

Interoffice Memorandum

July 12, 2019

TO: Mayor Jerry L. Demings  
and Board of County Commissioners

FROM: Diana M. Almodovar, P.E., Interim Director, Public Works Department *DMA*

CONTACT PERSON: Christine N. Lofye, P. E., Manager *C. L.*  
Traffic Engineering Division

PHONE NUMBER: (407) 836-7890

SUBJ: **Establishment of a Stop Controlled One-way Roadway on Taylor Creek Road from 185 feet north to 185 feet south of Culvert Headwall #BISJR054**

The Christmas Civic Association requested that the Traffic Engineering Division review safety on Taylor Creek Road from Colonial Drive to State Road 520.

Traffic Engineering staff performed a traffic study and found that safety can be improved by the installation of a one-way roadway from 185 feet north to 185 feet south of culvert headwall #BISJR054. Each of the approaches of the one-way only roadway will be controlled by a Stop sign. The purpose of the one-way only roadway is to improve safety for vehicles on Taylor Creek Road approaching the culvert headwall and reduce vehicle speeds.

Staff recommends that the Board approve a Stop controlled one-way roadway on Taylor Creek Road from 185 feet north to 185 feet south of culvert headwall #BISJR054.

**Action Requested: Approval of a Stop Controlled one-way roadway on Taylor Creek Road from 185 feet north to 185 feet south of culvert headwall #BISJR054. District 5.**
