Polk County

Orange County Commissioners,

Today you will hear numerous testimonies, in regards to the actions taken by you, as elected official representatives of those here today. I want to point out before anything else, the supreme law of the land is the US Constitution. Florida's own Constitution is second to the US and by definition, no official has the power to revoke any laws, including the Governor. Now, FL Statute 252.36 (5)(a) does, in a declared State of Emergency, grant limited powers, however the Governor is the ONLY authority that can temporarily revoke regulatory laws and impose new. For clarification, no local officials can alter the law and use powers that are not yours, to implement anything outside the confines of federal & state law, period. In doing so, you are in violation of numerous federal & state offenses, which will be listed at the end of this statement.

See 42 U.S. Code §1983 DEPRIVATION OF RIGHTS, Title 18, U.S.C., Section 241 - Conspiracy Against Rights, Title 18, U.S.C., Section 242 - Deprivation of Rights Under Color of Law, Title 42, U.S.C., Section 14141 - Pattern and Practice, Title 18, U.S.C., Section 245 - Federally Protected Activities.

The Constitution is very clear on of the powers enumerated to the government. We the People hold the power, and we have delegated no more than 21 powers to the government. Article 1, Section 8, Clauses 1-16 defines those powers. The Bill of Rights guarantees that no government can infringe, nor continue to infringe upon the rights of the people ensuring that the powers of the government are kept in check. Constitutional amendments specifically guarantee the rights of the people and set clear limitations on the governmental powers. As a reminder to all public servants, no emergency has just cause to suppress the constitution. 16th American Jurisprudence, 2nd Section 177 & 98. An unconstitutional law cannot operate to supersede any existing valid law. "No one is bound to obey an unconstitutional law and no courts are bound to enforce it... it is in reality no law, but is wholly void, and ineffective for any purpose,". Civil citations, to individuals or businesses, with monetary fines, for refusing the donning of medical equipment not prescribed by their treating physician, are unconstitutional and void.

See 18 U.S. Code § 1341 Frauds and swindles, defined below, 18 U.S. Code § 1031 Major Fraud, 18 U.S. Code § 1038, False Information and Hoaxes, 42 U.S. Code §1983 DEPRIVATION OF RIGHTS, 42 U.S. Code §1985 CONSPIRACY TO INTERFERE, 42 USC § 1986 Action For Neglect To Prevent, 18 USC § 1621 citing the "neglect to protect" by individuals under oath.

As it stands today, the real threat is the anti-freedom precedent of mandating, social shaming, and/or requiring masks or even banning masks, not Covid-19. Ultimately, regardless of safety or efficacy, each individual should be free to make his or her own choice (as with gambling, drinking, smoking, driving, and almost every other risk causing activity). Individual freedom and unalienable rights are the foundation of this great country.

You were elected to your position to serve your constituents. That duty entails operating within the confines of your office. If you cannot fulfill your position, as defined, it is your duty as an American and representative of Orange County, to step aside and let sound minds prevail.

See Pages 2-4 for applicable US codes. This stands as notice, that this governing body is in violation of US & FL law and can be held responsible for all said prior and future violations. Of note, this is only an example, and not a totality of probable crimes and violations

Title 18, U.S.C., Section 241 - Conspiracy Against Rights

This statute makes it unlawful for two or more persons to conspire to injure, oppress, threaten, or intimidate any person of any state, territory or district in the free exercise or enjoyment of any right or privilege secured to him/her by the Constitution or the laws of the United States, (or because of his/her having exercised the same).

Punishment varies from a fine or imprisonment of up to ten years, or both; and if death results, or if such acts include kidnapping or an attempt to kidnap, aggravated sexual abuse or an attempt to commit aggravated sexual abuse, or an attempt to kill, shall be fined under this title or imprisoned for any term of years, or for life, or may be sentenced to death.

Title 18, U.S.C., Section 242 - Deprivation of Rights Under Color of Law

This statute makes it a crime for any person acting under color of law, statute, ordinance, regulation, or custom to willfully deprive or cause to be deprived from any person those rights, privileges, or immunities secured or protected by the Constitution and laws of the U.S.

Acts under "color of any law" include acts not only done by federal, state, or local officials within the bounds or limits of their lawful authority, but also acts done without and beyond the bounds of their lawful authority; provided that, in order for unlawful acts of any official to be done under "color of any law," the unlawful acts must be done while such official is purporting or pretending to act in the performance of his/her official duties. This definition includes, in addition to law enforcement officials, individuals such as Mayors, Council persons, Judges, Nursing Home Proprietors, Security Guards, etc., persons who are bound by laws, statutes ordinances, or customs.

Punishment varies from a fine or imprisonment of up to one year, or both, and if bodily injury results or if such acts include the use, attempted use, or threatened use of a dangerous weapon, explosives, or fire shall be fined or imprisoned up to ten years or both, and if death results, or if such acts include kidnapping or an attempt to kidnap, aggravated sexual abuse or an attempt to commit aggravated sexual abuse, or an attempt to kill, shall be fined under this title, or imprisoned for any term of years or for life, or both, or may be sentenced to death.

Title 42, U.S.C., Section 14141 - Pattern and Practice

This civil statute was a provision within the Crime Control Act of 1994 and makes it unlawful for any governmental authority, or agent thereof, or any person acting on behalf of a governmental authority, to engage in a pattern or practice of conduct by law enforcement officers or by officials or employees of any governmental agency with responsibility for the administration of juvenile justice or the incarceration of juveniles that deprives persons of rights, privileges, or immunities secured or protected by the Constitution or laws of the United States.

Whenever the Attorney General has reasonable cause to believe that a violation has occurred, the Attorney General, for or in the name of the United States, may in a civil action obtain appropriate equitable and declaratory relief to eliminate the pattern or practice.

Types of misconduct covered include, among other things:

1. Excessive Force
2. Discriminatory Harassment
3. False Arrest
4. Coercive Sexual Conduct
5. Unlawful Stops, Searches, or Arrests

Title 18, U.S.C., Section 245 - Federally Protected Activities

1) This statute prohibits willful injury, intimidation, or interference, or attempt to do so, by force or threat of force of any person or class of persons because of their activity as:

1. A voter, or person qualifying to vote...;
2. a participant in any benefit, service, privilege, program, facility, or activity provided or administered by the United States;
3. an applicant for federal employment or an employee by the federal government;
4. a juror or prospective juror in federal court; and
5. a participant in any program or activity receiving Federal financial assistance.

2) Prohibits willful injury, intimidation, or interference or attempt to do so, by force or threat of force of any person because of race, color, religion, or national origin and because of his/her activity as:

1. A student or applicant for admission to any public school or public college;
2. a participant in any benefit, service, privilege, program, facility, or activity provided or administered by a state or local government;
3. an applicant for private or state employment, private or state employee; a member or applicant for membership in any labor organization or hiring hall; or an applicant for employment through any employment agency, labor organization or hiring hall;
4. a juror or prospective juror in state court;
5. a traveler or user of any facility of interstate commerce or common carrier; or
6. a patron of any public accommodation, including hotels, motels, restaurants, lunchrooms, bars, gas stations, theaters...or any other establishment which serves the public and which is principally engaged in selling food or beverages for consumption on the premises.

3) Prohibits interference by force or threat of force against any person because he/she is or has been, or in order to intimidate such person or any other person or class of persons from participating or affording others the opportunity or protection to so participate, or lawfully aiding or encouraging other persons to participate in any of the benefits or activities listed in items (1) and (2), above without discrimination as to race, color, religion, or national origin.

Punishment varies from a fine or imprisonment of up to one year, or both, and if bodily injury results or if such acts include the use, attempted use, or threatened use of a dangerous weapon, explosives, or fire shall be fined or imprisoned up to ten years or both, and if death results or if such acts include kidnapping or an attempt to kidnap, aggravated sexual abuse or an attempt to commit aggravated sexual abuse, or an attempt to kill, shall be subject to imprisonment for any term of years or for life or may be sentenced to death.

42 U.S. Code §1983 DEPRIVATION OF RIGHTS

Every person who, under color of any statute, ordinance, regulation, custom, or usage, of any State subjects, or causes to be subjected, any person within the jurisdiction thereof to the deprivation of any rights, privileges, or immunities secured by the Constitution and laws, shall be liable to the party injured in an action at law.

42 U.S. Code §1985 CONSPIRACY TO INTERFERE

If two or more persons in any State or territory conspire for the purpose of depriving, either directly or indirectly any person's rights the party so injured or deprived may have an action for the recovery of damages against any one or more of the conspirators.

42 USC § 1986 Action For Neglect To Prevent

Every person who, having knowledge that any of the wrongs conspired to be done, and mentioned in section 1985 of this title, are about to be committed, and having power to prevent or aid in preventing the commission of the same, neglects or refuses so to do, if such wrongful act be committed, shall be liable to the party injured, or his legal representatives, for all damages caused by such wrongful act, which such person by reasonable diligence could have prevented; and such damages may be recovered in an action on the case; and any number of persons guilty of such wrongful neglect or refusal may be joined as defendants in the action;

Other Probable Violations:

18 USC § 1621 citing the "neglect to protect" by individuals under oath.

18 U.S. Code § 1031 Major Fraud

18 U.S. Code § 1038 False Information and Hoaxes

18 U.S. Code § 1341 Frauds and swindles, Subversive Theft, Treason, Sedition, Counterfeiting the securities

Comment: End the mask madness now! There is zero reason to force healthy people to wear masks unless all you want is total submission. Zero scientific studies support mask-wearing for healthy people, and asymptomatic transmission has been disproven over and over and over again. Read an actual study rather than going off of the word of bought and paid for talking heads.

Hi, my name is Matt Dean, and I have been an Orange County resident for the last 5 years.

Since March, I have been dumbfounded by the political digression I have witnessed in this county, state and country. The actions taken by Mayor Demings and Mayor Dyer have directly harmed more Orange County and Orlando citizens than they have helped. Millions of jobs have been lost. My friends and family have been forced on unemployment, some of whose are already running out. Governments have destroyed entire industries, service & entertainment especially, the backbone of this city. My mother, who has owned her own musical theater group for children for the last 20+ years in Central Florida, is unable to continue business with all the restrictions limiting how many children can rehearse and perform together. Disney recently announced the need to lay off 28,000 of their 110,000 cast members between their California and Florida parks. If 25% of cast members are being laid off in a 6 month period since this crisis began, how long do you think it will be before these theme parks are shut down permanently? Without this tourism, our local economy will be wiped out.

During Florida's peak months, I tracked hospitalizations using the public data regarding hospital bed capacity. Availability never fell below ~20%. At all times during the pandemic, here in Orange County, our hospitals were never at capacity, contrary to unfounded statements made by Mayors Demings and Dyer regarding inevitable spikes. Instead, thousands of people were intentionally not visiting hospitals, incited by fear from the actions of their local politicians. Delayed care has accounted for a massive increase in unattended heart attacks and strokes in the last 6 months. Early diagnosis of existing disease has also declined because people were not allowed to engage in their regular preventative checkups. Suicide and domestic violence has dramatically increased throughout the country as a result of the authoritarian mandates set in place by governing bodies like this board. The CDC, who every politician has been referring to so long as it supports their mandates, now estimates only 6% of all deaths in the US were directly a result from COVID. 94% of deaths were a result of individuals living with 2 OR MORE serious co-morbidities: hypertension, diabetes, obesity, cardiovascular disease or chronic lung disease. Two thirds of all supposed COVID deaths in the United States have been in nursing homes. This virus has never been a threat to the general public. The vast majority of individuals will experience no symptoms, nor will they come into contact with the majority of those who are drastically affected, like the advanced elderly. Instead of making blanket mandates, we should have been more intelligent with how to protect the most vulnerable.

Mandated, mass mask usage has contributed to the problem. If masks are worn to protect others from coughs and sneezes, why do they need to be worn at all times? The population is not constantly coughing or sneezing, and every cough or sneeze does not equate to being COVID. Especially living in the humid climate of Central Florida, any mucous droplets dispelled while talking could not be transmitted through the air before falling to the ground in the thick, humid atmosphere. Despite that, staying 6 feet apart would be enough to protect, rendering masks useless. But worse than useless, they are harmful. Wearing a mask for prolonged use will cause your blood oxygen to lower, studies have shown by up to 20%, which is enough to cause unconsciousness. A more silent effect than that, when your blood oxygen

lowers, your bodies response is to release cells that inhibit T-lymphocytes, which are used to fight viral infection, thus impairing your immunity to fight the very virus the mask is intended to protect against. Mask wearing is actually making us sicker. Not only is oxygen lowering, but carbon dioxide, which we exhale and is harmful to breathe, rapidly increases. Having bought a carbon dioxide meter myself, testing inside the mask makes the meter skyrocket from a normal range of 700ppm to over 5000ppm, the meter's max limit, in a matter of minutes. That's 7 times more CO2 in 1-2 minutes, which the meter tells you is "very unhealthy". Multiply this by the number of hours people spend wearing masks every day. Time will tell what unintended ailments will arise as a result of these mandates, your mandates. Masks are a breeding ground for germs, trapped alongside your nose and mouth, forcing you to constantly rebreathe them, increasing your risk of infection from COVID or other illnesses. Wearing a mask results in a higher concentration of the virus in your lungs and nasal passages, worsening your infection if you're already sick. Any kind of interaction between individuals with masks on is ridiculous since the mask, which is not intended to be worn during regular conversation, always makes its way below the nose and mouth or individuals cannot hear what the other is saying, so the mask must be removed altogether. In either case, the mask is constantly being adjusted, forcing people to touch their faces, rendering it even more unsterile. Even if someone disagrees with all of these valid considerations and believes wearing a mask will make them safer, that is their decision and they should have the choice to make it. But there is enough information for reasonable and responsible people to question and do their own research, concluding what choice is best for them or their families. It should not be mandated, and more importantly should not be a legally protected form of discrimination for those of us who cannot or choose not to wear them.

Ultimately, staying in isolation, social distancing, mental and emotional exhaustion from fear, anxiety and stress fueled by the government and media, hyper-sterilization of home and commercial environments and long term mask usage will all contribute to weakened immune response and increase attack from viruses like COVID-19, seasonal flu and the like. In the coming years, when the small businesses and individuals that have worked so hard to create a thoughtful and engaging culture in their community, especially in downtown Orlando, will be shuttered, and when commercial real estate is abandoned, left to become architectural waste, littering our downtowns and city centers, know that the void and destruction will be a direct result from your actions and inactions to reverse these counterproductive and harmful restrictions.

Comment: COVID #'s are down, are trending down, yet there remains a mask mandate in Orange County. Hey is this so? Check out the amount of hospitalizations and ventilator use. Look at the recent cases compared with the peak of the outbreak and an unbiased person will see clearly the virus is not as prevalent or as potent as prior. Facts are hard to argue with. Truth of the matter is that the virus death rate due to COVID only is about 6% of total cases when died with or had COVID is removed. Most cases had serious underlying conditions affecting those that died. Any death is a loss, but if the common flu death rate was treated like the COVID death rate more Americans would realize this virus is not as bad for the vast amount of citizenry as those pushing the fear upon the public say it is. Let the truth be known. We should have been and should be focusing greater on the more vulnerable among us. The mask mandate should be removed ASAP. Allow those that want to wear masks and those that do not. Let freedom ring. Thank God for Governor DeSantis! May God bless America, Doug Benedict

Comment: The time to open Orange County is past due! All restrictions need to be removed immediately, especially mask mandates. Governor DeSantis has removed mask mandates for the State of Florida and it well past time for Orange County to do the same. Businesses are suffering, people are losing their jobs, and morale is low, all because of a virus that has a survival rate of over 99%. COVID is nothing, but a tool used by government officials to overreach their power. This has never been about keeping people safe or saving lives, but rather to keep people afraid and in controlled. Enough is enough! It is time to open all of Florida without restrictions of any kind of fearmongering. I cannot wait to vote this November and I will be voting for Freedom over control.

Comment: <p>To the Board of Commissioners, Ms. Victoria Siplin. I'm a retired senior citizen, I have lived in the same house since 1973, my concern is, the utility companies, namely OUC is so quick to disconnect, and charges a ridiculous reconnect fee, water is an essential need for life, even if the electricity is turned off, water is needed, someone, or something needs to be done, there should be other options, Longevity should mean something, its evident that I have lived in the same house for 48 years, theres no consideration, sickness, children in the household, etc. After the governor reopened Florida, things went back to normal with bill collectors, the companies are quickly disconnecting, I guess they are playing catch up economy! Just think, how much money is generated @ \$50.00 per turn on fee, again, water is essential! Some states will not disconnect residents water! they include in the homeowners property taxes! Florida is one of the worst states when it comes to the consumers/residents/homeowners. Speaking for myself, and I'm sure there are others, it seems I have been penalized in so many ways that I can name for growing old, I'm not asking for anything free, asking for consideration, for someone to address this issue, and do your very best to change change, or adjustments. Thanks for your attention! Mary Reynolds</p>

Comment: From the CDC : https://www.cdc.gov/mmwr/volumes/69/wr/pdfs/mm6936a5-H.pdf?fbclid=IwAR3UTcI2qcv3XA5yfKRV09i_voDOEluvcJ8MEplcCj1H8mRwx9P_gwpVI9o Page four: Those who are militant mask wearers; infection rate of 70%. Those who never wear the mask - 3.9%. CDC estimated survival rates by age in line with flu: 0 to 19: 99.997% 20 to 49: 99.98% 50 to 69: 99.5% 70+: 94.6% I am very concerned that we were are causing not only Physical harm but mental harm to our community by forcing an unconstitutional mask mandate. I am also concerned about our worldwide tourism industry failing. A friend was in town last week and ended up leaving Universal early because she could not breathe in her mask. She was planning on staying late and spending money but did not because of the mask mandate which according to the CDC (link above) does not prevent infection. We need to remove the mask mandate in order to thrive. My daughter needs to go back to school, but she will not go back to school until she does not have to wear a mask. There are so many children suffering at home instead of socializing at school. Furthermore, I have no idea how any bank employee handles every day as their customers walk into the bank with their face covered. How is that safe? Please remember that I will be voting as well the rest of the silent majority. Thank you for the opportunity to share these thoughts and for your service and commitment. As you are our elected officials, your job is to do what is best for your community and what we wish for you to do. According to the latest CDC research, removing the mask mandate is what is best for our community. Thank you.

Comment: <p>My name is Angela Pugh and I am an Orange County homeowner, tax payer and mother of three children. My youngest child has a severe disability. He is considered non-verbal. He also has extreme sensory problems, outbursts of aggression and self injurious behaviors. He is unable to wear a mask. According to your mask mandate his numerous medical issues make him exempt from doing so. Therefore, we should be able to live life normally without problems. WRONG! On Saturday, October 3rd my family decided to go to Sealife Aquarium right here in Orange County. When we entered the building a worker stopped us and told us masks were mandatory. When I instructed him about the exemption he continued to refuse. He told us he was the manager and that they were simply following "county procedures". I took out a printed copy of the mask order. I immediately had him read the highlighted portion of who is exempt. He acted clueless then asked, "what is this? I've never seen this!" I then told him its the exact "county procedure" he is enforcing. The order signed by you Mayor. The manager admitted he had never seen it. At this time my son became upset and starting yelling and punching himself in his head due to not going inside the aquarium. I had to stop arguing with the manager so I could try and calm down my son. This is discrimination. This is against the law. This is unconstitutional. This has happened repeatedly to us since March. This order is doing nothing but causing division and discrimination. Does my son's life, body & choice mean less because of his disability? We have cancelled our Disney & Seaworld annual passes since "our kind" are not welcome there anymore. We will now cancel our Sealife passes as well. Since the mask mandate we now spend every cent in counties around us that have no mask order. We will continue to do so until these draconian measures and rules are thrown out. Mayor Demmings, what happened to your promise of not putting politics over people? A promise you made publicly from the beginning of your career in public service. My son.</p>

Ok.

In future please have your contacts register through our website by 5 pm the day before.

We revamped our website for this. Please refer to the below link and the 3rd blue box.

<http://www.ocfl.net/BoardofCommissioners/BoardAppearanceandPublicComment.aspx>

In the future it would really help us out if people fill out form etc. We have to turn all of these documents over to Clerks Office and we only have his email not the other required information for sunshine.

So please have him send his full address so we can ensure the Clerks Office has his information for entering into the record.

Mr. Anderson was invited to this afternoon's public hearings.

Since he didn't go through the normal channels on our website and register, he didn't get our detailed email with instructions on what to expect.

Please communicate with him that our hearings begin at 2 and he will need to log in and have both audio and video capability to participate.

Unfortunately I can't because Nik takes care of getting everyone signed up as applicants (and general public) and he is out until Wednesday. Nate is filling in at BCC in Room 105 as the liaison for public testimony. Is this for an applicant that want to appear remote through Webex for the hearing? Copying Nate since I will most likely be in the Board meeting all morning.
