Personal History: I have been actively involved in animal rescue for over a decade, dedicating my time and energy to improving the lives of animals in our community - specifically focusing on neonates and medical cases for the majority of my 800+ fosters. My passion for this cause has allowed me to develop a deep understanding of the challenges and opportunities within animal welfare, making me a strong advocate for effective solutions, as well as allowing me a unique perspective as both a rescue founder and a member of the general public. Over the years, I have cultivated a long-standing and productive relationship with OCAS as well as other local county shelters. I've had the privilege of collaborating both as a foster, a trainer, and a volunteer in multiple positions. These partnerships have also allowed me to see firsthand how local government policies and procedures impact the welfare of animals in our area. In addition to my work with Animal Services, I have collaborated extensively with a number of local 501(c)(3) animal rescues. Through these relationships, I have helped facilitate rescue operations, adoption events, and education programs aimed at providing critical skills to fosters of all backgrounds. I am confident that my experience, coupled with my dedication to the cause, would allow me to make valuable contributions to the advisory board.
