine the planning principles described in Policy FLU4.7.7; and, it will not cause the gross land area of an affected land use District to increase, or decrease, by more than fifteen (15) percent.~~

Such changes and adjustments shall be evaluated for consistency with the criteria outlined in Policy FLU4.1.9, and shown on the Horizon West Special Planning Area Land Use Map when approved.

\*\*\*

FLU4.7.9

**Development Program.** Each Neighborhood Parcel listed in Table 1.1 below and shown on the Horizon West Special Planning Area Land Use Map ~~Town Center Recommended Land Use Plan~~ shall be allowed to develop, development, when approved pursuant to ~~an adopted~~ the Town Center Planned Development Code, and applicable PD/UNP, or PD/RP ~~agency permits and approvals that achieves the development program.~~

Development programs approved as part of the initial ~~Planned Development/ Unified Neighborhood Plan PD/UNP or PD/RP~~ may be permitted to vary from those identified in Table 1.1, consistent with provisions of the Town Center Planned Development Code. Proposed variations in development programs may reflect bonus assignments associated with transfers of development rights, ~~or land use District/Corporate Neighborhood-based entitlement transfers, or land use conversions,~~ or bonus assignments.

Table 1.1 identifies residential, non-residential and hotel development entitlements assigned to individual Neighborhood Parcels. In addition, the table provides for a bonus residential entitlement of 1,540 dwelling units intended as an incentive for the submittal of a Unified Neighborhood Plans (PD/UNPs), or a PD/RP. In addition, Table 1.1 allocates ~~and a hotel unit entitlement available entitlements~~ to Corporate Campus Mixed Use (CCMU) and, Retail/Wholesale (RW), land use and Traditional Town Center Districts. The assignment of the bonus residential and hotel entitlements shall be accomplished in the following manner:

- A. The submittal of a complete ~~Planned Development~~ Unified Neighborhood Plan PD/UNP or PD/RP, consistent with ~~the any applicable requirements of the Town Center Planned Development Code,~~ shall entitle the applicant to request an assignment of dwelling units from the bonus residential entitlement provided in Table 1.1. The assignment shall be limited to the pro rata share of the number of dwelling units available under the bonus category of entitlements. The share shall be determined by the ratio of the percentage of net developable land area included in the applicable PD/UNP or PD/RP, to the total net developable area included in the Town Center.
- B. Assignment of a share of the hotel unit entitlement available to CCMU, R/W, and ~~RW land use~~ Traditional Town Center Districts or Transect Zones may be requested by Town Center property owners through the PD/UNP, PD/RP, PSP and/or DP approval process. The conditions of an assignment include:
1. Limited to Neighborhood Parcels ~~with a that contain~~ CCMU, R/W, or RW Traditional Town Center Land Use District/Transect Zone designations;
  2. Any single assignment is limited to no more than twenty-five (25) percent of the total number (700) available; ~~and~~
  3. The assignment shall expire within two years if a building permit for the applicable hotel units has not been approved by Orange County; and
  4. Any unused entitlements in a PD/UNP or PD/RP may be transferred to another PD/UNP or PD/RP within the Town Center through the PD Change Determination Review (CDR) request process.

**Section 4. Effective Dates for Ordinance and Amendment.**

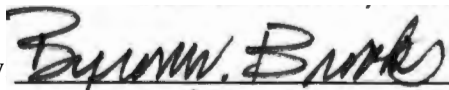

(a) This ordinance shall become effective as provided by general law.

(b) In accordance with Section 163.3184(3)(c)4., Florida Statutes, no plan amendment adopted under this ordinance becomes effective until 31 days after the DEO notifies the County that the plan amendment package is complete. However, if an amendment is timely challenged, the amendment shall not become effective until the DEO or the Administration Commission issues a final order determining the challenged amendment to be in compliance.

(c) No development orders, development permits, or land uses dependent on this amendment may be issued or commence before the amendment has become effective.

ADOPTED THIS 24th DAY OF MARCH, 2020.

**ORANGE COUNTY, FLORIDA**
