Ginn Property Planned Development New Condition

13. The developer will be required to submit an operational analysis for the proposed development on each of Parcels 6B, 6C, and 1B. Based on CMS data as of March 2024, the developer acknowledges that proportionate share mitigation offered to offset transportation concurrency deficiencies attributable to such development is anticipated to contemplate the construction of a traffic signal and/or other operational improvement at the intersection of J Lawson Boulevard and Wyndham Lakes Boulevard; accordingly, prior to or in connection with execution of a proportionate share agreement for one or more of those parcels (the “Proportionate Share Agreements”), the developer will enter into an agreement with the County to pipeline proportionate share mitigation paid in connection with development of those parcels into construction of the signal and/or other operational improvement. Proportionate share amounts paid to the County pursuant to the Proportionate Share Agreements shall be creditable against transportation impact fees for the subject project(s).

Action Requested

Make a finding of consistency with the Comprehensive Plan and APPROVE Ginn Property Planned Development (PD) (CDR-23-09-297) dated “Received December 19, 2023”, subject to the conditions listed under the DRC Recommendation in the Staff Report, with new Condition 13.
