**CONTACT PERSON:** Humberto L. Castellero, P.E., PTOE, Manager  
Traffic Engineering Division

Handwritten signature of Humberto L. Castellero in black ink.

**PHONE NUMBER:** (407) 836-7891

**SUBJ: Establishment of a Multi-Way Stop Condition at Intersection of Myakka Drive and Arpana Drive**

A citizen with safety concerns requested that the Traffic Engineering Division review the traffic control at the intersection of Myakka Drive and Arpana Drive.

Traffic Engineering conducted a multi-way stop study, which consisted of an evaluation of existing field conditions including critical approach speed, sight distance, traffic volumes, and crash history. To improve safety, staff recommends that the existing one-way stop control be converted to a multi-way stop control at the intersection of Myakka Drive and Arpana Drive.

Staff recommends that the Board approve the establishment of a multi-way stop condition at Myakka Drive and Arpana Drive.

**Action Requested: Approval of multi-way stop installation at Myakka Drive and Arpana Drive. District 6.**
