Purpose and Background of Brownfields

Brownfields provide economic benefit and invigorate communities.

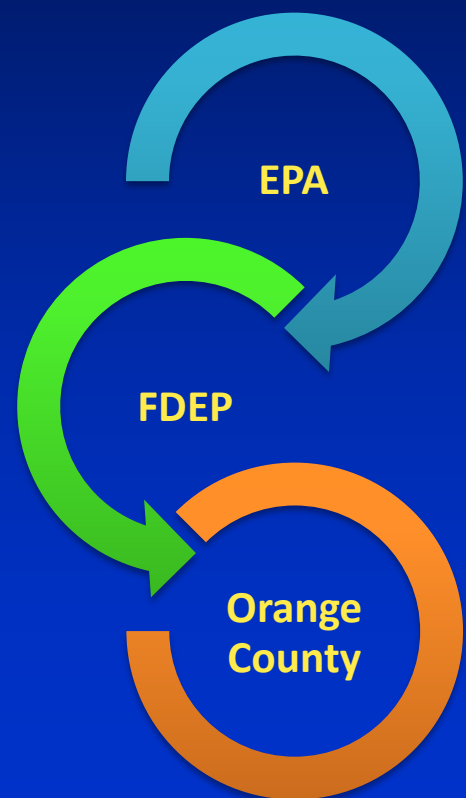

U.S. EPA's Brownfields program:

- Incentivizes redevelopment of economically challenged areas
- Removes liability for purchases of sites that may be contaminated
- Helps return contaminated sites to beneficial use

Florida Brownfields program criteria -- Florida Statutes 376.77-85

F.S. 376.80 directs local governments to adopt resolutions for applicants able to demonstrate that they meet the Florida Brownfield criteria

EPD administers the Brownfields program for Orange County – “ROCCs”

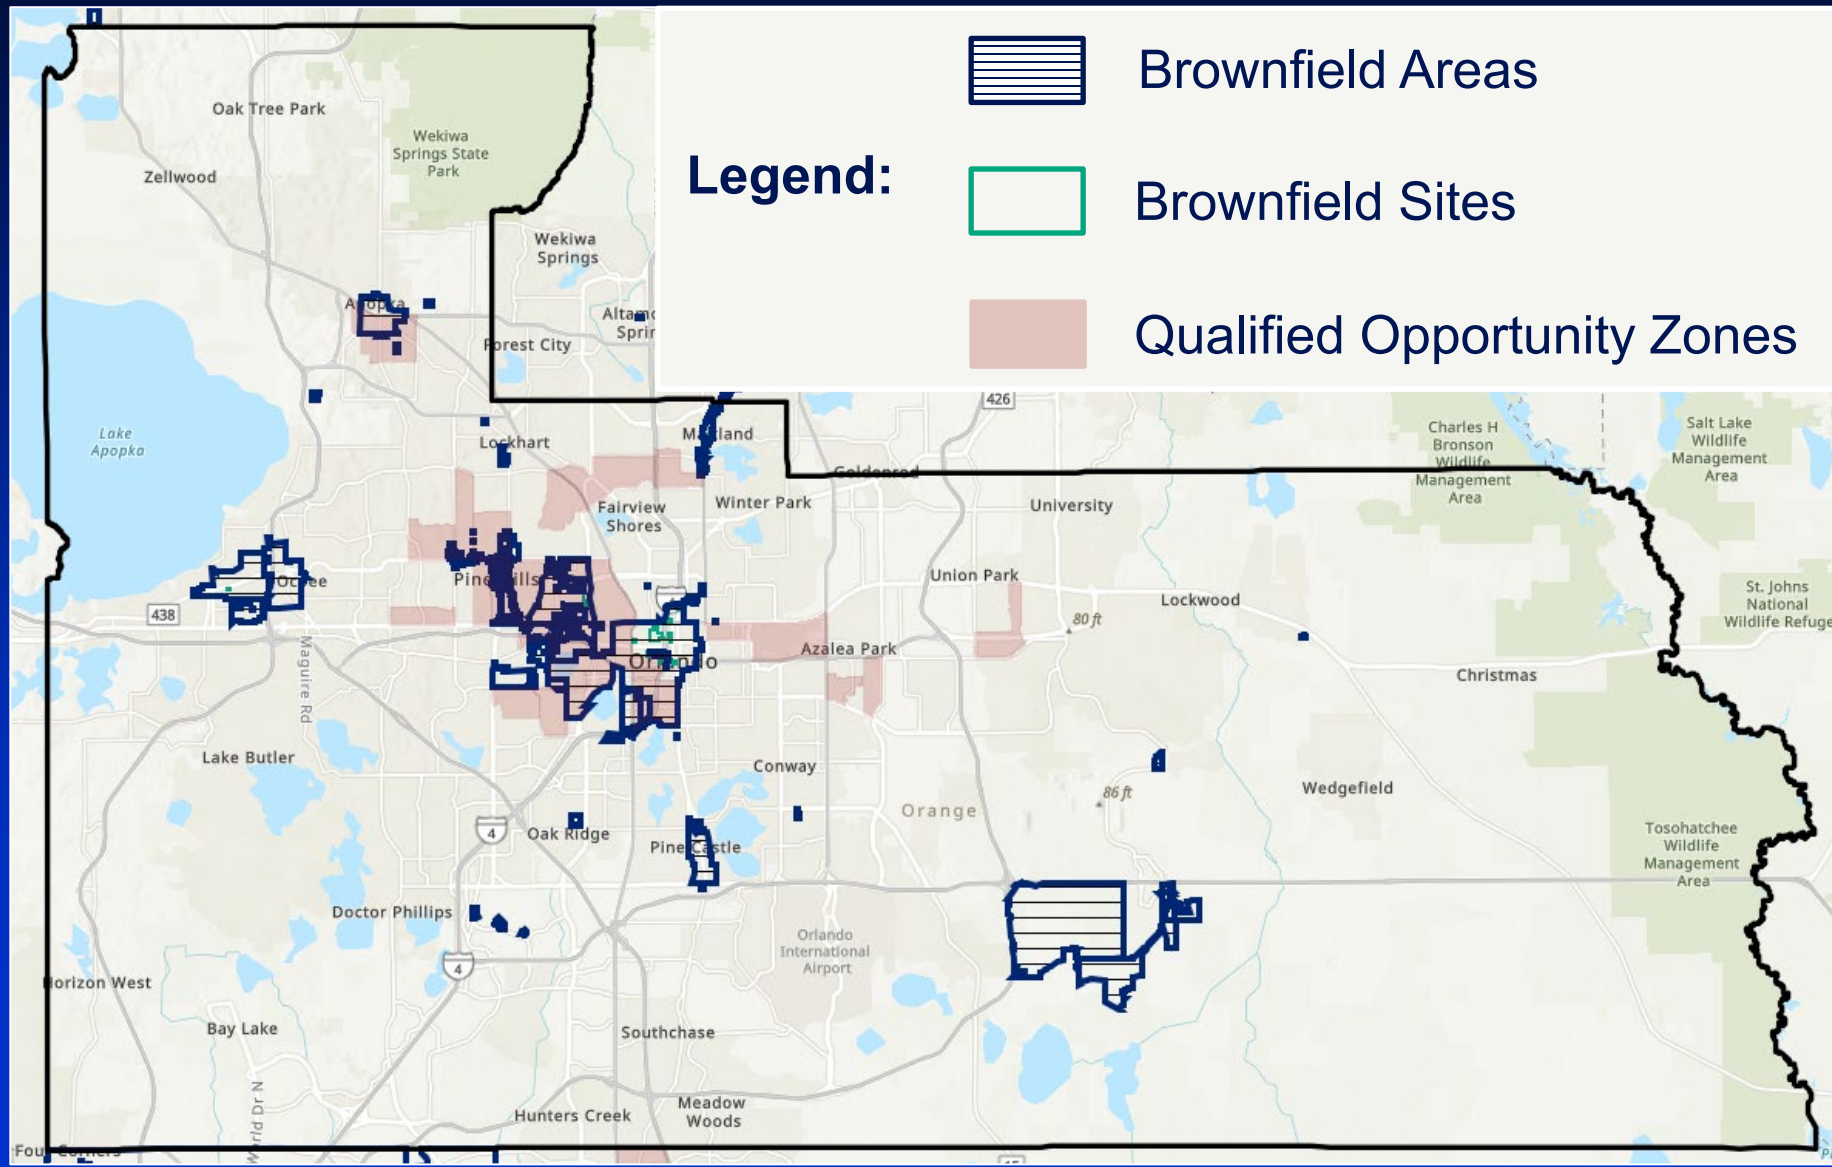

Purpose & Background of Brownfields

- **Defined in Florida Statute 376.79**
- **Brownfield Site**
 - Real property
 - Actual or perceived environmental contamination
- **Brownfield Area**
 - One or more Brownfield sites
 - May or may not be contaminated
 - Designated by resolution
 - Examples: Community redevelopment areas, enterprise zones, empowerment zones, etc.

Purpose & Background of Brownfields

Purpose & Background of Brownfields

■ Some Benefits of Brownfields

- Cleans up contaminated sites
- Incentivizes redevelopment
 - Helps curb urban sprawl
 - Creates affordable housing opportunities, jobs, parks, conserves land, etc.
- Provides some relief from liability if contamination is discovered
- Opens economic incentives in the form of tax credits

■ Contamination can be perceived, and not actual

Proposed Brownfield Area

14

- **Northeast portion: former citrus grove**
 - Farmed 1950s through 1990s
 - Citrus farms used pesticides, herbicides, and fertilizers
 - Property undeveloped until 2022
 - Limited soil assessment revealed no contamination at levels exceeding state remediation requirements per 62-777, F.A.C.
 - Historic activities make the site eligible for Brownfields (perceived contamination)
- **Remainder of parcel: undeveloped**
