Submitted By: Joel Breckels	
Subject: While visiting an establishment located in Orange County at 5155 S John Young Pkwy, Orlando, FL 32839 The Dentist at this location chose to use an X-ray device that was "known" in the office to have faulty issues and this office blatantly ignored correcting the problem until the problem actually affected another human being. I immediately reported this issue to the office at the above address only to have my email hacked and a "private" conversation with Dr. Boesch recorded without my knowledge until I read my medical records. I have attached supporting documents and have many others that I can share. Dr. Boesch has done everything in her power to deny this happened but I tell you as a victim of radiation poisoning/sickness it was and IS still awful and we need to have a resolution to this behavior and practices. I can tell you my life has changed quite drastically since this event. PTSD has taken over my life in a multitude of ways. I encourage you to hear my experiences and help! Thx
