We Demand That Orange County Mayor Jerry Demings Rescind His Unlawful Facial Covering Orders

About this petition

Whereas, Governor Ron DeSantis has precluded individuals from being subjected to fines and jail sentences regarding local mask mandates and so-called lockdown orders; and

Whereas, Orange County Mayor Jerry L. Demings has unilaterally written Executive Orders 2020-51 /2020-25 a/k/a the mask mandates, imposing fines on local businesses and hardships on employers, employees and customers alike; and

Whereas, Executive Order 2020-51 / 2020-25 are more aligned with the actions of a tyrant than of the legislative process of, by and for the people; and

Whereas, this medical tyranny has no place in a free society; and

Whereas, the people of Orange County DO NOT consent to the dictates of one man imposing the wearing of masks and “face coverings” on local businesses and individuals,

Therefore, We The People, living on the land lawfully and formally petition Orange County Mayor Jerry L. Demings to recognize the health freedoms of Orange County Citizens and to rescind EO 2020-51 and EO 2020-25 which are blatant infringements on the rights and freedoms of We The People; and

Therefore, We The People, living on the land lawfully and formally petition Governor Ron DeSantis to take similar action as his previous order, which protects individuals from local government overreach, this time on behalf of business owners, employers and employees who are being subjected to fines and intimidation from Orange County Mayor Jerry L. Demings; or to simply END THE STATE OF EMERGENCY that Mayor Demings is using to justify his abuse of power.

Comments: I will NOT return and spend my money at your resorts until the mask mandate is rescinded! We spent a day at universal studios outside in 85 degree weather constantly being told to cover our noses. OUTSIDE! We left feeling overheated and nauseous. You're going to end up with someone dying from a heat related illness before you have someone die from contracting Covid from one one of these parks. In that case I hope the family sues them for everything. Forcing people to cover their nose in mouth in that kind of heat is extremely dangerous!

Comment: <p>Mayor Demmings, Please Get Masks Off Our Children. If you truly care about our children, their future , and that of our society , please allow mask choice in school. Schoolboards say they are following you and your advisory committees. Your team says you are following CDC. Yet the CDC has very specific guidelines on donning, doffing, cleaning of masks how to wear them, etc , which are clearly ignored by most people. Anyone with eyeballs can see how unhygienic people truly are with their masks. The illusion that people are safe because they are properly wearing masks is ridiculous, especially with children . If you truly cared, you would be empowering people in their wellness, rather than continuing to perpetuate fear, degradation , and the programming that we and our children are sickly beings who are going to kill all of the teachers and grandma by breathing. There are 0 studies on the safety of children wearing masks for prolonged periods of time. However, there is a plethora of research on the potential risks and detriments of face coverings .Why is it that you continue to ignore this science? Your team is obviously extremely biased. Therefore, you are choosing to ignore critical information and your policies are potentially harming our children . All medical devices and procedures have inherent risks . Nobody should be forced to comply with anything that has potential risks . Especially when the motives are politically driven. Only God can know what is truly in your heart, but I implore you to stop this nonsense.</p>

Comment: I am writing in regards to The Tangelo Park former YMCA building in Tangelo Park . As a resident I would like to see Orange County incorporate a community center with service for seniors and children in the community.
