Subject: I want to urge the board to rescind the December 17, 2019 Osceola Parkway Extension resolution. The information given to the board was misleading. Also, a road should simply not be built through a conservation area. This is not a linear facility like a pipeline or powerline that have little impact on the environment. This is a large slab of concrete on which loud and dangerously fast cars will be driving, endangering wildlife, preventing controlled burns and creating noise pollution throughout much of the forest.	
Have you received or been promised any compensation or anything else of value, including money or gifts, related to the topic you are appearing and speaking about at public comment? No
