See Exhibit “A” attached hereto and by reference made a part hereof (“Easement Parcel”)

together with the right of ingress and egress to and from the same, and all rights therein and all privileges thereon which are or may be necessary or convenient for the full use and enjoyment of such easement, which is for the purposes of placing, constructing, operating, maintaining, repairing, replacing on and removing from said land, installations described as follows:

Underground gas line and aboveground and underground necessary appurtenances thereto, including without limitation telecommunications equipment, risers, and pipeline markers (“Facilities”).

The width of the Easement (the “Easement Area”) shall be ten (10) feet lying five (5) feet on each side of the centerline of the Facilities as installed or to be constructed.

The aforesaid rights and privileges granted shall include the right and privilege to root prune or remove any and all deep rooted vegetation upon said Easement Area and upon the Grantor’s lands adjacent to said land, wherever the Company may deem it necessary or desirable to do so for the protection of said installations.

Company shall promptly repair any damage to the Easement Area, or any other property not owned by Company, caused by Company exercising its rights under this agreement, including ground cover, planting, roadways, driveways, sidewalks, and parking areas.

Grantor reserves the right to install minor landscaping, irrigation and/or fencing within the Easement parcel provided that it does not and will not directly interfere with the Company’s Facilities, does not change grade, and does not cause water impoundment. Grantor further acknowledges that under the “Underground Facility Damage Prevention and Safety Act” (ch.

In the event Grantor fails to notify as set forth above, Grantor may be held responsible for costs and expenses incurred due to damage of Company's Facilities.

The Company agrees, at the sole expense of Grantor, to relocate its Facilities, over, under and upon subject parcel upon the request of Grantor, and the vacated portion of this easement being released and conveyed back to Grantor and the site of the relocated Facilities being conveyed and included in this easement grant as though it had been included ab initio.

Company, at its option and in its sole discretion, may remove those underground portions of the Facilities that should be removed and purge and cap any portions of abandoned Facilities to be left in place.

The Company agrees to amend the Easement Area at such time as Grantor provides to Company a survey of the natural gas facilities contemplated herein and a specific legal description of the revised easement area acceptable to the Company.

Company shall indemnify and hold harmless Grantor, its successors and assigns from any claim, liability, suit, demand or costs including attorney's fees incurred by Grantor on account of any injuries or damages received or sustained by persons or property arising out of or occasioned by the negligence or willful misconduct of Company connection with the facilities(as defined in the easement) or exercise of rights in the Easement granted hereunder.
