Project: Water Main Cathodic Protection System

This document constitutes a conveyance from a state agency or instrumentality to an agency of the state and is not subject to documentary stamp tax. Department of Revenue Rule 12B-4.014(10), F.A.C.

UTILITY EASEMENT

THIS UTILITY EASEMENT ("Easement Agreement"), made as of the last date signed below, between **CENTRAL FLORIDA EXPRESSWAY AUTHORITY**, a body corporate and an agency of the State of Florida, created by Part III of Chapter 348, Florida Statutes, formerly known as Orlando-Orange County Expressway Authority ("Grantor"), whose address is 4974 ORL Tower Road, Orlando, Florida 32807 and **ORANGE COUNTY, FLORIDA**, a charter county and a political subdivision of the State of Florida, whose address is P. O. Box 1393, Orlando, Florida 32802-1393 ("Grantee").

WITNESSETH That Grantor, in consideration of the sum of \$10.00 and other valuable considerations, paid by Grantee, the receipt whereof is hereby acknowledged, does hereby give and grant to Grantee and its assigns, a perpetual non-exclusive utility easement in, through, under and upon the easement area being more particularly described on Exhibit "A" attached hereto and incorporated herein by this reference ("Easement Area"), for the purpose of construction, installation, operation, use, maintenance, repair and replacement from time to time of Grantee's water distribution pipeline and appurtenant facilities ("Facilities"). Grantor hereby represents and warrants to Grantee that Grantor is lawfully seized of title, either in fee or easement, to the land encumbered by the Easement Area and has full power and authority to grant and convey this easement over the Easement Area unto Grantee. Grantor expressly reserves the right to use the surface of the Easement Area or to grant the use thereof or easements therein to other parties, provided that any such use and/or easement shall not materially interfere with the Facilities, or Grantee's easement rights granted herein. Grantor further reserves the right at Grantor's expense, to relocate and reconfigure the Easement Area and Facilities, provided that any such use and/or easement shall not materially interfere with the easement rights granted herein or the reasonable and effective use and operation of the Facilities.

Instrument: 801.1
Project: Water Main Cathodic Protection System

Maintenance of Easement Area. Grantee shall cause the Easement Area and any improvements from time to time constructed in the Easement Area by Grantee, including, without limitation, the Facilities, to be maintained in good and workmanlike condition. Grantee shall, at its own expense, obtain or cause to be obtained all permits, licenses, approvals and consents necessary for any such maintenance, repair, or other work in, upon, under, or over the Easement Area. Grantee shall not make any use of the Easement Area which would weaken, diminish, or impair the lateral or subjacent support to the Grantor's property, or any appurtenant improvement hereafter located on the Grantor's property, including, without limitation, improvement to the Maitland Boulevard Extension (S.R. 414) Project.

Counterpart Execution. This Easement Agreement may be executed in counterparts, each of which shall constitute an original, but all taken together shall constitute one and the same instrument.

Section Headings. The Section headings as used herein are for convenience of reference only and shall not be deemed to vary the content of this Easement Agreement or the covenants, agreements, representations and warrants herein set forth, or limit the provisions or scope of any section herein.

Severability. This Easement Agreement is intended to be performed in accordance with, and only to the extent permitted by, all applicable laws, ordinances, rules, and regulations. If any provision of this Easement Agreement or the application thereof to any person or circumstance shall, for any reason and to any extent, be invalid or unenforceable, the remainder of this Easement Agreement and the application of such provision to other persons or circumstances shall not be affected thereby, but rather shall be enforced to the greatest extent permitted by law.

Entire Agreement; Modification and Waiver. This Easement Agreement constitutes the entire agreement and understanding between the parties hereto relating to the subject matter hereof and may not be amended, waived, or discharged, except by an instrument in writing executed by Grantee and Grantor, (or their respective successors and/or assigns) which written document shall be recorded in the Public Records of Orange County, Florida. No failure of either party to exercise any power or to insist upon strict compliance with any obligation specified herein, and no custom, practice, or course of dealing at variance with the terms hereof, shall constitute a waiver of such party's rights to demand exact compliance with the terms hereof.

Binding Effect. All the terms of this Easement Agreement, whether so expressed or not, shall be binding upon the respective successors, assigns, and legal representatives of the parties hereto and shall inure to the benefit of and be enforceable by the parties hereto and their respective successors, assigns and legal representatives.

Governing Law. This Easement Agreement shall be governed by and construed under the laws of the State of Florida.
