BUSINESS DEVELOPMENT DIVISION

June 20, 2019

TO: Rolando Melo, Senior Contract Administrator
Procurement Division

FROM: Kesi Warren, Senior Contract Administrator 
Business Development Division

SUBJECT: Business Development Division Bid Evaluation

PROJECT: **Y19-1063-RM, Stormwater Pipe Installation and Repair II**

The Business Development Division evaluated the 3 bids submitted for this project. One of the bidders was a Minority Business Enterprise (MBE) firm, Valencia Construction Group, Inc. The scope of service for the Stormwater Pipe Installation and Repair II had Minority/Women Business Enterprise (M/WBE) availability at the prime and sub-contract level. At least twenty-eight certified M/WBE firms provide general contracting, concrete or supply of water/sewer pipes, valves and fittings.

The apparent low bidder Stage Door II, Inc. did not meet the Orange County M/WBE participation goal of 25%. They reported 0% M/WBE participation in their bid and submitted good faith effort (GFE) documentation. Although Stage Door II, Inc. provided GFE, the Business Development Division and Procurement Division had to determine if the quotes submitted were comparable due to the method in which quotes were obtained. The Business Development Division determined the GFE was sufficient.

The second low bid submitted by RMS Constructors Group, LLC met the Orange County M/WBE participation goal of 25%. They reported 26% M/WBE participation in their bid. While they listed a M/WBE firm, EM Paving in their bid, EM Paving was not a certified M/WBE firm at the time of the bid. Therefore, they will not be included in the M/WBE participation. Based on the sliding scale range, this bid is 1.26% and is within the 3% sliding scale range of the low bidder. **Hence, the sliding scale requirements of the Invitation For Bid cannot be applied because the lower bidder provided good faith effort documentation.** Please note the following certified M/WBE participation:

WF	The Pipe Nipple & Supply Company, Inc.	\$1,414,000
HM	Enriquez Construction LLC	\$2,250,000

Total M/WBE Participation		\$3,664,000
----------------------------------	--	--------------------

The third low bid submitted by Valencia Construction Group, Inc. is an Orange County M/WBE firm bidding as a prime. Therefore, Valencia Construction Group, Inc. is required to self- perform no less than 51% of the contract per Sec. 17-321 in the M/WBE Ordinance. In the event this requirement is not achieved, then other M/WBE's will have to be included to

Y19-1063-RM/Stormwater Pipe Installation and Repair II

achieve the 25% M/WBE goal. Valencia Construction Group, Inc. reported self-performing 100% in their bid and met the M/WBE participation goal. Please note the following certified M/WBE participation:

AM(Is)	Valencia Construction Group, Inc.	\$15,589,233.80
--------	-----------------------------------	-----------------

Total M/WBE Participation		\$15,589,233.80
----------------------------------	--	------------------------

Our evaluation of these bids was based on the participation listed on the subcontractor/supplier page. If the low bidder is not chosen, please let us know so that we may obtain Letters of Intent to confirm the participation.

Attached is a spreadsheet reconciling the bidders' compliance with the IFB's M/WBE requirements, including the percentage breakdown for all bidders and a comparison of the relative bids versus participation percentages.
