Personal History: I have spent the last several years deeply embedded in the Orange County school system, working alongside PTAs, School Advisory Councils, and youth organizations. Whether I am chairing a grants committee or serving on an SAC, my focus is always the same: looking at the resources we have and figuring out how to use them to make the biggest impact for our families. Professionally, my background is in technology and operations, which means I tend to look at things through an analytical lens. I am a big believer that good leadership starts with transparency and actually listening to the people you're serving. As a parent and a long-time resident here, I have a personal stake in how our neighborhoods grow. I would love to bring that mix of technical oversight and local experience to the Neighborhood Grants Advisory Board.
