SUBJECT: January 25, 2022 – Work Session
Redistricting

Per the Florida Constitution (Article VIII, Section 1) and the Orange County Charter (Article II, Section 202), the Board is required to adjust the County's commission district boundaries every 10 years to comport with the latest decennial Census data. The redistricting process was conducted through the establishment of the Advisory Committee for Redistricting (ACR), which held 12 public meetings between September and December 2021. The ACR reviewed the 2020 Census data, facilitated the public participation process, analyzed proposed plans for revisions to the district boundaries, and ultimately recommended two new County commission district maps (Committee Proposal 13A-1 and Committee Proposal 13A-2) for the Board to consider.

The Work Session on January 25, 2022 will provide a brief background about the redistricting process and requirements, discuss the recent redistricting public participation process, and present the two proposed County commission district maps, highlighting some of the more significant potential changes from the current district boundaries. The public hearing adopting the new commission district maps is anticipated February 22, 2022 in order to meet statutory deadlines.

This item is for informational purposes only; no action is required.
