TO: Mayor Jerry L. Demings
— AND —
County Commissioners

FROM: Joseph C. Kunkel, P.E., Director
Public Works Department

CONTACT PERSON: Diana M. Almodovar, P.E., Deputy Director 
Public Works Department
(407) 836-7972

SUBJECT: July 13, 2021 – Public Hearing
Proposed Amendments to Orange County Code
Chapters 30 and 34

On July 13, 2021, the Public Works Department will be presenting two public hearings on ordinances that propose amendments to Orange County Code.

This ordinance amendments include updates to Chapters 30 and 34 of the Orange County Code regarding curb zone management, waste/recycling collection and storage containers, and plat approval and recording. Proposed amendments, if approved, would accommodate changing travel and consumer behaviors through curb zone management, prohibit waste collection/recycling containers and temporary portable storage containers from being placed in County rights-of-way to respond to current enforcement concerns, and update platting requirements.

The Planning and Zoning Commission/Local Planning Agency found the proposed Code amendments to be consistent with the Orange County Comprehensive Plan at their March 18, 2021, meeting.

To obtain public input, staff presented proposed Code amendments to the County's Sustainability Advisory Board and Development Advisory Board. Staff also held a Developer's Forum meeting on January 14, 2021, and distributed drafts of the proposed amendments to 16 community and professional associations, including the Florida Bicycle Association, for review and comments.

Public Hearing - Proposed Amendments to Orange County Code
Chapters 30 and 34
July 13, 2021
Page 2

Staff will present an overview of all proposed amendments to various chapters of Orange County Code and discuss the public outreach process and corresponding revisions.

ACTION REQUESTED: Adoption of amendments to Orange County Code, Chapters 30 and 34. All Districts.

March 29, 2021

TO: Mayor Jerry L. Demings
-AND-
Board of County Commissioners

FROM: Eddie Fernandez, Chairperson,
Planning and Zoning Commission/Local Planning Agency

SUBJECT: Proposed Amendments to Orange County Code
Chapters 30 and 34 - Land Development

On March 18, 2021, the Planning and Zoning Commission (PZC)/Local Planning Agency (LPA) held a public hearing regarding proposed amendments to Chapters 30 and 34 of the Orange County Code. The proposed amendments address platting approval and recording, platting requirements, curb zone management, and waste collection/recycling and storage containers.

The PZC/LPA found the proposed amendments to Orange County Code consistent with the Orange County Comprehensive Plan and recommended adoption of the ordinance.

**ORANGE COUNTY
PLANNING AND ZONING COMMISSION (PZC) / LOCAL PLANNING AGENCY
(LPA)
Meeting of March 18, 2021**

The Orange County Planning and Zoning Commission (PZC) / Local Planning Agency (LPA) met at 9:00 a.m. on March 18, 2021 in the Orange County Commission Chambers, 201 South Rosalind Avenue, Orlando, Florida 32801.

PRESENT:	Trevor Sorbo	District 1
	Sean McQuade	District 2
	Eddie Fernandez (Chairperson)	District 3
	Carlos Nazario	District 4
	Gordon Spears	District 5
	Mohammed Abdallah (Vice Chairperson)	At-Large
	JaJa Wade	District 6
	Evelyn Cardenas	At Large
	Nelson Pena	At Large
	ABSENT:	Sean McQuade

**ALSO
PRESENT:** Orange County Staff: Eric Raasch, Planning Administrator; Jason Sorensen, Chief Planner; Irina Pashinina, Planner; James Hartsfield, Planner; Greg Gologowski, Chief Planner, Alissa Torres, Transportation Planning, Lindy Wolfe, Utilities Department, Lori Foresman, Program Manager. Whitney Evers, Assistant County Attorney; and Terri-Lynn Pontius, Administrative Assistant.

Chairman Fernandez called the meeting to order. Following the Pledge of Allegiance, the following agenda items were called:

APPROVAL OF MINUTES

A motion was made by Commissioner Abdallah to **APPROVE** the December 17, 2020 minutes. The motion was seconded by Commissioner Spears and was then approved unanimously on an 8-0 vote. Commissioner McQuade was absent.

A motion was made by Commissioner Cardenas to approve the February 18, 2021 meeting minutes. The motion was seconded by Commissioner Sorbo and was then approved unanimously on an 8-0 vote. Commissioner McQuade was absent.

OLD BUSINESS

No old business was discussed.

NEW BUSINESS

Vision 2050 BCC workshops were discussed as well as opportunities for PZC Commissioner input.

Rezoning Public Hearings

Juan Carlos Meza RZ-21-03-004 District 5

Applicant: Juan C. Meza

Consideration: To rezone from R-1A (Single-Family Dwelling District) to R-1 (Single-Family Dwelling District) to allow to construct two (2) single-family homes (pending reconfiguration).

Location: 1235 Semoran Blvd and 4955 Sevas Street; generally located northeast of the Sevas Street and Susannah Boulevard intersection.

Tract Size: 0.39 gross acres

Speakers: Juan Meza (Applicant)

1st Action: Make a finding of inconsistency with the Comprehensive Plan and recommend **DENIAL** of the requested R-1 (Single-Family Dwelling District) zoning.

Motion / Second: Gordon Spears / none
*Motion failed for lack of a second.

2nd Action: Make a finding of consistency with the Comprehensive Plan and recommend **APPROVAL** of the requested R-1 (Single-Family Dwelling District) zoning.

Motion / Second: Mohammed Abdallah / JaJa Wade

AYE (Voice vote): Mohammed Abdallah, JaJa Wade, Carlos Nazario, Evelyn Cardenas, Trevor Sorbo, Nelson Pena and Eddie Fernandez

NAY (voice vote): Gordon Spears

Absent: Sean McQuade

Lewis M. Oliver III, RZ-21-03-009 District 4

Applicant: Lewis M. Oliver III

Consideration: To change the rezone from A-2 (Farmland Rural District) to R-1 (Single Family Dwelling District) to construct three (3) single-family homes, pending lot split approval.

Location: 1575 Hancock Lone Palm Road, generally east of Hancock Lone Pal and approximately 855 feet south of E. Colonial Drive

Tract Size: 1.39 gross acres

Speakers: Lewis M. Oliver (Applicant)

Action: Make a finding of consistency with the Comprehensive Plan, and recommend **APPROVAL** of the requested R-1 (Single-Family Dwelling District) zoning.

Motion/ Second: Carlos Nazario / Trevor Sorbo

AYE (voice vote): Carlos Nazario, Trevor Sorbo, Eddie Fernandez, Nelson Pena, Evelyn Cardenas, JaJa Wade, and Mohammed Abdallah

NAY (voice vote): Gordon Spears

Absent: Sean McQuade

Donn Sharpe, RZ-21-03-010 District 1

Applicant: Donn Sharpe, Davila Custom Homes

Consideration: A request to change from A-1 (Citrus Rural District) to R-1A (Single-Family Dwelling District) in order to develop one (1) single family home.

Tract Size: 0.199 gross acres

Speakers: Donn Sharpe (Applicant)

Action: Make a finding of consistency with the Comprehensive Plan, and recommend **APPROVAL** of the requested R-1A (Single-Family Dwelling District) zoning.

Motion / Second: Trevor Sorbo / Carlos Nazario

AYE (voice vote): Trevor Sorbo, Carlos Nazario, Gordon Spears, Eddie Fernandez, JaJa Wade, Mohammed Abdallah, Nelson Pena, and Evelyn Cardenas

NAY (voice vote): None

Absent: Sean McQuade

Stephen Allen, LUP-20-09-248 District 1

Applicant: Stephen Allen, Civil Corp Engineering, INC

Project Name Buena Vista Dentistry Planned Development (PD/LUP)

Consideration: To rezone from R-1AAA (Single Family Dwelling District) to PD (Planned Development District) in order to develop 3,600 square feet of office uses (Dental Office).

Tract Size: 0.55 gross acres

Action: *Continue to the April 15, 2021 Planning and Zoning Public Hearing due to Applicant needing agent authorization.*

Motion / Second: Trevor Sorbo / Evelyn Cardenas

AYE (voice vote): Trevor Sorbo, Evelyn Cardenas, JaJa Wade, Mohammed Abdallah, Gordon Spears, Nelson Pena and Eddie Fernandez

NAY (voice vote): None

Absent: Sean McQuade and Carlos Nazario

Small Scale Amendments with Concurrent Rezonings:

1. SS-21-03-005 Julian Coto, District 6

Applicant: Julian Coto, Excel Engineering Consultants

Consideration: A request to change future land use of C (Commercial District) to MDR (Medium Density Residential) for the use of one (1) single family home.

Location: N Cottage Hill Road; generally located on the east side of N Cottage Hill Road, approximately 245 feet north of W. Central Boulevard

Tract Size: 0.17 gross acres

Speakers: Julian Coto (Applicant)

Action: Make a finding of consistency with the Comprehensive Plan and recommend **ADOPTION** of the requested MDR (Medium Density Residential) Future Land Use.

Motion / Second: JaJa Wade / Trevor Sorbo

AYE (voice vote): JaJa Wade, Trevor Sorbo, Gordon Spears, Mohammed Abdallah, Eddie Fernandez, Nelson Pena and Evelyn Cardenas

NAY (voice vote):None

Absent: Sean McQuade and Carlos Nazario

2. SS-21-03-006 & RZ-21-01-082 Paul Jazczenski, District 3

Applicant: Paul Jazczenski, Crash Crew Construction

Consideration: To change the Future Land Use from LMDR (Low-Medium Density Residential) **to** Commercial (C) and rezone from C-1 (Retail Commercial District) **to** C-2 Restricted (General Commercial District) for the proposed use of a restaurant with an outdoor dog park (C-1 uses plus a dog park (C-2) use).

Location: 7323 S. Orange Avenue, generally located on the east side of S. Orange Avenue, approximately 799 feet south of Nela Avenue.

Tract Size: 1.57 gross acres

Speakers: Paul Jazczenski (Applicant)

Action: Make a finding of consistency with the Comprehensive Plan and recommend **ADOPTION** of the requested Commercial (C) Future Land Use for Parcel 25-23-29-0000-00-080 only.

Make a finding of consistency with the Comprehensive Plan and recommend **APPROVAL** of the requested C-2 Restricted (General Commercial District) (Restricted) zoning, for all three parcels, subject to the following restrictions:

1. Billboards and pole signs shall be prohibited
2. Uses shall be restricted to all C-1 uses and the C-2 use of an outdoor dog park.
3. An eight (8) foot wall shall be provided along the northern property line and extend north/south across the eastern portion of the overall site in the upland area so as to limit noise pollution across the lake,
4. Hours of operation for the outdoor dog park shall be limited to 8:00am to 10:00pm

5. Hours of operation for the restaurant shall be limited to 8:00am to 12:00am.

6. A pedestrian connection to Datura Drive shall be provided.

7. Outdoor audio speakers must be oriented away from residential properties, not be in use between 10pm and 9am and adhere to Section 15-182 of the Orange County Code which sets maximum permissible sound levels.

Motion / Second: Evelyn Cardenas / Gordon Spears

AYE (voice vote): Evelyn Cardenas, Gordon Spears, Trevor Sorbo, JaJa Wade, Nelson Pena, and Mohammed Abdallah

ABSTAINING: Eddie Fernandez

NAY (voice vote): None

Absent: Sean McQuade and Carlos Nazario

3. SS-21-03-008 Steven Thorp, OCPS, District 2

Applicant: Steven Thorp, Orange County Public Schools

Consideration: To change the Future Land Use from LDR (Low Density Residential) ~~to~~ Medium Density Residential (MDR) for the proposed use of a Adult Education Center.

Location: 1408 S. Central Avenue

Tract Size: 0.218 gross acres

Speakers: Steven Thorp (applicant)

Action: Make a finding of consistency with the Comprehensive Plan and recommend **ADOPTION** of the requested MDR Future Land Use.

Motion / Second: Mohammed Abdallah / Gordon Spears

AYE (voice vote): Evelyn Cardenas, Gordon Spears, Trevor Sorbo, JaJa Wade, Nelson Pena, Eddie Fernandez and Mohammed Abdallah

NAY (voice vote): None

Absent: Sean McQuade and Carlos Nazario

PUBLIC HEARINGS:

Proposed Amendments to Orange County Code – Chapter 21 & 35

Consideration: To discuss and review the proposed which address right-of-way use for various purposes, changing transportation technologies, and recent statutory changes.

Speakers: Alissa Torres, Transportation Division

Action: Make a finding of consistency with the Comprehensive Plan, recommend **ADOPTION** of the proposed policies to the Orange County Code to the Board of County Commission.

Motion/ Second: Mohammed Abdallah / Gordon Spears

AYE (voice vote): Mohammed Abdallah, Gordon Spears, Carlos Nazario, Evelyn Cardenas, Eddie Fernandez, JaJa Wade, Nelson Pena and Trevor Sorbo

NAY (voice vote): None

Absent: Sean McQuade

Proposed Amendments to Orange County Code – Chapter 30 and 34

Consideration: To discuss and review the proposed amendments to Chapter 30 and 34 of the Orange County Code. Theses changes address platting, approval and recording, platting requirements, curb zone, and waste collection/ recycling and storage containers.

Speakers: Alissa Torres, Transportation Division

Action: Make a finding of consistency with the Comprehensive Plan, recommend **ADOPTION** of the proposed policies to the Orange County Code to the Board of County Commission.

Motion/ Second: Trevor Sorbo / JaJa Wade

AYE (voice vote): Trevor Sorbo, JaJa Wade, Mohammed Abdallah, Gordon Spears, Carlos Nazario, Evelyn Cardenas, Eddie Fernandez, and Nelson Pena

NAY (voice vote): None

Absent: Sean McQuade

Work Session:

Update to the 2011 Utilities Standards and Construction Specifications Manual

Consideration: Staff presented the Board an update to the 2011 Utilities Standards and Construction Specifications Manual.

Speakers: Lindy Wolfe, Utilities Division

Action: This is a work session; no voting is required from the board.

Residential Backyard Chicken Program

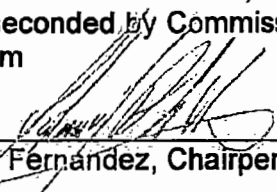

Consideration: To provide an update on the Residential Backyard Chicken Program for Orange County.

Speakers: Lori Forsman, Sustainable Programs Manager

Action: This is a work session; no voting is required from the board.

MEETING ADJOURNED

With no further business, Chairman Fernandez made a motion to adjourn. The motion was seconded by Commissioner Cardenas. The meeting adjourned at approximately 1:50pm

for Eddie Fernandez, Chairperson

Terri-Lyn Pontius, Recording Secretary

ORDINANCE NO. 2021-_____

AN ORDINANCE AFFECTING THE USE OF LAND IN ORANGE COUNTY, FLORIDA, RELATED TO LAND DEVELOPMENT BY AMENDING THE ORANGE COUNTY CODE, CHAPTER 30 ("PLANNING AND DEVELOPMENT"), ARTICLE III ("LAND DEVELOPMENT AND USE ORDINANCE") AND ARTICLE VIII ("SITE DEVELOPMENT"); AND CHAPTER 34 ("SUBDIVISION REGULATIONS"), ARTICLE I ("IN GENERAL"), ARTICLE III, ("SUBDIVISION REVIEW PROCESS") AND ARTICLE IV ("SPECIFICATIONS FOR PLANS AND PLATS"); AND PROVIDING AN EFFECTIVE DATE.

BE IT ORDAINED BY THE BOARD OF COUNTY COMMISSIONERS OF ORANGE COUNTY, FLORIDA:

Section 1. Amendments; In General. Chapter 30 ("Planning and Development") and Chapter 34 ("Subdivision Regulations") of the Orange County Code are amended as set forth in Section 2 and Section 3 below, respectively, with additions being shown as underlines and deletions being shown as ~~struck through~~:

Section 2. Amendments to Chapter 30, Planning and Development. Chapter 30 ("Planning and Development"), Article III ("Land Development and Use Ordinance") and Article VIII ("Site Development"), of the Orange County Code is hereby amended by the following changes to Section 30-78, Section 30-254; and the creation of Section 30-255:

[Rest of page intentionally blank]

A. Chapter 30, Article III ("Land Development and Use Ordinance"),

Section 30-78 is amended as follows:

Sec. 30-78. Definitions and title.

* * *

Subdivision shall mean the division of a parcel of land, whether improved or unimproved, into ~~three~~ two (2) or more lots, ~~or parcels, tracts, tiers, blocks, sites, units, or any other division of land~~ for the purpose, whether immediate or future, of transfer of ownership or building development where the ~~the~~ subdivider advocates, proposes, suggests or exhibits a proposed plan, map or plat of development of the land; ~~or and includes~~ where the subdivider proposes to establish ~~create a new~~ streets, and alleys, additions, and resubdivisions, or a right-of-way or easement that joins or connects to an existing public street for ingress and egress, or to change an existing public street.

Survey shall mean the result of any professional service or work resulting from the practice of Surveying and Mapping, as defined in Chapter 472, Florida Statutes, which includes As-built/Record Surveys, Boundary Surveys, Construction Layout Surveys, Condominium Surveys, Construction Control Surveys, Control Surveys, Elevation Surveys, Hydrographic/Bathymetric Surveys, Tidal or non-tidal Water Boundary Surveys, Photogrammetric Surveys (including Orthorectified Imagery), Quantity Surveys, Topographic Surveys, and Surveys prepared for Wetland/Conservation Area Determination activities as defined in Chapter 15 of the Orange County Code, whether it is measured by direct or remote sensing methods. Any such survey shall indicate and clearly state that it has been prepared in accordance with Rule 5J-17, Florida Administrative Code, as amended from time to time.

* * *

B. Chapter 30, Article VIII ("Site Development"), Section 30-254 of

is amended to read as follows:

Sec. 30-254. Solid ~~w~~Waste/recycling collection and storage containers.

(a) All multifamily residential projects, with greater than four ~~(4)~~ units per structure which units are not individually owned

74 in fee simple shall be required to provide centralized facilities with
75 separate containers (e.g., dumpster) for the deposit of solid waste
76 and recycling from the individual living units. Such containers shall
77 provide four one-hundredths (0.04) cubic yards of capacity per week
78 per bedroom for solid waste and recycling each. The containers shall
79 be located or screened in such a way that they are not readily visible
80 from adjacent properties.

81 (b) Waste collection containers and activities, including
82 recycling and construction dumpsters, serving residential projects
83 shall not be placed in or obstruct County roadways and associated
84 County-owned rights-of-way and shall meet all requirements of Sec.
85 21-241.

86 C. Section 30-255 of Chapter 30, Article VIII ("Site Development") is
87
88 created to read as follows:

89 **Sec. 30-255. Reserved Curb zone management.**

90
91 (a) At a preapplication conference or during the review
92 of a proposed land use plan, to improve pedestrian, bicycle,
93 automobile, and/or transit circulation and safety, a curb zone
94 management strategy or strategies may be required and may include,
95 but not be limited to, designated passenger loading zones, staging
96 areas for shared mobility services, and/or short-term parking spaces
97 for curbside delivery or delivery services, and may be centralized
98 within a shopping center or shared by multiple users within a
99 development.

100
101 (b) Appropriate dimensions and signage, curb ramps and
102 other ADA accessibility requirements, and safety features (such as
103 bollards, pavement markings, curb ramps, truncated domes), shall
104 be required. The site design shall only allow forward motion of
105 vehicles for safety.

106
107 (c) A project that has a County-approved curb zone
108 management strategy or strategies may receive a reduction of its
109 corresponding required off-street parking of up to ten percent, as
110 determined by Sec. 38-1476, administratively, without the need for
111 a parking study.

112 **Secs. 30-255—30-275. - Reserved.**
113
114

Section 3. Amendments to Chapter 34, Subdivision Regulations. Chapter 34

(“Subdivision Regulations”), Article I (“In General”), Article III (“Subdivision Review Process”), and Article IV (“Specifications for Plans and Plats”), of the Orange County Code is hereby amended by the following changes to Sections 34-5, 34-48, and 34-133:

A. Chapter 34, Article I (“In General”), Section 34-5 is amended as follows:

Sec. 34-5. Definitions.

* * *

Legal entity, as used in this Article, shall mean an entity that holds a certificate of authorization issued under Chapter 472, Florida Statutes, whether the entity is a corporation, partnership, association, or person practicing under a fictitious name.

* * *

B. Chapter 34, Article III (“Subdivision Review Process”), Section 34-48 is amended to read as follows:

Sec. 34-48. Plat approval and recording.

(a) The eCounty eEngineer shall process a plat for approval and recording. A plat shall comply with sSection 34-133 and, ~~to the extent that it is not inconsistent with this section and section 34-133, p~~Part I, eChapter 177, Florida Statutes. In the event of any inconsistency, Florida Statutes shall control. Also, pursuant to Section 177.061, Florida Statutes, the plat shall be signed and sealed by a Professional Surveyor and Mapper licensed in the state of Florida.

(b) For lands located within unincorporated Orange County which have not been the subject of a public hearing before the bBoard of eCounty eCommissioners on a preliminary subdivision plan, such as a commercial plat or one (1) lot plat, the plat shall not be recorded, whether as an independent instrument or by attachment to another instrument entitled to record, unless and

152 until such plat has been approved by the ~~b~~Board of ~~e~~County
154 ~~e~~Commissioners at a public meeting.

156 (c) For lands located within unincorporated Orange
158 County which have been the subject of a public hearing before the
160 ~~b~~Board of ~~e~~County ~~e~~Commissioners on a preliminary subdivision
162 plan or on a substantial amendment to an approved preliminary
subdivision plan, the ~~b~~Board of ~~e~~County ~~e~~Commissioners hereby
delegates to the ~~e~~County ~~m~~Mayor the authority to approve such plat,
and the plat shall not be recorded unless and until it has been
approved by the ~~e~~County ~~m~~Mayor.

164 Secs. 34-49—34-66. - Reserved.

166 C. Chapter 34, Article IV ("Specifications for Plans and Plats"),

Section 34-133 is amended to read as follows:

168 **Sec. 34-133. Platting requirements.**

170 (a) *Prerequisites.* The ~~e~~County ~~e~~Engineer:

172 (1) shall not approve a residential subdivision
174 plat until construction plans and related documents are approved.

176 (2) shall not approve a plat until any and all
underlying condominiums of record as prescribed by Chapter 718,
178 Florida Statutes, have been terminated.

180 (3) shall not, with the exception of properties
held as tenants in common, tenants by the entirety, or joint tenants
182 with rights of survivorship, approve a plat where a platted lot or tract
will have more than a single owner of record upon the recordation
of the plat.

184 (b) *General.* The plat shall meet all the requirements of
186 F.S. ~~ch.~~Chapter 177, ~~p~~Part I, Florida Statutes, and shall be certified
by a land surveyor registered in the State of Florida. In addition, the
188 plat shall be drawn with permanent black drawing ink on ~~linen~~
~~tracing cloth~~, mylar, or equally durable material, using sheets
190 twenty-four (24) inches by thirty (30) inches. Each sheet shall have
a marginal line completely around the sheet placed to leave a three-
192 inch binding margin on the left and a one-inch margin on the other
three (3) sides. If a government survey corner is used to conduct the
194 surveys for the plat, a copy of the corner record shall be resubmitted
along with the plat for approval. The title opinion or property

information report required per Section 177.041, Florida Statutes, shall also be submitted for recording along with the plat. ~~All plats to be recorded shall contain the required plat certificates.~~ Prior to filing an affidavit confirming an error or correction on a recorded plat, the surveyor who was responsible for the survey and the preparation of the plat shall first submit the affidavit along with a copy of the recorded plat to the ~~eCounty eEngineer and County Surveyor~~ for approval. Such affidavit shall meet the requirements of ~~F.S. §Section~~ 177.141, Florida Statutes.

A Boundary Survey prepared within the previous twelve (12) months of plat submittal and prepared by the relevant legal entity or sole Professional Surveyor and Mapper, must accompany the plat submittal and be in accordance with Florida Administrative Code 5J-17. This requirement does not restrict a legal entity from employing one Professional Surveyor and Mapper to perform and prepare the Boundary Survey and another Professional Surveyor and Mapper to prepare the plat. The plat boundary shall be tied to at least the nearest two Government Land Section Corners, and all corners tied to the plat boundary must be shown and described on the plat. If the new plat boundary is within a multiple phase project, then the plat may be described using the Section Corners of the previously platted and recorded phase of the overall project, and the description of the new phase should be relative to the original boundary of the overall multiple phase project. The Professional Surveyor and Mapper shall be responsible for filing an updated Certified Corner Record (CCR) when the corner found and used on the plat does not match the latest CCR. A "DRAFT" copy of the CCR shall also be submitted with the next plat submittal for the County Surveyor to review. If the new CCR is not filed with the responsible state agency by the time the plat is ready for recording, then a note on the plat stating the "CCR is Pending" will be acceptable. The Professional Surveyor and Mapper preparing the plat shall determine if a meeting should be scheduled with the County Surveyor when boundary circumstances are questionable, and a resolution of calls is needed. A Sectional breakdown of the corners found/calculated, and other corners found shall be submitted at the meeting and/or at plat submittal. The County Surveyor and/or Platting Section may schedule a meeting at any time with the preparing Professional Surveyor and Mapper to discuss issues preventing acceptance of the plat. ~~The plat boundary shall be field tied to the nearest government land office section line whose section corners are shown and described on the plat. Additionally, the plat boundary shall be tied to geodetic control (providing, however, that geodetic control exists within one (1) mile, as measured along an existing open public right-of-way, of the plat boundary). Two (2) coordinated certified corners~~

could be used to meet both these sectional and geodetic control requirements. One (1) of the four (4) methods outlined below shall be used to tie the plat boundary to geodetic control:

(1) — Self-closing (looped) traverse(s) shall be conducted between two (2) geodetic control points and the plat boundary with a minimum precision of no less than one (1) part in twelve thousand (12,000) before adjustment.

(2) — Self-closing (looped) traverse(s) shall be conducted between one (1) geodetic control point, the plat boundary and a line whose azimuth has been determined by astronomic observation or global position system (GPS) with a minimum precision of no less than one (1) part in twelve thousand (12,000) before adjustment. Astronomic or GPS observation shall be performed in accordance with third order, class II requirements set forth in Standards and Specifications for Geodetic Control Networks, Federal Geodetic Control Committee, September, 1984, or as subsequently amended.

(3) — Three (3) geodetic control points tied to the plat boundary such that the field observations agree with the published coordinate values with a minimum precision of no less than one (1) part in twelve thousand (12,000).

(4) — Two (2) geodetic control points and a line whose azimuth has been determined by astronomic or GPS observation tied to the plat boundary such that the field observations agree with the published coordinate values with a minimum precision of no less than one (1) part in twelve thousand (12,000). Astronomic or GPS observation shall be performed in accordance with third order, class II requirements set forth in Standards and Specifications for Geodetic Control Networks, Federal Geodetic Control Committee, September, 1984, or as subsequently amended.

Geodetic control points that are used shall be shown on the plat by graphically identifying their location, name and number. The final, adjusted direct tie (bearing and distance) shall be shown between those geodetic control points and specific point(s) on plat boundary. If only one (1) geodetic control point was located as in method (2) above, a bearing diagram shall be shown on the plat relating the bearing structure shown on the plat to astronomic or grid north. If computer aided design and drafting (CADD) methods were used in the preparation of the subdivision plat, a copy of the associated electronic data file shall be made available to the county upon request in order to expedite entering the subdivision into the

county's records. In the event of a discrepancy with county records, other survey data showing the field observations, reductions and adjustments shall be made available to the county upon request.

(c) *Estimated cost.* A construction cost estimate shall be submitted, which provides the estimated cost of installing all improvements. Such estimates shall be prepared by the project engineer and shall be based upon recent bid information. As an alternative, bids of at least two (2) reputable contractors, or a copy of an executed contract, for the installation of the improvements may be submitted.

(d) *Surety for improvements.* When platting is proposed prior to completion of construction, the subdivider shall submit to the eCounty a developer's agreement, a cash deposits, an irrevocable letter of credit, or any other evidence or alternatives acceptable to the bBoard of eCounty eCommissioners. The above form of surety sureties shall cover the cost of all improvements. One (1) or more of the following four (4) alternatives may be used upon approval by the bBoard of eCounty eCommissioners:

(1) ~~Record a~~ recorded developer's agreement acceptable to the bBoard of eCounty eCommissioners which commits the developer and/or financial institution to comply with these regulations.

(2) ~~A cash Ddeposit eash~~ in an escrow account in an amount equal to one hundred fifteen (115) percent of the estimated cost.

(3) ~~Submit a~~ An irrevocable letter of credit per ~~section~~ Section 34-203. ~~Such irrevocable letter of credit shall be in~~ the penal sum of one hundred fifteen (115) percent of the estimated cost.

(4) Any other alternative acceptable to the bBoard of eCounty eCommissioners.

(e) *Environmental audit.* A pPhase I environmental site assessment (ESA) must be conducted in accordance with the latest edition of the American Society for Testing and Materials (ASTM) standard E-1527 (Phase I ESA Process). The eCounty will require a specified minimum off-site search distance of one-quarter ($\frac{1}{4}$) mile. The minimum search distance may include areas outside the adjoining properties and shall be measured from the nearest property boundary. The ESA must be performed and signed by a Florida

334 registered professional engineer or geologist who is able to
336 demonstrate competence (i.e., education and previous experience)
in producing ESA reports.

338 A previous ~~p~~Phase I ESA may be used if it meets or exceeds
340 the requirement of ASTM E-1527 (except as modified herein) and
if the conditions of the property and area surrounding the property
342 are not likely to have changed materially since the previous ~~p~~Phase
I ESA. Should more than one (1) year have passed since the
344 completion of the last ~~p~~Phase I ESA, a current site reconnaissance
and records review will be required at a minimum. All supplemental
346 ~~p~~Phase I ESA documents must also be signed by a Florida licensed
engineer or geologist.

348 The results shall be provided to the eCounty prior to
acceptance of all dedicated lands. Should environmental conditions
350 requiring any remedial activity, monitoring or regulatory action be
identified as a result of the ESA(s), the eCounty will not accept any
352 dedications of such land until the conditions on the land are fully
addressed to the satisfaction of the eCounty and all applicable
354 regulatory agencies.

356 (f) *Dedication.* All dedications of land required for
public purposes shall be ~~dedicated~~ made at no cost to the eCounty
358 or other appropriate jurisdictional authority, provided that any
grantee of such a dedication is a signatory to the plat, or provides
360 the County with a separate duly executed, witnessed, and notarized
joinder in recordable form. If the property is encumbered by a
362 mortgage, the owner and mortgagee shall join in the dedication or
in some other manner subordinate the mortgagee's interest to the
364 dedication of the public property.

366 Should environmental concerns be identified as a result of
368 ~~the a~~ study(ies), the eCounty will not accept any dedications of such
land until the conditions on the site are remediated to the satisfaction
of the eCounty and all regulatory agencies.

370 (g) *Certification of payment of taxes.* Certification shall
372 be required showing that all due taxes have been paid in full and all
tax certificates against the land have been redeemed.

374 (h) *Certificate of title and encumbrances.* A current title
376 opinion prepared by an attorney at law licensed in Florida or a
property information report prepared by a Florida-licensed title
378 insurer, title agent, or title agency in accordance with Section
177.041, Florida Statutes, searched within ninety (90) days of the

initial plat submittal. shall be provided to the County. The title opinion or property information report as specified herein shall, at a minimum, identify all owners, mortgages, easements, encumbrances, servitudes, and liens recorded in the public records, and shall be certified to be true and correct. Title certification shall be provided as required by F.S. ch. 177, pt. I. The title opinion shall also include all easements and any other encumbrances.

(i) *MSTU/MSBU requests.* Letters requesting creation of municipal service taxing units (MSTU's) and/or municipal service benefit units (MSBU's) for street lights, retention ponds or other uses shall be submitted if required.

(j) *Outstanding liens.* Any capital improvement liens existing on a parcel being subdivided must be paid in full as a prerequisite of plat approval.

(k) *Deed restrictions.* The developer shall provide the proposed declaration of covenants, conditions, and restrictions (CC&R's) one (1) copy of all deed restrictions affecting the subdivision for the County's review prior to the recording of the plat, which The CC&R's shall include language providing that the landscape plan submitted with the preliminary subdivision plan shall be maintained in compliance with this Code. This landscape plan compliance language cannot be changed without eCounty approval and such landscape plan compliance enforcement shall be the responsibility of the homeowners' association.

(l) *Concurrency.* The developer shall provide one (1) copy of either a concurrency vested rights certificate or a capacity reservation certificate.

Secs. 34-134—34-150. —Reserved.
