

Relative to my anti-littering presentation at FEB BCC Meeting, these are Agenda Items for discussion and voting.

Could you make COPIES for distribution to Board members??

- 1) Highway & roadway drive-by trash has become overwhelming and disgusting within Orange County;
- 2) Current OC Littering Fine is \$50 -- New Ordinance needs to increase Fine to \$100.
- 3) Current OC Littering requires law officer to witness littering which rarely happens.
- 4) New Ordinance would allow citizens who witness to report Drive-By Litterers using License Tag #.
- 5) Witnesses would have OC Phone # and Email for reporting Drive-By Litterers.
- 6) First Offense: OC would send Warning Letter threatening \$100 Fine for any future offenses.
- 7) IF letter recipient claims he or she was NOT driver, then he or she must be responsible for ALL drivers.
- 8) Second Offense: OC sends Litterer Billing with \$100 payment required within 10 Business Days.
- 9) Second Offense: Non-payment of \$100 Fine within 10 Bus Days would result in suspension of FL Driver's License.
- 10) Second Offense: Non-payment of \$100 Fine within 30 days would result in revocation of FL Driver's License.

NOTE: Third Offense or beyond would be \$200 Fine; instant revocation of FL Driver's License; and mandatory clean-up of Community Trash Zone.
