Human Trafficking Residential Program Update

An initial six-month contract for the operation of a pilot Human Trafficking Residential Program between Orange County and Aspire HealthPartners commenced in September of 2017. There have been three amendments to the original contract which have renewed the program through March, 24, 2020.

[REDACTED]

The program works with several different community partners for referrals, counseling, legal assistance, job training, and addiction issues. The contract is a fixed price contract in the amount of \$62,500 per month. The total amount expended through September of 2019 is \$1,500,000.

The Youth and Family Services Division has been monitoring the progress of this program to ensure it is operating as the County envisioned. A presentation will be provided to the Board to share our findings as to the effectiveness of the pilot program and its benefits to the victims of human trafficking in Orange County.
