SUBJECT: Approval of Purchase Order M105901, Three-Year Maintenance for
Southern Regional ElectrOzone Generator

ACTION REQUESTED:

Approval of Purchase Order M105901, Three-Year Maintenance for Southern
Regional ElectrOzone Generator, with Aqua-Aerobic Systems Inc., in the total
amount of \$212,000.

PURPOSE:

The purpose of this purchase order is to perform the required three-year
maintenance on the Aqua ElectrOzone generator located at the Southern
Regional Water Supply Facility.

FUNDING:

Funding is available in account number 4420-038-1324-3820.

APPROVALS:

The Utilities Department concurs with this recommendation.

REMARKS:

Aqua Aerobic Systems, Inc. is the sole and exclusive manufacturer, supplier, and
service provider of the Ozone System currently used at Orange County Southern
Regional Water Supply Facility. The maintenance includes a full rebuild of all
interior components for generator #1. The required three-year maintenance cost
is considered reasonable based on previous services for the same generator in
2016. The cost has increased approximately 2.9% since the last maintenance in
2016.
