District	Min. front yard (feet)	Min. rear yard (feet)	Min. side yard (feet)	Max. building height (feet)
I-1A	35	25	25	50, or 35 within 100 ft. of any residential use or district
I-1 / I-5	35	25	25	50, or 35 within 100 ft. of any residential use or district
I-2 / I-3	25	10	15	50, or 35 within 100 ft. of any residential use or district
I-4	35	10	25	50, or 35 within 100 ft. of any residential use or district

NOTE: These requirements pertain to zoning regulations only. The lot areas and lot widths noted are based on connection to central water and wastewater. If septic tanks and/or wells are used, greater lot areas may be required. Contact the Health Department at 407-836-2600 for lot size and area requirements for use of septic tanks and/or wells.

FOOTNOTES

<i>a</i>	Setbacks shall be a minimum of 50 feet from the normal high water elevation contour on any adjacent natural surface water body and any natural or artificial extension of such water body, for any building or other principal structure. Subject to the lakeshore protection ordinance and the conservation ordinance, the minimum setbacks from the normal high water elevation contour on any adjacent natural surface water body, and any natural or artificial extension of such water body, for an accessory building, a swimming pool, swimming pool deck, a covered patio, a wood deck attached to the principal structure or accessory structure, a parking lot, or any other accessory use, shall be the same distance as the setbacks which are used per the respective zoning district requirements as measured from the normal high water elevation contour.
<i>b</i>	Side setback is 30 feet where adjacent to single-family district.
<i>c</i>	For lots platted between 4/27/93 and 3/3/97 that are less than 45 feet wide or contain less than 4,500 sq. ft. of lot area, or contain less than 1,000 square feet of living area shall be vested pursuant to Article III of this chapter and shall be considered to be conforming lots for width and/or size and/or living area.
<i>d</i>	For attached units (common fire wall and zero separation between units) the minimum duplex lot width is 80 feet and the duplex lot size is 8,000 square feet. For detached units the minimum duplex lot width is 90 feet and the duplex lot size is 9,000 square feet with a minimum separation between units of 10 feet. Fee simple interest in each half of a duplex lot may be sold, devised or transferred independently from the other half. For duplex lots that: <ul style="list-style-type: none"> (i) are either platted or lots of record existing prior to 3/3/97, and (ii) are 75 feet in width or greater, but are less than 90 feet, and (iii) have a lot size of 7,500 square feet or greater, but less than 9,000 square feet are deemed to be vested and shall be considered as conforming lots for width and/or size.
<i>e</i>	Corner lots shall be 100 [feet] on major streets (see Art. XV), 80 [feet] for all other streets.
<i>f</i>	Corner lots shall be 125 [feet] on major streets (see Art. XV), 100 [feet] for all other streets.
<i>g</i>	Corner lots shall be 150 [feet] on major streets (see Art. XV), 125 [feet] for all other streets.
<i>h</i>	For lots platted on or after 3/3/97, or unplatted parcels. For lots platted prior to 3/3/97, the following setbacks shall apply: R-1AA, 30 feet, front, 35 feet rear, R-1A, 25 feet, front, 30 feet rear, R-1, 25 feet, front, 25 feet rear, 6 feet side; R-2, 25 feet, front, 25 feet rear, 6 feet side for one (1) and two (2) dwelling units; R-3, 25 feet, front, 25 feet, rear, 6 feet side for two (2) dwelling units. Setbacks not listed in this footnote shall apply as listed in the main text of this section.
<i>j</i>	Attached units only. If units are detached, each unit shall be placed on the equivalent of a lot 45 feet in width and each unit must contain at least 1,000 square feet of living area. Each detached unit must have a separation from any other unit on site of at least 10 feet.
<i>k</i>	Maximum impervious surface ratio shall be 70%, except for townhouses, nonresidential, and mixed use development, which shall have a maximum impervious surface ratio of 80%.
<i>m</i>	Based on gross square feet.

These requirements are intended for reference only; actual requirements should be verified in the Zoning Division prior to design or construction.

BUFFER YARD REQUIREMENTS

Orange County Code Section 24-5.

Buffer yards prescribed are intended to reduce, both visually and physically, any negative impacts associated with abutting uses. Buffer yards shall be located on the outer perimeter of a lot or parcel, extending to the parcel boundary. Buffer yards shall not be located on any portion of an existing or dedicated public or private street or right-of-way.

(a) Buffer classifications:

- (1) **Type A, opaque buffer:** This buffer classification shall be used to separate heavy industrial (I-4 and M-1) uses from all residential uses. This buffer shall be completely opaque from the ground up to a height of at least eight (8) feet and shall be a minimum of fifty (50) feet wide. The type A buffer shall utilize a masonry wall.
- (2) **Type B, opaque buffer:** This buffer classification shall be used to separate commercial (general and wholesale) (C-2 and C-3) and industrial (general and light) (I-2/I-3 and I-1/I-5) uses from all residential uses. This buffer shall be completely opaque from the ground up to a height of at least six (6) feet and shall be a minimum of twenty-five (25) feet wide. The type B buffer may utilize a masonry wall, berm, planted and/or existing vegetation or any combination thereof which maintains a completely opaque buffer. This buffer must be four (4) feet high and seventy (70) percent opaque at planting and be capable of attaining full height and opacity within three (3) years.
- (3) **Type C, opaque buffer.** This buffer classification shall be used to separate neighborhood retail commercial (C-1) and industrial-restricted (I-1A) from all residential uses. This buffer shall be completely opaque from the ground up to a height of at least six (6) feet and shall be a minimum of fifteen (15) feet wide. The type C buffer may utilize a masonry wall, berm, planted and/or existing vegetation or any combination thereof which maintains a completely opaque buffer. This buffer must be three (3) feet high and fifty (50) percent opaque at planting and be capable of attaining full height and opacity within three (3) years.
- (4) **Type D, opaque buffer:** This buffer classification shall be used to separate professional office (P-O) uses from all residential uses. This buffer shall be completely opaque from the ground up to a height of at least six (6) feet and shall be a minimum of ten (10) feet wide. The type D buffer may utilize a masonry wall, berm, planted and/or existing vegetation or any combination thereof which maintains a completely opaque buffer. This buffer must be three (3) feet high and fifty (50) percent opaque at planting and be capable of attaining full height and opacity within three (3) years.
- (5) **Type E, mobile home and RV park buffer:** This buffer classification shall be used to separate mobile home and RV parks from all abutting uses. This buffer shall be twenty-five (25) feet wide. Where the park abuts an arterial highway, the buffer shall be fifty (50) feet wide. This buffer shall not be considered to be part of an abutting mobile home space, nor shall such buffer be used as part of the required recreation area or drainage system (ditch or canal). This buffer may utilize a masonry wall, berm, planted and/or existing vegetation or any combination thereof. This buffer must be at least five (5) feet in height and fifty (50) percent opaque within eighteen (18) months after installation.
- (6) **Type F, residential subdivision buffer:** See subdivision regulations (Chapter 34, Orange County Code).

These requirements are intended for reference only; actual requirements should be verified in the Zoning Division prior to design or construction.

CASE # RZ-23-09-068

Commission District: #2

GENERAL INFORMATION

APPLICANT: Jasilyn Bing

OWNER: BBB Property Acquisitions, LLC

HEARING TYPE: Planning and Zoning Commission

REQUEST: R-3 (Multiple-Family Dwelling District) to R-2 (Residential District)

LOCATION: E. 15th Street; generally bounded by E. 15h Street to the south, S. Highland Ave to the east, E. 13th Street to the north, and Old Apopka Road to the west.

PARCEL ID NUMBERS: 15-21-28-0000-00-272, 15-21-28-0000-00-234

SIZE / ACREAGE: 0.71-gross acre

PUBLIC NOTIFICATION: The notification area for this public hearing was 500 feet [Chapter 30-40(c)(3a) of the Orange County Code requires 300 feet]. One hundred forty-eight (148) notices were mailed to those property owners in the surrounding area.

COMMUNITY MEETING: A community meeting was not required for this application.

PROPOSED USE: Duplex (two attached dwelling units) on parcel 15-21-28-0000-00-272
Quadraplex (four attached dwelling units) on parcel 15-21-28-0000-00-234

STAFF RECOMMENDATION

PLANNING

Make a finding of consistency with the Comprehensive Plan and recommend APPROVAL of the requested R-2 (Residential District) zoning.

SUBJECT PROPERTY ANALYSIS

Overview

The subject parcels are platted as a 0.29-acre parcel measuring 80 feet lot width by 157 feet long (western parcel) and as a 0.42-acre parcel measuring 197 feet lot width by 157 feet long (eastern parcel). The eastern parcel is triangular shaped and has a 25-foot eastern lot length. A duplex is proposed on the western parcel and a quadraplex is proposed on the eastern parcel. Each parcel meets the required size and dimension criteria for the proposed unit types.

The parcels are situated in the South Apopka neighborhood. The area can be characterized as a mix of unit types ranging from multi-family which is situated one block to the west, single-family homes on lots ranging from 50 feet wide to 100 feet wide.

A rezoning is needed for the subject parcels since the current R-3 district is not consistent with the existing Low-Medium Density Residential Future Land Use designation, whereas the proposed R-2 zoning district is.

Land Use Compatibility

The R-2 zoning would allow for development that is compatible with the character of the surrounding area and would not adversely impact adjacent properties.

Site Analysis

Rural Settlement

The subject property is not located in a Rural Settlement.

Joint Planning Area (JPA)

The subject property is located in the City of Apopka JPA.

Overlay District Ordinance

The subject property is not located within an Overlay District.

Airport Noise Zone

The subject property is not located in an Airport Noise Zone.

Code Enforcement

No cases found.

Comprehensive Plan (CP) Consistency

The underlying CP Future Land Use Map (FLUM) designation of the subject property is Low-Medium Density Residential (LMDR) which allows for up to 10 unit per acre. The proposed R-2 zoning is consistent with the LMDR FLUM designation, therefore a CP amendment is not necessary. The proposed request is consistent with the following Comprehensive Plan provisions:

FLU1.4.2 states that Orange County shall ensure that land uses changes are compatible with and serve existing neighborhoods.

FLU1.4.4 states that the disruption of residential areas by poorly located and designed commercial activities shall be avoided.

FLU8.1.1 states that the zoning and future land use correlation shall be used to determine consistency with the Future Land Use Map. Land use compatibility, the location, availability and capacity of services and facilities, market demand, and environmental features shall also be used in determining which specific zoning district is most appropriate. Density is restricted to the maximum and minimum allowed by the Future Land Use Map designation regardless of zoning.

OBJ FLU8.2 states that compatibility will continue to be the fundamental consideration in all land use and zoning decisions.

FLU8.2.1 states that land use changes shall be required to be compatible with existing development and development trend in the area. Performance restrictions and/or conditions may be placed on property through the appropriate development order to ensure compatibility. No restrictions or conditions shall be placed on a Future Land Use Map change.

FLU8.2.2 states that continuous stretches of similar housing types and density of units shall be avoided. A diverse mix of uses and housing types shall be promoted.

H1.3.8 states that in order to stabilize and improve existing neighborhoods, Orange County shall continue to support compatible infill development in existing neighborhoods where infrastructure already exists.

FLU8.2.11 states that compatibility may not necessarily be determined to be a land use that is identical to those uses that surround it. Other factors may be considered, such as the design attributes of the project, its urban form, the physical integration of a project and its function in the broader community, as well its contribution toward the Goals and Objectives in the CP. The CP shall specifically allow for such a balance of considerations to occur.

* These regulations may not reflect the actual requirements for all situations; see the Orange County Zoning Code for actual regulations for site requirements for this zoning district.

Intent, Purpose, and Uses

The R-2 (Residential District) zoning district is composed of lands and structures used primarily for the construction of detached and attached single-family dwelling units, containing a maximum of four (4) units per building and associated residential uses.

Specific uses shall be identified by the letter "P" in the use table set forth in Section 38-77 of the Orange County Code.

SPECIAL INFORMATION

Staff Comments

Environmental

Wekiva Study Area - This site is located within the Wekiva Study Area, as established by the Wekiva Parkway and Protection Act, Section 369.316 F.S. Additional environmental regulations apply, but are not limited to: septic tank criteria, open space, stormwater treatment and conservation, and increased buffer widths. Reference OC Code Chapter 15 Environmental Control, Article XIII Wekiva River Protection.

Wekiva Priority Focus Area - This site is located within the Wekiva Priority Focus Area. If a septic system is required, the Springs and Aquifer Protection Act (section 373.811(2) F.S.) requires advanced treatment of Onsite Sewage Treatment and Disposal System (OSTDS) loads in the Wekiwa Spring and Rock Springs Basin Management Plan (BMAP) of June 2018. Per this requirement, lots less than one acre within the Priority Focus Area must comply with the OSTDS Remediation Plan that requires systems with nitrogen reducing enhancements within the BMAP. Contact the Florida Department of Health (FDOH) for individual determination and details of this advanced septic treatment system requirement.

Habitat Protection - Development of the subject property shall comply with all state and federal regulations regarding wildlife and plants listed as imperiled species (endangered, threatened, or species of special concern). The applicant is responsible to determine the presence of these concerns and to verify and obtain, if necessary, any required habitat permitting of the U.S. Fish and Wildlife Service (USFWS) and the Florida Fish & Wildlife Conservation Commission (FWC).

Solid Waste Management Facility Proximity - This site could be adversely impacted by existing solid waste management activities from the City of Apopka Wastewater Treatment Facility located ~0.7 miles to the south and the Vista Landfill located ~1.4 miles to the southwest. Potential odor and noise disturbance to residents should be considered during design. Prospective property owners should be notified of this proximity. Reference OC Comprehensive Plan, Solid Waste Element SW1.7.4.

Existing Septic and Well - If any existing septic tanks or wells are required or in use, the applicant shall notify the Florida Department of Health (FDOH) and local Water Management District, about the system permit application, modification or abandonment prior to earthwork or construction. Permits shall be applied for and issued by the appropriate agencies. Contact the FDOH for the septic system and both FDOH and the Water Management District for wells. Refer to Orange County Code Chapter 37 Water and Wastewater, Article XVII Individual On-Site Sewage Disposal for details on Individual On-Site Sewage Disposal.

Solid Waste Disposal - Any miscellaneous regulated solid waste found or generated onsite including land clearing debris, construction and demolition debris, tires, garbage, and hazardous waste shall be properly managed through recycling and/or off-site disposal in accordance with local, state, and federal regulations.

The original Specific Project Expenditure Report and Relationship Disclosure Form are currently on file with the Planning Division.

ACTION REQUESTED

Planning and Zoning Commission (PZC) Recommendation – October 19, 2023

Make a finding of consistency with the Comprehensive Plan and recommend APPROVAL of the requested R-2 (Residential District) zoning.

PLANNING AND ZONING COMMISSION (PZC) PUBLIC HEARING SYNOPSIS

The staff report was presented to the PZC with the recommendation that they make a finding of consistency with the Comprehensive Plan and recommend APPROVAL of the requested R-2 (Residential District) zoning. The applicant was present and agreed with the staff recommendation. Zero members of the public appeared during the public comment portion of the hearing.

Staff indicated that one hundred forty-eight (148) notices were sent to property owners and residents in a 600 ft radius surrounding the property, and that staff had received no responses regarding this request.

After clarification from staff that the property would be required to connect to wastewater with the City of Apopka, a motion was made by Commissioner Spears and seconded by Commissioner Arrington to recommend APPROVAL of the requested R-2 (Residential District). The motion carried unanimously.

CASE # RZ-23-10-086

Commission District: #5

GENERAL INFORMATION

APPLICANT: Thiago Davila

OWNERS: Solid Planet, LLC and Winner Participations, LLC

HEARING TYPE: Planning and Zoning Commission

REQUEST: **R-1A** (Single-Family Dwelling District) **to**
R-1 (Single-Family Dwelling District)

LOCATION: 743 Herman Avenue; generally west of Herman Ave, east of Rixey St. and approximately 644 ft north of E. Colonial Dr.

PARCEL ID NUMBER: 21-22-30-3932-23-130

SIZE/ ACREAGE: 0.154-gross acre

PUBLIC NOTIFICATION: The notification area for this public hearing was 500 feet [Chapter 30-40(c)(3a) of the Orange County Code requires 300 feet]. Two hundred twenty-six (226) notices were mailed to those property owners in the surrounding area.

COMMUNITY MEETING: A community meeting was not required for this application.

PROPOSED USE: One (1) Single-Family Home

STAFF RECOMMENDATION

PLANNING

Make a finding of consistency with the Comprehensive Plan and recommend Approval of the requested R-1 (Single-Family Dwelling District) zoning.

SUBJECT PROPERTY ANALYSIS

Overview

Through this request, the applicant is seeking to rezone the subject property from R-1A (Single-Family Dwelling District) to R-1 (Single-Family Dwelling District) in order to allow one single-family dwelling unit on 0.15-gross acre.

The subject property was originally platted as Lot 13 within Jamajo Community and is located inside of the Urban Service Area. The subject property consists of one (1) platted lot, measures 50 feet in width and 6,741 sq. ft. in lot size.

The plat for the Jamajo subdivision was recorded in 1924. The property is currently undeveloped. The immediate area is developed with single-family residential dwelling units on lots mostly ranging from 50 feet to 75 feet in width. The surrounding area is predominantly zoned R-1A and R-2 which requires a minimum of 75 and 45 foot lot width.

The current zoning district of R-1A requires 75ft wide lots whereas the requested R-1 district only requires 50 ft wide lots. The subject property has a Future Land Use Map (FLUM) designation of Low-Medium Density Residential (LMDR) which allows for consideration of up to ten (10) units per one (1) net developable acre.

The rezoning is required as this property is not a Lot of Record due to contiguous ownership of the subject property. Lots 13 and 14 were under the same ownership previously.

Development on this property will be reliant on septic tanks for wastewater disposal.

Land Use Compatibility

The R-1 (Single-Family Dwelling District) zoning would allow for development that is compatible with the character of the surrounding area and would not adversely impact adjacent properties.

Site Analysis

Rural Settlement

The subject property is not located within a Rural Settlement.

Joint Planning Area (JPA)

The subject property is not located in a JPA.

Overlay District Ordinance

The subject property is located in the S.R. 436/S.R. 50 Corridor Overlay District.

Airport Noise Zone

The subject property is located in Airport Noise Zone D, and is subject to the Airport Noise Zoning Ordinance (Ord. 2000-07).

Code Enforcement

No cases found.

Comprehensive Plan (CP) Consistency

The underlying CP Future Land Use Map (FLUM) designation of the subject property is LMDR (Low-Medium Density Residential). The proposed R-1 (Single-Family Dwelling District) zoning is consistent with the LMDR FLUM designation, therefore a CP amendment is not necessary. The proposed request is consistent with the following Comprehensive Plan provisions:

FLU1.4.2 states that Orange County shall ensure that land uses changes are compatible with and serve existing neighborhoods.

FLU1.4.4 states that the disruption of residential areas by poorly located and designed commercial activities shall be avoided.

FLU8.1.1 states that the zoning and future land use correlation shall be used to determine consistency with the Future Land Use Map. Land use compatibility, the location, availability and capacity of services and facilities, market demand, and environmental features shall also be used in determining which specific zoning district is most appropriate. Density is restricted to the maximum and minimum allowed by the Future Land Use Map designation regardless of zoning.

OBJ FLU8.2 states that compatibility will continue to be the fundamental consideration in all land use and zoning decisions.

FLU8.2.1 states that land use changes shall be required to be compatible with existing development and development trend in the area. Performance restrictions and/or conditions may be placed on property through the appropriate development order to ensure compatibility. No restrictions or conditions shall be placed on a Future Land Use Map change.

FLU8.2.2 states that continuous stretches of similar housing types and density of units shall be avoided. A diverse mix of uses and housing types shall be promoted.

H1.3.8 states that in order to stabilize and improve existing neighborhoods, Orange County shall continue to support compatible infill development in existing neighborhoods where infrastructure already exists.

FLU8.2.11 states that compatibility may not necessarily be determined to be a land use that is identical to those uses that surround it. Other factors may be considered, such as the design attributes of the project, its urban form, the physical integration of a project and its function in the broader community, as well its contribution toward the Goals and Objectives in the CP. The CP shall specifically allow for such a balance of considerations to occur.

Rear:	20 ft.
Side:	5 ft.

Intent, Purpose, and Uses

Per Section 38-276 of the Orange County Code, the intent and purpose of the R-1 zoning district is provide residential development similar in general character to the R-1AA and R-1A zoning districts, but with smaller minimum lots and yards, and a corresponding increase in population density.

Specific uses shall be identified by the letter "P" in the use table set forth in Section 38-77 of the Orange County Code.

SPECIAL INFORMATION

Staff Comments

Environmental

Habitat Protection - Development of the subject property shall comply with all state and federal regulations regarding wildlife and plants listed as imperiled species (endangered, threatened, or species of special concern). The applicant is responsible to determine the presence of these concerns and to verify and obtain, if necessary, any required habitat permitting of the U.S. Fish and Wildlife Service (USFWS) and the Florida Fish & Wildlife Conservation Commission (FWC).

Gopher Tortoise Burrowing Suitability - This site has soil that is suitable for gopher tortoise habitat. The applicant shall comply with the Florida Fish & Wildlife Conservation Commission (FWC) regulations. Forward any related permits to the Orange County Environmental Protection Division.

Existing Septic and Well - If any existing septic tanks or wells are required or in use, the applicant shall notify the Florida Department of Health (FDOH) and local Water Management District, about the system permit application, modification or abandonment prior to earthwork or construction. Permits shall be applied for and issued by the appropriate agencies. Contact the FDOH for the septic system and both FDOH and the Water Management District for wells. Refer to Orange County Code Chapter 37 Water and Wastewater, Article XVII Individual On-Site Sewage Disposal for details on Individual On-Site Sewage Disposal.

Solid Waste Disposal - Any miscellaneous regulated solid waste found or generated onsite including land clearing debris, construction and demolition debris, tires, garbage,

and hazardous waste shall be properly managed through recycling and/or off-site disposal in accordance with local, state, and federal regulations.

Planning and Zoning Commission (PZC) Recommendation – October 19, 2023

Make a finding of consistency with the Comprehensive Plan and recommend APPROVAL of the requested R-1 (Single-Family Dwelling District) zoning.

PLANNING AND ZONING COMMISSION (PZC) PUBLIC HEARING SYNOPSIS

The staff report was presented to the PZC with the recommendation that they make a finding of consistency with the Comprehensive Plan and recommend APPROVAL of the requested R-1 (Single-Family Dwelling District) zoning. The applicant was present and agreed with the staff recommendation. Zero members of the public appeared during the public comment portion of the hearing.

Staff indicated that two hundred twenty-six (226) notices were sent to property owners and residents in a 500 ft radius surrounding the property, and that staff had received one (1) response in favor, and zero (0) responses in opposition of the request.

After clarification from staff that the rezoning was needed due to previous contiguous ownership and therefore could not be considered a Lot of Record, a motion was made by Commissioner Spears and seconded by Commissioner Pavon to recommend APPROVAL of the requested R-1 (Single-Family Dwelling District) zoning. The motion carried unanimously.
