WHEREAS, County and City now desire to amend the Restated Agreement by expanding the Joint Planning Area depicted on Exhibit "A" of the Restated Agreement to include portions of certain properties south of Tilden Road, generally east of SR 429 and west of the West Orange Country Club (the "Expansion Area"), and to assign City land uses to the Expansion Area;

NOW, THEREFORE, in consideration of the mutual covenants set forth in the Restated Agreement and this Seventh Amendment, the County and the City agree as follows:

1. Amendments to Restated Agreement:

a. Amendment to the Joint Planning Area. The Joint Planning Area as reflected in Exhibit "A" to the Restated Agreement, is hereby replaced and superseded by Exhibit "A" to this Seventh Amendment, which is attached hereto and incorporated herein by reference.

b. Expansion Area.

i. Exhibit "B," attached to this Seventh Amendment and incorporated herein by reference, depicts the Expansion Area, more particularly described as: (i) a portion of the 40.17 +/- acre property located at 14950 Tilden Road, having Orange County Tax Parcel ID# 10-23-27-0000-00-034, and (ii) a portion of the adjoining 40.25 +/- acre property located at 14908 Tilden Road, having Orange County Tax Parcel ID #10-23-27-0000-00-033. Exhibit "C," attached to this Seventh Amendment and incorporated herein by reference, consists of the legal description for the Expansion Area.

ii. After annexation, the City shall assign the City's Suburban Residential Future Land Use (4 dwelling units per acre) to the Expansion Area. This land use will be the maximum density that will be allowed to be developed in the Expansion Area, subject to any other limitations and restrictions that may be approved at the time of the City's adoption of a comprehensive plan amendment and rezoning approval.

c. Termination Date. The term of the Restated Agreement is hereby extended to October 31, 2022 and shall automatically extend beyond such date for consecutive one (1) year terms each year thereafter unless either the City or County delivers a notice of nonrenewal to the other party at least nine (9) months prior to the termination date in 2022 or to any one (1) year renewal term.

d. Enclave/Annexation. Paragraph 6. i. of the Restated Agreement is hereby replaced with the following language:

i. Enclaves. The City and County shall work together in good faith to enter into interlocal agreements pursuant to section 171.046(2)(a), Florida Statutes (2018), to eliminate enclaves of 110 acres or less.

e. Residential Development. No rezoning application or development plan for residential development in the Expansion Area shall be considered for approval if such rezoning application or development plan has not been processed as a Planned Unit Development. This provision shall survive the expiration and termination of the Restated Agreement, as amended. The Planned Unit Development documents shall include and

illustrate the following general design guidelines:

- i. How the development will achieve architectural articulation, variation, and scale to create visual interest along streets and give importance to pedestrian scale and use over vehicular use.
- ii. How the development will reinforce a sense of community and increase walkability. Pedestrian and vehicle connections shall be required between residential subdivisions and between residential and commercial areas.
- iii. How the development will incorporate accessible, common spaces such as parks or greens to encourage resident interaction, create focal points for community identity, and provide breaks in building repetition and provide relief to development intensity.
- iv. Gated streets shall not restrict pedestrian and bicycle access.
- v. Stormwater facilities shall be designed and incorporated into open spaces and amenities.
- vi. Block length and street patterns shall be determined based on achieving the following:
 - a. A visually interesting interconnected street network;
 - b. Enhancement of view corridors and vistas to parks, open space, lakes, or other significant features;
 - c. Protection of natural features and/or specimen trees;
 - d. Encouragement of pedestrian access and utility; and
 - e. Elimination of long, continuous runs of similar lot sizes, repetitive building facades, and building masses.
- vii. Garages should be located to the rear of single-family residential lots or at least five (5) feet behind the primary building façade. Side entry garages may be located in front of the primary building façade and behind the front setback line.
- viii. How the development will achieve compatibility between uses utilizing: comparable lot size or building square footage on adjoining lots; building height; building length; use of step backs in building elevations; separation through landscaped buffers; walks; natural buffers; increased building setbacks; and/or street roadway separation.

- ix. Front porches shall be provided on at least fifty percent (50%) of all single-family residential units.
- x. Primary building entrances shall be visible and accessible from the street and shall have a walkway from the primary entrance to the sidewalk.
- xi. Architectural features shall be used such as: balconies; covered entries; bay windows; variation in massing and height of primary facades using L's, wings, and changes in wall planes; hip, gable and gambrel roofs (no flat roofs); all which enhance the street front appearance and promote an appropriate massing and scale that will be consistent with the character and identity of the development.
- xii. Multi-family development:
 - a. Shall be integrated into the pedestrian scale and interconnected street network avoiding large building mass and repetitive architecture commonly associated with campus or garden style apartment complexes.
 - b. Parking for multi-family residents should be encouraged behind principal buildings. Principal buildings should front on the street.

2. No Further Changes. The foregoing terms and conditions are hereby incorporated into the Restated Agreement. Except as expressly set forth in this Seventh Amendment, the Restated Agreement in its original form shall remain in full force and effect. Capitalized terms used in this Seventh Amendment that are also used in the Restated Agreement shall have the same meaning as set forth in the Restated Agreement. In the event of any conflict or ambiguity between the Restated Agreement and this Seventh Amendment, this Seventh Amendment controls.

3. Effective Date. This Seventh Amendment to the Restated Agreement shall take effect upon the date of approval by the City, or upon the date of approval by the County, whichever last occurs.
