ACTION REQUESTED:

Make a finding of consistency with the Comprehensive Plan and approve an amendment to the Orangewood N-2 Planned Development / Land Use Plan (PD / LUP) received March 6, 2025, subject to the conditions listed under the Development Review Committee (DRC) Recommendation in the Staff Report. District 1.

PROJECT: Orangewood N-2 PD (CDR-23-09-270)

PURPOSE: The Orangewood N-2 PD, consisting of approximately 432.9 acres, is generally located north of International Drive and east of Central Florida Parkway. The subject property is a 2.9-acre portion of PD Parcel 11D, which is located at the corner of Paradiso Grande Boulevard and International Drive and has a Future Land Use (FLUM) designation of Activity Center Residential (ACR). Parcel 11D of the PD comprises 116.1 acres and is currently entitled for 423 short term rental units; 47 hotel rooms; 225 multi-family residential dwelling units; and 37,772 square feet of tourist commercial uses.

Through this request the applicant is seeking to convert 27,772 square feet of tourist commercial, 38 attached short-term rental units, and 47 hotel rooms to 267 multifamily. This will result in a development program of 385 short term rental units; 492 multi-family residential dwelling units; and 10,000 square feet of retail commercial uses for PD Parcel 11D. The applicant is proposing to develop 257 multi-family residential dwelling units with 10,000 square feet of retail space on the subject parcel.

This proposal received a recommendation of approval from the DRC on April 2, 2025.

CASE # CDR-23-09-270

Commission District: #1

GENERAL INFORMATION

APPLICANT	Lance Bennett Poulos & Bennett, LLC
OWNER	IDrive Three Land, LLC
PROJECT NAME	Orangewood N-2 Planned Development (PD)
PARCEL ID NUMBER(S)	13-24-28-6283-12-040 (affected parcel)
TRACT SIZE	432.9 acres (overall PD) 2.92 acres (affected parcel)
LOCATION	11304 International Drive Orlando; North of Paradiso Grande Boulevard / West of International Drive
REQUEST	To convert 27,772 square feet of tourist commercial, 38 attached short-term rental units, and 47 hotel rooms to 267 multifamily units related to Parcel 11D.

In addition, one (1) waiver is being requested from Section 38-1300 on OCPA parcel number, 13-24-28-6283-12-040, to allow multi-family buildings a maximum building height of 110', in lieu of the code requirement of 60' for the maximum building height.

Applicant Justification: The previously approved CDR-22-01-024 permits a maximum building height of 80' for multi-family buildings on Parcel 11D. Due to the restrictive setback requirements from I-Drive and the need to obtain at least a 200+ multi-family development, including a commercial component, it is necessary to develop a 3-story structured garage to accompany 5 additional stories of multi-family use. This proposed 8-story vertical mixed-use development is in excess of 4,000 feet from the Lake Willis Single Family Neighborhood and is surrounded by multi-family, commercial, and short-term rental uses. The subject property is located in the Orangewood N-2 PD, which permits a maximum building height of 200 feet for hotels/time share uses. In addition, the Comprehensive Plan, International Drive Activity Center Element, Goal 3 calls for the development of residential uses in proximity to employment areas of the activity center in order to minimize travel distance and time between the uses. Furthermore, additional building height may allow flexibility in architectural design.

PUBLIC NOTIFICATION The notification area for this public hearing extended beyond 1,200 feet. Chapter 30-40(c)(3)(a) of Orange County Code requires the owners of the property within three hundred (300) feet of the subject property to be notified at least 10 days prior to the date of the hearing. One hundred and seventeen (117) notices were mailed to those property owners in the mailing area.

IMPACT ANALYSIS

Project Overview

The Orangewood N-2 PD, consisting of approximately 432.9 acres, is generally located north of International Drive and east of Central Florida Parkway. The subject property is a 2.9-acre portion of PD Parcel 11D, which is located at the corner of Paradiso Grande Boulevard and International Drive and has a Future Land Use (FLUM) designation of Activity Center Residential (ACR).

The ACR future land use facilitates residential development in proximity to employment areas to minimize travel distances between uses and is intended to promote workforce housing for tourist-oriented employment. Parcel 11D of the PD comprises 116.1 acres and is currently entitled for 423 short term rental units; 47 hotel rooms; 225 multi-family residential dwelling units; and 37,772 square feet of tourist commercial uses.

Through this request the applicant is seeking to convert 27,772 square feet of tourist commercial, 38 attached short-term rental units, and 47 hotel rooms to 267 multifamily. This will result in a development program of 385 short term rental units; 492 multi-family residential dwelling units; and 10,000 square feet of retail commercial uses for PD Parcel 11D. The applicant is proposing to develop 267 multi-family residential dwelling units with 10,000 square feet of retail space on the subject parcel.

Land Use Compatibility

The proposed PD substantial change would not adversely impact any adjacent properties or result in an incompatible land use pattern.

Comprehensive Plan (CP) Consistency

The subject property has an underlying Future Land Use Map (FLUM) designation of Activity Center Mixed Use (AMCU) and Activity Center Residential (ACR). The Subject Property is designated PD (Planned Development) on the Zoning Map, which is consistent with the FLUM Designation.

Overlay Ordinance

The subject property is not located within an Overlay District.

Rural Settlement

The subject property is not located within a Rural Settlement.

Joint Planning Area (JPA)

The subject property is not located within a JPA.

Environmental

Orange County Environmental Protection Division (EPD) staff has reviewed the proposed request and did not identify any issues or concerns.

Transportation Planning

This development will require transportation capacity via a Capacity Encumbrance Letter (CEL) Application. NOTE: Should this project be located near failing roadways then a traffic study will be required with the CEL application. Please contact Transportation Planning at 407-836-7893 to provide project details and to inquire if a Conversion Matrix is required. Also, discuss Concurrency Credit (if applicable) for the existing building.

This project shall comply with the County's International Drive Activity Center Comprehensive Plan requirement for a 15-foot transit easement and a separate 20-foot landscape, pedestrian and utility easement needed for future roadway improvements. The easement areas required shall be conveyed concurrently at time of platting or dedicated to the County via separate instrument prior to Development Plan Approval.

Based on the Concurrency Management database (CMS) dated 11/06/2023, there are multiple failing roadway segments within the project's impact area along Boggy Creek Rd, from S. Access Rd to Osceola County Line (2 segment(s)). This information is dated and subject to change.

ACTION REQUESTED

Development Review Committee (DRC) Recommendation – (April 2, 2025)

Make a finding of consistency with the Comprehensive Plan and approve the substantial change to the Orangewood N-2 PD dated "Received March 6, 2025", subject to the following conditions:

1. Development shall conform to the Orangewood N-2 Planned Development (PD) dated "Received March 6, 2025," and shall comply with all applicable federal, state, and county laws, ordinances, and regulations, except to the extent that any applicable county laws, ordinances, or regulations are expressly waived or modified by any of these conditions. Accordingly, the PD may be developed in accordance with the uses, densities, and intensities described in such Land Use Plan, subject to those uses, densities, and intensities conforming with the restrictions and requirements found in the conditions of approval and complying with all applicable federal, state, and county laws, ordinances, and regulations.

except to the extent that any applicable county laws, ordinances, or regulations are expressly waived or modified by any of these conditions. If the development is unable to achieve or obtain desired uses, densities, or intensities, the County is not under any obligation to grant any waivers or modifications to enable the developer to achieve or obtain those desired uses, densities, or intensities. In the event of a conflict or inconsistency between a condition of approval and the land use plan dated "Received March 6, 2025," the condition of approval shall control to the extent of such conflict or inconsistency.

2. This project shall comply with, adhere to, and not deviate from or otherwise conflict with any verbal or written promise or representation made by the applicant (or authorized agent) to the Board at the public hearing where this development received final approval, where such promise or representation, whether oral or written, was relied upon by the Board in approving the development, could have reasonably been expected to have been relied upon by the Board in approving the development, or could have reasonably induced or otherwise influenced the Board to approve the development. In the event any such promise or representation is not complied with or adhered to, or the project deviates from or otherwise conflicts with such promise or representation, the County may withhold (or postpone issuance of) development permits and / or postpone the recording of (or refuse to record) the plat for the project. For purposes of this condition, a "promise" or "representation" shall be deemed to have been made to the Board by the applicant (or authorized agent) if it was expressly made to the Board at a public hearing where the development was considered and approved.
3. Pursuant to Section 125.022, Florida Statutes, issuance of this development permit by the County does not in any way create any rights on the part of the applicant to obtain a permit from a state or federal agency and does not create any liability on the part of the County for issuance of the permit, or any other development order, if the applicant fails to obtain requisite approvals or fulfill the obligations imposed by a state or federal agency or undertakes actions that result in a violation of state or federal law. Pursuant to Section 125.022, the applicant shall obtain all other applicable state or federal permits before commencement of development.
4. Developer / Applicant has a continuing obligation and responsibility from the date of approval of this land use plan to promptly disclose to the County any changes in ownership, encumbrances, or other matters of record affecting the property that is subject to the plan, and to resolve any issues that may be identified by the County as a result of any such changes. Developer / Applicant acknowledges and understands that any such changes are solely the Developer's / Applicant's obligation and responsibility to disclose and resolve, and that the Developer's / Applicant's failure to disclose and resolve any such changes to the satisfaction of the County may result in the County not issuing (or delaying issuance of) development permits, not recording (or delaying recording of) a plat for the property, or both.

5. Property that is required to be dedicated or otherwise conveyed to Orange County (by plat or other means) shall be free and clear of all encumbrances, except as may be acceptable to County and consistent with the anticipated use. Owner / Developer shall provide, at no cost to County, any and all easements required for approval of a project or necessary for relocation of existing easements, including any existing facilities, and shall be responsible for the full costs of any such relocation prior to Orange County's acceptance of the conveyance. Any encumbrances that are discovered after approval of a PD Land Use Plan shall be the responsibility of Owner / Developer to release and relocate, at no cost to County, prior to County's acceptance of conveyance. As part of the review process for construction plan approval(s), any required off-site easements identified by County must be conveyed to County prior to any such approval, or at a later date as determined by County. Any failure to comply with this condition may result in the withholding of development permits and plat approval(s).
6. If applicable, an Acknowledgement of contiguous Sustainable Agricultural Land pursuant to Section 163.3163, Florida Statutes, must be executed and recorded in the Public Records of Orange County, Florida, prior to issuance of any permits associated with this plan and a copy of such Acknowledgment shall be submitted with all future permit applications for this project.
7. Pursuant to Article XII, Chapter 30, Orange County Code, unless documentation to the County's satisfaction has been provided proving that a property is exempt or vested, each property must apply for and obtain concurrency. Unless required at a different time (by agreement, condition of approval, etc.), residential properties must obtain concurrency prior to approval of the plat; non-residential properties that are required to plat must obtain concurrency for any lot with an assigned use prior to approval of the plat (lots without an assigned use shall be labeled as "future development") and non-residential properties that are not required to plat must obtain concurrency prior to obtaining the first building permit. Concurrency may be obtained earlier than plat or building permit, but it is ultimately the responsibility of the applicant to obtain concurrency, including any proportionate share agreement, as applicable, in a timely fashion. Should an applicant wait to obtain concurrency until later in the development process, the County will not be responsible for any delays caused by the applicant's failure to obtain concurrency in a timely fashion.
8. This project shall comply with the County's International Drive Activity Center Comprehensive Plan requirement for a 15-foot transit easement and a separate 20-foot landscape, pedestrian and utility easement needed for future roadway improvements. The easement areas required shall be conveyed concurrently at time of platting or dedicated to the County via separate instrument prior to Development Plan Approval.
9. Convert the full median opening at the intersection of International Drive and Paradiso Grande Boulevard to a directional median opening, allowing a right-in/right-out movement and a northbound left turn movement only. The proposed improvements must be submitted as an E-plan, and shall be constructed / installed at no cost to Orange County prior to Certificate of Occupancy.

10. All visible facades of the structured parking, including any portions that may project above the residential units, shall reflect the character, scale, massing and materiality of the principal structures surrounding them. These facades shall be architecturally treated to complement the principal building, including but not limited to roof treatments, wall finishes, and color palette.
11. Authorization from Grande Pines Community Development District allowing connection to Paradiso Grande Boulevard and drainage system is required prior to site plan construction approval.
12. Short term / transient rental is prohibited for Parcel 11D; length of stay shall be for 180 consecutive days or greater.
13. All acreages identified as wetlands, surface waters and upland buffers are considered approximate until finalized by a Wetland Determination (WD) and/or a Natural Resource Impact Permit (NRIP). Approval of this plan does not authorize any direct or indirect wetland/surface water impacts.
14. A waiver from Orange County Code Section 38-1300 on OCPA parcel number, 13-24-28-6283-12-040, is granted to allow multi-family buildings a maximum building height of 110', in lieu of the code requirement of 60' for the maximum building height.

For modifications to a determined BFE (Zone AE), floodway, or flood hazard area boundaries on the Flood Insurance Rate Maps (FIRMs), a FEMA Conditional Letter of Map Revision (CLOMR) must be obtained prior to site construction plan approval; a subsequent FEMA Letter of Map Revision (LOMR) reflecting final construction will be required. Said FEMA LOMR approval must be obtained by the owner/engineer and must be submitted to the Floodplain Administrator prior to the release of the Certificate of Occupancy and/or Certificate of Completion.
