Personal History: I have selected boards that focus on the necessities of our community, and specifically on the needs of our families in need of resources and services. As a social worker, I work to connect families to resources, provide counseling, and serve as a advocate for those that are too encumbered to voice their needs. The experiences I am informed of by the families I work with serve as an example of the level of need our community requires and having to work to fulfill those needs- it is evident that there are gaps in services. I would like to work toward better addressing the gaps, while providing industry- based understanding and reasoning to their needs.
