EXHIBIT A SCOPE OF SERVICES

1. **Program Description:** Orange County Family Counseling provides free individual counseling to Orange County youth ages 6-17 who are experiencing behavior problems at home and in school, truancy, bullying, anger issues, mental health issues, ungovernable, and homelessness. SNAP (Stop Now and Plan) provides psychoeducational groups for children who have difficulty with emotional regulation and self-control and are engaging in disruptive behavior such as aggression, rule-breaking, bullying, or trouble with authority figures. The Oaks Specialized Community Supervision Program (Oaks SCSP) provides individual and/or family counseling to youth on probation supervision with the Department of Juvenile Justice (DJJ) to address family conflict, anger management, life skills, impulse control, and substance use/abuse.
2. **Program Focus:** Family Counseling and SNAP will provide individual and group counseling to youth who are experiencing behavior problems. Services also include case management, parent training, truancy prevention/intervention services, service plan development, comprehensive Adverse Childhood Experiences assessment of child/family's areas of risk, and youth/family support services. The Oaks SCSP will address family conflict and anger management with youth on probation supervision.
3. **Youth Benefit:** The programs will teach youth coping skills, impulse control, and how to regulate their behaviors, manage stress, anxiety and other emotional challenges. The programs will also improve the youth's communication skills, help them express themselves more effectively and build stronger relationships with their families.
4. **Goals and Objectives:** The goal of Family Counseling is to provide youth with the skills they need to make better decisions and stay out of trouble. The primary goal of SNAP is to help children to stop and think before they act and empower them for improved family relationships, positive social interactions and success in school. The Oaks SCSP Program seeks to deter the involvement with negative peer groups while promoting and addressing pro-social skills, positive free time activities and educational services support.
5. **Impact:** Family Counseling/SNAP and the Oaks SCSP Programs are prevention programs funded by DJJ. These programs aim to reduce risk factors such as juvenile crime, ungovernability, truancy, and other pre-delinquent behaviors
6. **Implementation Plan:** Once a school employee determines a student may benefit from services, the employee would provide the legal guardian with a "Permission to Refer" form. This allows the employee to provide the County with the student and guardian contact number. The County would then contact the guardian and receive consent for services. Family Counseling and SNAP are short term programs. A counselor will meet with the youth weekly to address their needs. An intake will be completed with all clients and their parents, where the parent or legal guardian will sign a release of information form giving Orange County Family Counseling staff permission to meet with the student. At the conclusion of each program, parents will be provided with a Discharge Summary which will provide any additional recommendations for the family and the noted progress. The Oaks SCSP Program staff will meet with the youth on a regular basis during the duration of their probation.
7. The County will provide Program services to youth and families of Orange County, Florida and the School Board of Orange County, Florida ("OCPS").

8. **Selection Process:** OCPS will identify students who can benefit from counseling services and refer those students to Family Counseling and the SNAP programs. Program participants for the Oaks SCSP program must be referred to the program by DJJ and/or court ordered to participate in the program.
9. **Location where program services will be provided:**
