CONSERVATION AND ACCESS
EASEMENT

This Conservation and Access Easement is made this 9th day of May, 2021 by Eagle Creek Development Corporation, a Florida Corporation, whose address is 370 CenterPointe Circle, Suite 1136, Altamonte Springs, FL 32701 ("Grantor"), in favor of Orange County, a charter county and political subdivision of the State of Florida, whose address is Post Office Box 1393, Orlando, Florida 32802-1393 ("Grantee").

WITNESSETH:

WHEREAS, Grantor solely owns in fee simple certain real property in Orange County, Florida, more particularly described in Exhibit "A" attached hereto and incorporated by this reference (the "Property"); and

WHEREAS, Grantor desires to construct a residential subdivision at a site in Orange County, more particularly described in Exhibit "B" attached hereto and incorporated by this reference, (the "Project Site"), which is subject to the regulatory jurisdiction of Orange County; and

WHEREAS, Conservation Area Impact Permit No. CAI-14-06-022 (the "Permit"), and any modifications thereto issued by the Grantee (the "Permit") authorizes certain activities that affect waters and wetlands of the County and the State of Florida; and

WHEREAS, the Permit requires that Grantor preserve, enhance, restore or mitigate wetlands or uplands under the jurisdiction of Orange County; and

WHEREAS, Grantor desires to preserve the Property in its natural condition, as that may be altered in accordance with the Permit, in perpetuity.

NOW, THEREFORE, in consideration of TEN DOLLARS in hand paid by Grantee to

Grantor, and of the above and the mutual covenants, terms, conditions and restrictions contained herein, the receipt and sufficiency of which is hereby acknowledged, and consistent with the provisions of Section 704.06, Florida Statutes, as it may be amended, Grantor hereby voluntarily grants and conveys to Grantee a conservation easement in perpetuity over the Property of the nature and character and to the extent hereinafter set forth (the "**Conservation Easement**"). In exchange for good and valuable consideration, the receipt and sufficiency of which are acknowledged by the parties, Grantor hereby voluntarily grants and conveys to Grantee an access easement in perpetuity over the Project Site to the extent hereinafter set forth (the "**Access Easement**"). Grantor fully warrants title to the Property and to the Project Site, and will warrant and defend the same against the lawful claims of all persons whomsoever. Collectively, the Conservation Easement and the Access Easement are referred to as the "**Conservation and Access Easement**".

1. **Purpose.** The purpose of the Conservation Easement is to assure that the Property will be retained forever in its natural condition, as that may be altered in accordance with the Permit, and to prevent any use of the Property that might impair or interfere with the environmental value of the Property. Those wetland and upland areas included in the Conservation Easement that are to be enhanced, restored, or created pursuant to the Permit shall be retained and maintained in the enhanced, restored, or created conditions required by the Permit.

2. **Prohibited Uses.** Except for restoration, creation, enhancement, maintenance and monitoring activities, or surface water management improvements, which are specifically authorized or required by the Permit, any activity on or use of the Property inconsistent with the Conservation Easement's purpose is prohibited. Without limiting the generality of the foregoing, the following activities and uses are expressly prohibited in, under, or on the Property:

- (a) Constructing or placing buildings, roads, signs, billboards or other advertising, utilities or other structures on or above the ground.
- (b) Dumping or placing soil or other substance or material as landfill or dumping or placing of trash, waste, or unsightly or offensive materials.
- (c) Removing or destroying trees, shrubs, or other vegetation.
- (d) Excavating, dredging or removing loam, peat, gravel, soil, rock, or other material substances in such a manner as to affect the surface.
- (e) Surface use, except for purposes that permit the land or water area to remain predominantly in its natural condition.
- (f) Activities detrimental to drainage, flood controls, water conservation, erosion control, soil conservation, or fish and wildlife habitat preservation.
- (g) Acts or uses detrimental to such retention of land or water areas.
- (h) Acts or uses detrimental to the preservation of the structural integrity or physical appearance of sites or properties of historical, architectural, archaeological, or cultural significance.

3. **Reserved Rights in the Property.** Grantor reserves unto itself, and its successors and assigns, all rights accruing from its ownership of the Property, including the right to engage in or permit or invite others to engage in all uses of the Property, which are not expressly prohibited herein and are not inconsistent with the Permit or the purpose of this Conservation Easement.

4. **Public Access.** No right or access by the general public to any portion of the Property or the Project Site is conveyed by this Conservation and Access Easement.

5. **Rights of Grantee.** To accomplish the purposes stated herein, Grantor conveys the following rights and easements to Grantee:

(a) **Access Easement.** To enter on, over and through the Project Site for the purpose of vehicular and pedestrian ingress and egress over and across the Project Site as is necessary for Grantee to access the Property in a reasonable manner and at reasonable times for the purposes granted or conveyed by the Conservation Easement. Upon platting of any portion of the Project Site, all platted residential lots shown on any such plat shall be deemed released from the Access Easement, provided that Grantee retains access for the purposes stated herein to the Conservation Easement by a platted access easement or public road.

(b) **Conservation Easement.** To enter upon and inspect the Property in a reasonable manner and at reasonable times to determine if activities and uses thereon are in compliance with the Conservation Easement, and/or to perform, or require to be performed, any restoration, creation, enhancement, maintenance and monitoring activities, or surface water improvements which are specifically authorized or required by the Permit.

(c) **Conservation and Access Easement.** To proceed at law or in equity to enforce the provisions of this Conservation and Access Easement and/or to prevent the occurrence of any of the prohibited activities set forth herein, and/or to require the restoration of areas or features of the Property that may be damaged by any activity inconsistent with this Conservation and Access Easement.

6. **Grantee's Discretion.** Grantee may enforce the terms of this Conservation and Access Easement at its discretion, but if Grantor breaches any term of this Conservation and Access Easement and Grantee does not exercise its rights under this Conservation and Access Easement, Grantee's forbearance shall not be construed to be a waiver by Grantee of such term, or of any subsequent breach of the same, or any other term of this Conservation and Access Easement, or of any of the Grantee's rights under this Conservation and Access Easement. No delay or omission by Grantee in the exercise of any right or remedy upon any breach by Grantor shall impair such right or remedy or be construed as a waiver. Grantee shall not be obligated to Grantor, or to any other person or entity, to enforce the provisions of this Conservation and Access Easement.

7. **Grantee's Liability.** Grantor will assume all liability for any injury or damage to the person or property of third parties that may occur on the Property and Project Site. Neither Grantor, nor any person or entity claiming by or through Grantor, shall hold Grantee liable for any damage or injury to person or personal property that may occur on the Property or Project Site.

8. **Acts Beyond Grantor's Control.** Nothing contained in this Conservation and Access Easement shall be construed to entitle Grantee to bring any action against Grantor for any injury to or change in the Property resulting from natural causes beyond Grantor's control, including, without limitation, fire, flood, storm and earth movement, or from any action taken by Grantor under emergency conditions to prevent, abate or mitigate significant injury to the Property resulting from such causes.

9. **Recordation.** Grantor shall record this Conservation and Access Easement in timely fashion in the Public Records of Orange County, Florida, and shall rerecord it at any time Grantee may require to preserve its rights. Grantor shall pay all recording costs and taxes necessary to record this Conservation and Access Easement in the public records. Grantor will hold Grantee harmless from any recording costs or taxes necessary to record this Conservation and Access Easement in the public records.

10. Successors. The covenants, terms, conditions and restrictions of this Conservation and Access Easement shall be binding upon, and inure to the benefit of the parties hereto and their respective personal representatives, heirs, successors and assigns and shall continue as a servitude running in perpetuity with the Property and Project Site.
