

**Interoffice Memorandum**

September 21, 2020

TO: Mayor Jerry L. Demings  
and Board of County Commissioners

FROM: Joseph C. Kunkel, P.E., Director, Public Works Department

CONTACT PERSON: Humberto L. Castellero, P.E., PTOE, Manager  
Traffic Engineering Division

PHONE NUMBER: (407) 836-7891

SUBJ: **Approval to Replace "Yield" Signs with "Stop" Signs in Andover Lakes Phase 1A and Phase 1B**

A citizen expressed safety concerns requesting to replace existing "Yield" signs with "Stop" signs within Andover Lakes Phase 1A and 1B.

Traffic Engineering conducted a field evaluation and determined that the "Yield" signs did not meet retro reflectivity requirements. Therefore, the existing "Yield" signs need replacement with "Stop" signs at the following 10 intersections:

1. Scallion Court at Fairhaven Way
2. Hartland Court at Fairhaven Way
3. Romaine Court at Fairhaven Way
4. Atwater Drive at Fairhaven Way
5. Reserve Court at Fairhaven Way
6. Cambria Court at Fairhaven Way
7. Denham Court at Fairhaven Way
8. Norcross Circle at Lanesboro Court
9. Afton Circle entrance at Afton Circle
10. Palaiseau Court at Afton Circle

Staff recommends that the Board approve to replace the existing "Yield" signs with "Stop" signs at 10 intersections in Andover Lakes Phase 1A and 1B.

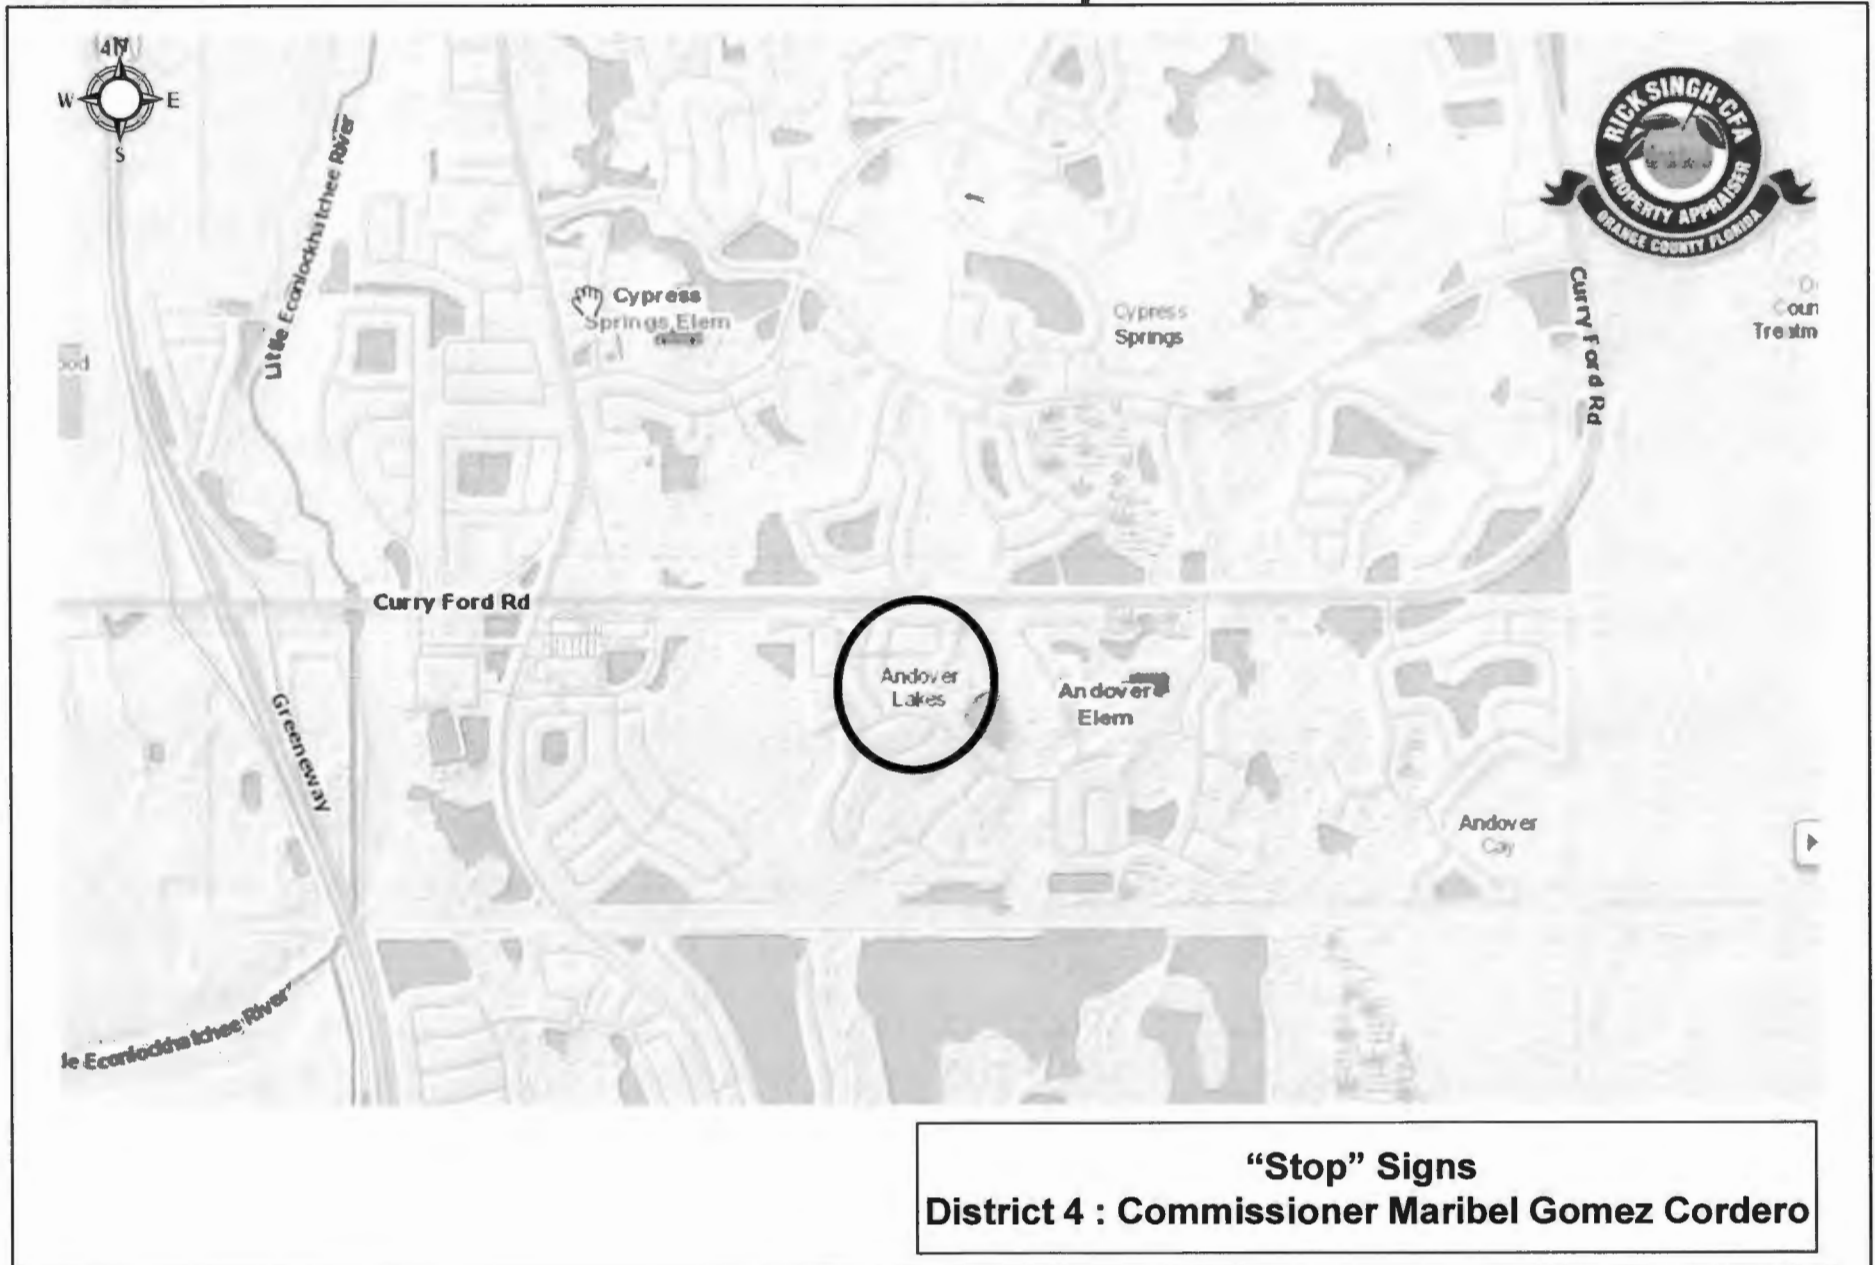

**Action Requested: Approval to replace the existing "Yield" signs with "Stop" signs at 10 intersections in Andover Lakes Phase 1A and 1B. District 4.**
