## Considerations

- Project reviewed in accordance with Chapter 33, Article II and the review criteria and conditions of issuance therein.
- Based on prior Board direction, riprap and plantings are required for new seawalls; however, riprap and plantings are not being requested for this seawall since it is located on a canal and could potentially create navigational concerns.
- Notification of the public hearing was sent to property owners within 500 feet of the project site; no objections were received.

## Finding

- Pursuant to Orange County Code, Chapter 33, Article II, Environmental Protection Division staff has evaluated the proposed SADF permit application and required documents and has made a finding that the request is consistent with Section 33-37.

## Action Requested

- **Acceptance of the findings and recommendation of the Environmental Protection Division staff and approval of Shoreline Alteration/Dredge and Fill Permit SADF-22-05-018 for Ende Family Trust, subject to the conditions listed in the staff report. District 3**
