SUBJECT: Adoption Public Hearings – 2018-2 Regular Cycle Comprehensive Plan Amendment and Concurrent Substantial Change Request – Continued Session IV

The 2018-2 Continued Session IV Regular Cycle Comprehensive Plan Amendments are scheduled for a BCC adoption public hearing on August 6, 2019. These amendments were continued by the BCC at the July 2, 2019 public hearing. Fourteen amendments were heard by the Planning and Zoning Commission (PZC)/Local Planning Agency (LPA) at an adoption hearing on October 18, 2018. The report is also available under the Amendment Cycle section of the County's Comprehensive Planning webpage. See:

<http://www.orangecountyfl.net/PlanningDevelopment/ComprehensivePlanning.aspx>.

The two Continued 2018-2 Session IV **Regular Cycle – State-Expedited** Review amendments scheduled for consideration on August 6 includes one privately-initiated Future Land Use Map Amendment located in District 1 request and one staff-initiated text amendment. The proposed Future Land Use Map Amendment entails a change to the Future Land Use Map for a property greater than ten acres in size. The text amendment may include changes to the Goals, Objectives, and/or Policies of the Comprehensive Plan.

The 2018-2 Continued Session IV **Regular Cycle-State-Expedited** Review Amendments were heard by the PZC/LPA at a transmittal public hearing on June 21, 2018, and by the BCC at a transmittal public hearing on July 10, 2018. The amendments have been reviewed by the Department of Economic Opportunity (DEO), as well as other state and regional agencies. On August 28, 2018, DEO issued a comment letter, which did not contain any concerns about the amendments undergoing the State-Expedited Review process. Pursuant to 163.3184, F.S., the proposed amendments must be adopted within 180 days of the comment letter. The Regular Cycle Amendments undergoing the State-Expedited Review process will become effective 31 days after DEO notifies the County that the plan amendment package is complete. These amendments are expected

to become effective in September 2019, provided no challenges are brought forth for any of the amendments.

Staff Recommendations

Make a finding of **consistency** with the Comprehensive Plan (see Housing Element Goal H1, Housing Element Objective H1.1, Future Land Use Element Objective FLU8.2, and Policies FLU1.1.1, FLU1.1.2.A, FLU1.1.4.F, FLU7.4.4, FLU8.1.4, FLU8.2.1, and FLU8.2.2), determine that the amendment is in compliance, and **ADOPT** Amendment 2018-2-A-1-2, Growth Center/Resort/Planned Development (GC/R/PD) to Growth Center-Planned Development-Resort/Low-Medium Density Residential (GC-PD-R/LMDR).

Analysis

1. Background Development Program

The applicant has requested to change the Future Land Use Map (FLUM) designation of the 108.03-acre site from Growth Center/Resort/Planned Development (GC/R/PD) to Growth Center-Planned Development-Resort/Low-Medium Density Residential (GC-PD-R/LMDR). The applicant's original FLUM Amendment application entailed two requests that involved the South Parcel (GC/R/PD to GC-PD-R/LMDR) and the North Parcel. The North Parcel's FLUM Amendment request was to change the FLUM designation of the 9.83-acre parcels from Village (V) to Horizon West, Village I Special Planning Area (SPA) Greenbelt (GB). The North Parcels would not have an associated development program; they would be used for open space and stormwater for the South Parcels. Orange County Planning Division's Senior Staff determined that the North Parcels' FLUM Amendment request was not necessary. Senior Staff determined that the North Parcels could be aggregated into the existing Lake Austin Planned Development (PD) through a Land Use Plan Amendment (LUPA). The subject parcels would be rezoned from A-2 (Farmland Rural District) to PD (Planned Development District) and would be designated as open space/stormwater.

The subject parcels are part of the 210.98-acre Lake Austin PD which was originally approved on April 17, 2001, by the Board of County Commissioners (BCC). On July 12, 2016, the BCC approved a substantial change (CDR-16-01-027) to the Lake Austin PD to revise the use description from "Timeshare" to "Short Term Rental" and increase those entitlements from 4,159 units to 4,831 units (consistent with the previously approved DRI/DO); modify project phasing dates and amount of development per phase; revise traffic generation calculations; expand list of approved recreational facilities; identify previously dedicated road right-of-way; add two (2) parcel identification numbers not previously identified; modify and renumber existing notes on the plan; add Notes 11-22, some of which transfer DRI/DO environmental and transportation conditions; and add a Master Sign Plan (MSP) with three (3) related waivers from Orange County Code, that primarily relate to signage. Concurrent with the PD substantial change, the BCC rescinded the Grand Palisades Resort DRI/DO.

The subject parcels are identified as Phase Three on the currently-approved Lake Austin PD. Presently, Phase Three is approved for 3,332 short-term rental units, 10,000 square feet of commercial uses, and 20,000 square feet of administration uses. The applicant is now proposing a development program of 500 single-family residential dwelling units. (The units may be any combination of age-restricted, short-term rental, or market rate housing.)

The undeveloped subject property consists of two parcels located west of Avalon Road, north and south of Grove Blossom Way, immediately west of the Grand Palisades Resort, now known as The Grove Resort & Spa, and east of the Lake County Boundary. The subject site is located in an area where nearby properties in the U.S. 192 Growth Center have recently obtained approved FLUM Amendments:

- On June 28, 2016, the BCC approved FLUMA 2016-1-A-1-8 to change the FLUM designation of the 23.94-acre site located across the street at the corner of Avalon Road and Hartzog Road, east of the subject site, from Growth Center-Commercial (GC-C) to Growth Center-Planned Development-Commercial/Low-Medium Density Residential (GC-PD-C/LMDR). The proposed development program consists of up to 220 single-family dwelling units (attached and detached) and 20,000 square feet of retail commercial uses. The site is also known as the Island Reef PD.
- On December 16, 2014, the BCC approved FLUMA 2014-2-A-1-2 (fka 2013-2-A-1-4) to change the FLUM designation of the 139.88-acre property located across the street on Avalon Road, east of the subject property, from Growth Center-Commercial (GC-C) and Growth Center-Low Density Residential (GC-LDR) to Growth Center-Planned Development-Commercial/Medium Density Residential/Low Density Residential (GC-PD-C/MDR/LDR). The proposed development program consists of 700 single-family residential units (attached and detached) and 20,000 square feet of retail uses and is also known as the Sutton Lakes PD.
- On November 19, 2013, the BCC approved FLUMA 2013-2-A-1-3 to change the FLUM designation from Growth Center-Commercial (GC-C) to Growth Center-Planned Development-Low-Medium Density Residential (GC-PD-LMDR) for a 13.88-acre parcel also located across the street on Hartzog Road, east of the subject site. The development program is for up to 139 single-family dwelling units. The site is also known as the Groves of West Orange PD which the BCC approved the rezoning (LUP-14-01-009) on October 20, 2015, for a development program consisting of 108 single-family detached and attached (townhome) residential dwelling units.

If the currently proposed amendment is adopted by the BCC, a LUPA will be required to aggregate the North Parcels into the approved Lake Austin PD Land Use Plan and to allow for the single-family residential dwelling units. Instead of submitting a LUPA, the applicant has submitted a rezoning application to create a new PD, Case LUP-18-08-255, BB Groves South Planned Development/Land Use Plan (PD/LUP). The request is to add 109.06 acres from the Lake Austin PD (CDR-18-08-254) and to rezone 9.83 acres (North Parcels) from A-2 (Farmland Rural District) to PD (Planned Development District). At the time of this writing, the application is proceeding through the Development Review Committee review process.

A community meeting was held for this proposed amendment on May 24, 2018, with three (3) residents in attendance. The applicant, Ms. Kathy Hattaway, gave an overview of the proposed amendment request and stated the proposed development program would consist of 500 single-family dwelling units. Ms. Hattaway stated that the units may be any combination of age-restricted, short-term rentals, or market rate housing. She stated she was asking for the LMDR FLUM designation which allows for a maximum ten (10) dwelling units per acre, but she is limiting the development to about five (5) dwelling units per acre. One resident asked if the proposed project warrants signalization at Avalon Road and Grove Blossom Way. Orange County Engineer, Ms. Diana Almodovar, stated that a traffic study, paid for by the property owner, would need to be done by the Orange County Traffic Engineering Division, but as it stands today, the proposed development does not warrant signalization. Another resident asked why change from short-term rentals and the existing uses. Ms. Hattaway stated that the new property owner has a different business model. Ms. Hattaway informed the residents in attendance that she could not tell them the specific number of unit types (age-restricted, short-term rental, and market rate housing) at this time but they will be determined when the Lake Austin PD Land Use Plan Amendment package is submitted, if the BCC recommends to transmit the proposed amendment. The residents in attendance responded positively to the request.

2. Future Land Use Map Amendment Analysis

Consistency

The requested FLUM amendment appears to be consistent with the applicable Goals, Objectives, and Policies of the Comprehensive Plan. The subject property lies within the U.S. 192 Growth Center. Future Land Use Element **Policy FLU1.1.4F** states that Growth Centers are a Future Land Use designation implemented through Joint Planning Area agreements with an outside jurisdiction. These agreements provide at a minimum that the County will not incur initial capital costs for utilities. The subject property is located within Orange County Utilities' (OCU's) potable water, wastewater, and reclaimed water service areas. Per OCU, there is a 24-inch potable water main, a 15-inch gravity sewer main, and a 12-inch reclaimed water main located in Grove Blossom Way right-of-way to service the subject property. According to OCU, there is sufficient plant capacity to serve the proposed amendment and capacity will be reserved upon payment of capital charges in accordance with County resolutions and ordinances.

In accordance with **Policy 1.1.2.A**, the applicant has specified the maximum desired development program for the project, proposing 500 single-family residential dwelling units (The units may be any combination of age-restricted, short-term rental, or market rate housing.) under the Low-Medium Density Residential (LMDR) FLUM designation, which allows for residential development at a maximum density of ten (10) dwelling units per acre. **Policy FLU7.4.4** states that urban intensities shall be permitted in designated Growth Centers when urban services are available from other sources, as approved by Orange County, consistent with the appropriate policies of the Comprehensive Plan. **Policy FLU7.4.4** also states that if services and facilities sufficient to maintain adopted level of service standards are not available concurrent with the impacts of development, the development will be phased such that the services and facilities will be available when the impacts of development occur or the development orders and permits will be denied.

The subject property is located in an area characterized by a variety of housing types—including residential/agricultural home sites, conventional single-family subdivision development (Hartzog Subdivision), and a manufactured home development (the 925-unit Vista Del Lago Manufactured Home Park). The applicant's intent to develop 500 single-family residential dwelling units, with a mix of age-restricted, short-term rental, and market rate housing, is consistent with Housing Element **GOAL H1** and **Objective H1.1**, which state that the County will promote and assist in the provision of an ample housing supply, within a broad range of types and price levels, and will support private sector housing production capacity sufficient to meet current and anticipated housing needs. **Policy FLU8.2.2** states that continuous stretches of similar housing types and density of units shall be avoided. The proposed amendment will contribute to the mix of available housing options in an area of the County deemed appropriate for urban uses, as set forth in **Policy FLU1.1.1**. Staff notes that if this requested amendment is adopted, the development standards will be determined during the LUPA process.

Future Land Use Element **Policy FLU8.1.4** lists the development program for Planned Development (PD) FLUM designations adopted since January 1, 2007. The development program for this requested amendment is proposed for incorporation into **Policy FLU8.1.4** via a staff-initiated text amendment (Amendment 2018-2-B-FLUE-3). The maximum development program for Amendment 2018-2-A-1-2, if adopted, would be as follows: 500 single-family dwelling units (may be any combination of age-restricted, short-term rental, or market rate housing.)

Amendment Number	Adopted FLUM Designation	Maximum Density/Intensity	Ordinance Number
<u>2018-2-A-1-2</u>	<u>Growth Center-Planned Development-Resort/Low-Medium Density Residential GC-PD-R/LMDR</u>	<u>500 single-family dwelling units (may be any combination of age-restricted, short-term rental, or market rate housing)</u>	<u>2019-</u>

Compatibility

The proposed FLUM amendment appears to be **compatible** with the existing development and development trend of the surrounding area. Future Land Use Element **Objective FLU8.2** states that compatibility will continue to be the fundamental consideration in all land use and zoning decisions, while **Policy FLU8.2.1** requires land use changes to be compatible with the existing development pattern and development trends in the area. As stated above, the subject property is located in an area characterized by residential development and undeveloped land (much of which is due to the decreased demand for previously-approved commercial resort development on those properties). It is staff's belief that the proposed project is compatible with the existing mix of residential/agricultural home sites, conventional single-family subdivision development, and manufactured home uses within the U.S. 192 Growth Center.

Division Comments: Environmental, Public Facilities and Services

Environmental Protection Division

Orange County Conservation Area Determination CAD 07-119 delineated the wetlands and surface waters on the subject parcels but this determination expired in 2013. A new CAD must be completed with a certified wetland boundary survey approved by the Environmental Protection Division (EPD) prior to submittal of a subdivision, development plan, or permit application, in accordance with Orange County Code Chapter 15, Article X, Wetland Conservation Areas. [REDACTED] that CAD-18-02-021 was completed May 3, 2019, with an expiration date of May 3, 2024.

Until wetland permitting is complete, the net developable acreage is only an approximation. The net developable acreage is the gross acreage less the wetlands and surface waters acreage. The buildable area is the net developable acreage less protective buffer areas if required to prevent adverse secondary impacts. The applicant is advised not to make financial decisions based upon development within the wetland or the upland protective buffer areas. Any plan showing development in such areas without Orange County and other jurisdictional governmental agency wetland permits is speculative and may not be approved.

Density and Floor Area Ratio (FAR) calculations are determined by dividing the total number of units and the square footage by the net developable area. In order to include Class I, II and III conservation areas in the density and FAR calculations, the parcels shall have an approved Conservation Area Determination (CAD) and an approved Conservation Area Impact (CAI) permit from EPD. Please reference Comprehensive Plan Policy FLU1.1.2 C.

The applicant is responsible for addressing any adverse impacts, including secondary impacts, to surface waters or wetlands that may occur as a result of development of the site. Protective measures include but are not limited to: 25-foot minimum undisturbed upland buffer along the wetland boundary, signage, and pollution abatement swales upland of the buffer if adjacent to surface waters and if drainage is not diverted to treatment.

Development of the subject properties shall comply with all state and federal regulations regarding wildlife or plants listed as endangered, threatened, or species of special concern. The applicant is responsible for determining the presence of listed species and obtaining any required habitat permits from the U.S. Fish and Wildlife Service (USFWS) and/or the Florida Fish & Wildlife Conservation Commission (FWC). The ecological assessment dated February 14, 2018 submitted with this request reported the presence of listed species on site, including numerous gopher tortoise burrows and sand skink habitat, among others.

All development is required to pretreat storm water runoff for pollution abatement purposes, per Orange County Code Section 34-227. Discharge that flows directly into wetlands or surface waters without pretreatment is prohibited.

Transportation Planning Division

The applicant is requesting to change a total of 117.86 acres, divided into the South and North Parcels as follows: South Parcel from Growth Center/Resort/Planned Development (GC/R/PD) to Growth Center/Resort/Low-Medium Density Residential/Planned Development (GC/R/LMDR/PD) and North Parcel from Village (V) to Horizon West, Village I Special Planning Area (SPA)-Greenbelt (GB) and approval to develop 500 single family dwelling units.

- The subject property is not located within the County's Alternative Mobility Area or along a backlogged/constrained facility or multimodal corridor.
- The allowable development based on the approved future land use will generate 1,433 pm peak hour trips.
- The proposed use will generate 475 pm peak hour trips resulting in a net decrease of 958 pm peak hour trips.
- The subject property is located adjacent to Avalon Road, a two-lane collector. This facility currently has two (2) deficient roadway segments from US 192 to Hartzog Road and from Hartzog Road to Seidel Road within the project impact area.
- The traffic study did not include Hartzog Road segment from Avalon Road to Western Way, which falls within the project's one-mile impact area. A revision was requested to include an analysis of this segment to be included. Nonetheless, this segment is currently operating within its adopted capacity and will not be impacted by the proposed FLUM change.
- Based on the concurrency management system database dated 05-01-2018, the following two (2) roadway segments are operating below the adopted level of service standard within the project area:
 - Avalon Road, from US 192 to Hartzog Road
 - Avalon Road, from Hartzog Road to Seidel Road

This information is dated and subject to change

- Analysis of the short-term (interim year) 2023 and long-term (horizon year) 2030 conditions indicates that these deficiencies will continue with or without the proposed amendment.

Amending the FLUM for this property will decrease the number of trips generated by this development.

- Final permitting of any development on this site will be subject to review and approval under capacity constraints of the county's Transportation Concurrency Management System. Such approval will not exclude the possibility of a proportionate share payment in order to mitigate any transportation deficiencies. Finally, to ensure that there are no revisions to the proposed development beyond the analyzed use, the land use will be noted on the County's Future Land Use Map or as a text amendment to the Comprehensive Policy Plan.

Utilities

The subject property is located within Orange County Utilities' (OCU's) potable water, wastewater, and reclaimed water service areas. Per OCU, there is a 24-inch potable water main, a 15-inch gravity sewer main, and a 12-inch reclaimed water main located in Grove Blossom Way right-of-way.

OCPS

On February 26, 2019, the School Board approved the Capacity Enhancement Agreement (CEA) associated with this requested amendment, #OC-18-051.

3. Policy References

GOAL H1 – Orange County's goal is to promote and assist in the provision of an ample housing supply, within a broad range residents have the opportunity to purchase or rent standard housing.

OBJ H1.1 – The County will continue to support private sector housing production capacity sufficient to meet the housing needs of existing and future residents.

OBJ FLU8.2 – COMPATIBILITY. Compatibility will continue to be the fundamental consideration in all land use and zoning decisions. For purposes of this objective, the following polices shall guide regulatory decisions that involve differing land uses.

FLU1.1.1 – Urban uses shall be concentrated within the Urban Service Area, except as specified for the Horizon West Village and Innovation Way Overlay (Scenario 5), Growth Centers, and to a limited extent, Rural Settlements.

FLU1.1.2.A – The Future Land Use Map shall reflect the most appropriate maximum and minimum densities for residential development. Residential development in Activity Centers and Mixed Use Corridors, the Horizon West Village and Innovation Way Overlay (Scenario 5) and Growth Centers may include specific provisions for maximum and minimum densities. The densities in the International Drive Activity Center shall be those indicated in the adopted Strategic Development Plan.

FLU1.1.4.F – GROWTH CENTER(S) – Growth Centers are a Future Land Use designation implemented through Joint Planning Area agreements with an outside jurisdiction. These agreements provide at a minimum that the County will not incur initial capital costs for utilities. Orange County has two Growth Centers – one in the northwest referred to as the Northwest Growth Center and one in the southeast referred to as Growth Center/Resort/PD.

FLU7.4.4 – Urban intensities shall be permitted in designated Growth Centers when urban services are available from other sources as approved by Orange County, consistent with the appropriate policies of the Comprehensive Plan. If services and facilities sufficient to maintain adopted level of service standards are not available concurrent with the impacts of development, the development

will be phased such that the services and facilities will be available when the impacts of development occur or the development orders and permits will be denied.

FLU8.1.4 – The following table details the maximum densities and intensities for the Planned Development (PD) Future Land Use designations that have been adopted subsequent to January 1, 2007.

FLU8.2.1 – Land use changes shall be required to be compatible with the existing development and development trend in the area. Performance restrictions and/or conditions may be placed on property through the appropriate development order to ensure compatibility. No restrictions or conditions shall be placed on a Future Land Use Map change.

FLU8.2.2 – Continuous stretches of similar housing types and density of units shall be avoided. A diverse mix of uses and housing types shall be promoted.

Staff Recommendation

Make a finding of consistency with the Comprehensive Plan, determine that the plan amendment is in compliance, and recommend **ADOPTION** of Amendment 2018-2-B-FLUE-3 to include the development programs for Amendment 2018-2-A-1-2 in Future Land Use Element Policy FLU8.1.4.

A. Background

The Orange County Comprehensive Plan (CP) allows for a Future Land Use designation of Planned Development. While other Future Land Use designations define the maximum dwelling units per acre for residential land uses or the maximum floor area ratio (FAR) for non-residential land uses, this is not the case for the Planned Development (PD) designation. Policy FLU8.1.3 establishes the basis for PD designations such that “specific land use designations...may be approved on a site-specific basis”. Furthermore, “such specific land use designation shall be established by a comprehensive plan amendment that identifies the specific land use type and density/intensity.” Each comprehensive plan amendment involving a PD Future Land Use designation involves two amendments, the first to the Future Land Use Map and the second to Policy FLU8.1.4. The latter serves to record the amendment and the associated density/intensity established on a site-specific basis. Any change to the uses and/or density and intensity of approved uses for a PD Future Land Use designation requires an amendment of FLU8.1.4.

Staff is recommending the Board make a finding of consistency with the Comprehensive Plan and approve Amendment 2018-2-A-1-2; therefore, the development programs for these amendments would be added to Policy FLU8.1.4. For specific references of consistency with the Comprehensive Plan, please refer to the staff report for each amendment.

B. Policy Amendments

Following are the policy changes proposed by this amendment. The proposed changes are shown in underline/~~strikethrough~~ format. Staff recommends transmittal of the amendment.

FLU8.1.4 The following table details the maximum densities and intensities for the Planned Development (PD) and Lake Pickett (LP) Future Land Use designations that have been adopted subsequent to January 1, 2007.

Community Meeting Memorandum

DATE: May 25, 2018
TO: Alberto A. Vargas, MArch., Planning Manager
FROM: Sue Watson, Planner
SUBJECT: Amendment 2018-1-A-1-2 (Lake Austin) Community Meeting Synopsis
C: Project File

Location of Project: Generally described as located west of Avalon Road, and north and south of Grove Blossom Way

Meeting Date and Location: Thursday, May 24, 2018 at 6:00 PM at Independence Elementary School, 6255 New Independence Parkway, Winter Garden, FL 34787

Attendance:

District Commissioner	District 1 Commissioner Betsy VanderLey Diana Dethlefs, Commissioner's Aide, District 1
PZC/LPA Commissioner	District 1 Commissioner Jimmy Dunn
Orange County Staff	Sue Watson, Jennifer DuBois, and Alyssa Henriquez Planning Division Diana Almodovar, County Engineer, Public Works Department
Applicant	
Residents	Kathy Hattaway, Poulos & Bennett

103 notices sent; 3 residents in attendance

Overview of Project: The applicant, Kathy Hattaway, is requesting to change the Future Land Use Map (FLUM) designation of the 108.03-acre subject property from Growth Center/Resort/Planned Development (GC/R/PD) to Growth Center-Planned Development-Resort/Low-Medium Density Residential (GC-PD-R/LMDR). The applicant proposes a development program of up to 500 single-family residential dwelling units. (The units may be any combination of age-restricted, short-term rental, or market rate housing.) The property lies within the existing Lake Austin Planned Development with approval for 3,332 short-term rental units, 10,000 square feet of commercial uses, and 20,000 square feet of administration uses.

Meeting Summary: Planner Sue Watson opened the meeting at 6:14 PM and introduced District 1 Commissioner Betsy VanderLey, who provided the ground rules for the format of the community meeting. Ms. Watson then introduced District 1 Commissioner Aide, Diana Dethlefs, District 1 PZC/LPA Commissioner Jimmy Dunn, Jennifer DuBois and Alyssa Henriquez of the Orange County Planning Division, Diana Almodovar, County

Engineer, Orange Public Works Department, and the applicant, Ms. Kathy Hattaway. Ms. Watson informed the residents in attendance that the original request involved two requests - South Parcel: Growth Center/Resort/Planned Development (GC/R/PD) to Growth Center-Planned Development-Resort/Low-Medium Density Residential (GC-PD-R/LMDR) and North Parcel: Village (V) to Horizon West, Village I Special Planning Area (SPA) Greenbelt (GB), but the Orange County Planning Division's Senior Staff determined that the North Parcel Future Land Use Map Amendment request was not necessary. The applicant will just have to rezone the north parcels from A-2 (Farmland Rural District) to P-D (Planned Development District) and bring them into the existing Lake Austin Planned Development through a Land Use Plan Amendment. Ms. Watson stated that the applicant, Ms. Hattaway, agreed with Orange County Planning Division's Senior Staff decision. Ms. Watson provided an overview of the project and informed those in attendance that the applicant is seeking to change the future land use designation of the subject site from Growth Center/Resort/Planned Development (GC/R/PD) to Growth Center-Planned Development-Resort/Low-Medium Density Residential (GC-PD-R/LMDR). Staff summarized the Future Land Use Map Amendment process and the schedule for the LPA and BCC public hearings. Ms. Watson asked the citizens if they had any questions. There were no questions and staff turned the meeting over to the applicant, Kathy Hattaway.

Ms. Hattaway provided an overview of the proposal. She stated the Future Land Use Map Amendment request is to be able to construct a maximum of 500 single-family dwelling units. The units would consist of a combination of age-restricted, short-term rentals, and market rate housing. Ms. Hattaway stated that the proposed owner-occupied homes would comply with the Horizon West Architectural Design Standards. She stated access to the proposed units would be provided through Grove Blossom Way and through an internal road that will be provided to the north through Horizon West Village I because the same property owner owns both properties. Ms. Hattaway stated that a Capacity Enhancement Agreement (CEA) is required from the Orange County School Board for the owner-occupied homes. Ms. Hattaway also stated that a Conservation Area Determination (CAD) was previously done for the property but it has expired a new one has been submitted to the Orange County Environmental Protection Division. Ms. Hattaway informed the residents in attendance that she could not tell them the specific number of unit types at this time but they will be determined when the PD package is submitted after the BCC transmittal public hearing. She also informed the residents that the North Parcels that were part of the original request would be used for stormwater ponds. Ms. Hattaway asked if there were any questions.

Questions and Comments from area residents:

Question: Why change from short-term rentals and the existing uses?

Answer: Ms. Hattaway stated the new property owner has a different business model.

Question: County Engineer, Ms. Diana Almodovar, asked what is happening in Lake County, west of the subject property.

Answer: Ms. Hattaway stated that a Planned Development, Summer Bay P.U.D, and agricultural uses are located to the west of the subject property.

Comment: Ms. Almodovar stated that County will have to request right-of-way dedication for Grove Blossom Way.

Question: Mr. David Hume, Grove Resort representative asked if the proposed project warrants signalization at Avalon Road and Grove Blossom Way.

Question: Ms. Almodovar stated a traffic study paid for by the property owner would need to be done by the Orange County Traffic Engineering Division, but as it stands today, the proposed development does not warrant signalization.

Question: Mr. Hume stated that previously the Grove Resort showed an east-west internal street connection to the proposed property and he wanted to know if the internal road would still be built.

Answer: Ms. Hattaway stated the property owner does not have any need for the connection.

Comment: Ms. Hattaway stated that the proposed neighborhoods within the PD would have to be separated from each other—short-term rentals and market rate homes. The uses could not be mixed with each other.

Comment: Ms. Hattaway stated she was asking for Low-Medium Density Residential (LMDR) to limit the request to about five (5) units per acre and that they did not want to build at the maximum of ten (10) units per acre.

Question: What is age-restricted and what is short-term rentals?

Answer: Ms. Hattaway informed the resident that age-restricted is 55+ and short-term rentals can be rented for less than 180 days.

Comment: Commissioner VanderLey stated that the County is watching the City of Orlando's Airbnb Ordinance. The County wants to see how it is working before they draft their own.

The meeting concluded at approximately 6:44 PM.

The Honorable Teresa Jacobs
Mayor, Orange County
201 South Rosalind Avenue, 5th Floor
Orlando, Florida 32801

Dear Mayor Jacobs:

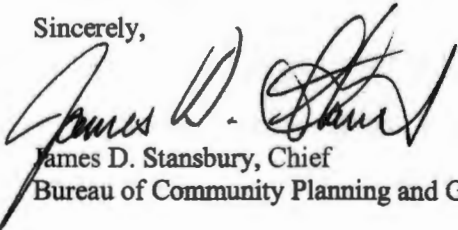

The Department of Economic Opportunity has completed its review of the proposed comprehensive plan amendment for Orange County (Amendment No. 18-5ESR), which was received on July 31, 2018. We have reviewed the proposed amendment pursuant to Sections 163.3184(2) and (3), Florida Statutes (F.S.), and identified no comment related to important state resources and facilities within the Department of Economic Opportunity's authorized scope of review that will be adversely impacted by the amendment if adopted.

The County is reminded that pursuant to Section 163.3184(3)(b), F.S., other reviewing agencies have the authority to provide comments directly to the County. If other reviewing agencies provide comments, we recommend the County consider appropriate changes to the amendment based on those comments. If unresolved, such comments could form the basis for a challenge to the amendment after adoption.

The County should act by choosing to adopt, adopt with changes, or not adopt the proposed amendment. Also, please note that Section 163.3184(3)(c)1, F.S., provides that if the second public hearing is not held within 180 days of your receipt of agency comments, the amendment shall be deemed withdrawn unless extended by agreement with notice to the Department of Economic Opportunity and any affected party that provided comment on the amendment. For your assistance, we have enclosed the procedures for adoption and transmittal of the comprehensive plan amendment.

We appreciate the opportunity to work with the County's staff in the review of the amendment. If you have any questions concerning this review, please contact Jennie Leigh Copps, at (850) 717-8534, or by email at jennie.copps@deo.myflorida.com.

Sincerely,

James D. Stansbury, Chief
Bureau of Community Planning and Growth
